A

REPORT

ON THE

LAND REVENUE ADMINISTRATION

OF THE

Lower Provinces,

FOR

THE OFFICIAL YEAR

1860-61.

CALCUTTA.

SAVIELLE & CRANENBURGH, PRINTERS, BENGAL PRINTING COMPANY LIMITED.

1861.

No. 838.

FROM

H. L. DAMPIER, ESQUIRE,

Secretary to the Board of Revenue,

To

THE SECRETARY TO THE GOVERNMENT OF BENGAL.

Dated Fort William, the 29th November 1861.

SIR,

Land Revenue. H. STAINFORTH, A. GROTE, and A. R. YOUNG, Esqrs.

I AM directed by the Board of Revenue to submit the annexed statements illustrating the results of the Land Revenue administration of the Provinces under their control in the past year 1860-61.

No. 1.—Land Revenue demands, collections, remissions, and balances of estates on Fixed and Fluctuating Towjees.

2. The percentage of demand collected, remitted, and outstanding is shown in the following table according to Divisions:—

DIVISIONS.	Hal Collections.			Bukya Collections.			Total Collections.			Remissions.			Net Balances.		
	Rs.	*As.*	*P.*	*Rs.*	*As.*	*P.*	*Rs.*	*As.*	*P.*	*Rs.*	*As.*	*P.*	*Rs.*	*As.*	*P.*
Bhaugulpore ...	88	5	1	98	6	11	89	6	11	0	1	0	10	8	1
Burdwan ...	97	9	8	98	1	4	97	10	0	0	0	10	2	5	2
Chittagong ...	86	10	3	92	5	7	87	4	11	0	4	9	12	6	4
Cuttack ...	70	14	4	99	0	0	77	5	5	0	3	11	22	6	8
Dacca ...	93	1	0	97	1	4	93	4	9	0	6	6	6	4	9
Nuddea ...	91	7	8	86	11	9	91	1	10	1	13	9	7	0	5
Patna ...	88	9	8	95	13	4	89	5	6	0	4	10	10	5	8
Rajshahye ...	96	4	11	98	10	2	96	8	7	0	0	1	3	7	4
Assam ...	95	11	2	83	10	1	94	9	0	0	3	9	5	3	3

Cossyah Hills ..	92	2	2	34	1	10	66	4	5	2	14	1	30	13	6
Sonthal Pergunnahs ...	97	14	1	96	5	9	96	11	1	0	7	10	2	13	1
Grand Total ...	91	13	3	95	0	0	92	1	4	0	5	10	7	8	10

3. The Hal and Bukya Collections, on an aggregate demand of Rs. 411,27,348, amounted to Rs. 378,70,648, being at the rate of above Rs. 92 per cent., leaving about 7½ per cent. outstanding at its close, besides ⅓ per cent. remitted.

4. In Chittagong, the Districts of the Cuttack Division, Furreedpore, Calcutta, Durrung, Lohardugga, Sumbulpore, and Cossyah Hills, the outstanding balance was in excess of 15 per cent. of the demand. The following memo. classifies the balances:—

DISTRICTS.	Net Balance outstanding.	Realized since close of the year.	Not realizable till ensuing fixed date.	Suspended or irrecoverable.	In course of realization.
	Rupees.	Rupees.	Rupees.	Rupees.	Rupees.
Chittagong ...	1,97,294	13,058	98,756	....	85,480
Balasore ...	1,26,683	3,361	1,23,322	....	....
Cuttack ...	2,71,236	8,530	2,60,086	....	2,620
Pooree ...	99,231	5,659	75,840	16,060	1,732
Furreedpore ...	8,613	514	6,213	....	1,886
Calcutta ...	25,257	727	....	....	24,530
Durrung ...	37,046	31,213	....	5,011	822
Lohardugga ...	12,464	6,571	....	....	5,893
Sumbulpore ...	32,210	18,229	....	8,139	5,842
Cossyah Hills ...	114	....	....	....	114

5. The balance in course of realization in Chittagong is for the most part due from estates under the Court of Wards. A portion is owing from the Island of Kootubdea, the property of Government, the condition of which is reported to have greatly deteriorated from inundation. An item of Rs. 38,955 is due from various Khas and Kuppas Mehals situated in the Hills; the Kookee expedition interfered with its earlier realization. The large percentage outstanding in the Districts of the Cuttack Division is owing to the fact, that in those Districts there are only two sale dates in the year, and consequently a large portion of the demand can only be enforced in the ensuing year. The Calcutta balance, which fell due after the close of the year, is in train of realization.

6. The remissions during the year amounted to Rs. 1,49,626, of which sum Rs. 1,02,210 were on account of current revenue, and consisted of the following items:—

Khalaree remissions, on account of lands occupied for purposes of salt manufacture	Rs. 94,375
From other causes, chiefly land revenue remitted in Behar and Chota Nagpore to Chieftains for good service during the late disturbances	„ 7,335

The Bukya remissions are of small amount, and call for no remarks.

No. 2.—Demands, collections, remissions, and balances of Mehals on Fluctuating Towjee.

7. The collections on account of estates on the Fluctuating Towjee included in the preceding statement, amounted to Rs. 17,97,490, on a demand aggregating Rs. 20,49,099, being at the rate of 87¾ per cent., leaving a balance outstanding at the close of the year of 11⅔ per cent., after remissions amounting to a little more than half per cent. This is a more favorable

result than that of the past year. The outstanding balances were heaviest in the following Districts:—

Tipperah	Rs.	66,298
Pooree	„	21,989
Twenty-four Pergunnahs	„	71,590
Sumbulpore	„	32,210

Up to the date of the Commissioner's Report, in Tipperah all but Rs. 694 of the realizable balance had been collected. Of the Pooree item about one-half has been recommended for remission, the remainder was being realized, except a portion, the payment of which could not be enforced till after the close of the year. In 24-Pergunnahs about three-fourths of the balance was due from Mehals constituting the Punchanogram estate, and was in train of realization.

No. 3.—Demands, collections, remissions, and balances on account of Police Thannadaree lands.

8. The collections from Police Mehals amount to nearly 94 per cent. of the demand; many of the Mehals in this Statement pay land revenue also, and as such appear in Statement No. 1.

No 4.—Comparative Statement of Land Revenue demands, collections, remissions, and balances.

9. In most Districts an increase appears in the current revenue demand in consequence of re-settlement. It is greatest in Kamroop, Backergunge, Jessore, Ramree, Patna, Pubna, Lukhimpore, and Nowgong. There is a falling off in Shahabad, (owing to the grant of some large jagheers as rewards for loyal services,) Dinagepore, and a few other Districts, but not to any noticeable extent. The net increase is Rs. 84,483. The aggregate results shown in the following table are considerably in favor of the year under review in every point; the demand was larger, and the percentage of collections higher, both of Hal demand and Bukya balances:—

Years.	Demand.			Percentage collected.									Percentage remitted.			Percentage outstanding.								
	Hal.	Bukya.	Total.	Hal.			Bukya.			Total.						Hal.			Bukya.			Total.		
	Rupees.	Rupees.	Rupees.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
1859-60 ...	3,77,81,888	33,84,402	4,11,66,290	91	8	7	91	11	11	91	8	10	0	9	8	8	2	9	4	2	10	7	13	6
1860-61 ...	3,78,66,371	32,60,977	4,11,27,348	91	13	3	95	0	0	92	1	4	0	5	10	7	14	5	3	8	9	7	8	10

Redemption of Government Revenue.

10. The following memo. shows the redemptions of Government revenue effected during the year, on estates paying a sudder jumma not exceeding one Rupee. The Calcutta estates are also included, with

regard to which there is no such limit. In the preceding year the revenue of 285 estates only, bearing a sudder jumma of Rs. 324-10-4½, was redeemed for Rs. 4,412-5-11¼.

Districts.	Number.	Sudder Jumma.			Price.		
		Rupees.	As.	P.	Rupees.	As.	P.
Bhaugulpore	3	1	6	8	14	2	8
Monghyr	7	5	4	11	53	1	2
Chittagong	71	23	0	3	230	2	6
Dacca	1	0	2	2	1	5	8
Calcutta	437	1190	10	7	17859	14	9
Nuddea	17	6	4	11	63	1	2
Total	536	1226	13	6	18221	11	11

No. 5.—Demands, collections, remissions, and balances of Miscellaneous Revenue.

11. This Statement shows an increased demand for the year of Rs. 36,000, owing chiefly to the exhibition in the Statement of the demand on account of Salt Tax in the Province of Arracan, which had no place in previous Returns. The large balance brought forward in the Cossyah Hills, under the head of rent of lime quarries, and shown to have been realized during the year, consists of a demand on account of lime supplied to the Executive Officer at Sylhet, but which had not been debited to the Public Works Department, from an impression that the cost of the lime was not realizable from that Department. The collections aggregated Rs. 4,47,664 on a total demand of Rs. 4,57,731, being at the rate of 97¾ per cent. The balance outstanding in Lohardugga is under liquidation by instalments; of the Sumbulpore balance, which is also a heavy item, the Board have received no explanation.

No. 6.—Estates the property of Government, viz., purchases, escheats, and churs or islands, their disposition and management.

12. The number of estates the property of Government is 7,324, or 281 less than in the previous year; the large number of removals is caused by the sale of the proprietary right of Government. The number of estates acquired in Chittagong is owing chiefly to the Kupas Mehals being now shown in the Statement for the first time.

13. The aggregate demand amounted to Rs. 29,33,910, of which Rs. 23,14,815, or nearly 79 per cent., was collected during the year, and 1¼ per cent. remitted.

14. The following Memorandum classifies the balances in those Districts in which they are heaviest:—

District.	Amount balance.	Since realized.	Doubtful and irrecoverable.	In train of realization.
	Rupees.	Rupees.	Rupees.	Rupees.
Chittagong ...	1,24,132	52,398	940	70,794
Tipperah ...	70,544	68,068	1,493	983
Dacca ...	33,154	25,482	3,388	4,284
Calcutta ..	25,257	727	0	24,530
Twenty-four Pergunnahs ...	1,02,173	20,581	4,391	77,201
Shahabad ...	74,785	62,644	0	12,141

15. In Dacca, Shahabad, and Tipperah it will be seen that the greater part of the balance had been realized up to the dates of the respective local reports. The balances in the other Districts have already been noticed in paras. 4 and 7 above.

16. Thirty-three estates, bearing a jumma of Rs. 392-1-4½, were removed from the rent-roll during the year on account of diluvion; of these eight, bearing a jumma of Rs. 19-1-6 only, were in Chittagong, and eleven, with a jumma of Rs. 81-6-6¼, in Monghyr. The remaining fourteen estates belong to nine districts.

Improvement of Government Estates.

17. The following memo. exhibits the amount expended or set apart for the improvement of Government estates from the 3 per cent. on the net collections sanctioned for this purpose by Government orders, dated 11th June 1859, No. 4141.

District.	Expended.			Set apart but not yet expended.		
Midnapore	97	12				
Bullooah ...				11,507	5	6
Chittagong				3,608	7	5
Tipperah ...				4,615	9	5
Balasore ...	456	12	10	245	9	5
Cuttack ...		...		120	4	8¼
Pooree ..		...	...	9,677	3	11¼
Sumbulpore ...				1,990	13	6
Backergunge				699	15	9¼
Cachar	2,000	0	0	913	14	0
Dacca ...				1,396	8	3¾
Furreedpore				398	10	6
Mymensing .				236	14	4
Sylhet				83	8	7
Jessore ...				16	0	10
Sunderbuns ...				6,583	8	9
Tirhoot ...				124	10	0
Dinagepore				1,845	12	7
Maldah ...				234	10	3¼
Moorshedabad				1,594	10	0
Rajshahye				238	1	11¼
Gowalparah ...				80	7	10
Lohardugga	34	13	10	1,091	14	4
Singbhoom				1,406	13	
Total	2,589	6	8	48.723	1	6¼

18. It will be seen that except in Cachar little use has been made of the fund. This is owing to the condition restricting the application of the percentage to the particular Mehal from the collections of which it is derived. In Cachar, which is regarded as one great Mehal, the restriction is not felt, and the Superintendent has been able to apply the fund to the construction of a road from the Station to Banskandee. It is useless to expend the percentage credited to any particular estate, until it amount to such a sum as may make it practicable to effect some material improvement. In many instances this will not be the case for years. In the Board's opinion this restriction on the utility of the fund is objectionable, and they recommend that it be withdrawn. The similar grant made to Assam, under orders of Government, dated the 30th ultimo, No. 1368 B. is not clogged with the same restriction. In some Districts the prescribed percentage

has not been credited to the fund, owing to a misconception of the orders, and in others owing to the sale of the Government estates being imminent.

No. 7.—Estates of disqualified landholders.

19. Two hundred and fifty-five estates were brought under the management of the Court of Wards during the year, and 38 released from wardship, leaving the present number 486. These estates belong to 74 wards, of whom 53 are boys, 16 females, and 5 disqualified otherwise than on account of sex or minority.

20. Of the Revenue demand, amounting to Rs. 5,17,209, Rs. 4,58,857, or 88¾ per cent., was realized within the year. The remissions amounted to 9 pie per cent. The only District in which the balance of Government revenue outstanding was heavy is Chittagong. Of this balance,—Rs. 47,398,—Rs. 16,916 had been since realized, and Rs. 7,283 were considered doubtful; the remainder was either in train of realization in the ordinary mode, or awaited the adjustment of certain accounts of advances for repairs of embankments.

21. The rent demand aggregated Rs. 17,66,225, of which Rs. 12,41,056, or 70¼ per cent., was realized within the year. This result is apparently unfavorable in comparison with the preceding year, when 74⅓ per cent. was realized; but the comparison is affected by the acquisition during the year of report of the very extensive property of the Rajah of Durbungah, which added Rs. 9,58,000 at once to the demand. The estates came under the Court in the month of November only; the manager succeeded, however, in realizing Rs. 7,17,000. Of the aggregate outstanding balance, Rs. 4,63,644, being more than nine-tenths of the whole, appertains to the following 6 Districts:—

DISTRICTS.	Since realized.	Depending on result of suits.	Due on account of estates released	Irrecoverable and doubtful	In train of realization.	Unexplained.	Total.
	Rupees.	Rupees.	Rupees.	Rupees.	Rupees.	Rupees.	Rupees.
Bullooah	.. ....	8,238	16,395	14,444	4,257		43,334
Chittagong	24,487			38,265	12,944		75,696
Cuttack	2,920				28,592		31,512
Tirhoot	1,32,000				1,09,156		2,41,156
Moorshedabad	...				....	21,375	21,375
Goalparah		8,510		3,418	38,643		50,571

The Cuttack balance would have been less but for the time occupied in unravelling the accounts of an estate which were in confusion.

22. The disbursements during the year aggregated Rs. 10,63,108, of which Rs. 5,60,036 were on accounts other than payments of Government revenue and expenses of management; of this sum Rs. 2,39,754 was disbursed in liquidation of debts, and Rs. 1,25, 638 invested in Government Securities, making, with the sums before invested, Rs. 6,83,449. The maintenance and education of the wards absorbed Rs. 77,818, and Rs. 1,06,769 provided for contingent expenses. The surplus at credit of the several wards, at the close of the year, was Rs 4,97,464, exclusive of the amount invested.

23. The number of pupils at the Wards' Institution in the Circular Road, Calcutta, was nine, which is below the average of previous years. Two of these are Brahmins, three Khetrees, two Kaesths, one Jogee, and one Koch. Their ages range between 12 and 17½ years; five of the boys are from the Province of Cuttack, and four from Bengal Districts.

24. The progress of the boys during the year is stated to have been satisfactory, and their general conduct good. The expenses during the year amounted to Rs. 26,644, of which Rs. 14,859 are general charges, the remainder being debited to the personal account of the lads according to their position and requirements. Owing to the comparatively small number of boys at the Institution this year, the cost* to a boy in the first class has been Rs. 887 against Rs. 550 in 1859, and Rs. 625 in the year immediately preceding that of report.

* It will be remembered that the boys do not all contribute equally to the general expenses. They are classed according to their incomes, and contribute accordingly.

25. With a view to the benefits of the Institution being extended to as many minor wards of Court as can afford it, the Board have instructed the District Officers to send to Calcutta all Hindoo wards with estates yielding a net annual income of Rs. 4,000 and upwards, and they have requested the Sudder Court to bring the existence of the Institution to the notice of the Judicial Officers in the interior, with a view to their communicating the information to the guardians appointed by the Civil Courts to the charge of minors under Section 7, Act XL. of 1858, who, under Section 25 of the law, are bound to provide in a suitable manner for the education of the youths entrusted to their charge. The only result hitherto of Section 12, Act XL. of 1858, has been the placing of one minor in the Sarun District under charge of the Collector. He is being educated at the Government School at Chuprah, his means not admitting of his being sent to the Presidency.

No. 8.—Estates and lands under attachment by order of the Civil and Criminal Courts.

26. There were 142 estates under attachment during the year by order of the Civil Courts, and 114 by order of the Criminal Courts. The revenue demand of these 256 estates aggregated Rs. 1,45,146, of which the proportion demandable in all the estates, after they came under attachment, was Rs. 1,09,267, making with the balance of the previous year Rs. 1,12,580 due on account of Government revenue. Of this sum Rs. 1,12,364, or upwards of 99 per cent., was realized within the year.

27. The Mofussil rental demand aggregated Rs. 3,79,660, of which Rs. 2,67,528, or 70½ per cent., was realized within the year; about two-thirds of the entire balance outstanding at its close was due on account of two Districts, viz., Backergunge and Nuddea. In the former District, of the total balance of Rs. 30,727, Rs. 6,429 had been realized, Rs. 7,695 depended on the issue of rent suits and civil actions, and Rs. 15,408 was in train of realization by the ordinary processes, the remainder being irrecoverable. The largest item of balance in this District was on account of an estate which only came under attachment when half of the year had passed. The Nuddea outstanding balance, Rs. 42,207, is not particularly explained, but it is stated generally that many of the estates on which it accrued have been released from attachment.

28. The disbursements aggregated Rs. 2,51,253, of which sum Rs. 1,07,025 was paid to order of the Courts. There remained at the end of the year Rs. 1,38,793 at credit of the several estates.

29. In the Syedpore Trust Estate, the particulars of which are given at the foot of the Statement, the percentage of Mofussil rental collected is Rs. 68. This year there is a balance of Government revenue outstanding of Rs. 11,198, which is nominal only, being caused by the Collector not having transferred in his accounts the amount of the kists which were not realizable by compulsory measures till after the close of the year. The sum remitted to Hooghly for the Imambarra there, was Rs. 55,000 against Rs. 65,000 remitted in the previous year.

No. 9 Summary suits.
No. 10. Execution of summary decrees.
No. 11. Applications to Sale Commissioners for sale of distrained property.

30. These statements represent the condition of the filed summary suits instituted prior to the passing of Act X. of 1859. Statement No. 9 is not submitted, as all the cases under the old Summary Suit Laws have been disposed of. Of executions taken out on summary decrees, there were still a considerable number pending in the Districts of the Chittagong Division, and in Hooghly, Backergunge, and Nuddea, but they were mostly executions of previous years' decrees, sued out during the year of report.

No. 12. Detail of cases under Act X. of 1859.
No. 13. Execution of decrees under Act X. of 1859.
No 14. Applications for sale of distrained property under Act X. of 1859.

31. There were 61,398 suits instituted under Act X. of 1859 during the year, which, with 7,269 remaining from the previous year, made the total number on the file 68,667. Of these, the suits for arrears of rent numbered 45,835, or three-fourths of the whole number of cases instituted. The total number disposed of was 60,279, leaving 8,388 on the files at the close of the year.

32. The suits for arrears of rent were most numerous in the Districts of Backergunge, Jessore, and Nuddea. The indigo disturbances account for the large number in the last two Districts ; in the first District the number, though large in itself, is not much more than one-half the number instituted when the old laws were in force. The following memorandum compares the institutions in 1858-59, the last year of the operation of the old Summary Suit Laws, with the two years which have since elapsed.

	Suits for arrears of rent.	Suits of all other kinds.	Total.
Summary Suits.			
Instituted in 1858-59	40,340	6,976	47,316
Rent Suits under Act X. of 1859.			
Instituted in 1859-60. nine months	11,864	7,551	19,415
(Which is equivalent in the twelve months to) ...	15,819	10,068	25,887
Instituted in 1860-61	45,835	15,563	61,398

Excluding the exceptional Districts of Nuddea and Jessore from each period, the following is the comparison :—

	Suits for arrears of rent.	Suits of all other kinds.	Total.
Summary Suits.			
Instituted in 1858-59	35,991	5,740	41,731
Rent Suits under Act X. of 1859.			
Instituted in 1859-60, nine months	11,095	7,243	18,338
(Which is equivalent in the twelve months to) ...	14,793	9,657	24,450
Instituted in 1860-61	33,973	13,666	47,639

As anticipated by the Board, the causes which operated on the first introduction of the law to check the institution of suits, have lost their effect, and its provisions for the recovery of rents are already as largely resorted to as were those of the old laws. Suits for purposes other than the recovery of arrears of rent are more than twice as numerous as they were in the last year of the old Summary Suit Law.

33. Favorable opinions have been expressed by the local officers of the general working of the Act. Restricting, as many of its provisions do, the powers conferred on landholders by previous regulations, which, uncontrolled, led to the most serious abuses, it is no matter of surprise that the Act is unpopular with the majority of that class. The amendments which have at different times been proposed of some of the provisions of the new law have been considered at length by local officers of ability in different parts of the country ; and the conclusion is general that any return to the state of things which previously existed is out of the question. It is satisfactory that after a trial of two years, and tested very severely under the excitement created by the indigo disputes, the law has been found to work so successfully, and to require amendment now in only trifling matters of detail. The Board's special report on the working of the law is dated 3rd May last, No. 291.

34. The executions of decrees are to the number of rent suits instituted as 1 to 5½, Of such cases 9,095 were disposed of within the year, leaving 2,081 pending at its close, of which 103 had been pending more than three months, and 15 more than six months.

35. One-third of the total number of applications for sale of distrained property belonged to the single District of Midnapore. The other Districts in which such cases were numerous are Bhaugulpore, Monghyr, Hooghly, Tipperah, Balasore, and Sarun. Only 206 of the total number of 1654 applications terminated in sale, the rest being either withdrawn or security for the payment given : 320 cases remained on the files at the close of the year. It is remarkable that not one application for sale of distrained property was made in Nuddea or Jessore.

36. The great majority of suits in this statement are those instituted on the part of Government as zemindars, under the provisions of Section 30, Regulation II. of 1819. The number disposed of in connection with the claim of Government to revenue as distinguished from rent is shown in the memorandum columns of the statement. A very large number of Section 30 cases were instituted during the year in Burdwan and Hooghly ; these Districts, with Shahabad, account for no less than 2,765 of the 3,514 cases which remained on the files at the close of the year.

No. 15.– Suits under the Resumption Laws.

37. The number of estates sold is no where large except in the Chittagong District, where almost all the estates are petty and of trifling value. The following comparative memorandum shows that the number of mehals sold during the year was very much less than in the previous year, the only Division showing any increase being Bhaugulpore. The average size of the estates sold was, however, greater in the Chittagong, Nuddea, and Patna Divisions, and more especially in the Rajshahye Division. The price realized was greater in the Rajshahye and Cuttack Divisions, and particularly in the Burdwan Division, but in the Dacca, Bhaugulpore, and Nuddea Divisions, on the other hand, the falling off was very considerable. The aggregate result however, shows no great decline. The low price realized in the Nuddea and Dacca Divisions is attributable to diluvion.

No. 16.– Estates sold under Act XI. of 1859 for the recovery of arrears of revenue due upon them.

Districts.	1859–60.							1860–61.						
	Number of Estates sold.	Jumma of Estates sold.	Average Jumma.			Price realized.	Proportion of price to jumma.	Number of Estates sold.	Jumma of Estates sold.	Average Jumma.			Price realized.	Proportion of price to jumma.

38. These statements require little remark. The large number of estates exempted from sale in the District of Sylhet, namely, 16,660, is owing to the fact that the revenue continues to be realized there by other processes than by sale. The entire demand due on exempted estates had been realized, with the exception of an item of Rs. 5,733 in Bullooah, and Rs. 208 in Mymensing. The statement of estates forfeited by purchasers, and regained by former proprietors under Section 24 is blank.

No. 17.—Sales under Act XI. of 1859 of rights and interests in estates sold for the recovery of demands other than arrears due upon the estates themselves.
No. 18.—Estates exempted from sale process under Section 18, Act XI. of 1859.
No. 19.—Estates forfeited by purchasers and regained by former proprietors under Section 24, Act XI. of 1859.

39. This statement shows that the provisions of Act XI. of 1859 are very little appreciated. During the year under review Section 10 has been less resorted to than in the first year of the operation of the law.

No. 20.—Detail of cases under Act XI. of 1859.

1859-60	510	18	6	31	17	0	0	1	2
1860-61	227	21	0	61	31	1	0	0	0

40. The Board's letter, No. 771, dated 5th November 1861, contains a full report on the general working of the law, and the causes operating to produce the almost total neglect of its registration provisions. The high scale of fees imposed by the law, the possibility of an application for registration leading to the tenure being contested, and the applicant referred to the Civil Court to establish its validity, in which case even the law does not admit a refund of the fees ; the protection secured to under-tenures by the reservation of the power to their proprietors of paying in the Government revenue directly ; confidence in the stability of the superior tenures, and the expenses of measurement, are assigned as the principal reasons which produce a disinclination to register under-tenures. In their Report above quoted the Board have recommended an alteration of the law, reducing the scale of fees required, and extending the time allowed for registration of under-tenures (which, under the present Act, will expire on the 4th of May next) to a further term of three years.

No. 21.—Prisoners confined for Government demands.

41. This statement requires no remarks. The following is a comparison of the two years :—

		1859-60.	1860-61.
Number in confinement	...	26	27
Released	...	22	24
Remaining in confinement	...	4	3

Settlements.

42. There has been a large amount of settlement work in Shahabad owing to the confiscation of the estates of rebels. Of 619 such villages with a jumma, prior to confiscation, of Rs. 1,15,873, 368 have been finally settled, producing a jumma of Rs. 2,27,027, the former jumma of these having been Rs. 72,018. In the course of these settlements, 1188 claims to hold lands rent-free were tried. One hundred and sixty seven of the settled villages have been bestowed in reward for loyal services, some as rent-free grants and some bearing a jumma. The number of villages awaiting settlement is 251, bearing a jumma of Rs. 43,854 prior to confiscation. It is estimated that the new jumma after settlement will be Rs. 1,23,244.

Behar.

43. In Behar the settlement work is very heavy. Very little was done in this department during the past season, owing, as explained by the Collector, to press of work, and frequent changes in the officer holding the office of

Collector, which prevented the subordinate agency from being turned to the best account. The Board and Commissioner are by no means satisfied with this explanation. By Government Order dated 30th October 1860 an additional Deputy Collector was appointed to this District at the Board's instance, founded on the urgent request of the Collector and Commissioner, on the special ground of the large number of settlements which had to be made. The result is two settlements completed in the whole District. Local enquiries have, of course, been made in other cases, but the Board have intimated their dissatisfaction at this state of things to the Commissioner, and have called on him to give his particular attention to this file.

* Since this was written the Board have received the Commissioner's Inspection Report of the Behar Collectorate, which shows that good progress has been made by the Collector in the disposal of these settlements since the close of the year. He expects that the file will be cleared by the end of April 1862.

44. About 66 cases of settlement also remained to be disposed of by the Collector of Chumparun. These are cases transferred from Sarun, there being no reason, now that Chumparun has been constituted a Collectorate, why the District Officer should not undertake the same duties as Collectors elsewhere.

Chota-Nagpore.

45. In the Districts of the Chota-Nagpore Division there is nothing worthy of note with regard to settlement operations.

Cachar.

46. In Cachar 411 holdings were settled at a jumma of Rs. 28,852. In this sum is comprised Rs. 5,258, the eventual jumma of jungle lands leased in 244 plots to natives for rice cultivation, for a term of 19 years ; the jumma increases progressively till this maximum is attained. Of the above amount also, Rs. 15,000 is the revenue derived from the lease for two years of the Sealtaik Ghaut, where timber cut in the forests and floated down the river is subjected to the payment of a duty ; and Rs. 3,594 consists of revenue derived from the house tax imposed on the tribes inhabiting the hills. Five tea grants have been measured, and the terms of settlement arranged, and 34 remained, of which 8 had been reported for confirmation.

Assam.

47. The settlement work done during the year and remaining for the ensuing season in the Province of Assam is exhibited in the following table :—

District.	Settlements completed.		Settlements to be made.	
	Number of Mehals.	Jumma.	Number of Mehals.	Jumma.
Kamroop	56	1,30,203	54	1,11,000
Durrung	233	1,48,768	143	79,848
Nowgong	15	1,54,436	246	94,300
Seebsaugor	59	41,928	61	60,195
Lukhimpore	99	33,123	74	18,999
Cossyah Hills	46	1,571	45	18,620
Total ...	508	5,10,029	623	3,82,962

A large increase of revenue has resulted in Kamroop from these re-settlements, through the exertions of the Deputy Commissioner, Captain Lloyd, whose vigilance led to the detection of a system of fraud carried on to a great extent by the Ameens, in their *peals*, or measurements. The fraud consisted chiefly in returning in the chittahs lands of superior quality, and subject as such to the higher rate, as of a lower quality. The Board have prohibited the future employment of the Ameens who have been found guilty of this deception, and directed the preparation of a list of those whose conduct entitles them to selection for this work. In Durrung the re-settlements being temporary only, have produced a diminution of revenue to the extent of Rs. 3,829 compared with the previous year, in consequence of injury to cultivation caused by the inundation of the past season.

Soonderbuns.

48. There were 408 estates in charge of the Commissioner in the Soonderbuns during the year, of which 150 were lots granted, and 88 lots not yet granted. The resumed Mehals numbered 64, and Henckell and Donnelly's Mehals 106—40 of the latter description having during the year been released under Regulation II. of 1819. There were ten mehals under Khas management with a demand of Rs. 1,33,035, of which Rs. 1,32,817 was realized within the year, and Mr. Reily appeals to this result as "the best criterion of the principles on which ryotwaree assessments have been based and the fairness of the rates." Thirty-eight Government estates remained for settlement in the ensuing season, the ultimate jumma expected from which is calculated at Rs. 74,500, besides eleven mehals to be resettled at an expected jumma of Rs. 3,000; besides this work there are 22 allotments to be inspected, 36 cases in which local investigations are requisite, and 43 resumption suits for trial. In the course of the year Mr. Deputy Collector Gomess measured 10 estates whose area aggregated 40,800 beegahs, and Mr. Assistant Surveyor Philipps 21 estates with an area of 112,860 beegahs.

Darjeeling.

49. No Tuccavee advances have been made in the Darjeeling territory during the year. Of the balance of former advances, Rs. 1,559 has been adjusted, leaving only Rs. 920 outstanding which will be realized this year. The fall of rain has been 119 inches against the annual average of 125 inches. The crops were excellent and the price of food not much above the average, notwithstanding the demand caused by the presence of the Sikkim force. On the other hand, a very fatal murrain is reported to have prevailed since December in the hill portion of the territory, and not to have abated in any degree till May: whole herds were carried off in a few days. Cholera appeared in April and May, amongst the dangars of the cooley corps employed in transporting military stores, but the general health was good, and only one European child died of the disease, the first case of the kind during the last twenty years.

50. The following is a comparative statement of the population, area in cultivation, and revenue for the past two years, of the Districts comprising the Province of Arracan:—

Arracan.

Districts.	Years.	Population.	Capitation Tax.	Area in Cultivation.	Land Revenue.	Miscellaneous Revenue including Abkaree Stamps, Customs, &c.	Commission and other Charges on Collections.
Akyab	1859-60	2,25,116	1,85,595	8,40,471	5,73,691	4,12,573	1,55,517
	1860-61	2,23,798	1,87,799	8,46,565	5,72,975	6,34,272	1,55,684
Ramree	1859-60	1,16,898	85,375	2,16,699	1,19,671	41,745	43,230
	1860-61	1,17,631	88,265	2,26,348	1,25,885	67,990	45,870
Sandoway	1859-60	30,638	25,822	68,097	40,248	14,816	13,875
	1860-61	32,113	26,936	68,243	40,148	20,507	14,088
Total	1859-60	3,72,952	2,96,792	11,25,267	7,33,610	4,69,134	2,12,622
	1860-61	3,75,542	3,03,000	11,41,156	7,39,008	7,22,769	2,15,142

A comparison of the exports of grain during the two years from the port of Akyab gives the following result. No grain was exported from Kyook Phyoo (Ramree.)

District.	Years.	Number of Vessels.	Tonnage.	Quantity of Grain.	Value.
				Maunds.	Rs.
Akyab	1859-60	144	52,383	17,66,891	27,93,566
	1860-61	166	95,565	34,22,534	45,53,351

In explanation of the extraordinary increase in the export of grain, it may be here stated that large quantities were kept back in the previous year in consequence of the prevailing high rate of freights. It is not to be expected that a similar quantity will be exported next year.

Natural Products.

51. The following are the productive resources of the different Divisions:—

Bhaugulpore Division.

52. In the Bhaugulpore Division, coal is procurable in the Damun. The mines have not as yet been worked to any depth. The coal hitherto found, though of inferior quality, answers for burning lime and bricks, and is so used by the Railway Company, but the expense of carriage in a country without roads renders mining operations unremunerative to speculators. Tea is cultivated on the hills to a small extent, but has not yet had a fair trial.

53. In the Burdwan Division there are several coal mines worked by different Companies. The resources of the Coal Districts will, it is expected, be developed by the Singharun Valley line shortly to be opened, which runs through the heart of the collieries. These collieries are all in the fiscal jurisdiction of Beerbhoom. In Bancoorah the goor from sugar-cane is said to be very fine, and is exported to foreign parts from Calcutta. Cotton is also grown in certain parts of the District and much of it is sold in the Calcutta market, but the quality is very inferior. In Beerbhoom rice, silk, and sugar are the chief exports. Iron ore is found in considerable abundance in Pergunnah Noonee, at Mohammed Bazar, where iron foundries have been established by the Beerbhoom Iron Works Company. A marked development of the resources of the District may be expected when the railroad has been longer open.

Burdwan Division.

54. In the Patna Division no mineral productions have been discovered, nor is tea cultivated any where, but cotton is produced to some extent in Shahabad. Indigo is grown in nearly all Districts, and saltpetre is exported chiefly from Tirhoot and Sarun.

Patna Division.

55. Coffee has been cultivated with great success at Chittagong, but the cultivation is by no means extensive. Tea is likely to prove a profitable speculation in that quarter. Cotton is grown in the hills, but requires personal skilled supervision to be successful.

Chittagong Division.

56. There are no minerals in the Cuttack Division. For the spread of cotton cultivation the tributary mehals must be looked to; the export of grain from the Province is increasing.

Cuttack Division.

57. The only Districts in the Dacca Division where any mineral products have been found are Sylhet and Cachar. In the former a lime quarry formerly leased for Rs. 220 has been re-let for Rs. 905. In Cachar tea planting is making astonishing progress. Already 20 concerns are engaged in its cultivation and manufacture. The present season's yield is considered to be understated at 3,400 maunds, a quantity which represents three lacs of Rupees, and next year it will not be under ten lacs. The natural result of these operations has been to draw about two and a half lacs of Rupees into the District annually, and nearly to quadruple the value of local labor. The laborers have become landholders, and will no longer labor on wages, and even if they did, would be quite unequal to the demand: immigration, therefore, is the great hope of the planters. To this time five thousand coolies have been imported and batches of hundreds are daily coming. They are generally up-country men starved out and refused by the Mauritius Agent.

Dacca Division.

58. The mortality among them is stated to have been hitherto great, as must be expected among men who are generally rejected by the Colonial Agents as diseased and weak.

59. On this subject Lieutenant Stewart makes the following remarks :—"The "question is, why should unsound men be shipped for Cachar, and why should it be so

"difficult to get good healthy men to come up here instead of going beyond the seas to "the West Indies and Mauritius ? The answer to this is, that the Agents will ship "men of whatever kind they can get, receiving so much a head without any particular "investigation as to what diseases they may be laboring under ; and that they do ship "such men shows that they can get no other ; and that they can get no other, the plan-"ters informed me,—and I can readily believe it,—is because there is a Government "Emigration Agency established on the one hand, and nothing but their crimps on the "other, and that the men actually fancy the planters are acting in opposition to the "Government, and won't come as they ask them. I say I readily believe this, because I "know how natives will flock to a Government Institution distrusting private overtures, "and I think that if the benefits of the Emigration Agency were extended to all coolies "leaving Calcutta for Cachar as well as the Colonies, that it would be much to the "advantage of the planters, and also to the preservation of human life."

60. On this point the Board believe that the chief reason why sickly coolies are sent to Cachar is that the Agents for the Colonies are able to offer a far higher price for labor, and thus select the healthiest and strongest men. They are of opinion that it should rest with the planters to establish an agency, to which there is no doubt the Government would be willing to afford the same countenance which they give to those established for exporting labor elsewhere, and they deprecate any other interference on the part of Government, as it seems to them that the planters, with the experience they have had, must find it their interest to secure healthy mên, and will use their best exertions to do so.

Assam Province.

61. In the Assam Province tea is extensively grown, in Seebsaugor and Lukhimpore especially; here, also, it has had to struggle against the want of an adequate supply of labor. Limestone abounds in the Jynteah Hills which supply Bengal with nearly all the lime of superior quality which is used for building purposes.

Arracan Province.

62. In the Arracan Province some lime is found. An experimental tea plantation has been commenced at Akyab, and, the Board understand, with success. Cotton is reported to have failed. The ryots, however, are anxious to obtain good seed, and the Commissioner proposes to grant waste lands for the purpose rent-free, but the rent is so inconsiderable an item in the cost of the cultivation of cotton, that its remission would have little effect in promoting the cultivation ; and on the whole, the Board do not think that this mode of encouraging it should be adopted.

Nuddea Division.

63. A few places only in the Soonderbuns in the Nuddea Division are reported to be fit for the production of cotton.

Rajshahye Division.

64. In the Rajshahye Division indigo is extensively cultivated. Silk is manufactured in abundance which entails a large mulberry cultivation. There are soils in some Districts capable of producing cotton.

Chota-Nagpore Division.

65. In the Chota-Nagpore Division, or South-Western Frontier Agency, the coal fields of Kurhurbura are being scientifically worked on account of the East India Railway Company. The Bengal and other Companies are greatly extending their mining operations in Maunbhoom near the line of the proposed extension from Raneegunge. A portion of the Palamow coal-field has also been opened by the Bengal Company. The Singbhoom copper mines have been at a stand-still, owing to the failure of the first Company. Another Company have recently taken a lease of the mines.

Darjeeling.

66. In the Territory of Darjeeling tea planting has largely increased. The first consignment of 80 maunds has been sent to London this year. One hundred maunds of coffee of superior quality, made at Kurseong, sold in the country at Rs. 40 a maund. There had been to the date of Dr. Campbell's report in June, 21,865 acres granted for tea and coffee cultivation, of which 3,251 acres had been actually brought under cultivation. The number of tea plants which had gone out of the nursery was 4,303,000, and of coffee plants 91,800. In 1861 the manufacture of 42,600 lbs. of tea, and 20,000 lbs. of coffee, was expected. The number of laborers in the employment of six organized Companies, and of a number of individual planters, was 2,534. The capital involved up to the present time is about sixteen lakhs of Rupees, or £160,000. Dr. Campbell's report to Government, No. 656, dated 25th June 1861, contains full information on this interesting subject.

Settlement of fisheries in navigable rivers.

67. The orders of Government relating to the resumption and settlement of fisheries in navigable rivers, and the appropriation of the proceeds to local improvements, have been carried out with the results noted below :—

Districts.	Number of suits instituted under Reg. II. 1819.	Decided in favor of Government.	Decided against Government.	Pending.	Number of blocks settled.	Jumma.

68. In the Bhaugulpore Division every case instituted has been decided against Government, and in Dinagepore three suits brought in the Civil Court have issued in a decree for damages against Government, amounting to Rs. 14,500: appeals are pending in the Sudder Court. In the Nuddea Division the farmers find difficulty in protecting their rights against trespassers, and some have been compelled to throw up their leases in consequence. From the correspondence noted in the margin, it will be seen that the lessee of certain fisheries on the Hooghly, having found it impossible to enforce his rights against the fishermen, was allowed to throw up the lease, and the blocks which he held have now been taken under khas management. The Board, as His Honor is aware, do not expect much increase of revenue from the khas management; the principal object of the measure is to enable the Revenue authorities to bring to an issue in a court of justice the question of the right of Government to these fisheries which is still disputed.

Board to Government No. 370 dated 31st May 1861.
Government to Board „ 393 „ 18th June 1861.
Ditto „ 791 „ 18th July 1861.

Sale of proprietary right in Government estates.

69. The following Table exhibits the result of the sales of the zemindaree right in Government estates (other than confiscated mehals) during the year :—

DISTRICTS.	Number of estates sold.	Sudder Jumma.			Gross rental.			Price realized.		
Bhaugulpore	34	2,397	12	5	3,582	15	1	54,525	0	0

* This entry is evidently erroneous.

70. With reference to the apparently large number of estates sold in Midnapore, it must be explained that these are hoodas of pergunnahs Khurruckpore and Kedarkoond, two large estates on the rent-roll of the district. It was considered expedient to sell the hoodas in separate lots.

71. The re-settlement and sale of the confiscated estates of Koer Singh and other rebels have also been progressing; the results up to the end of the year were as follows:—

	Number.	Gross rental as ascertained by re-settlement.	Sudder jumma previous to confiscation.	Sudder jumma fixed by re-settlement.	Price realized by sale of the proprietary right.	Remarks.
Sold in 1860-61.						
Estates of which Government was sole proprietor ..	150	1,13,645 6 0	22,083 4 0	88,996 10 0	5,14,460 0 0	No sales of entire confiscated estates have been held since the close of the year 1860-61, as they were stopped in July at the Commissioner's recommendation, that officer considreing the marketto be glutted; but the prohibition was withdrawn by Board's letter of the 15th instant.
Estates in which Government held a share only ..	3		Undefined Shares.		64,625 0 0	
Sold before 1860-61.						
Estates in which Government was sole proprietor ...	0	0 0 0	0 0 0	0 0 0	0 0 0	
Estates in which Government held a share only ...	105		Undefined Shares.		4,49,643 0 0	
Total ...	258	....	....	....	10,28,728 0 0	

72. The aggregate results up to date are as follows :—

Memorandum of Result of Sales of Government Khas Mehals, including Confiscated Estates.

	SOLD IN 1860-61.			SOLD BEFORE 1860-61.			SOLD SINCE THE CLOSE OF 1860-61.			TOTAL.			REMARKS.
	No. of Estates.	Sudder Jumma.	Price realized.	No. of Estates.	Sudder Jumma.	Price realized.	No. of Estates.	Sudder Jumma.	Price realized.	No. of Estates.	Sudder Jumma.	Price realized.	
Whole Estates ..	560	2,58,111 10 6¼	23,46,958 6 5	78	786 6 9	4,646 2 1	844	78,501 4 8⅓	8,56,279 12 0	1,482	3,37,399 5 11¾	32,07,879 4	9½ times the Sudder Jumma.

73. An average price of $9\frac{1}{2}$ times the Sudder Jumma has thus been realized on the *entire* Estates. There remain for sale 3,770 Estates, bearing at present a Sudder Jumma of Rupees 14,03,202-2-$4\frac{3}{4}$. Should the above average selling price ($9\frac{1}{2}$ times the Sudder Jumma) be maintained, the remaining Estates will yield Rupees 1,33,30,419; but as the most desirable Estates have already been disposed of, the Board would not estimate the sum yet to be realized above a crore of rupees. As before reported, the sales of these Estates must extend over some years, as the length of the farming leases under which they are held, and other special circumstances, render it inexpedient to dispose of some of them at present. In addition to these 3,770 Estates, 266 confiscated Estates in Shahabad have still to be sold, of which the Sudder Jumma is being re-adjusted by settlement.

74. In carrying out these sales, as directed by Government, properties in the neighbourhood of Sudder and Sub-divisional stations have been reserved. All estates have been sold bearing a jumma fixed in perpetuity, which has been revised before the sale when necessary. Large estates have been broken up into several lots, and small mehals included in one, as appeared conducive to the interests of Government. A minimum price has been determined on for each estate before advertisement for sale. Although this price has in almost every instance been much exceeded by the sum obtained, it has been useful in preventing sales in a few instances at obviously inadequate prices, when there has been no competition. Some estates, instead of being put up to competition, have been sold at a fair price to individuals who established a claim to such an indulgence.

PARA. 2. "This call has been addressed to the "Board of Revenue and to the Presidency Commission, "and it ought to have been responded to by the 15th "ultimo. I could have supplied the information to "some extent as regards the Presidency a month ago, "but, as already explained in the Board's "letters dated 23rd November and 4th "January last, nothing of consequence had been done "up to the last of those dates towards assessing the "District population. Assessors had been appointed "by Government in direct communication with the "several Commissioners, but beyond preliminary "enquiries they had done nothing for want of the "necessary forms. It appeared to me, therefore, that "review of all that had been done both in the Presi-"dency and the Mofussil up to the 1st instant would "be more useful to the Supreme Government than a "partial and imperfect report bearing date a fortnight "earlier.

No. 616.
No. 8.

PARA. 19. "I now come to the Mofussil Districts. "The Bengal Office has later "information of the progress "and prospects of taxation "here than I have. The Board's "proposed Bi-weekly* Dis-"trict Return was thought "by Government to be in too "elaborate a form and was "superseded by a simpler one, which is made direct "to Government, but of which copies will hereafter "be sent to the Board. So far as results go, the actual "collections may be equally well ascertained from the "latter, but the Board's object in prescribing their "form was to watch the progress made in the two

*Apparently the designation of this Return was unfortunate, a communication from the Bhaugulpore Commissioner to Government, which, with the reply, was lately endorsed on to the Board, showing that it was supposed to be required twice a week instead of twice a month.

75. Act XXXII. of 1860 (Income Tax Act) came into operation after the lapse of the first quarter of the official year; its operation was therefore limited to nine months of the year, and about one-half of this period was occupied in making preliminary arrangements, such as appointing Assessors and their establishments, and distributing the printed forms of notices and returns prescribed by the Act. The Lieutenant-Governor is already aware of the causes of the delay which took place in commencing Income Tax collections.

Introduction of Act XXXII. of 1860.

They were explained in Mr. Grote's minute dated 22nd March last, paras. 2, 19, and 20, which I am desired to quote in the margin for ready reference. His Honor will remember that it was his wish that the action of the Commissioners should be interfered with as little as possible.

" stages of assessment, viz., that by the Assessors and " that by the Collectors. It is of importance that the " prescribed formalities should be gone through in " making the assessments and that due vigilance be " shown in tracing all assessable parties in a District."

PARA 20. " In the following paragraphs I have " availed myself partly of the figures of the February " Returns above referred to and partly of those of " demi-official communications to me. The Assessors " were for the most part appointed by Government in " direct communication with the Commissioner in Sep- " tember and October, and I have therefore, in estimating " the District charges, assumed their salaries and that of " a full ordinary establishment " on the authorised scale* " for nine months of the year " ending 31st July. Full establishments have not, " I am aware been employed by every Assessor, but, on " the other hand, charges have been incurred for " travelling allowance and office rent, so that the total " yearly charges will certainly not be below my esti- " mate. Under the recent orders of Government the " Assessor-agency is to have the duty of collecting the " tax which, if the plan succeeds, will be an economical " one. The Board finding the assessments so back- " ward, had proposed the employment of a separate " agency to be paid by a percentage commission for " this year. They feared that the additional work on " the Assessors' hands might interfere with the progress " of assessment. This is by far the most difficult and " delicate process, and revenue may be lost and much " discontent caused by its being conducted in too " hurried or too arbitrary a manner."

* Rs. 80 per month as by Government Order dated 16th November last, No. 3569.

76. The following Memo. shows the amount assessed and collected in each District Division to the 30th April, the expense incurred, and the estimated yield of an entire year's assessment :—

77. The percentage of the collections on the assessments, about 44 per cent, is, as might have been expected, small, seeing that the assessments represent the demand for the four quarters, for the last of which no demand could be made within the year. The charges amount to something less than 6¼ per cent. on the aggregate collections.

78. During the six months which have elapsed from the close of the year, the returns which have come to hand show that about 190,000 further notices have been served, upwards of 25 lakhs assessed, and upwards of 32 lakhs collected, including Calcutta and the suburbs.

79. Out of 32,587 surcharges, of which the Board have knowledge, 1627 only were successfully resisted ; but the information given by the local Officers is so defective, that the Board have called for complete details, which they hope to submit with their remarks as an Appendix to this report, as soon as possible.

80. The provisions of Section 67, allowing compositions to be made, have been very sparingly made use of, and in the great majority of cases in which compositions were made, the applicants were Europeans. Assessment by punchayet has been but rarely resorted to, the principal instance being that of the city of Dacca, which offered an aggregate assessment of Rs. 65,000 ; the distribution of this amount on the several incomes of the citizens, which is being made by punchayet, had not been completed up to the end of the year.

81. So far as the Board have learned from the Commissioners, the occasions on which dissatisfaction has been shown by the people while being assessed for the Tax have not been frequent.

82. The returns made to the Assessors have been generally pronounced unsatisfactory and inaccurate, as has already been reported to Government.

No. 22. Business not included in the foregoing statements performed in Collectors' offices.
No. 23. Comparative statement of business performed in Collectors' offices.
Bhaugulpore.
Monghyr.
Bullooah.
Chittagong.
Cuttack.
Dacca.
Sylhet.
Patna.
Sarun.
Shahabad.
Tirhoot.

83. The mutation cases are most numerous in the 11 (out of 52) Districts enumerated in the margin. These 11 Districts give nearly three-fourths of the whole number of such cases, the Dacca District alone supplying one-sixth of the whole. The Districts of Cuttack and Tirhoot furnish one-half of the butwarrah cases. Claims to compensation for lands in the Districts of Bhaugulpore, Chittagong, Nuddea, and 24-Pergunnahs amount to about four-fifths of the whole number. The civil suits in Burdwan alone are equal to the number of such cases in all the remaining Districts taken together.

84. The Comparative Statement shows an increase of business in the Divisions of Assam, Chittagong, Cuttack, and Nuddea, and a decrease in Chota-Nagpore, Burdwan, and Dacca. In the last of these Divisions the decrease is remarkable, for in 1859-60 the settlement of the Province of Cachar added no less than 8,104 settlement cases to the aggregate file of the Division. The rest of the decrease consists of miscellaneous cases belonging to the same Province. The following is a comparison of the work of the two years in all Districts :—

YEARS.	Number of Cases on file.	Number disposed of	Number pending at close of year.	Items disposed of not properly farming cases.	Total disposed of.
1859-60	98,790	83,962	14,828	9,10,454	11,08,034
1860-61	94,034	78,862	15,172	9,38,664	11,26,732

85. The arrangement of the Pooree records has been completed on the plan prescribed by the Board's Circular Series. The arrangement is still proceeding in Tirhoot, Hazareebaugh, and the Soonderbuns Office.

Arrangement of records and record fund.

86. The balance at credit of the record fund was Rs. 34,776-13-4¾, to which Rs. 18,011-4-4¾ was added during the year, making the total Rs. 52,788-1-9½; of this sum Rs. 12,027-12-3¼ was disbursed, leaving Rs. 40,760-5-6¼ in favor of the fund at the close of the year, subject to a debit of Rs. 532-5-0 expended, but not yet adjusted.

Fines.

87. The following Memo. shows the fines realized under Act XX. of 1848. It includes 28 fines imposed in connection with the survey operations, amounting to Rs. 1,317 :—

Districts.		Number of Cases.	Amount.
Dinagepore	...	33	765 4 0
Rungpore	...	27	802 15 9
Bograh	...	12	252 0 0

Total	...	201	6,137 12 8

Visits of Collectors to he interior.

88. The following Officers spent three months and upwards on their tours of inspection :—

Districts.		Names of Officers.		Time occupied.	
				Months.	Days.
Shahabad	...	Mr. Swinton	...	4	19
Palamow	...	Captain Moncrieff	...	5	12
Hazareebaugh	...	Lieut.-Col. Simpson	...	3	23
Singbhoom	...	Captain Birch	...	4	15
Goalpara	...	Lieut. Morton	...	3	28
Rungpore	...	Mr. Macdonald	...	3	0
Baraset	...	Mr. C. J. Mackenzie	...	3	21
Soonderbuns	...	Mr. Reily	...	4	5

89. Ill health prevented the late Mr. R. C. Raikes from going into the interior of Backergunge; and the necessity of providing supplies for the military expeditions to the Hills interfered with the tours of the Collector of Purneah, Superintendent of Darjeeling, and Collector of Tipperah. In Bancoorah there were three changes in the head of the district at the only season when tours are practicable. The Commissioner explains that Mr. Bainbridge, Collector of Pubna, was constantly out on magisterial duty, but that he was unable to devote any part of his time during his tours exclusively to Revenue work. Mr. Bright, the Collector of 24-Pergunnahs, explains that he resumed charge of his office in January, too late for him to go into the interior of his

District. The Commissioner adds that the arrears in the office and the Income Tax work made his presence at the Sudder Station desirable.

90. Of the Officers employed during the year on District Revenue duties, the following are the most highly spoken of by their superiors, and the Board consider them worthy of special mention :—

Divisions.	Collectors.	Covenanted Deputy Collectors and Assistants.	Uncovenanted Deputy Collectors.

91. The other Officers have, with some few exceptions, to be noticed below, discharged their duties satisfactorily.

92. Although the Board are unable to include the name of Mr. H. A. R. Alexander among the Collectors of the first class, they think it due to that Officer to submit for His Honor's consideration, the remarks of the Commissioner, Mr. Plowden, from which they have no reason to dissent. He says, "I have formed a favorable opinion of "Mr. Alexander. He understands his work, and performs it with intelligence, care, and "punctuality. He is quite as well fitted for a heavier charge than Beerbhoom as any "Collector in the Division."

93. Referring to their remarks in para. 65 of last year's report, the Board have received with much satisfaction Mr. Yule's testimony to the manner in which Mr. H. C. Richardson has performed his duties during the year under review. The Commissioner writes, "Mr. H. C. Richardson did not come here with a very good cha-"racter for work, and I have been agreeably disappointed in him. I do not mean to say "that he works as hard as he possibly can, but he has worked very fairly and "has shown very considerable interest in his work. He took much trouble with his "settlements, preparing a list of mehals to be re-settled with all necessary information, "and consulting me regarding them. He greatly reduced the amount of work which "had at first appeared necessary to be done, and I believe he will clear off all, or nearly "all, the settlements before the close of the year. He also took up the Kah-churai Mehal "case, which had long been waiting for some one to go into it. I have submitted his "report to the Board. His judgment is very good. It seems to me that if he had "been fairly told of his faults as he ought to have been, he would have tried hard to "amend, and I have little doubt now that with the warning he has lately received "he will become a very good Officer indeed."

94. Of the other Officers, who were unfavorably mentioned in the Board's last Annual Report, and who are still in the Revenue department, Messrs. Ricketts, Driver, Costley, and Baboo Hurro Chunder Ghose, are this year favorably reported on.

95. Mr. Collector Bainbridge considers Poorno Chunder Banerjee to be an acute Officer, and well up to his work. Mr. Commissioner Reid considers him to be decidedly a smart Officer, and to know his work, but to be at times somewhat wanting in steadiness and attention to his duties.

96. Of Moulavee Zuhoor Allah the Board regret to be again obliged to report unfavorably. The Collector's and Commissioner's remarks concerning him are given below.

97. The following Officers are unfavorably spoken of by their superiors for the manner in which they discharged their duties in the year under review :—

Collectors.	Assistants.	Uncovenanted Deputy Collectors.
Mr. W. H. Henderson.	Mr. T. J. C. Grant.	Moulavee Zuhoor Allah
Mr. J. S. Spankie.		Mr. T. Campbell.
		Moulavee Mahomed Kazim.
		Baboo Joynarain Doss.

98. The cases of Messrs. J. S. Spankie, T. J. C. Grant, and T. Campbell, have already come under the notice of Government and been disposed of. The Board are glad to find that Mr. Commissioner Plowden speaks well of Mr. Grant's industry since he joined Midnapore.

99. Of Mr. Henderson Mr. Commissioner Yule writes in the following terms :—

"I am very sorry that I cannot speak well of Mr. Henderson as a Collector. He does "not seem to know much about Revenue matters, and he is apt to slur over his work, "instead of making himself master of it. I have had occasion more than once to "remonstrate strongly with him, and I must say this for him, that he takes my rebuke "in good part and exerts himself to repair his errors."

100. Of Moulavee Zuhoor Allah the Collector of Midnapore writes :—

"He would appear to have entered the Department,—of the routine character of the "business of which his previous career had afforded him no experience,—at a time "when advanced age and bodily infirmity had seriously impaired his capacity for "labor, and consequently not to possess the faculty of mastering the intricate details of "any case presented to his judgment and ascertaining its real merits ; for such of his "decisions as come before me are invariably superficial and unsatisfactory, and the "results of appeals from his orders to the Civil Court are in the majority of instances "unfavorable to his judgment" Mr. Commissioner Plowden remarks on this "that if "this be a well founded opinion, the Moulavee would seem unfit for his post."*

101. Of Moulavee Mahomed Kazim the following character is given by the Collector of Chittagong. "Moulavee Mahomed Kazim appeared to me deficient in all qualifications "requisite for an Officer in his position. He has been transferred to Tipperah, where, "I hope, he may do better than he did here. His work afforded me unqualified dissatis- "faction."

* The Collector in a report since received pronounces Moulavee Zuhoor Allah to be somewhat more useful as a Deputy Magistrate than a Deputy Collector ; and speaks to his industry and application. The Commissioner is of opinion that he is capable of doing efficient service under proper guidance, and deprecates his being summarily set aside after 29 years' service.

102. Baboo Joynarain Doss has been mentioned in the local reports, but no definite opinion of him is given. When the Board called for a special report on this Officer, as stated in para. 65 of last year's report, the Commissioner replied that enquiries on this head were being made.*

103. The Commissioners have not given any decided opinion regarding these Officers which they certainly should have done. The Board have ordered those Officers to make enquiries into the mode in which the Deputy Collectors referred to conduct their duties, and to submit special reports as to their fitness for the service.

104. The following Officers are recommended for promotion in the order in which they are named. Some few of them have done little revenue work during the year, but the Board have included them with reference to their own knowledge of the efficiency and antecedents of the Officers.

To 1st Grade.

Mr. W. R. Davies.
Baboo Doorgapersad Ghose.
Mr. J. Mackenzie.

To 2nd Grade.

Mr. J. Macleod.
Mr. H. Doveton.
Baboo Obhoychurn Mullick.
Mr. T. A. Donough.
Moulvee Abdool Luteef.

To 3rd Grade.

Mr. W. Heysham.
Baboo Brijosoonder Mitter.
Mr. W. H. Ryland.
Baboo Mothoornath Banerjee.
Baboo Dwarkanath Banerjee.
Kooer Harendro Krishno.
Baboo Kaleedass Paulit.

To 4th Grade.

Baboo Soorjoo Koomar Mookerjee.
„ Mohendronath Bose.
Mr. W. G Deare.
Baboo Radhanath Bose.
„ Ramnarain Sumadar.
„ Shamalanund Mookerjee.
Mr. W. Clementson.
Baboo Kaleeprusunno Roy.
Mr. A. D. B. Gomess.
Baboo Issen Chunder Mitter.
„ Obhoy Churn Bose.
Mr. J. Dyson.
Moulvee Mahomed Abdoollah Khan.
Mr. H. H. Metcalfe.
Mr. K. H. Stephen.
Baboo Ramcoomar Bose.
„ Bunkun Chunder Chatterjee, B. A.

* From subsequent reports it appears that the Commissioner has reason to hope that Moulavee Mahomed Kazim will do better in future, and that the Collector considers Baboo Joynarain Doss fully competent to perform his present duties.

105. The business in the several Commissioners' Offices was well brought up. The files of pending cases were heaviest in Burdwan and Nuddea, but three-fourths of the cases consisted in the former Division of civil suits, which do not admit of very speedy disposal, and in the latter of miscellaneous cases. The business was heaviest in the Patna Division, and lightest in the Cuttack Division. Assam furnishes most work of the Non-Regulation Provinces.

No. 24.—Business performed in Commissioners' Offices.
No. 25.—Comparative Statement of business performed in Commissioners' Offices.

106. The increase of business in the Bhaugulpore and Patna Commissionerships is remarkably large. In Dacca, Nuddea, Assam, and Arracan the number of cases had somewhat increased. Burdwan and Cuttack, on the other hand, exhibit a decline. The aggregate increase for all Divisions consisted of 4,598 cases, but the number pending at the close of the year under report was less by 538 cases than at its commencement, which is satisfactory.

Tours of Commissioners.

107. In the Bhaugulpore Division Mr. Yule visited Monghyr and the Sonthal Pergunnahs, but the time occupied by his tour is not specified. In the Burdwan Division Mr. Young spent thirteen days in his visit to Beerbhoom, the rest of the period (nearly four months) spent by him and his successors away from head-quarters, being passed at Howrah. The Board presume that the duties on which these Officers were engaged were connected with Police administration ; they were not Revenue duties. In the Chittagong Division Mr. Schalch paid a visit of 10 days to Tipperah. It does not appear that the Officers who preceded him in charge, namely, Messrs. Steer, Lance, and Radcliffe made any visits to the outlying Collectorates. Mr. Trevor spent fifty-eight days at Pooree and a fortnight at Balasore, his stay at the last mentioned place being interrupted by indisposition, which obliged him to return to head-quarters at Cuttack. Mr. Davidson's tour occupied nearly four months, of which about two months were actually spent at the stations visited. He was ordered by Government to return to head-quarters at Dacca to watch the agrarian disturbances in the neighbouring Districts. In the Patna Division Mr. Fergusson's tour occupied nearly four months. The sub-divisions of Nowadah and Barh in the Patna District were alone left unvisited by the Commissioner, owing to the setting in of the hot season, and press of business at head-quarters. In the Chota-Nagpore Division Captain Dalton travelled 600 miles in the course of three months and eighteen days ; Chybassa was visited by him in the cold season, and Hazareebaugh, Purulea, Gobindpore, and Burhee in the rains. Major Verner was absent from head-quarters three months and twenty-two days, visiting Kyook Phyoo eight times, Sandoway twice, Arracan (old town) once, and Aeng once. In Assam Colonel Hamilton Vetch, the Judicial Commissioner, spent three months and seven days on a tour to Durrung, Lukhimpore, Seebsagur, and Nowgong. Mr. Reid, Commissioner of Rajshahye, visited all his Districts, seven in number, in four months and a half. In the Nuddea Division Mr. E. H. Lushington was eight months at Alipore, which has again been constituted the head-quarters of the Division under the orders of Government, No. 3391, dated 6th November 1860.

108. The following Commissioners held office during the year :—

ARRACAN DIVISION ..	Major G. Verner.
ASSAM DIVISION ..	Colonel F. Jenkins.
BHAUGULPORE DIVISION ..	Mr. G. U. Yule to 19th March ; Mr. L. F. Robinson to end of the year.
BURDWAN DIVISION ..	Mr. J. H. Young to 22nd February ; Mr. S. F. Davis to 29th March ; Mr. G. Plowden to end of the year.
CHITTAGONG DIVISION ..	Mr. C. Steer to 21st May ; Mr. C. E. Lance to 16th November ; Mr. E. F. Radcliffe to 14th March ; Mr. V. H. Schalch to end of the year.
CHOTA-NAGPORE DIVISION ..	Captain E. T. Dalton.
CUTTACK DIVISION ..	Mr. G. F. Cockburn to 6th August ; Mr. R. N. Shore to 31st August ; Mr. E. T. Trevor to end of the year.
DACCA DIVISION ..	Mr. C. T. Davidson.
NUDDEA DIVISION ..	Mr. E. H. Lushington.
PATNA DIVISION ..	Mr. H. D. H. Fergusson.
RAJSHAHYE DIVISION ..	Mr. H. M. Reid.

109. Of the above the following have conducted their duties with the most marked efficiency, and the Board are generally satisfied with the administration of the rest.

Mr. G. F. Cockburn.
Captain Dalton.
Mr. Fergusson.
Mr. E. H. Lushington.
Mr. Trevor.
Major Verner.
Mr. Yule.

No. 58(A).

FROM E. H. LUSHINGTON, ESQ

Secretary to the Government of Bengal,

TO THE SECRETARY TO THE BOARD OF REVENUE.

Fort William, the 18th January 1862.

Revenue.

SIR,

I AM directed to acknowledge the receipt of your letter No. 838, dated 29th November last, submitting the Board's Annual Report of the Land Revenue Administration of the Lower Provinces for 1860-61, and in reply to convey to you the Lieutenant-Governor's satisfaction at the results exhibited therein. In reviewing the operations of the year such paragraphs only as call for special remark will be noticed in this letter.

2. In the percentage table of paragraph 2, it will be convenient in future Reports to give the percentage or proportion borne by the gross collections, Hal and Dukya, to the Hal demand; as this is the point which shews a good or bad collection. It will also be convenient to shew in the same place these figures in full, as they form the most important items of the whole appendix.

3. With reference to the amounts set apart for the improvement of Government estates as set forth in paragraph 17 of the Report under notice, I am to direct that the money be paid over to the District Road Funds, with orders to the Collectors and Magistrates to bear in mind its sources when making up their annual Budgets.

4. The Board's Report on the Sale Law (paragraph 40), submitted in their letter No. 77, dated 5th November last, has already been answered separately by orders No. 1237A., dated 6th ultimo.

5. With reference to paragraph 43 I am to observe, that though the settlement progress in Behar was very unsatisfactory, the Lieutenant-Governor is glad to find that things have improved in this respect since May last, and that it is expected that the business will be completed before the end of the current official year.

6. The prices continued to be realized for Government Khas Mehals sold are very large, and demonstrate the increased value and security of Zemindaree property. Nearly 38 lacs of Rupees have already been realized by this measure, which are a clear gain to Government; and a crore of Rupees more is expected to be realized.

7. Adverting to paragraph 75, I am to remark, that as the Income Tax has no connexion with the Land Revenue, the Report upon it should not form part of this Annual Report, but should be separately made, like the Abkaree and Customs Revenue Reports. It should be made up to the close of each Income Tax year, *viz.*, the 31st July.

8. The Lieutenant-Governor is glad to record his approbation of the services of the Collectors, Assistants, and Deputy Collectors named in the margin, whom the Board have specially commended.

COLLECTORS.		COVENANTED DEPUTY COLLECTORS AND ASSISTANTS.
Mr. R. Alexander „ L. F. Robinson	Bhaugulpore ...	Mr. J. S. Armstrong. „ V. Tayler. „ J. B. Worgan.
„ C. E. Lance „ L. R. Tottenham Lieut. R. Stewart (Supdt.)	Dacca	Lieut. Sherer, (Offg. Supdt.)
Mr. G. G. Morris „ A. A. Swinton T. B. Lane	Patna ...	Mr. E. H. Whinfield. „ A. T. Maclean. „ J. F. Rignold.
Captain S. S. Davies „ R. C. Birch	Chota Nagpore.	Captain A. P. S. Moncrieff.
„ C. Holroyd „ H. S. River „ A. E. Rowlalt	Assam.	
Mr. A. G. Macdonald „ E. Grey „ H. A. Cockerell „ A. J. Bainbridge	Rajshahye ...	Mr. J. Ward. „ H. Kean. „ S. Googhehan.
„ J. D. Ward „ J. D. Gordon	Chittagong ...	„ A. B. Falcon. „ W. Cornell.
Hon'ble A. Eden Mr. A. E. Russell	Cuttack ...	Mr. W. S. Heely. „ F. H. Pellew.
„ E. W. Moloney ... „ R. J. Wigram ... „ A. J. Herschel ...	Nuddea ...	„ G. S. Park. „ J. D. McNeill.
E. S. Birch ... F. R. Cockerell ...	Burdwan ...	„ J. P. Grant. „ H. T. Prinsep. „ C. B. Garrett. „ S. S. Hogg. „ J. H. R. Carnac.

9. I am directed to express the Lieutenant-Governor's regret that Mr. Henderson, Mr. Spankie, Mr. T. J. C. Grant, Moulavee Tuhoor Allah, Mr. T. Campbell, Moulvie Mahomed Kasim, and Baboo Joynarain Doss are this year unfavorably mentioned; but he is glad to see that the other Officers who were unfavorably mentioned in the last year's Report, have been in the present Report favorably noticed.

10. Mr. Davidson, Mr. Fergusson, Captain Dalton, Major Verner, and Mr. Reid should be specially praised for the time given by them to the important duty of visiting the several Districts in their Divisions.

11. In regard to the Officers recommended for promotion in paragraph 104, I am desired to request that the Board will in future abstain from recommending Officers to be promoted from one Grade to another. It will be sufficient to record the names of those Officers in the subordinate Executive Service whom the Board desire to bring to the notice of Government for general merit and for good services rendered by them during the year under review. The reason for this is, that as the Board have not before them the services of the Officers of the Sub-Executive Establishment in the Police and Magisterial Departments, whilst only a certain number of these Officers can be promoted in reward for services done in all Departments, it is impossible for the Board to judge of the propriety of making any promotion, as every promotion of any one Officer prevents the promotion of some other Officer. The Government alone has the Reports upon all these Officers in all Departments before it; and it alone, therefore, is in a position to judge of the fitness of promotions, all things considered.

12. In the present case, the Board have recommended the promotion of three Officers by name to the First Grade, (a mark of conspicuous merit to which only very few can attain,) whilst even if Government resolves at once to fill up that Grade to its maximum limit there are only two vacancies in it. And they have recommended five Officers by name for promotion to the Second Grade, on the ground of good service in the Revenue Department, whilst only that number of vacancies exists in that Grade to which the service can look for the reward of merit and long service in all

Departments. Again, the Board's recommendations have been generally made without so much regard to the date on which each Officer recommended was last promoted, as it is necessary to have in order to keep the service in a healthy state. A striking example of this is to be found in the case of Mr. J. Mackenzie, who has been recommended for the First Grade, though he has only been two years in his present Grade, and only four years altogether in the Department.

13. These recommendations, therefore, the majority being such as cannot be adopted on a general review of the whole Sub-Executive Department, lead to the disappointment of meritorious individuals, and make Government appear to pay less regard to the Board's Report than it really does pay, and always desires to pay to every recommendation by the Board.

14. In conclusion, I am to call the attention of the Board to the fact that this Report should have been submitted by the 31st of October last, but was received on the 27th ultimo. It is dated on the 29th of November, *i. e.* nearly one month late.

15. I am also to notice with disapproval that the Burdwan Commissioner's Administration Report was by six weeks later than that of any other of the twelve reporting Officers.

I have the honor to be,

SIR,

Your most obedient Servant,

E. H. LUSHINGTON,

Secretary to the Government of Bengal.

[Exd. J. St. C. Wooltorton.]

REPORT

ON THE

LAND REVENUE ADMINISTRATION

OF THE

LOWER PROVINCES,

FOR

THE OFFICIAL YEAR

1862-63.

Calcutta:

PRINTED AT THE BENGAL SECRETARIAT OFFICE.

1863.

No. 418.

FROM

R. B. CHAPMAN, ESQUIRE,

Secretary to the Board of Revenue,

LOWER PROVINCES,

To

THE SECRETARY TO THE GOVERNMENT OF BENGAL.

Dated Fort William, the 27th November 1863.

SIR,

Land Revenue.

Present.
W. J. ALLEN,
A. GROTE
AND
E. T. TREVOR, } Esqrs.

I AM directed by the Board of Revenue to submit the following Report on the Land Revenue Administration of the Districts subject to their control during the year 1862-63, with the annexed Statements numbered 1 to 15.

No. 1.—Land Revenue Demands, Collections, Remissions, and Balances.

2. Of the aggregate demand of Rupees 4,05,27,145 there was collected within the year Rupees 3,71,15,827, or about 91⅝ per cent., leaving a net balance of Rupees 32,72,161, or 8 per cent. outstanding, after remissions to the amount of Rupees 1,39,157, or one-third per cent.

3. The following Table exhibits the percentage of the total Collections made during the year out of the aggregate demand on account of the current and previous years, calculated on the *current demand only*, as directed by the Orders of Government on the Board's Report for 1860-61 :—

	Lohardugga	65,146	62,206	95 7 10
	Maunbhoom	90,348	88,610	98 1 0
	Singbhoom	28,165	28,789	102 3 6
	Total	2,48,388	2,41,773	97 5 5
	Darjeeling	52,600	50,304	95 10 0
	Cossyah and Jynteah Hills... ...	1,377	395	28 11 0
	Sonthal Pergunnahs...	73,641	73,385	99 10 5
	Grand Total ...	3,71,89,134	3,71,15,827	99 12 10

4. In the Districts of Backergunge, Maldah, and Maunbhoom the precentage collected falls short of the current demand by two per cent., and in the Districts of Cuttack, Pooree, Calcutta, 24-Pergunnahs, Durrung, Seebsaugor, Hazareebagh, Lohardugga, Darjeeling, and Cossyah Hills by more than two per cent. If the sums remitted in Backergunge, 24-Pergunnahs, and Lohardugga be taken into account, the collections will be found nearly to equal, and in the case of Darjeeling to exceed, the current demand. Explanations are therefore due of the balances outstanding in the following Districts:—

	Percentage collected.		
	Rs.	As	P.
Maldah	98	1	2
Maunbhoom	98	1	0
Calcutta	97	12	0
Durrung	97	5	5
Cuttack	97	2	0
Hazareebaugh	96	0	5
Pooree	91	1	4
Seebsaugor	88	2	1
Cossyah Hills	28	11	0

5. In Maldah about one-half of the outstanding balance was not realizable till after the close of the year, the remaining half was mostly due from a Julkur Mehal. This balance was apparently allowed to accumulate to an amount which will, the Board fear, render eventual recovery doubtful. The Maunbhoom balance is not particularly explained; but the heaviest item is said to be due from an Estate called Chatna, the affairs of which were in some confusion during the year, and which is now under attachment for debt. In Calcutta the demand for the year does not fall due before the close of the year. The collections are almost entirely on account of the preceding year's demand. The explanation given of the Durrung balance is that one-half has since been remitted, and the other half is in train of realization. In Cuttack Rupees 2,86,926 was not realizable till after the close of the year, and nearly all the remaining portion was due from Tributary Mehals. The Commissioner gives the following explanation of the Hazareebaugh balance :—" It is chiefly " due from the holders of the Estates called Gaddees in Pergunnah Khur- " ruckdeah, and the Deputy Commissioner, Captain Boddam, assigns as a " reason for their dilatoriness that they are deeply in debt, and reckless " in consequence of the immunity of their Estates from sale. I am not " satisfied with this reason. There is no actual immunity, and, were it " necessary, the right and title of the *Tikaits* might be sold; but as the " Government demand on these Estates is small in comparison with the gross " rental, we have no difficulty in realizing arrears by sequestration, and if " there are other creditors they must wait till the demand of Government is " liquidated. I have directed the sequestration of all the Gaddees where the " balances were heavy, and not likely to be otherwise very promptly realized, " and have directed the Deputy Commissioner to make timely application for " attachment in future." In Pooree Rupees 72,192 was not realizable till after the close of the year; and nearly one-half of the remainder was irrecoverable from loss of crops on account of inundation. In Seebsaugor the settlements had not been concluded within the year, the demand could not therefore be fixed in time, but the whole amount was expected to be realized in the first month of the current year. The arrear in the Cossyah and Jynteah Hills was not realized in consequence of the disturbed state of the country.

6. The amount remitted during the year was Rupees 1,39,157, or about one-third per cent. of the aggregate demand. Of this sum Rupees 1,15,151 was, on account of current revenue, distributed as follows :—

On account of Khalari land, *i. e.*, lands taken for Salt manufacture (chiefly in Backergunge, Jessore, and 24-Pergunnahs)	Rs.	93,351	0	
On account of drought and inundation in Pooree......	„	8,611	0	
On other accounts, chiefly assignments of land for loyal services and errors in account in Darjeeling	„	13,189	0	0
Total Rs.		1,15,151	0	0

7. The following Memorandum compares the two years. The comparison is in all points in favor of the year of report :—

Years.	Demand.			Percentage collected.			Percentage realized.	Percentage outstanding.		
	On account of current year.	On account of previous years.	Total.	On account of current year.	On account of previous years.	Total.		On account of current year.	On account of previous years.	Total.

8. The redemption of the Revenue of petty Estates paying less than one Rupee has not made much progress during the year, except perhaps in Chittagong. The Backergunge figures are not reliable, the Collector having strangely confounded redemption resulting from the sale of proprietary rights in Government Estates with the permission to redeem petty Estates at ten years purchase accorded to Landholders by the Government Orders of 12th May 1854 :—*

Redemption of Government Revenue.

* The Collector of Backergunge has since explained that no petty Estates have been redeemed at any time in that District.

9. With reference to paragraph 4 of the orders on the last Annual Report the Board find on enquiry that the number of Estates the Revenue of which has not yet been redeemed though capable of redemption is as follows :—

Districts.	Number.	Revenue.
		Rs. As. P.
Bhaugulpore	189	122 8 0
Monghyr	34	23 7 0
Purneah	10	8 6 10
Bancoorah	18	11 9 1

Bograh	5	3 13 6¾
Maldah	6	4 12 0
Moorshedabad	62	37 12 7
Pubna	32	16 15 1
Rajshahye	8	6 1 0

10. No similar particulars have been received regarding the Districts of the Nuddea Division. Some Collectors consider the cause of the apparent backwardness to redeem even at so low a price as ten years purchase of the Government Revenue to be that the petty proprietors are unacquainted with the orders on the subject. Others report that the notices issued by them have not been responded to by proprietors. In some cases the poverty of the proprietors is supposed to be the cause; and in others, it is remarked, that in the state of the money market redemption would not be an eligible investment. It is obvious, the Board observe, that the measure cannot be carried through further than the proprietors are willing to accept the offer. Sylhet is the only District which has heretofore been excepted from its operation, but the Board think that when the Survey now in progress is completed there will be no reason for continuing the distinction.

No. 2. Demands, Collections, Remissions, and Balances of Miscellaneous Revenue.

11. The collections of Miscellaneous Revenue during the year amounted to Rupees 42,288 on a demand of Rupees 64,891 or 65¼ per cent. only; but nearly 25 per cent. of the entire demand was due on account of house tax in

the Cossyah and Jynteah Hills, the realization of which could not be enforced owing to the disturbed state of the country. The Lohardugga balance is due from a former farmer and is being gradually liquidated by the sequestration of his Estate in Palamow, which yields Rupees 300 annually.

No 3. Estates, the property of Government, their disposition and management.

12. A very large increase is apparent in the number of Government Estates, *viz.*, from 5,884 to 8,613, notwithstanding that 1,407 Estates have disappeared from the statement in consequence of the sale of the proprietary right of Government. This increase, however, is partly nominal—Darjeeling, which had heretofore appeared as one Estate, being this year shewn as 1,105, by reckoning each revenue paying holding as an Estate; but the principal cause of the increase is that 2,980 Elam Estates in Sylhet, that is, Etates cleared from the waste since the decennial settlement, are now shewn for the first time. There is some question as to the absoluteness of the title of the Government to these lands which must be settled before they can be disposed of by public competition. The subject is under the consideration of the Board. Out of a demand of Rupees 26,20,055 the collections within the year aggregated Rupees 20,42,259. or 78 per cent.—a sufficiently favorable result for this class of Estates. About 1¼ per cent. was remitted. In some Districts the outstanding balances were heavy; they are classified in the following Memorandum :—

Districts.	Amount balance.	Since realized up to date of local Reports.	Doubtful and irrecoverable.	In train of realization.
	Rupees.	Rupees.	Rupees.	Rupees.
Chittagong	1,43,435	7,877	4,814	1,30,744
Pooree	21,399	3,763	8,754	8,882
Dacca	24,341	8,152	6,035	10,154
Calcutta	26,822	1,568	88	28,166
24-Pergunnahs	1,34,309	2,988	29,458	1,01,863
Shahabad	34,633	28,287	....	6,346

13. The balances in Pooree and Calcutta have already been explained. In Chittagong Rupees 57,303 of the balance in the last column was not realizable till the ensuing fixed date which fell without the year. Of the remainder Rupees 29,036 was due from Estates under the Court of Wards, and the means of realization by the Officers of Government are therefore secured; and Rupees 44,105 from Noabad and other Talooks let in farm. The increase of arrears in these Estates is said to be owing partly to the diminution of the resources of the District in consequence of the abolition of the Salt manufacture, and partly to the impoverished condition of the Estates. The Commissioner's special attention has been directed to these balances. Of the Dacca balance Rupees 4,282 was not realizable till the fixed date in June,

by which date also the larger part of the 24-Pergunnahs balance was expected to be realized. The Shahabad balance was in course of realization.

Removals of Estates from the Rent Roll and abatements of revenue on account of diluvion.

14. The removals of estates from the Rent Roll on account of diluvion sanctioned in the course of the year, as well as abatements of revenue from the same cause, were as follows :—

DISTRICT.	Removals from Rent Roll in consequence of diluvion.		Abatements of Rent for the same cause.		Total Rent lost by diluvion.
	Number of Estates.	Rent expunged.	Number of Estates.	Rent abated.	
		Rs. As. P.		Rs. As. P.	Rs. As. P.

Seebsaugor	4,057	11	5½
Total Rupees	77,678	1	8½

No. 4.—Estates of disqualified Landholders.

17. There were 594 Estates under the management of the Court of Wards, 162 having been brought on during the year, and 57 released. These Estates belong to twenty females, sixty-five minors, and three proprietors disqualified in consequence of insanity.

18. Of the Government Revenue demand of Rupees 11,07,859, Rupees 9,63,885 or 87 per cent. had been realized, leaving Rs. 1,43,973 outstanding at the close of the year, chiefly in the Patna, Chittagong, and Rajshahye Divisions. The Mofussil rental demand aggregated Rupees 61,63,135, of which Rupees 27,87,381 or about 45½ per cent. only had been realized, leaving Rupees 32,74,823 (exclusive of Rupees 1,00,931 remitted as irrecoverable) outstanding, chiefly in the following Divisions :—

Bhaugulpore Division	Rupees	17,96,395
Chittagong Division...	,,	90,316
Patna Division	,,	7,89,642
Rajshahye Division	,,	3,01,661
Assam Division	,,	1,40,852
Total ...	Rupees	31,18,866

19. The balances outstanding in the Bhaugulpore Division belong to the Durbhungah Rajah's Estate; about one lakh and a quarter had been since realized, and Rupees 5,33,445 accrued during the incumbency of the late Rajah. The bulk of the balances formed the subject of Civil actions or of enquiry with a view to the institution of measures of coercion. One-fourth of the balances in the Chittagong Division had been realized since the close of the year; a similar sum is said to be irrecoverable; and the remainder was under enquiry. The balances in the Patna Division belonged, almost entirely, to the Durbhungah Estate; upwards of two lakhs has been since realized. The balances in the Rajshahye Division are chiefly on account of Estates in the District of the same name. The explanation given respecting them is very imperfect. The balances in Assam are entirely unexplained. In the two last mentioned Divisions these balances require more attention than they have apparently received from the Local Officers.

20. The disbursements aggregated Rupees. 31,09,807 and there remained at the close of the year a surplus of Rupees 8,62,721 at credit of the Wards, of which Rupees 7,68,515 had been invested in Government Securities.

Working of Act XL. of 1858.

21. No occasion has offered in the Chittagong, Dacca, Cuttack, and Rajshahye Divisions for resorting to the provisions of Act XL. of 1858. In the Nuddea Division one application, leading to enquiry, was made in Jessore, and in 24-Pergunnahs the Civil Court, under Section XII., ordered two Estates to be taken charge of, subsequently revoking the order in one case. In the Hazareebaugh District of the Chota Nagpore Division one Estate was brought under wardship on the application of the mother of the minor Zemindar of Palgunge, and one certificate of administration was given in Singhboom. In the Shahabad District of the Patna Division the Civil Court ordered an Estate to be taken under charge. In Sarun the Collector interested himself in four cases. In two the Judge ordered charge to be taken of the minors and their property. The property belonging to one of these minors was very large and valuable, but that of the other was heavily encumbered with debt. In the remaining two cases final orders had not been passed. In Patna certificates of administration were granted in forty-four cases. The properties involved in forty-three of the cases were petty, and the Collector did not deem interference necessary; in the remaining case the orders of the Judge were awaited. In the Burdwan Division one Estate in Midnapore was brought under wardship.

Wards' Institution.

22. The number of boys on the roll of the Wards' Institution at the close of 1861-62 was nine, of whom two left during the year of Report on attaining their majority, and two new pupils were admitted. Of the nine boys at the Institution four are above sixteen years of age, and two under twelve. Four of the boys are from Cuttack, and the others from Rajshahye, Rungpore,

Balasore, and Midnapore. The conduct of the boys, with one exception, is described as good, and their progress in learning as satisfactory, but on this latter point the Director adds,—" In describing the general progress of the " boys as 'satisfactory' I cannot too often iterate and reiterate the fact " that the expression in the case of some of the boys should be taken to refer " to the extent of their reading within a given period, and not with reference " to their ages. Their education commenced late in their lives, and therefore, " when compared with Calcutta boys of their standing, the sum total of their " knowledge must appear limited. This is due, as has been more than once " remarked on former occasions, entirely to the circumstance of the boys " coming to this place at advanced ages without any preliminary training, " and leaving it at a fixed time without any reference to the state of their " education. The only practicable way by which this defect can be remedied " is by extending the period of minority to twenty-one years."

23. The expenses amounted to Rupees 26,790, Rupees 14,727 being debited to general charges, and Rupees 11,388 carried to the personal account of the more wealthy wards. The share of the general charges falling to each boy was Rupees 762. The lowest cost for a boy of the last class, including personal expenses, was Rupees 1,708.

No. 5.—Estates and lands under attachment by order of the Civil and Criminal Courts.

24. Of 427 Estates under attachment during the year 129 were so by order of the Civil Courts, and 298 by order of the Criminal Courts. In Backergunge and Chittagong the interference of the Civil Court was more frequently called for than elsewhere—two-thirds of the Civil attachments belonging to these two Districts. On the Criminal side Bullooah and Dacca are the Districts which absorb nearly two-thirds of the whole number of attachments.

25. Of the Government Revenue of Rupees 1,25,377 there was collected during the year Rupees 96,280, or nearly 77 per cent. On the Mofussil rental demand of Rupees 3,29,064 the collections aggregated Rupees 2,10,888, or 64 per cent. These results are less favorable than those of the previous year. The deficient collections as regards the Government Revenue belong chiefly to the Chittagong and Nuddea Divisions; and, as regards the Mofussil rental, to the Bhaugulpore, Dacca, Chittagong, and Nuddea Divisions, particularly the two last. In the Nuddea Division the rental collected was barely equal to the Government Revenue due on the Estates; and in the Chittagong Division it fell short even of the Government Revenue. It is true that these attachments are often made to serve some temporary purpose, and that the difficulty of obtaining a knowledge of the resources of attached Estates is very great; still, the Revenue Authorities are bound to see that the measure is not a merely nominal one. The attention of the several Commissioners will be called to the subject.

26. The disbursements during the year aggregated Rupees 2,07,335, Rupees 92,857 being on account of Government Revenue, and Rupees 92,984

by order of Court, leaving an unexpended surplus at the close of the year of Rupees 98,234 at credit of the proprietors, inclusive of the surplus (Rupees 94,681) of the previous year.

27. The collections of the Syedpore Trust Estate shewn at foot of the same Statement amounted to 87 per cent. of the Government demand. Of the Mofussil rental nearly 62 per cent. was collected. These results are scarcely more favorable than those of the previous year, but the Board's letter No. 166, dated 9th June last, submitted full explanations on the subject of this Estate. Rupees 65,000 had been remitted for the maintenance of the Hooghly Emambara.

No. 6.—Detail of cases under Act X. of 1859.
No. 7.—Execution of decrees under Act X. of 1859.
No. 8.—Application for sale of distrained property under Act X. of 1859.

28. The number of suits instituted under the Rent Laws in the year was 1,27,922, which, with 10,803 suits remaining from the previous year, made up an aggregate file of 1,38,725 suits, of which 1,27,858 were disposed of during the year, and 10,867 remained pending at its close. The suits instituted are irrespective of notices of enhancement of rent and relinquishment of tenure, which appear in Columns 13 and 14 of Statement No. 6. Applications for the issue of notices of the former description, namely, for enhancement of rent, have materially diminished in number this year, other methods of attaining the same end under the Law being probably resorted to.

29. The number of applications for execution of decrees had increased from 30,586 in 1861-62 to 48,964 in the year of report. Of 55,517 such cases on the several files 46,681 had been disposed of during the year, leaving 8,836 pending at its close, of which 215 had been in that predicament for upwards of six months. Of these last 129 appertained to the Jessore District alone. The Collector's attention will be drawn to the large number of cases on his file still undisposed of.

30. The applications for sale of distrained property numbered 2,048, making, with those remaining over from the previous year, 2,249 cases, of which 311 only or about 14 per cent. terminated in sale. Most of the cases were, as usual, compromised; those in which security was given were about one-fourth.

No. 9.—Statement shewing the working of Bengal Act VI. of 1862.

31. This Statement shews that Bengal Act VI. of 1862 though in operation for only a single year has been duly appreciated. The results are imperfectly recorded, and in the Assam Division its provisions have apparently not been put in force. The Board have so recently as the 24th July last, No. 237, submitted a full Report on the working of the Rent Laws, so that it is unnecessary to add more on the subject here.

No. 10.—Resumption Suits.

32. This Statement calls for no remarks. Section XXX., Regulation II. of 1819 cases have been transferred to the Civil Courts by Bengal Act VII. of 1862. The results shewn in the Statement relate to cases in which the Government claims to assess as Sovereign.

No. 11.—Estates so'd under Act XI. of 1859 for the recovery of arrears of revenue due upon them.

33. The number of Estates sold for their own arrears was 482, of which 59 were purchased on account of Government, the bids not reaching the amount in arrear. The aggregate revenue of the Estates sold was Rupees 45,653 the amount in balance which led to the sales was Rupees 14,460. The fifty-nine Estates purchased for Government were knocked down for Rupees 226, the price realized by the 423 Estates sold to individuals was Rupees 3,84,493, leaving a balance of Rupees 3,70,770 in favor of the defaulters, while in those instances in which the arrear was not covered by the bids there was a loss of Rupees 452.

34. The following Table compares the two years by Divisions:—

Divisions.	1861-62.							1862-63.						
	Number of Estates sold.	Revenue of Estates sold.	Average Revenue.			Price realized.	Number of years' purchase.	Number of Estates sold.	Revenue of Estates sold.	Average Revenue			Price realized.	Number of years' purchase.

35. The Estates exempted from sale under Sections XVII. and XVIII., Act XI. of 1859 belonged mostly to the single District of Sylhet, where Officers, locally called Putwarries, but whose duties are those of Tehsildars, are entertained for the realization of the Revenue. The balance unrealized after sale belongs chiefly to Purneah, Bullcoah, and 24-Pergunnahs.

	In Sylhet.	In all other Districts.
Number of Estates exempted... ...	21.967	1,534
Their Government Revenue	Rs. 3,44,008	Rs. 7,75,570
Arrear at time of sale	,, 92,710	,, 2,0 .265
Amount of arrear realized	,, 84,598	,, 1,45,520
Remaining due	,, 8,112	,, 55,748

36. Of the amount remaining due Rupees 14,786 had been since realized; and Rupees 32,465 had been secured by agreements from Sunderbun farmers to make good the arrears by instalments, these instalments in one case extending to so long a period as 9 years. Measures were in progress for realizing the remainder.

37. Six Estates, with an aggregate demand of Rupees 1,881, having arrears due on them amounting to Rupees 415, were acquired by the proprietors under Section XXIV. of the Law, the first purchasers having failed to complete the purchase. The deposits forfeited and carried to credit of Government amounted to Rupees 8,172.

No. 12—Detail of cases under Act XI. of 1859.

38. In a file of 1811 applications under the registry provisions of Act XI. of 1859, 1,289 were disposed of, leaving 522 pending. The following comparative Memorandum shews that recourse to these provisions is steadily increasing. The reduction of fees by the passing of Bengal Act III. of 1862 has doubtless had some influence in stimulating applications for registry :—

Years.	Applications for opening separate accounts under Section X.	The same under Section XI.	Deposits as protection from sale.	For special registry (Class 1, Section XXXVII.) Note.—Particulars for this Memorandum have not been received for any of the Districts of the Nuddea Division.

40. The Settlement work done in Cachar consisted of eighty-eight ordinary settlements of jotes, comprising 6,168 acres, settled on a rental progressively increasing of Rupees 3,916-10-3. Besides these, a house assessment of 1 Rupee per house was laid on some villages of the Hill Tribes; and the Sealtekh Customs Ghaut, to which timber is floated down from the forests, was settled; these items producing Rupees 11,242.

Settlements, Cachar.

41. Two Estates in the Cuttack Division were undergoing re-settlement, one Talook Noanund in Balasore, with a Government Revenue of Rupees 16,084-11-4, and another, Pergunnah Kodhar in Pooree, with a Government Revenue of Rupees 6,744-13-4½. More than half of the field work in the first named Estate had been accomplished.

Cuttack Province.

42. In Assam, where the settlements are mostly renewed annually, the amount of work done was—

43. The Officiating Commissioner thinks that the time has arrived for raising the rates of rent in the province. On this subject the Board await a detailed Report from him.

44. The work done in the Sunderbuns needs to be separately detailed. Twenty-three Estates were removed from the Local Commissioner's jurisdiction by transfer to the Rent Roll of the Districts to which they appertained, leaving 403 under his charge. Of these 173 were lots granted, of which the rent-free period had not expired; seventy-eight lots not yet granted; ninety-nine Henckell and Donelly's Estates; and fifty-three resumed Estates. Of the Estates of the third class four were under settlement, forty-six formed the subject of reference to the Commissioner of the Division, and forty-nine remained to be identified. Eleven Estates were under the direct management of the Local Commissioner, with a demand of Rupees 56,251, of which Rupees 54,233 had been collected;

Sunderbuns.

See para. 59 of Board's Report for 1862-63 for a description of these Estates.

and Rupees 2,018, of which a large portion is considered irrecoverable, remained outstanding. Twenty-six lots were surveyed for inspection purposes, containing an area of 2,13,028 beegahs. There remained for Settlement in the ensuing season forty-two Estates not before settled, and thirty to be re-settled, the area of the former being 1,75,317 acres, and the estimated Revenue to be eventually realized Rupees 86,703; and the area of the latter being 47,296 acres, with an estimated Revenue of Rupees 52,892. On the representation made last year, as noticed in paragraph 37 of the Board's Report, an application was made to Government for increased agency which was duly sanctioned, but Mr. Caspersz has since taken prolonged leave, and Mr. Gomess' services as Deputy Collector are not available while he is in charge of the Commissionership. One of the Surveyors also has resigned, and these circumstances, together with the work to be done, have rendered it necessary to apply for still further aid.

Darjeeling.

45. In Darjeeling the Superintendent reports that no *pal* or rent-free pottahs were issued during the year, nor has the lease of the Morung Khat Mehal been renewed. No new settlement has been made of the Morung since the expiry of the ten years' settlement in April last, but the pottahs have been renewed for one year to allow of a detailed survey of the lands. No fresh money advances have been made; Rupees 410 of the former advances was recovered, leaving Rupees 210 for adjustment.

Grants and Sales of Waste Lands and commutations to rent-free of old Grants.

46. The following Memorandum shews the settlements made of Waste Lands under the old Rules, except in Darjeeling, where the old Rules, like the new, provided for out and out sales. In Cachar 134 applications remained to be disposed of at the close of the year :—

District.	In 1862-63.				Total to end of 1862-63.

47. Grants sold or commuted under the new Rules, and in Darjeeling under both the old and new Rules, are shewn below. All the Assam entries

are commutations of existing Grants. No sales under the new Rules had taken place up to the end of the year, either in that Province or in Cachar. The explanation of this is, that all those who were, at the time, intending to invest money in Waste Lands forestalled the publication of the Waste Land Rules by applying for Grants under the old Rules, which they could subsequently commute, their object being to avoid the auction required by the Waste Land Rules. Many of these applications for Grants under the old Rules are still undisposed of, but resort to the new Rules is now commencing. The Darjeeling entries comprise eight Lots sold under the old Rules at Rupees 10 an acre for Rupees 69,180, and thirteen building locations, with one farming lease, sold for Rupees 14,400 under the Location Rules. These, the Board think, are improperly included in the same category as Waste Lands. Two Grants redeemed at Rupees 2-8 an acre under exceptional circumstances for Rupees 9,660 are not included in the Memorandum. No sales have occurred in the Sunderbuns. The Commissioner of Nuddea remarks that "the Statement will probably remain blank for some years since the conditions now obtaining for these Grants are far less favorable than those under the Rules of September 1853. It is only in very exceptional circumstances that so much as Rupees 2-8 an acre can be paid for uncleared Sunderbuns land."

Cultivation of Tea. Cachar.

48. The Superintendent of Cachar writes to his Commissioner under date the 7th May last:—

"The terms of the new Rules have put a stop to the taking up of Waste "Lands in Cachar. Many are desirous to do this to a great extent, but are prevented "by the fear of their labor being thrown away, for it is a matter of some time "and labor to select a good tract of land in Cachar where so many have settled before; "and the applicant has not only to do this and to stand the further trouble and expense "of a survey, but he stands a good chance of another and not himself profiting by "all his labor and over-bidding him at the auction sale. Had Government "the lands ready surveyed in plots no system could be fairer than the auction "system; but where selection and survey are cast on the applicant and an auction "ensues, much land will not be sold.

"The Grants settled and applied for number 177, and their area aggregates 5,58,979 "acres; on seventy-eight of these, aggregating 1,46,218 "acres, cultivation has been commenced (as will be seen "by the Statement I enclose, showing the progress made "in tea planting during the year), and 17,594 acres, of which 9,496 acres were cleared "during the past year, have been cultivated, and are under plant from one to six years "old. That there is great progress will be at once acknowledged, and it has been made "under considerable difficulties, especially in the matter of labor.

Note—This document has not been forwarded by the Commissioner.

"The Returns of tea and tea seed during the past year are also very satisfactory, and "taken at the prices which these teas always fetch, *viz.*, 1 Rupee a pound, and added "to the value of the tea seed calculated at Rupees 100 a maund, would shew the "following results as to the gross profits of the past year, and the estimated in-coming "of 1863:—

"1862.

"3,30,442 lbs. of Tea, @ Rupee 1	..	Rs.	3,30,442
"1,457 maunds of Tea Seed, @ Rs. 100	..	,,	1,45,700
Total	..	Rs.	4,76,142

"1863.

"6,58,112 lbs. of Tea, @ Rupee 1	...	Rs.	6,58,112
"2,192 maunds of Tea Seed, @ Rs. 100	..	,,	2,19,200
Total	..	Rs.	8,77,312

"The Tea Planters have obtained the money for carrying on their operations almost "solely through the Treasury at this place; but very small sums have reached them "through other sources. On referring to the records of the office I find that the "following sums have been paid to Planters in liquidation of drafts during the past "seven years, or since the commencement of tea planting, *viz.*,—

"In 1856-57	Rs.	23,360
" ,, 1857-58	,,	37,751
" ,, 1858-59	,,	61,958
" ,, 1859-60	,,	1,01,533
" ,, 1860-61	,,	2,12,868
" ,, 1861-62	,,	3,84,222
" ,, 1862-63	,,	9,08,893
Total Rupees		17,30,590

"If we allow about 20 per cent. more for money not expended in Cachar and for money "expended in Cachar but obtained through other sources, we have in round numbers a "gross expenditure of twenty lakhs on all the gardens in Cachar as they at present exist, "on which we have a return of Rupees 4,76,142 for the past year, or nearly 25 per cent.,

"although nine-tenths of the gardens are yet in their infancy, and no single one in per-"fect full bearing. The huge profits that will eventually be yielded by these gardens to "those who cultivate them *ab initio* can be seen by this.

"Many Grants have this year changed hands and enormous prices have been paid for "those on which there is any amount of cultivation. No Grant has sold, I should say, "for less than cent. per cent. on the gross expenditure by the owner and cultivator of it, "and some have sold at as much as 700 and 800 per cent. on what they had cost. "These results are most satisfactory, and will, I am sure, be highly pleasing to the "Board and the Government, as the fruit of the liberal policy with which Cachar has "been treated, and which has brought into it so much European intelligence and Euro-"pean capital.

"To carry on these extensive operations there are now upwards of 150 English Plan-"ters engaged in the District, and the returns will shew that 15,317 coolies, of whom "upwards of 9,000 are imported, are at work on the plantations. It is a matter of "much gratification to me to report that, during the past year, the importation of coolies "has been much better conducted, and the Act, which becomes Law from the commence-"ment of this year, will put this important immigration on a better footing still.

"The Revenue derived from the Hill Tribes is gradually decreasing, and owing to the "advance of the Tea Planters they either leave the District or settle on the plantations "and are exempt. I anticipate that there will soon be no Revenue at all from this "source, as also from the Salt wells, which are not only gradually filling up, but the "forests in the neighbourhood being taken up and cleared, are no longer available to "the farmers for firewood wherewith to evaporate the water of the brine. This taking "up and clearing of forests has also affected the Sealtekh Ghaut Revenue, which will "fall off very considerably next year, as the same amount of timbers and bamboos does "not leave the District."

Sylhet.

49. The following are the remarks of the Collector of Sylhet:—

"The period of grace allowed to all Grantees of Waste Lands has not yet expired in "any one of the Grants held by the several Tea Planters in this District, and hence no "Revenue has as yet been derived therefrom.

"The cultivation of the lands at present held has been greatly advanced and the con-"ditions laid down been more than fulfilled.

"The evident intention of the European Planters is to increase as much as possible "their holdings in Sylhet, and the south-east frontier of the District, which affords "a grand opening, has been ascertained to contain very fine specimens of indigenous "tea trees, some said to be growing thirty feet high. The soil too, it is stated, is in "a great many places very well adapted to the cultivation of the plant. Several "applications for lands to the south have been made, but claim is laid for the most "part by some neighbouring Zemindar or others to the localities fixed upon by appli-"cants. Having gathered from different sources some little information in regard to "these lands, I personally mentioned to His Honor the Lieutenant-Governor "the advisability of the survey being completed in Sylhet as soon as possible with "a view to the Government rights (which I had reason to believe had been con-"siderably encroached upon by the Zemindars) being properly recognized. Later "information has confirmed me in this belief."

Assam. 50. The Officiating Commissioner of Assam writes :—

" The progress that tea cultivation is making in Assam is truly marvellous, and holds " out the certain prospect of this, the most unpromising British possession in India, as " it was a few years ago, becoming, at no distant date, the most prosperous province of " the empire. Within the last year Estates that have brought their owners between " thirty-three and thirty-five lakhs of Rupees have been purchased and formed into " Joint Stock Companies, and the capital of such Associations existing at the present " moment in Assam must amount to over a million and a half sterling, while the value " of the gardens still in the hands of private companies and individuals can be little, if " any thing, short of forty lakhs of Rupees—a wonderful state of things certainly, con- " sidering the short time that has passed since the Assam Company, struggling for " existence, and on the point of abandoning the speculation, were the only Tea Planters " in the province. Indeed, tea planting can scarcely be said to date further back than " ten years, while the great start taken is within the last five. Then, besides, in the " face of what difficulties has this trade, which promises to be so vast, sprung into life. " A treacherous climate, deficiency of labor, both common and skilled, want of roads, " or, more correctly speaking, I should say, of bridges to make the roads that existed " available for traffic, uncertain and most tedious communication till lately with " Calcutta, difficulty of obtaining regular supplies of money, and disgracefully defective " postal arrangements are amongst the obstacles that have been so successfully and " courageously striven against by the pioneers of tea planting, and in spite of which " they have gained their well-merited reward in ample fortunes. The annexed copy of " my Report to Government on the progress of the cultivation will put the Board in " possession of such statistics on the subject as I have been able to gather from the " District Returns, which were not so correct or complete, however, as they might have " been made, I think, with a little more pains on the part of reporting Officers."

Extract from Report to Government.

" In Luckimpore there are now fifty-two plantations, containing an area of 21,810 " acres, of which 4,974 are under cultivation, 2,163 having been cleared and planted " during the year. On these plantations a daily average of 3,838 laborers are " are employed, of whom 1,524 are imported, and 2,315 are local. The out-turn " of manufactured tea for the year was 4,68,911 lbs., shewing an increase of 42,611 " lbs. only. This is either greatly below the actual increase, or else that given in " former years was greatly above it; but the fact is that very little dependence is to be " placed on any figures at all shewing out-turn of manufacture.

" In Seebsagur there are 107 different Estates and thirty-one holdings on rent-paying " pottahs devoted to the cultivation of tea, the whole embracing an area of 61,161 " acres, of which 10,406½ are under actual cultivation. From the Statements furnished " to me it would seem that only 418 acres have been cleared and planted during 1862, " but it is impossible this can be correct, a much larger area having unquestionably " been brought under cultivation. The number of laborers employed in this District is " 9,680, one-third of whom are imported.

" This, however, by no means shews the actual number of persons employed in the " gardens, a very large amount of the hoeing in Seebsagur being performed by contract. " Mr. Herklots, at Dufla Ting, told me he got the whole of that description of work

"done so, and I know of no more satisfactory change. Tea planting is developing on the "people than this willingness to take such contracts, a thing nothing would have "induced them to do a year or two ago. The cultivators too, I found, were all men "who would scorn the degradation of working for daily hire, but have no objection to "do hoeing when they know they may come and go when they please, and that so long "as they performed their contract no one interferes with them. Mr. Herklots told me "the work, as a general rule, was done honestly and fairly, the natural result of liberal "terms and just and prompt payment.

"The out-turn of manufactured tea in Seebsagur was nearly treble that in Luckimpore, "the next greatest tea planting District to itself in Assam, being 13,83,265 lbs. or "2,24,171 lbs. in excess of the quantity made in 1861.

"I now come to Nowgong, where, I am happy to say, planting is making good "progress. The District Returns shew only sixteen Estates, but this is incorrect, for "I miss three at least from the list that I know of, namely, Captain W. N. Lees', "Mr. P. Saunders', and Mr. D. Mackay's. I observe besides that the acreage under "cultivation of eleven of the Estates is not given, and I am unable to supply the "omission from last year's return, which was also defective in this particular. I must "write therefore at guess a good deal about this District.

"It contains, I think, twenty Estates, covering, I should suppose, 15,000 acres, of "which at least 2,000 are under cultivation, and great activity in clearing and planting "was shewn during the year, not less than 1,500 acres having been newly planted.

"The number of imported laborers is large in this District, amounting to "2,915, being within sixty-four of the number of local laborers employed.

"The season's crop amounted to 1,51,440 lbs., being 58,100 lbs. over that of the "preceeding year. These are satisfactory figures, if they be correct ones.

"I regret to say the return Captain Lamb has sent to me for Durrung is quite "useless, the largest plantations in the District not finding a place in it, namely, "Mr. Martin's, Mr. Boecher's, and the Assam Company's. When Captain Lamb wrote "to me to say that some of the Planters would not afford him the information he "required I called for a copy of his letter to them on the subject, and was compelled to "say in reply that the imperative tone he had adopted accounted for the disinclination "of those he had addressed to comply with his request. I must therefore borrow, as "well as I can, from the Statement for 1861, the information he has failed to supply "last year.

"It would seem, then, that there are fifteen Estates of 5,328 acres, and cultivation "of 1,369, but what quantity of new land has been broken up during the year I have "no means whatever of judging even approximately.

"About 1,100 laborers are employed, of whom twenty-three only are imported, the "reason being that Durrung itself is the great reservoir from which labor is drawn by "all the other Districts, its Kachari population being both numerous and industrious.

"One hundred thousand lbs. in round numbers, or 18,400 lbs. above last year's "out-turn, is what I calculate the crop at, and this is probably under, rather than over, "the mark.

" Planting is being carried on in Kamroop with very considerable vigour. There are " thirty gardens in the District containing 19,221 acres, but the proportion of cultivation " is still excessively small. This would not be so marked, however, but for the fact of " one Grant of 9,326 acres, which has 120 only under cultivation. Five hundred and " sixty-eight acres though were planted during the year, indicating considerable " progress as compared with past years.

" Sixteen imported and twelve hundred and fourteen local laborers are employed in " the plantations, which yielded 46,452 lbs. of tea, or 15,697 lbs. above the quantity " manufactured the preceding year.

" In Goalpara there is still only the one small garden I alluded to in my last Report. " It is the property of some of the Court Amlah and Vakeels, and appears to be " making no great progress.

" Referring now to general results it will be found that there are two hundred and " forty-six different tea estates in Assam shewing ninety-six new ones to have been " acquired during the year. Of these seventy-six belong to Companies and 170 to " individuals.

" The area these Grants cover is 1,22,770 acres, of which 20,144 acres appear to be " actually under cultivation, shewing an increase of cultivation over the year 1861 of " 4,144 acres. The figures shewing the quantity of land broken up during the year " reported on are incomplete, the column giving the information having only lately been " added, so that in some Districts, Seebsagur for instance, the return for which is, in " other respects, very full and correct, particulars on this head are not furnished, but it " may safely be said that at least 6,000 acres were cleared and planted during " the year, shewing satisfactorily at how rapid a rate the cultivation of tea is " progressing.

" The year's out-turn amounted to 21,50,068 " lbs., which gives an increase over last year's " crop of 3,58,979 lbs.,* so that taking the " value of the tea at 1*s.* 9*d.* per lb. all round, " 18,81,309 Rupees worth was manufactured " during the season.

* Thus Distributed.

				3,58,979

" These figures are most encouraging to all connected with the culture of tea, or who " take an interest in the progress of Assam, foreshadowing as they do the great future " that is before the province, for tea planting is still in its very infancy, and if such " progress has been made with our present imperfect means of communication, both " with the outer world and in the province itself, what may not be hoped for when this " crying want has been supplied, as it is about to be, by a trunk road, railway extension " in Eastern Bengal, and new lines of Steamers ?

" At one time want of labor was the great cry, but now-a-days it is, comparatively " speaking, seldom heard, at least every one admits that labor is more plentiful just " now than it was ten years ago, and I fancy that Planters who make themselves popu- " lar with the people find no difficulty in obtaining the services of as many men as ever " they want for their gardens. This no doubt arises from the present liberal terms

" offered to laborers, and the further advance in the rate of wages that is likely to fol-
" low the rapid increase of cultivation now going on will unquestionably still further " stimulate the market. I calculate that at present over 22,000 persons are employed " on the plantations, of whom four thousand may be foreigners. The returns do not, " as they were intended to do, shew correctly the relative proportions of local and " foreign labor, for I have reason to think that some Deputy Commissioners have " classed Durring laborers amongst the former. Care will be taken to remedy this " defect in reporting in the next Report.

" In conclusion it will be gratifying to Government to know, and it certainly is so " to me to be able to say so, that my late tour to Upper Assam, during which I visited " almost all the large plantations, impressed me most favorably with the conduct of the " Tea Planters as a body towards their laborers, and towards the people of the country " generally. The former have good pay, very light work to do, and are carefully and " comfortably housed, while the latter have no single complaint to make that I could " find out. Some discontented Mouzadars and others of the high classes, envious of the " prosperity of the Planters which they lack the energy and industry that would enable " them to share in, complain that the labor of the country is diverted from what they " ignorantly think its only legitimate field of operations, the rice and mustard seed " khets, and at first sight it might naturally enough be thought the land Revenue " would suffer from the employment at the factories of so many of the agricultural " population; but just the contrary is the case, the land Revenue going on steadily " increasing every year, a most satisfactory and pleasing fact, shewing, as it un- " doubtedly does, how much more industrious the Assamese are becoming than they " used to be."

Chóta Nagpore.

51. Lieutenant-Colonel Dalton writes :—

" A tea plantation has been opened in the Lohardugga District on lands forming part " of the confiscated Estate of Burkagurh, but the experiment is yet too young to enable " us to pronounce on the probability of its being successful.

" Captain Boddam thus reports regarding tea cultivation in the Hazareebaugh " District.

" Messrs. Haworth and Co. have started a regular tea plantation in the vicinity of " the Station, and are clearing jungle rapidly with the view of extending the cultivation. " This plantation was first commenced for the growth of coffee and only a few tea seeds " sown, more as an experiment, than with hope of success. The coffee, however, proved " a total failure, owing partly to the difficulty and expenses attending the watering of " the coffee tree, and partly to the uncertainty of return of produce. The tea, however, " has thriven so well, and promises so favorably, that the whole of the coffee " trees have been eradicated and tea has been planted in their stead. I have " frequently visited the plantation, which is doing very well and promises great " results.

" I have heard of other lands taken up for tea cultivation in the Hazareebaugh " District on lease from the Rajah of Eechak. His terms are as favorable as could " be expected."

52. On the working of the Coolie Emigration Act (Bengal Act VII. of 1863) Colonel Dalton writes.—"The Act did not come into operation till the "season for recruiting had nearly passed. It is known that a very large num- "ber of the cultivating and laboring classes left their Districts during the year "under review bound for different Colonies, English and French, in regard to "whose movements we have no record. Since the Act came into operation "three recruiters have taken out licenses; 128 Coolies were registered "as engaging for Assam and Sylhet, and fifty-two, consisting of men, "women, and children, for Demerara. In the Singbhoom and Maun- "bhoom Districts no licenses were taken out. It is worthy of notice "that, though thousands of ryots emigrated from Chota Nagpore during "the past year, not one has been known to go from the Government "Estates."

Darjeeling.

53. The Superintendent writes.—"The clearances and cultivation are pro- "ceeding rapidly and successfully, and the difficul- "ties in procuring labor appear to have lessened." In another communication he states.—"Numbers of the coolie class have been "imported from the District of Behar, but the climate is so thoroughly dis- "tasteful and hurtful to the inhabitants of that province that they cannot be "induced to remain and desertion is frequent. I have impressed on all the "Planters with whom I have spoken on the subject that the attempt is "useless, and strongly advised them to make arrangements for the importa- "tion of Coles and Dhangurs, who appear to do very well indeed. There are "numbers of the latter class already in the District. The inhabitants of "Sikhim and Bootan taking employment there are not nearly so numerous as "before the disturbances in 1857 and 1861. During the last year there has "been incessant fighting among the Bootanese, which probably keeps them "employed."

Trade of Assam.

54. The Officiating Commissioner of Assam writes as follows regarding the trade of the province:—

"The Statement No. 8 exhibits a rough estimate of the Imports and Exports of the "province. Trade is principally carried on by the Marowaris, or Kyahs as they are "here called, who deal largely in hardware and country produce. They are an enter- "prising class of men and have established themselves as merchants in every District in "the province, no part of which, however remote, do they fail to visit if there is a like- "lihood of money being made. It is a good deal the habit to cry them down as extor- "tionate usurers, but in point of fact Assam is entirely indebted to them for the deve- "lopment of her trade, the Assamese themselves, in their ignorant pride, holding entirely "aloof from such pursuits. Petty traders from Dacca and Sylhet have opened shops in "the principal Stations, but this class confine their speculations almost entirely to "articles of European consumption, and their commercial transactions are on a much "smaller scale than those of the Kyahs."

ESTIMATED Statement of Articles of Trade exported from and imported to the Assam Division during the Year 1862-63.

55. The following Memorandum shews the results of the orders of Government on the subject of the resumption and settlement of fisheries in navigable rivers. With reference to paragraph 49 of last year's Report it may be here stated that no judicial decision on the question of the right of Government to the fisheries in the Hooghly River has yet been obtained, several parties who contested that right having accepted kubooleuts from the Collector. The case, however, mentioned in the Board's letter No. 197 of 29th June last is still pending in the 24-Pergunnahs Court. Some Rungpore cases which came before the High Court have been remanded for further investigation :—

56. The number of Estates in which the proprietary right of Government was sold during the year was 1387, assessed to a Revenue of Rupees 96,795. The price realized was Rupees 8,10,377, or nearly eight and a half times the Revenue. Besides the whole Estates a fractional share of a confiscated Estate was sold for Rupees 410. From the time when sales of Government rights were first made in 1859-60 to the close of 1862-63, 3,519 whole Estates, with a Revenue of Rupees 7,06,311, have been sold, producing Rupees 58,32,594, besides 128 confiscated shares in the Estates of rebels, which produced Rupees 5,37,681. The cancelment of the sale of the Sunderbuns Estate called Tookhalee will reduce the aggregate sale proceeds by Rupees 2,81,000.

No. 19.—Sale of proprietary rights in Government Estates.

57. The number of Estates remaining to be sold in future years aggregates 3,738, the Revenue received from them being Rupees 14,78,816; of these 896, with a Revenue demand of Rupees 3,55,954, have been ordered to be sold during the current year (1863-64.)

58. As an instance of the rise in the value of land traversed by the railway it may be here mentioned that a plot of land in Patna, containing 36½ beegahs, acquired in 1856 on behalf of the East India Railway Company for Rupees 2,819, and afterwards settled for Rupees 140 per annum, was lately sold for Rupees 8,000.

59. From this Statement it appears that the largest number of mutation and partition cases occurred in Tirhoot. The numerous resumption suits in some Districts are almost entirely cases which under Bengal Act VII. of 1862 have been transferred to the Civil Courts. Government suits were most common in the Dacca District, and appeals from subordinates abounded in Chittagong, which is accounted for by the number of petty litigants with whom the Officers of Government have to do in that quarter. The number of cases of all kinds disposed of was 265,361, leaving 36,397 pending, or, on an average, 728 in each District. The heaviest arrears existed in Jessore, Chittagong, Backergunge, 24-Pergunnahs, Hooghly, and Nuddea.

No. 14—Business done in Collectors' Offices.

60. The following is a comparison of the busines of the two years :—

Years.	Regular Cases.			Miscellaneous business (not properly cases) disposed of.	Total items of business disposed of.
	On the file.	Disposed of.	Pending.		
1861-62	340,598	292,860	47,738	1,074,728	1,367,588
1862-63	301,828	265,431	36,397	1,073,019	1,338,450

61. With reference to the Under-Secretary's letter No. 2564, dated 24th June last, the Board are glad to be able to state that the partial arrangement of records remaining to be done in Burdwan has been completed. The only District in which arrangement is in progress is the Sunderbuns.

Arrangement of Records and Record Fund.

62. The receipts on account of the Collector's Revenue Record Fund during the year amounted to Rupees 19,030, making, with the balance of the previous year, an aggregate Fund of Rupees 75,805. The disbursements amounted to Rupees 8,951, leaving Rupees 66,854 in hand, which, under recent orders, will have to be transferred to the credit of the Public Accounts.

Fines.

63. The Fines levied under Act XX. of 1848 during the year were as follows:—

	Number of Cases.	Amount levied. Rs. As. P.
Tipperah	4	177 0 0
Dacca	2	73 0 0
Sarun	1	26 8 8
Survey Superintendent, 1st Division	14	589 0 0
Ditto, 2nd "	7	737 0 0
Ditto, 3rd "	2	62 0 0
Ditto, 4th "	77	1,168 8 0
Total	168	2,833 0 8

Visits of Collectors to the interior.

64. The following Collectors spent two months and upwards in the interior of their Districts:—

	M.	D.
Mr. C. B. Skinner (Bhaugulpore)	2	21
" S. Hogg (Burdwan)	2	0
" H. R. Madocks (Nuddea)	2	2
" L. R. Tottenham (Furreedpore)	2	1
" G. N. Barlow (Pooree)	2	22
" W. Cornell (Balasore)	2	17
Captain H. M. Boddam (Hazareebaugh)	2	22
Dr. W. H. Hayes (Singbhoom)...	2	21
Mr. J. S. Drummond (Behar)	2	24
" A. Levien (Sarun)	2	0
" F. G. Millett (Pubna)	3	2
" W. O. A. Beckett (Seebsaugor)	2	23
Lieutenant R. C. Money (Palamow)	2	20
Mr. H. B. Simson (Dinagepore)	6	0
[illegible]	2	2

65. Business at the Sudder Station prevented Mr. E. Grey, Collector of Nuddea, from extending his visit beyond a fortnight. ~~[illegible]~~ Mr. A. V. Palmer was able to be absent only six days in the interior of Hooghly, owing to the arrival of 4,000 recruits, who had to be provided for and dispatched to their destination. Neither Mr. J. P. H. Ward nor Mr. H. A. Cockerell was able to proceed to the interior of 24-Pergunnahs in consequence of both Officers having had charge of the Magistrate's as well as their own work, and of changes occurring precisely at the season favorable for itinerating. The Superintendent of Cachar, Captain R. Stewart, did not undertake any regular tour, having gone over nearly the whole District before, and being engaged in organizing and directing labor for the different roads which were in course of construction. Severe and protracted illness is mentioned as the cause of the late Captain R. C. Birch's inability to quit his Head-Quarters. Mr. T. P. Larkins did not quit the Station of Bograh on account

of there being no Assistant or Deputy Collector to take charge of the Treasury. Mr. V. T. Tayler did not visit the interior of Rungpore (except once to inspect the Police Thannahs) owing to pressure of business.

Official Libraries.

66. The Official Libraries were generally in good order, but in some Districts complaint is made of the deficiency of accommodation. In the Districts of Chota Nagpore the Commissioner reports that a complete set of the Regulations, Circular Orders, and other books of reference is not to be found owing to the disorganization which resulted from the mutinies. The Rules prescribed by the late Lieutenant-Governor's Resolution of 5th March 1862 having been found productive of great inconvenience, have been modified under the sanction of Government No. 251T., dated 14th August last.

67. The following Collectors, Assistants, and Uncovenanted Deputy Collectors have chiefly distinguished themselves during the year. The List of Covenanted Officers will be found to be rather short, and that of Collectors is not divided into two classes. Many of the gentlemen employed as Collector during the year held office for a short period only, and though among them there are Officers of high promise, the Board have not thought it necessary to name them this year. From those too who held office throughout the year the Board have made their selection upon rather more rigid principles than has been their custom. On the other hand the names of the Uncovenanted Deputy Collectors will be found to be more numerous than usual. The body of Officers from whom these gentlemen are selected is now become so large that it has not been found possible to curtail the List, especially in the second class :—

COLLECTORS.

Barlow, G. N.	Lane, T. B.
Bayley, S. C.	Mangles, R. L.
Birch, Captain R. C. (the late.)	McNeile, D. J.
Bivar, Major.	Stewart, Captain R.
Drummond, J. S.	Tottenham, L. R.
Hogg, Stewart.	Ward, J. D.

DEPUTY AND ASSISTANT COLLECTORS.

Beveridge, H.	Money, Lieutenant R. C.
Harrison, H. L.	Oliphant, H. L.
Heeley, W. L.	Phillips, Lieutenant E.
Kemble, W.	Smith, A.
Lyall, D. R.	Smith, T.
Macgregor, A. M., B. A.	Westland, J.
Metcalfe, C. T.	Worgan, J. B.

Uncovenanted Deputy Collectors.

Ahmed, Moulavy Ahsan.
Bose, Abhaya Churn.
Bose, Ram Kumar.
Bysakh, Kamala Kant.
Banerjee, Mathura Nath.
Banerjee, Uma Churn.
Chatterjee, Protap Chundra, B. A.
Chatterjee, Taraprosad.
Chowdry, Kali Prosunno Roy.
Davies, W. R.
De, Dwarika Nath.
Elphinstone, F. H.
Gangooli, Radha Nath.
Gomess, A. D. B.
Heysham, W.
Howell, J. E.
Hossein, Moulavy Syud Azeemood-deen.
Macleod, J.
Mookerjea, Romesh Chunder.
Mookerjea, Soorjoo Kumar.
O'Reilly, W.
Pogson, W. R.
Rattray, A.
Samadhur, Ram Narayan.
Sirkar, Soorjee Nath.
Smith, W. M.
Waris Ali.

68. The following Assistants and Uncovenanted Deputy Collectors are also reported to have performed their duties to the satisfaction of their superiors :—

Deputy and Assistant Collectors.

Alexander, F. J.
Field, C. D.
Geddes, J. C.
Humphrey, P. A.
Keane, H. F. I.
Macgill, G. E.
Murray, W.
Raban, H. C.
Stevens, C. C.
Wilson, N. I.

Uncovenanted Deputy Collectors.

Ali, Moulavy Tijamul.
Bannerjea, Gopi Kishen.
Bannerjea, Kashi Chundra.
Bannerjea, Ramgopaul.
Barber, W. L.
Bose, Russick Loll.
Bose, Bugovan Chunder.
Bose, Jadonauth, B. A.
Bose, Rasbeharee.
Brownlow, N. H.
Bruce, C. P.
Campbell, A. C.
Chakravertee, Bissaswur.
Chatterjea, Bunkim Chunder.
Chatterjea, Kanti Churn.
Chatterjea, Syama Churn.
Cole, A. N.
Doss, Doorjoodhun.
D'Cruze, J.
Deare, W. G.
Donough, T. A.
Doveton, H.
Driberg, J. J. S.
Fakir Chand, Lala.
Ghose, Kishen Chundra.
Ghose, Huri Churn.
Ghose, Huro Chundra.
Ghose, Kali Churn.
Holdar, Rakhal Doss.
Hossein, Ali.
Mackenzie, H. W.
Mullick, Tarak Nath.
Mustofi, Baroda Prosad.
Mazoomdar, Anund Mohun.
Metcalfe, H.
Mookerjea, Gopal Chundra.
Moorkejea, Kisto Behari.
Moulik, Dina Bundhoo.
Paul, Atial Behari.
Paul, Nobin Churn.

Pearson, C. N.
Roy, Chandra Mohun.
Roy, Jago Mohun.
Roy, Kishen Chundra.
Ricketts, J. A.
Sadik, Moulavy Mahomed.
Sein, Kali Prosunno.
Sevestre, R. T.
Sirkar, Gunga Churn.
Sirkar, Nobin Kishen.
Tweedie, J.

69. The following Officers are unfavorably mentioned. Extracts from the Reports will be found appended to a separate communication.

UNCOVENANTED DEPUTY COLLECTORS.

Moulavee Mahomed Ali.
Baboo Chundee Churn Singhi.
Baboo Brajendro Narayan Deb.
Moulavee Abdoola.
Mr. L. K. Anderson.
Mr. L. Cooke.

70. Extracts are also given of the remarks on those Officers who were unfavorably mentioned in the Board's Report of last year, namely—

Mr. W. H. Henderson, Collector.
Mr. J. S. Spankie, Deputy Collector.
Dr. C. Sconce, Assistant Superintendent.
Baboo Radanath Bose, Uncovenanted Deputy Collector.
Mr. L. C. Tissendie, Uncovenanted Deputy Collector.
Moulavee Mahomed Ali, Uncovenanted Deputy Collector.

No. 15.—Business in Commissioners' Offices.

71. This Statement calls for little remark. The business was heaviest, judging by the number of cases, in the Patna Commissioner's Office, and lightest in Cuttack and Chota Nagpore. The aggregate comparative results of the two years were—

	In 1861-62.	In 1862-63.
On the file	49,668	54,798
Disposed of	48,675	55,922
Remaining	993	876

Tours of Commissioners.

72. The Commissioner of Bhaugulpore, Mr. Money, occupied eight days and five days respectively in visiting Monghyr and Purneah, a term far two short for any useful purposes of inspection. Mr. Plowden, Commissioner of Burdwan, occupied six months with his tour. Mr. Schalch, Commissioner of Nuddea, was absent for two and a half months from head-quarters. The head-quarters of the Division were re-transferred from Kishnaghur to Allipore in December last. The Commissioner of Dacca, Mr. Buckland, was out nearly five months, and the Officiating

Commissioner, Mr. Simson, eleven days. In Cuttack Mr. Shore was out for nearly four months, and Colonel Dalton, in Chota Nagpore, for about two and a half months, visiting every Station and Sub-Division except Hazareebaugh and Burhee. In the Chittagong Division Mr. W. G. Young was away from head-quarters for more than a month. Mr. Cockburn was in the interior of the Patna Division for two months. The tour of Mr. Scott, Commissioner of Rajshahye, occupied about the same period, and that of the Officiating Commissioner of Assam, Major Agnew, two and a half months.

Record Fund of Commissioners.

73. The following Memorandum shews the state of the Commissioner's Record Fund :—

Division.	Balance of last year.	Receipt of the year.	Total.	Disbursements.	Balance in hand.
Assam	...	11	11	...	11
Bhaugulpore	89	17	106	...	106
Burdwan	46	23	69	14	55
Chittagong	99	19	118	...	118
Cuttack	71	17	88	...	88
Dacca	10	36	46	7	39
Nuddea	148	24	172	...	172
Patna	363	69	432	...	432
Rajshahye	17	7	24	2	22
Total ...	843	223	1,066	23	1,043

74. This Fund, together with the similar fund of Collectors' Offices, has been abolished by recent orders; the proceeds are to be credited to the public Revenue in future.

75. The following Commissioners held office during the year. :—

Bhaugulpore Division	...	Mr. A. Money.
Burdwan Division	...	" G. Plowden.
Chittagong Division	...	" C. T. Buckland to 12th June.
		" W. G. Young from 13th June.
Cuttack Division	...	" R. N. Shore.
Dacca Division	...	" R. Abercrombie to 30th June.
		" C. T. Buckland from July to 11th March
		" F. B. Simson from 12th March.
Nuddea Division	...	" V. H. Schalch to 8th July and from 29th October, Mr. H. L. Dampier officiating in the interval.
Patna Division	...	" G. F. Cockburn.
Rajshahye Division	...	" R. J. Scott.
Assam Division	...	Major J. C. Haughton (on deputation), Major W. Agnew Officiating.
Chota Nagpore	...	Lieutenant-Colonel E. T. Dalton.

76. The Board have no reason to be dissatisfied with any of these Officers. But they consider the following to be the most efficient and successful administrators :—

Mr. A. Money.
,, R. N. Shore.
,, V. H. Schalch.
,, G. F. Cockburn.

Mr. W. G. Young.
Major W. Agnew.
Lieutenant-Colonel E. T. Dalton.

77. The dates of receipt of the Annual Reports, and of the Satements required for incorporation with the Board's Report, are noted below :—

Divisions.	Land Revenue Administration Report.		Wards Estates.		Attached Estates.	
	Date of Report.	Date of Receipt.	Date of Report.	Date of Receipt.	Date of Report.	Date of Receipt.
Bhaugulpore	15th July	17th July	29th Sept.	30th Sept.	14th August	15th August.
Burdwan	8th ditto	18th ditto	24th July	7th August	22nd July	30th July.
Chittagong	20th ditto	1st August	29th Sept.	29th October	29th ditto	5th August.
Cuttack	15th ditto	27th July	22nd August	7th Sept.	9th June	13th June.
Dacca	30th June	25th ditto	4th July 22nd August	11th July 31st August	21st August	7th Sept.
Nuddea	Ditto	17th ditto	No date	29th October	31st July	26th August.
Patna	27th July	30th ditto	12th October	14th ditto	30th ditto	6th ditto.
Rajshahye	20th ditto	24th ditto	30th Sept.	5th ditto	15th June	18th July.
Assam	25th ditto	1st August	5th August	17th August	30th July	17th August.
Chota Nagpore	2nd ditto	8th July	14th ditto	20th ditto	19th Sept.	25th Sept.
Darjeeling	13th August	24th August	None.		None.	

I have the honor to be,

Sir,

Your most obedient Servant,

R. B. CHAPMAN,

Secretary.

PRINTED AT THE BENGAL SECRETARIAT OFFICE.

No. 205.

FROM F. R. COCKERELL, ESQ.,

Offg. Secretary to the Government of Bengal.

TO THE SECRETARY TO THE BOARD OF REVENUE.

Fort William, the 14th January 1864.

Revenue.

SIR,

I AM directed to acknowledge the receipt of your letter No. 418, dated the 27th November last, submitting the Board's Report on the Land Revenue administration of the Lower Provinces for the year 1862-63, and in reply to make the following remarks and observations :—

2. *Paragraphs* 3 *to* 5.—The collections of Revenue made during the year are on the whole satisfactory, except in the Districts* named in paragraph 4. The Board should explain how the balance due from the Julkur Mehal in Maldah was allowed to accumulate to such an extent as to "render eventual recovery doubtful," and they should also furnish some explanation in regard to the Maunbhoom balance. The Durrung balances too require attention, and the Lieutenant-Governor hopes that the Board will keep in view the instructions issued to the Deputy Commissioner of Hazareebaugh to make timely application for the attachment of the Guddees in Kurruckdeah when the balances are heavy and not likely to be otherwise soon realized.

* Maldah. Maunbhoom. Calcutta. Durrung. Cuttack. Hazareebaugh. Pooree. Seebsaugor. Cossyah Hills.

3. *Paragraphs* 8 *to* 10.—The number of Estates redeemed in proportion to the number redeemable is still very small. As an opinion is expressed that the Government Orders on the subject are not sufficiently known the Board should take measures for rectifying the omission.

4. The outstanding balance on account of Miscellaneous Revenue due in Darjeeling and Gowalparrah requires explanation. In the latter District the amount compared with that collected is very large.

Vide Appendix No. 2.

5. *Paragraph* 19.—The Lieutenant-Governor observes that the explanations given of the balances due on account of Estates under the Court of Wards in the Rajshahye District, and in Assam, are considered by the Board to be unsatisfactory, and further particulars should be furnished.

6. *Paragraph* 25.—His Honor notices with dissatisfaction the deficient collections made from attached Estates in the Chittagong, Nuddea, Bhaugulpore, and Dacca Divisions, both on account of Government Revenue and the Mofussil rental, and hopes that better results will be shewn in future.

7. *Paragraph* 28.—The number of suits instituted under the Rent Laws during the year was 1,27,922, which with the suits remaining from the previous year made up a total of 1,38,725, of which 1,27,858 were disposed of and 10,867 remained pending at the close of the year. These details shew a slight decrease on all heads in comparison with last year. Notices of enhancement of rent and relinquishment of tenure, which appear in Columns 31 and 32 of Statement No 6, shew 13,735 and 4,934, respectively, against 39,536 and 4,103 of the previous year. Further remarks on the working of Acts X. of 1859 and VI. (B. C.) of 1862 are not necessary, the whole subject being under consideration in connection with the Board's separate Report.

8. *Paragraph* 38.—The comparison between the applications for Registry during 1861-62, and those during 1862-63, shews a very satisfactory increase in favor of the latter year.

9. *Paragraph* 50.—From the Report of the Commissioner of Assam, quoted by the Board, it appears that there are 246 Tea Estates in Assam, shewing an increase of ninety-six over the past year. Of these seventy-six belong to Companies, and 170 to individuals. The area covered by these Estates is 1,22,770 acres, of which 20,144 are actually under cultivation, exhibiting an increase of 4,144 over 1861. The year's produce amounts to 21,50,068lbs of Tea, or 3,58,979lbs more than the past year's outturn, and, estimating the value of the Tea at 1*s.* 9*d.* per lb, the season's manufacture would be worth Rupees 18,81,309. These results, and the rapid rate at which the cultivation of Tea appears to be progressing, are noticed by the Lieutenant-Governor with pleasure.

10. *Paragraph* 55.—It is observed that no Judicial decision on the question of the right of Government to the Fisheries in the River Hooghly has yet been obtained. The Board should report as soon as the case now pending in the 24-Pergunnahs Court is decided.

11. The price realized by the sale of the proprietory rights of Government Estates, amounting to Rupees 8,10,377, or nearly eight and a half times the Revenue, is satisfactory. In 1861-62 it came up to about nine times the Revenue.

12. *Paragraph* 62.—In regard to the transfer of the Collectors Revenue Record Fund to the credit of the Public Accounts, I am to draw the Board's attention to Endorsement No. 52, dated 6th instant, covering a letter* from the Officiating Deputy Auditor and Accountant-General, Bengal, in which it is stated that the order for the transfer is to take effect from the 1st May next.

* No. 409A., dated 28th ultimo.

13. *Paragraphs* 67 *and* 68.—The Lieutenant-Governor notices with approval the change made by the Board in their principle of selecting the names of those Officers who have distinguished themselves during the past year, and His Honor is glad to observe the favorable mention made of the gentlemen named in the margin, who conducted their duties with marked efficiency, and also of those who gave satisfaction to their superiors.

14. *Paragraph* 76.—The Commissioners, Messrs. Money, Shore, Schalch, Cockburn, and Young, Major W. Agnew, and Lieutenant-Colonel Dalton, should be specially commended for the able manner in which they have conducted the management of their respective Divisions during the past year.

15. Of the Officers who have been unfavorably mentioned by the Board Baboo Chundee Churn Sing has since demised, and Mr. Anderson has been removed from the Service. In regard to the others I am to observe that the Lieutenant-Governor notices with much dissatisfaction that Moulvie Mahomed Ally, whose want of efficiency was commented on in marked terms of disapprobation in the last year's Report, continues to be spoken of in the most disparaging terms by his superiors.

16. His Honor doubts whether it is for the interests of the Public Service that this Officer should be retained in his present employment, and would wish to receive a special Report on the Deputy Collector's mode of discharging his duties since his transfer to the Cuttack Division.

17. The Lieutenant-Governor has recently had occasion to pass censure upon Mr. Cooke for instances of contumacy similar to that referred to in his superior Officer's Report of him whilst he was employed in the Tirhoot District.

18. His Honor trusts that this censure will have the effect of amending this cause of complaint in his conduct as a subordinate Officer.

10. The Board will be so good as to communicate to Baboo Brijo Nath Deb and Moulvie Abdoolla, the Lieutenant-Governor's dissatisfaction with their performance of their duties during the year under review, and to warn them that, unless a very marked improvement is noticeable in the next annual Report, their future prospects in the Service will be very seriously affected thereby.

I have the honor to be,

SIR,

Your most obedient Servant,

F. R. COCKERELL,

Offg. Secretary to the Government of Bengal.

REPORT

ON THE

LAND REVENUE ADMINISTRATION

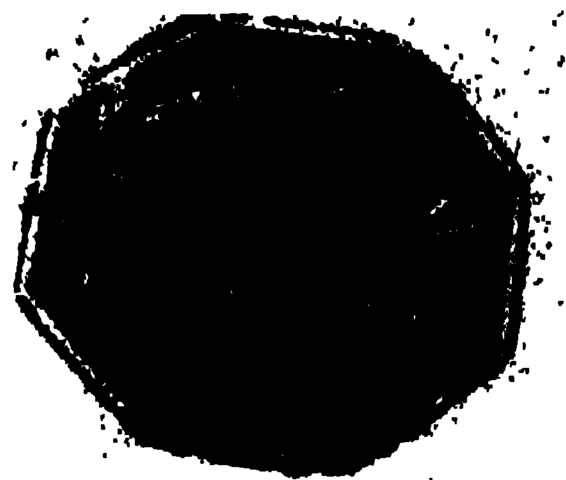

OF THE

LOWER PROVINCES,

FOR

THE OFFICIAL YEAR

1863-64.

CALCUTTA:
O. T. CUTTER, MILITARY ORPHAN PRESS.
1864.

No. 422.

FROM

R. B. CHAPMAN, ESQUIRE,

Secretary to the Board of Revenue,

LOWER PROVINCES,

To

THE SECRETARY TO THE GOVERNMENT OF BENGAL.

Dated Fort William, the 15th November 1864.

SIR,

Land Revenue.

Present,
W. J. ALLEN,
A. GROTE
and
E. T. TREVOR. } Esqrs.

BY direction of the Board of Revenue, I have the honor to present the following Report on the Land Revenue Administration of the Districts in the Lower Provinces subject to their control, during the year 1863-64, together with the Statements numbered 1 to 15 in the Appendix.

No. 1.—Land Revenue Demands, Collections, Remissions, and Balances.

2. The current demand amounted to Rupees 3,73,20,329, and of this sum, there was realized during the year Rupees 3,41,21,248, or 91-6-10 per cent. Of the arrear demand, amounting to Rupees 32,97,594, the collections were Rupees 31,11,904, or 94-5-11 per cent. The aggregate collections amounted to Rupees 3,72,33,152, or 91-10-8 per cent. on a total demand of Rupees 4,06,17,923. Of this demand, Rupees 2,22,586, or about half per cent., was remitted, leaving outstanding at the close of the year a net balance of Rupees 31,62,185, or about 7¾ per cent.

3. The following Table shows the percentage which the total collections, made during the year in each District, bears to the *current demand only*. This

test was prescribed by the Orders of Government on the Board's Report for 1860-61. A column is added showing the amount by which the collections fall short in those Districts and Divisions which fail to bear the test :—

Districts.		Current Demand.	Total Collections.	Rate per cent. of total Collections to current Demand.	Amount of deficiency in Collections.
		Rupees.	Rupees.	Rs. As. P.	Rupees.

Darjeeling ...	49,402	36,583	74	0	10	12,819
Grand Total ...	3,73,20,329	3,72,33,153	99	12	3	87,176

4. Of the above 49 Districts, the collections fall short of the expected amount in 25. In some, as Pooree, 24-Pergunnahs, and Cossyah Hills, the presence of irrecoverable balances prevented a more favorable out-turn; omitting these, therefore, and a few other Districts in which the deficiency is too inconsiderable to require notice, (being less than half per cent.,) explanations are given of the balances outstanding in the following 13 Districts:—

		Net Balance.
Bhaugulpore	Rs.	77,615
Tipperah	"	47,004
Balasore	"	1,31,229
Cuttack	"	3,17,699
Backergunge	"	93,743
Furreedpore	"	9,440
Mymensingh	"	53,081
Calcutta	"	28,966

		Net Balance.
Nuddea	Rs.	48,847
Lukhimpore	"	7,711
Nowgong	"	1,658
Manbhoom	"	5,082
Darjeeling	"	3,558

5. In Bhaugulpore, all but Rupees 2,940 was unrealizable by any process till after the close of the year. In Tipperah, Rupees 43,333 was in the same predicament, and Rupees 3,609 was irrecoverable. In the Province of Cuttack, there are only two sale days in the year, and large demands fall due in consequence in the ensuing year; for this reason, no part of the Balasore and Cuttack balance could be enforced till the year had expired. It does not appear how much of the balance in Backergunge could not be enforced, but Rupees 86,749 had been realized since. The bulk of the balance in Furreedpore, Mymensingh, and Nuddea could not be realized by sale within the year. In Calcutta, about one-half of the entire demand becomes legally recoverable in the ensuing year. In Lukhimpore and Nowgong, though not specifically stated, it is to be inferred from the Commissioner's remarks that about two-thirds of the balance had since been realized. In Manbhoom, the greater portion of the balance was due from the Chatna Estate, and stringent measures had been adopted for its realization; it will be remembered that, in that part of the country, sales for arrears do not take place, but estates are liable to sequestration till the dues of Government are satisfied. The bulk of the Darjeeling balance would appear to have been realized since.

6. It will be seen from the 10th column of the Statement, that the amount remitted as irrecoverable during the year was Rupees 2,22,586; of this sum, Rupees 89,977 was remitted on account of arrear revenue, and Rupees 1,32,609 on account of current revenue. The arrear remissions are of an ordinary character except in the Province of Cuttack, where Rupees 49,453 was written off in consequence of losses by inundation; the remanent portion, Rupees 40,524, is distributed over 30 Districts. The current remissions are made up of the following items:—

On account of Khálári land, *i. e.*, land originally taken for Salt manufacture, chiefly in Backergunge, Jessore, Nuddea, and 24-Pergunnahs ...	Rs.	93,642
On account of drought and inundation in the Province of Cuttack, chiefly in Pooree	"	18,321
Assignments as reward for loyal services in Behar, Lohardugga, and Lukhimpore	"	8,479
On miscellaneous accounts, including Rupees 11,486, error in account in Darjeeling	"	12,167
Total Rupees ...		1,32,609

7. The following memo. compares the two years. It will be seen that, except that a larger sum has been remitted, the comparison is entirely in favor of the year of report :—

Years.	Current Demand.	Arrear Demand.	Total Demand.	Percentage Collected. Current.	Percentage Collected. Arrear.	Percentage Collected. Total.	Percentage remitted.	Percentage Outstanding. Current.	Percentage Outstanding. Arrear.	Percentage Outstanding. Total.

Redemption of Government Revenue.

8. The particulars of redemption of petty estates, effected and remaining to be effected, are given below :—

Districts.	Redeemed in 1863-64. Number of Estates.	Redeemed in 1863-64. Government Demand.	Redeemed in 1863-64. Price realized.	Total redeemed to end of 1863-64. Number of Estates.	Total redeemed to end of 1863-64. Government Demand.	Total redeemed to end of 1863-64. Price realized.	Capable of Redemption, but not yet Redeemed. Number of Estates.	Capable of Redemption, but not yet Redeemed. Government Demand.	Capable of Redemption, but not yet Redeemed. Price to be realized if redeemed.

Total ...	2,083	927 8 5½	9,499 5 7½	13,982	6,610 7 8½	72,465 0 6½	28,891	28,249 10 8	3,84,962 10 3½

9. It will be seen that 2,083 estates (all but 90 being in the District of Chittagong), bearing an aggregate demand of Rupees 927-8-5½, were redeemed in the course of the year by a present payment of Rupees 9,499-5-7½, at 15 years' purchase in Calcutta, and 10 years' purchase in the other four Districts in which redemption transactions occurred. Since the permission to redeem was first given in 1852, 13,982 estates (13,348 belonging to Chittagong), bearing an aggregate revenue demand of Rupees 6,610-7-8½, have been made rent-free by the payment of Rupees 72,465-0-6½. This is only one-third of the number open to redemption, but it is satisfactory to observe that nearly one-half of the estates in Chittagong, in which District the measure originated for the convenience of

the accounts, have been redeemed. The number not yet redeemed in all Districts is 28,891, bearing an assessment to Government of Rupees 28,249-10-8. In Calcutta, the progress made is very tardy and discouraging, only 459 holdings having been made rent-free out of 11,249 comprised within the town limits. The privilege of redeeming has by recent orders been extended to the suburbs, called Punchunnogram, at the same price as in Calcutta, namely 15 years' purchase of the rental, but it remains to be seen how far owners will avail themselves of the option conceded to them.

10. Notifications calling attention to the subject of redemptions have been generally published, and in Chittagong it is reported that those interested are certainly well aware of the option given. The Commissioner states that to issue individual notices there would probably create suspicion, and defeat its object. In order, however, to preclude ignorance of the intentions of Government elsewhere in individual cases, it has been arranged that every owner shall have a written notice presented to him at the time of his coming in to pay his revenue. As far as the causes of the unwillingness to redeem can be ascertained, they seem to be various. The general poverty of the owners, and the fact of the estates themselves being scarcely worth taking any trouble about, are mentioned as one probable cause. The difficulty of bringing about combined action on the part of numerous joint sharers is another. Distrust of the ulterior intentions of Government is assigned as another. The security of title which the payment of revenue to Government affords to holders against the encroachments of Zemindars, which would otherwise follow, is also asserted to be not without its influence in deterring owners from coming forward. Exposedness to fluvial action is pleaded in some few instances, and in some others, the belief that, in the event of suits arising relating to the land, the value of the stamp would have to be calculated at 18 times the rental, as for rent-free land. And finally, it is supposed that a better investment for money can be found than by purchasing a rent-free title.

No. 2.—Forest and Miscellaneous Revenue.

11. This is the first Statement which the Board have received in its present form. It shows that the collections during the year on account of Forest Revenue amounted to Rupees 26,400-12-2; and on account of Miscellaneous Revenue, to Rupees 67,036-0-1. The Board purpose to scrutinize the items, and to present them next year in a form to show demands and balances as well as collections. The separate exhibition of Forest Revenue is the consequence of the orders of the Supreme Government constituting a separate Forest Department.

No. 3.—Estates, the property of Government, their disposition and management.

12. This Statement gives particulars of estates, the property of Government, by Divisions. Six hundred and forty-one new estates were acquired during the year, of which 55 were obtained by purchase at sales for arrears of revenue. Of the remainder, 92 are settlements of new jotes in Darjeeling, 187

are *elam* Estates in Sylhet, (*i. e.*, estates brought under cultivation since the permanent settlement,) which have heretofore been kept out of this Statement, and 287 in Midnapore are estates no longer required by the Salt Department, in consequence of the cessation of the manufacture of Salt by the Officers of Government; these estates formerly supplied fuel for the manufacture. On the other hand, 1,347 estates were removed, 771 by sale of the proprietary right of Government, and 530 by doubling up with other estates in settlement, 518 of these appertaining to Tipperah alone, where, though the process of absorption has been going on for years past, the estates continued, nevertheless, to be shown in this Statement. Thus the present number of estates belonging to Government is 7,905, or 706 less than in the previous year.

13. The demand on account of these 7,905 estates was Rupees 22,50,105, of which Rupees 17,31,424, or nearly 77 per cent., was realized during the year, and 2½ per cent. remitted, leaving a balance of Rupees 4,63,737, or a little more than 20 per cent., outstanding at its close. The collections since the close of the year up to the dates of the District Returns amounted to Rupees 89,323, and Rupees 46,014 is described as doubtful or irrecoverable. The following is a classification of the balances in those Districts in which they exceed 20 per cent. of the demand :—

Districts.	Amount balance.	Realized to date of Local Returns.	Doubtful or irrecoverable.	Remaining good balance.
	Rs.	Rs.	Rs.	Rs.
Hooghly	9,346	514	2,942	5,890
Midnapore	4,975	900	42	4,033
Chittagong	1,36,253	7,490	2,823	1,25,940
Balasore	5,981	....	....	5,981
Cuttack	1,359	5	32	1,322
Dacca	12,523	1,475	5,344	5,704
Shahabad	26,996	19,266	6,792	938
Dinagepore	4,474	4,473	....	1
Maldah	7,594	510	916	6,168
Moorshedabad	8,982	4,247	703	4,032
Hazareebaugh	3,641	102	25	3,514

14. In Hooghly, Rupees 2,688 was realized on the June sale day. The whole of the Midnapore, Moorshedabad, and Hazareebaugh balances, and nearly the whole of the Maldah balance, are stated to be in train of realization, which, as an explanation, is hardly sufficient. In Chittagong, Rupees 57,441 was not realizable till the fixed date; Rupees 37,066 was due from estates under the Court of Wards, chiefly Kootubdea Island; Rupees 31,305 from farmers and Kupas mehals; and Rupees 128 from Noabad Estates; it is stated generally that these balances were not realizable till the fixed dates. This is also the case with the Dacca balance. Shahabad and Dinagepore require no explanation. The Ballasore and Cuttack balances have already been adverted to in connection with Statement No. 1.

15. The removals of estates from the Revenue Roll and abatement of revenue on account of diluvion, sanctioned during the year, are given below. The loss of revenue from this cause, it will be seen, amounts to Rupees 3,991-15-7½. In consequence of a decision of the High Court passed in September 1862, recognizing the title of proprietors of diluviated estates to lands which may re-form on the original site, the Board have directed that no diluviated estate, the property of Government, shall henceforward be removed from the Revenue Roll of a District :—

Removal of Estates from the Revenue Roll and abatement of revenue on account of diluvion.

Districts.		Number of Estates removed from Revenue Roll.	Revenue expunged.			Number of Estate in which abatement was allowed.	Revenue abated.			Total Revenue lost by diluvion.		
			Rs.	As.	P.		Rs.	As.	P.	Rs.	As.	P.
Backergunge	...	3	133	13	1½	......	...	...	...	133	13	1½

Total	...	24	901	4	8½	4	3,090	10	11	3,991	15	7½

16. The following sums have been set apart from the collections of Government Estates during the year. The original intention was to form a fund for the improvement of Government Estates, but this fund is now amalgamated with the District Roads Fund :—

Three per cent. Collections from Government Estates.

District.		Amount set apart.			District.		Amount set apart.		
		Rs.	As.	P.			Rs.	As.	P.
Bhaugulpore	...	354	9	5¼	Brought over	...	25,653	5	8¼

Carried forward	...	25,653	5	8¼	Total	...	39,992	6	3

17. In Jessore Rupees 598-2-7 only awaited the passing of the Collector's bills, to be similarly set apart. In Chittagong a further sum of Rupees 5,000 annually deducted from the Noabad collections for improvement of internal communications, is credited to the same Fund. Nothing is shown as set apart in Hazareebaugh in consequence of oversight on the part of the Deputy Commissioner of that District.

No. 4.—Estates of disqualified Landholders.

18. Two hundred and two estates were brought under Wardship in the course of the year, one hundred and forty-five in the District of Chittagong alone; thirty-four were released from the Court's jurisdiction, leaving 763 under the management of the Court. These belong to 97 proprietors, 2 being females, 77 minors, and 8 disqualified from other causes than sex or minority.

Of the Government revenue demand, amounting to Rupees 11,06,173-14-3¼, inclusive of an arrear demand of Rupees 1,71,322-11-0½, there was realized during the year Rupees 9,86,749-7-9, or Rupees 89-3-5 per cent. More than one-half of the entire balance outstanding belongs to the Chittagong District, where only 61 per cent. of the demand was collected, and where there is apparently much room for improvement. The rental due from tenants amounted to Rupees 69,07,310, of which Rupees 30,13,373 was realized in the course of the year, being at the rate of 44 per cent., and 13 per cent. was remitted, chiefly on account of the Durbungah Rajah's estates in the Purneah District. The balance outstanding was about 43 per cent., and was heaviest in the following divisions:—

Bhaugulpore Division	Rupees	9,55,666
Patna	,,	9,55,451
Rajshahye	,,	5,95,192
Assam	,,	1,98,352
Chittagong	,,	1,20,445

19. Of the balance in the Bhaugulpore Division, Rupees 8,33,174 is on account of the Durbungah Rajah's Estates in Purneah; and of that in the Patna Division, Rupees 9,52,711 is on account of the same Ward's Estates in Tirhoot. These balances may be classified thus:—

District.	Realized.	Irrecoverable and doubtful.	Pending adjustment of claims.	Pending litigation.	Good.
In Purneah	78,476	3,92,424	....	....	3,62,274
In Tirhoot	3,00,006	1,36,496	2,14,914	1,81,858	1,19,437

20. The balance in the Rajshahye Division is due, to the extent of Rupees 4,77,437, from a single Ward's Estate, with lands situated in seven different districts. This, no doubt, enhances the difficulty of management, but with proper

exertion, there is no reason why the management, which is under the care of the Collector of Rajshahye, should not be more successful than is evidenced by the Returns before the Board.

21. The Assam balance is due from two estates in Goalpara. Of the entire amount, Rupees 54,045 only is stated to be in course of realization; Rupees 66,000 awaited enquiry into objections; and the remainder is considered doubtful or irrecoverable.

22. Of the Chittagong balance, Rupees 42,407 has been realized; Rupees 28,000 was in train of realization; and the remainder is reported to be doubtful or irrecoverable.

23. The disbursements amounted to Rupees 44,49,292. This includes Rupees 11,00,508 paid as Government revenue, Rupees 6,11,875 expended on legal proceedings, Rupees 12,40,917 paid in liquidation of debts, and Rupees 2,38,351 invested during the year in Government Securities. The surplus at credit at the end of the year aggregated Rupees 6,59,573, when also the total amount invested in Government securities stood at Rupees 8,65,775.

Wards Institution at Calcutta.

24. The Institution in which the more wealthy minors are educated is now situated in Manicktola, to which locality it has been transferred from Chitpore. The premises are commodious. There were, at the close of the year, twelve boys on the roll of the Institution, or three more than at the close of the previous year. Five are above, and seven below the age of fifteen, the youngest being eight years old. The boys come from the Districts of Rajshahye, Moorshedabad, Bullooah, Cuttack, Midnapore, Dinagepore, and 24-Pergunnahs.

25. The Director reports very satisfactory progress in learning, and mentions that one lad has passed the University Entrance Examination, after passing through a curriculum of not quite eight years in the Institution. The Drawing Class has been re-opened after a temporary suspension, and a great number of entertaining books added to the Library. The conduct of the pupils is reported to have been uniformly good. The general charges aggregated Rupees 14,482-15-6, and the personal charges Rupees 16,510-11-9, the latter averaging Rupees 1,375-10-1 for each boy. The Director's remarks on the health of the lads are contained in the following extract from his Report:—

"This training of their physical powers has proved highly conducive to health, and no "boy has had to complain of any serious illness during the year under review. Some of them "have not had even the slightest attack of influenza for a long period, and all of them look "as ruddy and healthful as any Hindu boy at Calcutta. Padmanath Chowdhari, of Dinagepore, "arrived here in November last in a very precarious state of health. He was subject to daily "attacks of fever; his spleen and liver were greatly enlarged, the former so much so as to fill "more than two-thirds of his abdomen; his muscles were flabby and very much wasted; "his feet were oedematous, and his whole body was painful to the touch. Dr. Satkowri Dutt, "the House Surgeon, expressed grave doubts regarding the issue of his disease, and Dr.

"Baillie, under whose treatment he was placed, added that 'he was cachetic in the extreme.' He has, however, under careful treatment and the effect of a removal from his malarious "district, completely recovered, and is now quite hale, hearty, and happy.* In former years, there "have been in the same way no less than seven instances out of the total of twenty-three boys, "who have, from time to time, come to this Institution, in which lads bringing down with them "long-standing organic complaints have been completely cured. To give an idea of the "condition in which they came to this place, I beg to state that three of them were suffering from "spleen and fever of three to five months standing; one had spleen, fever, and gonorrhoea for "four months; one was ill of spleen, fever, and scrotal hernia; one complained of enlarge-"ment of the liver and ague of six months' standing; and another of enlarged spleen and liver "and intermittent fever of three years' duration. Thus, while 30 per cent. of the minors under "the Court of Wards in the Mofussil have been found in a miserable state of health, there has "not been a single case of serious illness in this Institution since its foundation."

Working of Act XL. of 1858.

26. In the District of Goalpara, three applications were made under Act XL. of 1858 to bring estates under wardship. In the District of Patna, four applications were granted, but the order in one case was reversed by the High Court. Two applications connected with the District of Shahabad were pending before the Civil Court. In one Tirhoot case, in which the application had been granted last year, the High Court reversed the order, disapproving of the Government Pleader's interference. No resort to the provisions of the Act has been had in the Bhaugulpore, Chittagong, Cuttack, Nuddea, Rajshahye, Dacca or Chota Nagpore Divisions. The Commissioner of Burdwan has omitted to supply the required information.

No. 5.—Estates and lands under attachment by order of the Civil and Criminal Courts.

27. One hundred and thirty of the 296 estates under attachment during the year, were brought under direct management by order of the Civil Court, and 166 by order of the Criminal Court; more than one-half of the former belong to the two Districts of Backergunge and Chittagong, and one-half of the latter are contributed by Burdwan, Furreedpore, Sylhet, Jessore, Patna, and Tirhoot.

28. The Government revenue demand against the 296 attached estates was Rupees 2,43,912-11-3½, inclusive of an arrear demand of Rupees 75,114-13-3½. The collections amounted to Rupees 1,41,700-13-3½, or a little more than 58 per cent. It is to be borne in mind that this demand cannot be legally enforced till after the close of the year. Of the Mofussil rental demand, as far as could be ascertained, of Rupees 4,75,190-12-1, inclusive of an arrear demand of Rupees 1,18,520-4-10¾, there was collected, during the year, Rupees 2,87,092-10-11, or not quite 60½ per cent. The whole demand in Assam was realized; in the Patna Division, the collections were good, and better still in the Rajshahye Division. In the other Divisions, they were unfavourable, particularly in the Dacca and Nuddea Divisions, where the balance outstanding exceeded 50 per cent.; but nearly three-fourths of the entire balance in the former Division was due from an estate in Backergunge, which has been released from attachment; and more than one-half of the balance in the latter Division was due from an

* This boy has subsequently, the Board regret to say, had a severe relapse, and acting under Medical advice, the Board have transferred him to the Institution at Benares.

estate in Nuddea, which, after being released from attachment in July 1862, has again been placed under direct management. It is to be borne in mind that attachment is frequently brought about for the purpose of securing exemption at the quarterly sales, the proprietors thus obtaining the option of paying the revenue due to Government by a single instalment; this accounts for the absence of any thing like co-operation on their part with the Revenue Authorities.

29. The disbursments of the year aggregated Rupees 2,89,324-1-2, including Rupees 1,44,053-0-9 paid in as Government revenue; Rupees 89,302-15-2 was disbursed by order of Court, Rupees 22,884-15-3 as expenses of management, and Rupees 33,083-1-11 as contingent expenses, leaving a surplus at credit of the proprictors of Rupees 88,851-3-5 at the close of the official year.

30. The memo. at foot of the Statement contains particulars respecting the Syedpore Trust Estate in Jessore, the proceeds of which mantain the Hooghly Imambara. The whole Government revenue demand had been realized. On the Mofussil rental of Rupees 2,49,242-14-7, the collections amounted to Rupees 1,77,555-6-7, or 71½ per cent. The disbursements aggregated Rupees 1,29,510-0-8 including Government revenue discharged, Rupees 10,341-8-2 paid away by order of Court, and Rupees 9,963-4-3 paid on other accounts, leaving a surplus at the end of the year of Rupees 1,17,868-2-3 in favor of the endowment, out of which Rupees 65,000 was remitted to Hooghly.

No. 6.—Detail of Cases under Act X. of 1859.
No. 7.—Execution of decrees under Act X of 1859.
No. 8.—Applications for sale of distrained property.
No. 9.—Working of Bengal Act VI. of 1862.

31. During the year, 1,21,128 suits under the rent-laws were instituted, which, with 11,045 remaining from the previous year, made up an aggregate file of 1,32,173 suits; of these, 1,13,612 were disposed of in the course of the year, leaving 18,561 pending at its close. There were, besides, 20,341 notices of enhancement of rent disposed of, 7,065 notices of relinquishment of tenure, and 20,503 applications to make deposit under Section 5, Bengal Act VI of 1862. The number of suits instituted by ryots against zemindars, comprising, for the most part, cases under Sections 1, 2, 3, 6 and 7, was 1,722 more than in the previous year, (14,885 against 13,163.) This increase is mainly under the head of suits for delivery of pottahs and kubulyats (Section 1). The number instituted by zemindars against ryots, under Sections 4 and 5, (1,12,037 against 1,03,301,) was less by 8,736 than in the previous year; but notices of enhancement of rent on the part of landholders were more numerous, as were also notices of relinquishment of tenure, and applications to make deposit on the part of ryots. The increase in the number of suits of all kinds pending at the termination of the year (18,561 against 10,867) is due to the very large number of suits instituted in the month of April—18,777 against an average monthly institution of about 10,000. The increase over the average was general in all parts of the country, and was due, probably to the working of the law of limitation. In Backergunge alone, the institutions rose from an average of 750 to 2,828. Of

the 18,777 cases instituted in April, 15,403 were for arrears of rent. The large number of institutions has not been maintained, and, since the commencement of the year, the monthly average has not exceeded 11,000.

32. There were 64,190 cases of execution of rent decrees on the files, inclusive of 8,946 brought forward from the previous year. The number disposed of was 54,619, leaving 9,571 pending at the close of the year. Amongst the cases in this statement are some under the old summary suit laws, it having been ruled that cases which had been struck off in consequence of neglect on the part of decree-holders to urge their claims under the decrees, might be revived at any time. There are four such cases brought forward in Behar, three in Patna, 79 in Jessore with 28 new applications for execution, 31 in Bancoorah with 19 new institutions, and 3 in Burdwan with 16 new institutions. All these have been disposed of with the exception of eight in Jessore, 24 in Bancoorah, and five in Burdwan. Of 9,571 cases remaining for disposal at the end of the year, 6,119 had been recently instituted; and of the rest, 952 had been pending for a longer period than three months, and 260 for a longer period than six months, 91 of these last belonging to the single District of Chittagong. The Commissioner has drawn the attention of the Collector to these cases. The Howrah pending cases 119 in number, and 2,121 out of 2,223 cases pending in the Chittagong Division are not included in this distribution from the absence of proper returns.

33. The number of applications for sale of distrained property, including 414 remaining from the previous year, was 3,801. In 2,211, or nearly two-thirds of the whole number, a settlement was effected between the parties without resort to extreme measures, and only 921, or less than one-fourth, terminated in actual sale. In 354 cases, security was given. Of 315 cases undisposed of at the close of the year, 160 belong to Tipperah, the Civil Court Ameens having been unable to dispose of them from alleged pressure of business. The paucity of applications in the Nuddea Division is remarkable, especially after the loud complaints which, the Commissioner says, were made, that, owing to the wide extent of the Civil Court Ameen's jurisdiction, it would be practically impossible for landholders to avail themselves of the power of distraint and sale which the law gave them. To test the force of this complaint, an Officer on each sub-divisional establishment was empowered to sell distrained crops, but the result has been that only one application was preferred to such Officers to sell. The inference which Mr. Dampier draws from this fact is that landholders have no real desire to distrain, and prefer realizing their rents by suit.

34. The provisions of Bengal Act VI. of 1862 continue to be largely resorted to, as shown in Statement No. 6. In 16,386 cases, penalties under Sections 2 and 3 were imposed to the amount of Rupees 1,31,326-1-9. In 22,533 cases, Rupees 3,91,194 was deposited under Section 4. Of 1,277 suits under Section 6, 902 were decided in favor of plaintiffs, involving Rupees 21,293-12-2, and 375 in

favor of defendants, involving Rupees 5,060-12. The number of applications for measurement under Section 10 was 97, of which 50 belonged to Hooghly alone. The Board have cautioned the Local Officers against the imposition of penalties as a matter of course, and Commissioners are expected to scrutinize cases of this nature in order to check the indiscriminate application of this provision of the Law. The following memo. shows the results of the working of the Act in the two years during which it has been in operation :—

Years.	Cases under Sections 2 and 3 in which penalty was imposed.		Cases under Section 4 in which deposit was made.		Suits for rent under Section 6.		Applications for measurement under Section 10.
	Number.	Amount.	Number.	Amount.	Number.	Amount.	
		Rs. As. P.		Rs. As. P.		Rs. As. P.	
1862-63 ...	15,732	2,02,372 0 10	23,280	4,85,493 11 7	397	13,065 9 9	60
1863-64 ...	16,386	1,31,326 1 9	22,533	3,91,194 9 3	1,277	26,354 8 3	97
Total ...	32,118	3,33,698 2 7	45,813	8,76,638 4 10	1,674	39,420 2 0	157

The Board reserve any further remarks that they have to make concerning the rent-laws, and especially concerning the provisions of those laws which require amendment, for the special report upon the subject which they are submitting separately.

No. 10.—Resumption Suits.

35. The number of resumption suits on the file was 392, including 113 suits instituted during the year. The number disposed of in favor of Government, involving an estimated accession to the Revenue Roll of Rupees 4,985-2-8, was 117, and there were 75 adverse decisions involving a revenue of Rupees 6,051-4-4. The total number disposed of, inclusive of 41 cases struck off, was 233, leaving 159 awaiting investigation at the close of the year. These proceedings are confined to 13 of the 32 Regulation Districts. Some Collectors have apparently included fishery cases, for which a separate return is provided, and which would therefore have been better kept distinct.

No. 11.—Estates sold under Act XI of 1859, for the recovery of arrears of revenue due on them.

36. Seven hundred and twenty-four estates were sold during the year for the realization of their own arrears. Of these, 53, paying a revenue of Rupees 2,210-1-2½, were purchased on behalf of Government for Rupees 28-10-0, the bids not amounting to the arrear due; and 671, paying a revenue of Rupees 91,942-9-6¼, were purchased by individuals for Rupees 9,44,515-0-8, being about 10 years' purchase of the Government Revenue demand. The actual arrear which led to the estates being put up to sale is Rupees 41,941-11-3, or about Rupees 58 each. There remained after sale Rupees 9,05,114-6-9½ at credit of the defaulters, and, in a few instances, the amount bid did not reach the arrear, leaving Rupees 2,512-7-4½ to be subsequently recovered, of which amount Rupees 2,159-14-0½ had been realized up to the date of the local reports.

37. Besides the above, the rights and interests of parties in nineteen estates, with a Government Revenue demand of Rupees 21,360-13-11½, were sold for the realization of demands against other estates and parties amounting to Rupees 13,256-12-6, these being demands recoverable by the same process as arrears of revenue. The amount obtained was Rupees 12,485-12-0, being, in some cases, in excess of the arrear or claim, thereby showing a balance of Rupees 1,511-11-5 in favor of the defaulters, and in other cases in defect, leaving a balance not covered by sale of Rupees 2,332-10-11, of which Rupees 788-2-9 had since been realized, and the remainder was irrecoverable.

38. The following Table compares the estates sold for their own arrears in the past two years by Divisions :—

Divisions.	1862-63. Number of Estates sold.	Government Revenue. Rs. As. P.	Average Demand. Rs. As. P.	Price realized. Rs. As. P.	Number of years' purchase.	1863-64. Number of Estates sold.	Government Revenue. Rs. As. P.	Average Demand. Rs. As. P.	Price realized. Rs. As. P.	Number of years' purchase.
Bhaugulpore ...	62	4,067 4 10½	65 9 6	54,886 0 0	13[illegible]	55	2,687 0 3	47 15 1	38,700 0 0	12[illegible]

Cuttack ...	20	28 11 0	1 0 10	850 0 0	1[illegible]	7	3,029 8 6	289 14 11	47,721 0 0	[illegible]
Dacca ...	74	5,336 12 2	72 2 0	29,546 9 0	[illegible]	131	30,738 12 [illegible]	234 10 4	96,071 8 0	[illegible]
Nuddea ...	58	9,651 15 10	168 9 6	94,180 0 0	3[illegible]	44	716 11 [illegible]	16 4 5	2,729 9 0	3[illegible]
Patna ...	14	2,796 4 8	199 11 5	51,872 0 0	18[illegible]	28	14,366 12 [illegible]	514 2 2	2,75,370 0 0	19
Rajshahye ...	26	19,280 0 4	741 8 0	1,60,747 0 7	8[illegible]	50	14,216 14 0	284 6 0	2,06,457 0 0	14½
Total ...	482	46,658 4 10½	94 11 5	8,84,719 3 7	8½	794	94,162 10 8½	130 0 9	9,44,543 10 8	10

39. The price realized was less in the Dacca Division than in the previous year, and especially so in the Chittagong Division. In the Nuddea, Cuttack, and Rajshahye Divisions, higher prices were obtained, the improvement being very remarkable in the Burdwan Division. It is not possible, however, to compare the prices of one year with those of another, as the prices depend of course upon the profits derivable from the particular estates sold.

40. The number of estates exempted from sale, under the discretion which the Law confers on Collectors, was 16,945, bearing an aggregate revenue demand of Rupees 15,63,946-6-7½, and being liable to sale for a balance of Rupees 2,03,431-1-10½. Of these, 7,121 were exempted from sale in Sylhet alone, under Section 4 of the Sale Law. One hundred and five estates were exempted as being the property of disqualified wards of Court, and 9,719 on general grounds, under Section 18 of the Law, 8,112 of these being in Sylhet. Notwithstanding this large resort to the more lenient provisions of the Law, the entire arrear was realized, with a few unimportant exceptions in which realization was speedily expected.

41. Fourteen small estates were forfeited by purchasers, and regained by the proprietors under Section 24 of the law. The deposits forfeited to Government amounted to Rupees 82-10.

42. There were 592 applications during the year for opening separate accounts under Section X., Act XI of 1859, and 96 for a similar purpose under Section XI. Of these, 561 and 83, respectively, were disposed of in the course of the year. Four hundred and five fresh applications for registry were received, and 440 disposed of. The provision of the law which allows of the opening of separate accounts has been more largely resorted to this year than in the past, but recourse to the registry provisions has somewhat declined.

No. 12.—Detail of Cases under Act XI. of 1859.

43. Imprisonment for the realization of Government demands had to be resorted to in 12 Districts, *viz.*, Bancoorah, Burdwan, Hooghly, Midnapore, Bullooah, Pooree, Nuddea, Dinagepore, Maldah, Sarun, Lohardugga, and Manbhoom. The number of persons in confinement was 77, including 18 from the previous year; 74 were released during the currency of the year, and two remained in imprisonment at its close, both having been incarcerated towards the close of the year. One defaulter died in prison.

Prisoners in confinement for Government demands.

44. In Cachar, 1,472 acres of jungle-lands in the plains were disposed of for the cultivation of the ordinary cereal products of the country. The leases were for 16 years, and the rent was to increase progressively till it reached the full assessment of Rupees 918-0-1. Forty new estates were thus added to the Rent-roll. In twenty villages inhabited by hill tribes, an assessment of one Rupee was imposed on every house. These, with some summary settlements of fisheries, produced an annual rental of Rupees 15,278.

Settlements.

45 In Assam, the settlements for the year were as follows :—

Districts.	Number of Estates settled.	Revenue of Settlement.			Increase obtained.			Decrease.		
		Rs.	As.	P.	Rs.	As.	P.	Rs.	As.	P.
Durrung	130	1,01,469	0	0	7,647	5	6	0	0	0
Goalpara	9	3,384	8	0	1,191	6	0	0	0	0
Kamroop	91	1,10,394	8	0	0	0	0	1,591	1	8
Lukhimpore	111	62,881	1	9	25,941	7	2	0	0	0
Nowgong	263	1,31,051	0	0	738	13	4	0	0	0
Seebsaugor	104	1,05,140	11	0	13,957	12	0	0	0	0
Total ...	708	5,14,320	12	9	49,476	12	0	1,591	1	8

46. In Chota Nagpore, the settlement of Pergunnah Palamow has been commenced, but only 17 villages in one Tuppah could be settled owing to want of sufficient agency. The settlement is intended to be for thirty years. The Tuppah is held on a village system known as *purriadari*, under which the assessment on the rice-land only covers all liabilities of the cultivator on account of upland cultivation and his share of fruit and mowa trees. With the aid of Assessors, it was determined that a *purria* was 6¼ Bengal beegahs. The rate of assessment on a *purria* of the first class is 10 Rupees, of the second class, 5 Rupees, and of the third class, from four annas to 4 Rupees. The rates of the first and second classes

have been retained, but it has been decided to assess the third class at 2 Rupees all round, and that the quantity of up-land held rent-free by each ryot should not exceed in area the rice land held by him, and that eight mowa trees should be allotted to each holder of a *purria*. The up-land and mowa trees used by ryots in excess of the allowance were to be charged for at two annas a beegah, and two annas a tree. "Thus," the Commissioner remarks, "without disturbing the ryots' minds "by the subversion of the system they were accustomed to, Mr. Hewitt was enabled "to make a settlement on an intelligible basis. In very few instances were the ryots "required to pay more than they were accustomed to pay, and, when it was so, the "reasonableness of the increase was apparent to them." The increase to the total demand from the seventeen villages settled is Rupees 488 over the twenty years' settlement made in 1839, and Rupees 230 over the three years' settlement of 1859. For the remainder of the Pergunnahs not settled, the former leases of the farmers have been continued for the current year. Of the three Government estates in Lohardugga obtained by confiscation during the mutinies, the Bhowro and Sellam estates have been leased to *thikadars* at an increase of Rupees 45 and Rupees 15, respectively; and the Burkagurh Estate has been summarily settled with an increase of Rupees 450-1 over the preceding year.

47. In Darjeeling, Rupees 1,716-1 has been obtained by settlement of jotes in the Morung, and Rupees 206-6 from various other sources. The actual accession to the rental of the District derived from new settlements is Rupees 1,643-15. A visitation of locusts last October destroyed half the crops in the Terae, then in a green state, but the rice crops which form the chief staple of the Morung were most abundant. The locusts visited the hills, but did little damage, attacking the tea only when no other description of vegetation was near.

48. The settlement work done in the Cuttack Division is not mentioned in the Commissioner's Report, nor is the work effected in the Patna Division detailed. A considerable amount of work of this description remains for the current year in the Patna Division. In Bancoorah 108 estates await settlement; in Behar 42 estates are to be settled; and 6 in Shahabad, but this number is expected to be greatly augmented when the estates of the late rebel Dabee Buksh come under detailed assessment. These estates have hitherto been held under summary settlement from year to year, pending the final disposal of the suit brought against Government by the widow Ranee.

49. In the Soonderbuns, the work is of various kinds, requiring special mention.

Soonderbuns.

There were 422 estates in charge of the Soonderbuns Commissioner, 12 having been removed during the year by transfer to the neighbouring Collectors after settlement, and four from other causes, and 85 having been received from Collectors for re-settlement on expiry of their leases. These 422 estates consist of 178 lots granted, of which the rent-free periods have not expired; 82 lots not yet granted; 66 resumed estates, and 96 Henckell's and Donelly's estates. As regards these last, most of the enquiries hitherto made show the estates to have no existence except as portions of other estates. So far as the Revenue Commissioner's examination of the cases

pending before him has gone, he has "not met with one in which there "was any reasonable doubt that the Chuks were under cultivation at the time of "the decennial settlement, and included within estates which were then assessed. "The situation of the lands designated in Henckell's and Donelly's lists has, in "each case, been identified on the spot by Ameens who were specially appointed for "the purpose, and in most cases a reference to Prinsep's Map of the Surveys of "1817 to 1822 shows the Chuks to lie so far north of the Forest Boundary as it "existed at that time, that there is no ground for the belief that they were not "within the clearances as they existed at the time of the decennial settlement. "It is in fact admitted in the old correspondence that any one who chose obtained "a clearing lease from Mr. Henckell (which leases constitute Henckell's mehals) "embracing any portion of the already cleared Zemindaree land, which the lessee "for his own purposes thought proper to include in his application." In seven cases examined by Mr. Dampier, the lessees never took possession on their leases.

50. Eight estates were under direct management of the Soonderbuns Commissioner, with a revenue demand of Rupees 33,878-13-1. The collections during the year amounted to Rupees 31,084-8-8, leaving a balance of Rupees 2,794-4-5, the whole of which except Rupees 68-14 is reported to be irrecoverable.

51. The settlement work consisted of 36 estates settled, including nine summary settlements, and eight settlements under the Soonderbuns Grant Rules of September 1853. The area settled is beegahs 2,66,293, and the revenue assessed thereon, most of which is doubtless prospective, Rs. 1,13,368-1-11. There were besides 60 estates inspected, and 51 surveyed, their area being beegahs 2,09,375, of which beegahs 1,97,329 was under cultivation. For the current season, the programme consists of 35 estates to be inspected and surveyed, with an estimated area of beegahs 1,00,784; one grant of beegahs 18,600 requiring survey and settlement, and 12 grants of beegahs 1,66,910 requiring settlement only. Twenty-eight other estates, not grants, with an estimated area of beegahs 88,991, require to be surveyed and settled, and 10, with an estimated area of beegahs 1,14,293, require to be settled only. Twenty-three local investigations, three cases of demarcation of boundaries, and 48 resumption cases complete the list of work for the season, and, for this work, the existing agency is pronounced adequate.

Grants and Sales of Waste Lands, and commutations of grants to rent-free.

52. Grants of waste lands made under the old Rules are shown in the following memorandum:—

Districts.	In 1863-64.				Total to end of 1863-64.

54. There have been no sales in the Soonderbuns under the new Rules, the upset price being too high for land in that tract. A Code of new Rules for the Soonderbuns is under the consideration of the Board, and will shortly be submitted. Thirty-four applications for waste lands in the District of Chittagong, covering 60,000 acres, and twenty-four for lands in the Hill Tract, covering 48,000 acres, have been filed during the year, but, as the sales took place since the close of the year, they do not appear in the above memorandum. In Cachar and Sylhet, it is reported that no sales took place during the year, but this is inconsistent, as regards the former district, with what the Deputy Commissioner states in his letter to Government, dated 7th May last, No. 252, to the effect that five lots, containing 10,500 acres, were knocked down at the upset price of 2 Rupees 8 annas an acre, yielding Rupees 27,250, of which one-tenth has been deposited. The Deputy Commissioner further remarks that the planters in Cachar prefer taking land on leases, in consequence of which the rules are nearly inoperative. No less than 63 applications for large tracts have been made on the common land tenure of the district for a short lease and greatly higher rent. The desire to avoid the risk of losing the lands selected, at the auction sale which the rules prescribe, is the cause of this preference. The Board of Revenue recently supported a recommendation made by the Commissioner of Assam for the withdrawal of the permission for the purchase of waste lands before survey. But, as the Government has deliberately adopted a different policy, they will not say anything further upon the subject.

55. Commutations of grants under the old Rules to rent-free have been effected to a very limited extent as follows:—

District.	In 1863-64.					Total to end of 1863-64.				
	Number of Grants.	Area in Acres.	Revenue prior to Commutation.	Price of Commutation.	Amount paid.	Number of Grants.	Area in Acres.	Revenue prior to Commutation.	Price of Commutation.	Amount paid.

56. Besides the above, three grants in Cachar have been admitted as commutable to fee simple under the Supreme Government Resolution of 17th October 1861,

but the necessary steps have not yet been taken for completing the transaction. Applications for the redemption of eighteen more have been made under the Bengal Government Notification of 30th August 1862, and Rupees 55,348 deposited for an area aggregating 34,566 acres. In Darjeeling, five building location rents were commuted during the year, realizing Rupees 4,000.

57. Satisfactory progress has been made in the cultivation of the tea plant in Assam. About 1,70,000 acres have been taken up, of which 27,000 acres are cleared and planted, affording employment to nearly 28,000 laborers. The value of the tea produced last year and exported to England is estimated at about 25 lakhs, and the value of the estimated outturn for this year is considerably greater.

Cultivation of Tea.

58. In the Chota Nagpore Division, the Ramgurh Tea Company has very considerably extended its operations during the year. The land under tea is more than double the quantity planted in 1862-63. The Jhoomrah Tea Company has taken on lease from the Maharajah of Ramgurh a part of the Jellingah range of hills to the south-east of Hazareebaugh. The plantation is very young, but the plants are said to be vigorous and healthy, and the very large proportion of the seed that has germinated appears to indicate that the soil is well adapted for tea. The manager of the tea plantation formed on the Barkagurh Estate, leased from Government, has also extended his operations, and the appearance of the young plants is described as very satisfactory; but the leaf-producing capabilities of tea plants in these plantations has not yet been fully tested. Labor, however, is still cheap and abundant, and Colonel Dalton observes that, in comparing the results with the plantations of the northern and north-eastern frontiers, it may be found that, if the leaf-producing power of the plants in this province is even half that of the districts abovenamed, the financial results of the speculation may be equally good.

59. In Chittagong, the Commissioner remarks, the soil in many parts is well adapted for tea and coffee cultivation. Several tea planters have visited the district during the year, and have applied for grants. The Commissioner apprehends difficulty in making and defining new grants, "owing to the rather loose hap-hazard way in which large tracts of waste lands were, so to speak, given away rent-free, for long periods, at the settlement of the district." In the neighbourhood of the station, a small plantation of 30 acres has been in cultivation for several years, and it was the produce of this plantation which won a medal in the late Agricultural Exhibition at Alipore. Besides this, there are at present about 215 acres under tea cultivation in the hill tracts.

60. The progress of cultivation in Sylhet is stated to be satisfactory. The earliest date at which cultivation was commenced was in 1857, when one garden was started. The present plantations date from 1860, and later. The extent of land under cultivation in 1862 was 1,370 acres, which was increased in 1863 to 2,321 acres. Of 7 factories established, the cultivation in 6 is stated to be sufficiently advanced to yield a return. In 1862, the yield was 22,026lbs. of tea, and

380 maunds of seed, and, in 1863, 31,168lbs. of tea, and 526 maunds of seed. The outturn of the current year is estimated at 81,200,lbs. and 1,226 maunds of seed. The number of laborers employed in 1862 was 810, of whom 348 were imported, and, in 1863, the number so engaged rose to 1,429, of whom 467 were imported. The laborers are allowed extra remuneration for doing more than their allotted tasks, and their average earnings amount to Rupees 5 a month to each cooly. Applications for 74,623 acres await disposal by the Collector.

61. In Cachar, of the whole number of grants applied for and settled, on 110, aggregating 2,53,372 acres, has cultivation been commenced. The area cleared and cultivated is 28,276 acres, of which 12,745 acres is the work of the year. The age of the cultivation over the whole area is from 1 to 7 years. The estimated capital expended up to the end of 1863 is 37 lakhs, on which a return of 7½ lakhs has been obtained this year. There are now about 300 European planters in the district, and 18,853 coolies at work, of whom 14,435 are imported. The produce of 41 plantations in 1863-64 was 4,18,243lbs. with 1,019 maunds of seed, and the estimated produce of 1864-65 is 8,23,380lbs. with 2,573 maunds of seed.

62. The Board have no specific information relative to tea or other cultivation in the Chittagong hill tracts or in the Damunikoh, now called Sonthal Pergunnahs, these tracts not being in their jurisdiction.

63. The cultivation in Darjeeling is said to be in a very promising state. Clearances and planting are proceeding, but the difficulty of procuring laborers is still felt. The demand for labor on the public works leads to competition, which steadily raises the price. There are 32 factories in this territory. The extent of land under cultivation in 1863 was 10,436 acres, and the outturn was 90,108lbs. Small pox continues to prevail in the cold weather, but the measures taken to discourage inoculation, and introduce vaccination, are reported to have had a good effect.

Emigration of Laborers.

64 In regard to the operation of Bengal Act III of 1863, Colonel Dalton, from whose province coolies for the tea plantations emigrate, states that, in the Lohardugga District, licenses were taken out by nine persons employed as recruiters, who registered 346 emigrants for Assam and Cachar. In Manbhoom, 87 were registered, but only five recruiters appeared with 257 emigrants for those countries. These, he observes, are but a tithe of the number that have actually left the province to labor in other countries, and there is little prospect of a cessation in the tide of emigration.

Cultivation of Cotton.

65. There is not much done in Cotton cultivation in Assam. The quantity produced is small, and the greater portion is retained for local use; almost every Assamese householder is provided with a loom for weaving moonga silk and cotton stuffs. In Chota Nagpore, on the other hand, a considerable impetus has been given to the cultivation by the high prices obtained last season in the cotton-growing tracts of a part of Chota Nagpore and Palamow. It is reported that, if the season be favorable, next year's outturn will double that of last season, which was more than double that of preceding seasons. The Board's reports* on the subject of cotton cultivation in the provinces under their control are dated 14th April last, No. 143, and 30th May, No. 219.

* A still later report has been submitted while these sheets were passing through the Press.

66. The following memorandum shows the results of the orders of Government on the subject of the resumption and settlement of fisheries in navigable rivers. The cases decided against Government have been so decided chiefly on the ground that the fisheries are situated within the limits of the permanent settlement. Late orders from Government direct that the collections shall be refunded in cases in which proceedings under Regulation II. of 1819 have not taken place as a preliminary to resumption; these orders are in course of execution.

67. During the year, the proprietary rights of Government in 893 whole estates, and 3 fractional shares of estates, were sold. The demand subject to which the sales took place was Rupees 2,84,453-9-6, the Mofussil rental being, as far as could be ascertained, Rupees 3,59,327-9-5. The price realized was Rupees 28,67,190, or about ten years' purchase of the Government revenue. To the end of the year, the proprietary rights in 4,412 estates and 131 shares, subject to an aggregate revenue demand of Rupees 10,21,775-3-9, have been sold for a money payment of Rupees 93,13,299-12-11. From this amount, however, must be deducted Rupees 3,81,000 realized by the sale of the Tooskhalee Estate in Backergunge, the sale of which was subsequently cancelled by Government. There remains to be similarly disposed of the Zemindaree title of Government in 2,617 estates and 7 shares, bearing an aggregate revenue demand of Rupees 10,01,363-11-2, with a Mofussil rental of Rupees 12,34,604-13-5, the proceeds of which are estimated at Rupees 67,17,801-2-7, or about 6¾ years' purchase of the revenue demand. It will be 3 or 4 years before all these are disposed of.

No. 13.—Sale of proprietary rights in Government Estates.

No. 14.—Business performed in Collectors' Offices.

68. The number of cases disposed of by Collectors was 3,18,651 out of an aggregate file of 3,73,640 cases, leaving 54,989 cases undisposed of at the end of the year, or 11,010 cases more than at the end of the preceding year. This increase is mostly in the Districts of the Burdwan, Chittagong, Dacca, and Nuddea Divisions. The number of cases instituted in the year was 75,641 more than were instituted in the previous year. This is, however, not due to an accession of new business, so much as to cases being provided for in the recently revised form for which there were no corresponding columns in the form before used. Notices of enhancement of rent and relinquishment of tenure, together with applications to make deposit under the rent laws, account for nearly the whole apparent increase; for, though in various items of business there has been a positive addition, it is counter-balanced by a diminution in rent and resumption suits—these last having, for the most part, been transferred to the Civil Courts. The *new* items of business, besides the notices mentioned, are income tax cases, and proceedings in connection with waste lands, which were not provided for in the previous year's statement.

69. The number of cases disposed of was 53,290 more than in the previous year, owing to the same cause. It is to be presumed, too, that the larger number of pending cases is due rather to the exclusion of business from last year's statement than to any great influx of new work. The miscellaneous business not properly forming cases constitutes an aggregate of 11,35,400 items. Of this, nearly three-fourths consists of proceedings, reports, Office references, and entries in Registers.

Arrangement of Records.

70. In their last report, the Board stated that the arrangement of records in the Soonderbuns Office was in progress; they have not yet received any intimation of the completion of the arrangement. A partial re-arrangement of the Mymensingh records, which was reported by the Commissioner to be necessary, has been carried out. A re-arrangement of the records in Maldah was also considered necessary, and was proceeding at the close of the year. In Dinagepore, the records are undergoing classification in accordance with the instructions in the last issue of the Record Rules.

Levy of fines.

71. The following is a memorandum of fines levied during the year under Act XX of 1848:—

DISTRICTS.	Number of Cases.	Amount.

Visits of Collectors to the interior.

72. The following Officers spent two months and upwards in the interior of their districts:—

	M.	D.
Mr. C. E. Lance, (Monghyr)	2	1
„ J. Beames, (Purneah)	2	1
„ J F. K. Hewett, (Lohardugga)	3	19
Lieut. R. C. Money, (Maubhoom)	3	20
„ H. Sconce, (Goalpara)	3	3
„ A. Andrew, (Durung)	2	14
„ J. Gregory, (Seebsagur)	3	26
Captain A. K. Comber, (Lukhimpore)	3	0
„ B. W. D. Morton, (Cossyah Hills)	2	0
Mr. G. A. Pepper, (Bullooah)	3	26
„ J B. Simson, (Dinagepore)	4	0
„ J. H. Ravenshaw, (Maldah)	5	12
„ V. J. Taylor, (Rungpore)	2	1
„ W. J. Money, (Cuttack)	2	7
„ G. N. Barlow, (Pooree)...	3	17
„ R. P. Jenkins, (Beerbhoom)	2	9

73. The reasons assigned by those Officers who did not go out at all into the interior for their omission are various. Mr. Levien, Collector of Sarun, pleads press of business at the station; Mr. H. W. Alexander, Collector of Patna, assigns a similar cause, with the addition of the transfer of one, and demise of another Deputy Collector, and of his having to enquire into the Patna conspiracy. Mr. Millett, Collector of Bograh, alleges great pressure of criminal business consequent on the death of his predecessor, Mr. Larkins. Mr. Cornell was prevented by illness from visiting the interior of Balasore. Mr. Henderson, Collector of Mymensingh, was absent on leave during the tour season, and Mr. Maclean, being alone and deprived of the services of two Deputy Collectors, could not go out. Mr. Taylor left Sylhet without having had time to visit the interior, and Mr. Drummond took charge so late in the year that he had not leisure to do so.

74. Some Officers were out for very brief periods. Mr. Mangles, who was only 16 days away from head quarters, alleges pressure of work at the Sudder Station of Tipperah, and the inadequacy of his staff of Deputy Collectors. Mr. G. Taylor was out 11 days only in Backergunge, but assigns no reason. Mr. Drummond, who was 12 days out in Dacca, took charge in January; neither of his predecessors had sufficient health to go out. Mr. Birch visited the interior of Jessore for 15 days, and Mr. Moloney for 5 days; the reason assigned for the brief duration of the visit of the latter is that two changes of Collectors took place between November and February, and that a Collector, on first taking charge, can rarely afford to go out.

75. Some of the pleas put forward are not, the Board believe, without foundation, but still it is to be feared that such pleas are sometimes used to excuse the want of a proper interest in the internal administration of his district which a Collector ought to evince. There is much truth in the following remarks of the Commissioner of Nuddea on the subject: "However strong the special reasons given in

each case of short tours may be, it is clear that they repeat themselves every year, and in every district of this division, and that the orders which have so often been issued to the effect, that the district tour should be the main duty of the cold weather, are disregarded. Formerly, a Collector used to take some share in the field work as keeping up his familiarity with men, and of course he cannot be expected to do so now to any extent, but I do not call to mind a single case during the year which any Collector, or any Magistrate, has (of his own motion) considered to be difficult or important enough to call for a local enquiry by himself in person. When the head of the district goes out, he confines himself to visiting the sub-divisional offices for two or three days, and inspecting their interior details. That done, the sub-division is considered disposed of for a year at least. With a Joint Magistrate and Deputy Collector in charge of the Sudder Station, with one full-power Officer at least to take up criminal cases, with a District Superintendent in charge of the Police, with a Deputy Collector in charge of the Treasury, Abkaree and Income Tax duties, with one or two Deputy Collectors for rent suits, in fact, with some subordinate to do the details of every kind of duty which can be classified under any particular designation, and with an Assistant, I should be glad if the Magistrates and Collectors would give more of their personal supervision to what is going on in their districts elsewhere than in the Sudder Station. By not doing so, they lose their influence in the sub-divisions."

Official Libraries.

76. The official libraries are reported to be in good order, with one or two exceptions. In Jessore, 46 volumes, besides pamphlets, have been allowed to be damaged by white ants during the Poojah vacation of last year; and, in Sarun, attention is promised to the rules in the new building now entered. In the Chota Nagpore Division, the accommodation is defective, except in Lohardugga, and this is also the case in Darjeeling where a new building is to be erected.

Merits of Officers.

77. Following the precedent adopted in the last year's Report, and specially approved by the Government, the Board will name only the following Collectors as deserving of very special commendation. At the same time, they are glad to say, generally, that many other Officers of this grade have given great satisfaction in the discharge of their duties :—

Barlow, Mr. G. N.	Reynolds, Mr. H. J.
Elliot, Mr. A. J.	Smith, Mr. A.
Grey, Mr. J. J.	Stewart, Captain R.
Hogg, Mr. S. S.	Tottenham, Mr. L. R.
Hope, Mr. A.	Ward, Mr. J. P. H.
Mangles Mr. R.	

78. The Covenanted and Uncovenanted Deputy Collectors and the Assistant Collectors, whose services they have to bring to special notice, the Board will divide into classes. The first list contains the names of those whose services are most notable, and whom the Board consider, either from their mature experience or high promise, to be the most valuable Officers of the class.

79. The second list contains the names of those Officers who have received more than ordinary commendation from their local superiors. In future, the Board propose, with the approval of Government, to insert in these lists the name of no Officer who has not passed the first standard examination. Until that test is passed, an Officer has very limited revenue powers, and the opinion formed of him by his superiors must be, more or less, theoretical. The omission of the name of unpassed Deputies and Assistants will enable the Board to curtail the list to some extent.

1st Class Deputy and Assistant Collectors.

Beverley, H.
Drummond, J. S.
Field, Mr. C. D.
Hewitt, J. F. K.
Mackenzie, A.
Metcalfe, C. T.

80. The following Officers are unfavorably mentioned. Extracts from the Reports are forwarded separately :—

ASSISTANT.

Mr. J. D. Ouseley.

UNCOVENANTED DEPUTY COLLECTORS.

Mr. J. W. Garstin.
Moulvee Mahomed Ali.
Baboo Brijundernarain Deb.
Mr. S. C. Hampton
Mr. J. Cooke.
Mr. W. Clementson.
Baboo Srishchunder Bidyarutton.
Mr. H. Driver.

81. Three of the above, namely, Mahomed Ali, Brijundernarain Deb, and Mr. Cooke, were unfavorably noticed last year also. Of three others named on that occasion, namely, Chundeechurn Singhee, Moulvee Abdoollah, and Mr. J. R. Anderson, the first is dead, and the other two are no longer in the service.

82. The business was heavier in the Patna Commissioner's Office than elsewhere, and lightest in Cuttack and Chota Nagpore. The following is a comparative memorandum for the two years :—

No. 15.—Business in Commissioners' Offices.

	In 1862-63.		In 1863-64.	
	Cases.	Miscellaneous business.	Cases.	Miscellaneous business.
On the file	6,341		5,143	
Disposed of	5,467	48,455	4,358	48,158
Remaining	874		785	

83. The decrease of business is in the Burdwan, Dacca, Nuddea, and Rajshahye Offices, and is caused chiefly by a decline in the number of appeals. Section 4, Regulation III. of 1828 cases have also declined in Dacca, and miscellaneous cases in Burdwan and Nuddea.

84. Mr. A. Money visited all the Districts of his Division, remaining out nearly three months. Mr. Cockburn occupied two and quarter months with his tour in the Patna Division; the business of his office, especially the Patna conspiracy case, interfered with his visiting Chumparun and Behar. Colonel Dalton spent more than six months in the Districts of the Chota Nagpore Division chiefly on political business, nearly five months being passed in the Tributary Mehals. In Assam, Major Agnew and Colonel Hopkinson were out conjointly about three and half months; Goalpara only was not visited. In the Chittagong Division, Mr. W. G. Young visited the island of Kootubdea, the Hill Tract of Chittagong, Bullooah, and Tipperah, the last twice, occupying two months with his tour. In the Rajshahye Division, Mr. Scott spent a little more than two months in his visit to Maldah, Dinagepore, and Rungpore, leaving the other Districts unvisited. In the Cuttack Division, Mr. Shore was out five and half months, chiefly in the Tributary Mehals. Mr. Simson was out four months in the Dacca Division, and Mr. Buckland one month and a half; Mr Simson's second visit to Mymensingh was chiefly to hold the Sessions. Mr. Dampier visited Jessore and Nuddea in the Nuddea Division, occupying nearly three months with his tour. In the Burdwan Division, Mr. Montresor was absent at Hooghly for a month, and at Beerbhoom, Bancoorah, and Raneegunge for 19 days; Midnapore was left unvisited, the Commissioner having been summoned to Calcutta from December to the middle of February to assist in the arrangements for the Agricultural Exhibition at Alipore.

Tours of Commissioners.

Libraries.

85. All the Divisional Libraries are reported to be in good order.

86. The following Commissioners held office during the year :—

Bhaugulpore Division ...	Mr. A. Money, to 5th Aug. and from 6th Nov.
	" J. W. Dalrymple in the interim.

BURDWAN DIVISION	...	Mr. G. Plowden, to 31st May.
		„ C. F. Montresor, from 1st June.
CHITTAGONG DIVISION	...	„ W. G. Young.
CUTTACK DIVISION	...	„ R. N. Shore.
DACCA DIVISION	...	„ F. B. Simson, to January.
		„ C. T. Buckland, from February.
NUDDEA DIVISION	...	„ H. L. Dampier.
PATNA DIVISION	...	„ G. F. Cockburn.
RAJSHAHYE DIVISION	...	„ R. S. Scott.
ASSAM DIVISION	...	Major W. Agnew, to February.
		Colonel H. Hopkinson, from March.
CHOTA NAGPORE DIVISION	...	„ E. T. Dalton.

87. The Board are generally satisfied with the manner in which all the Commissioners of Revenue have conducted their duties. They have much pleasure, however, in specially commending the following Officers. As in the case of Collectors, the Board have made the selection of Officers named in the list on rather more rigid principles than heretofore :—

Mr. G. F. Cockburn.	Major W. Agnew.
Mr. R. N. Shore.	Mr. H. L. Dampier.
Lieut. Colonel E. T. Dalton.	

88. The Commissioner's Annual Reports and the other Returns which contribute materials for this Report were received on the following dates. The intervention of the holidays prevented the receipt of replies to the Board's calls for further information early enough to allow of this Report being completed in October :—

FROM THE HON'BLE A. EDEN,

Secretary to the Government of Bengal,

TO THE SECRETARY TO THE BOARD OF REVENUE, L. P.

Fort William, the 12th April 1865.

Revenue.

SIR,

THE Lieutenant-Governor desires me, in acknowledging the receipt of the Board's Report* on the Land Revenue Administration of the Lower Provinces for the year 1863-64, to point out that it should have been received on 31st October. It is, however, dated 15th November, and was not received till 12th December. His Honor has recorded the following remarks and observations on the Report:—

* No. 422, dated 15th November 1864.

2. PARAGRAPHS 2-5.—The Lieutenant-Governor notices with satisfaction that on the aggregate demand of the year, including arrears, the collections amounted to Rupees 91-10-8 per cent. The collections fall short in the Districts specified in paragraph 4, but with a few exceptions the deficiency is satisfactorily accounted for. Further explanation is, however, necessary regarding the large balances in Backergunge, Nuddea, Luckimpore, Nowgong, and Darjeeling.

3. PARAGRAPH 6.—The sum of Rupees 11,486, which had to be written off as "error in account in Darjeeling," requires explanation.

4. PARAGRAPH 9.—The Lieutenant-Governor regrets that the progress made in redeeming the revenue of small Estates should have been so slow. It does not, however, appear to His Honor that any measures for accelerating the process of redemption are feasible or desirable. It is sufficient to be assured that the holders of these Estates are all of them well aware that Government has given them the option of redeeming, and the rest must be left to the views which they take of their own interests. It is probable that of all the causes enumerated by the Board as accounting for their hesitation to redeem, two only will be found of much importance; (1) that the majority of the owners have not the money to redeem; (2) that those who have the money can find a more profitable investment for it than by purchasing a rent-free title.

5. PARAGRAPH 11.—The statement of collections on account of Forest Revenue does not shew if the collections correspond exactly with the demands. It is presumed that they do, and that there are no outstanding balances on this account; still it would be as well to have the statement in a form which should leave no doubt on the point. The Lieutenant-Governor notices one item "fees for towing vessels by gun-boat" at Chittagong, which appears to be very singularly placed as a credit to Forest Revenue.

6. PARAGRAPHS 12-15.—The collections in Government Estates fall very far short of the demand. A balance of 20 per cent. remained outstanding and recoverable at the end of the year. This deficiency is not satisfactorily explained, and further information should certainly be called for regarding these balances in the Districts of Hooghly, Midnapore, Moorshedabad, Hazareebaugh, and Maldah.

7. The statement that out of the Chittagong balance Rupees 37,066 was due from Estates under the Court of Wards also requires further elucidation. The collection and demands from these Estates are understood by the Lieutenant-Governor to be shewn in Statement No. 4, not in No. 3, to which the paragraph of the Board's letter refers, and in which the outstanding balance is shewn.

8. PARAGRAPH 18.—The collections in Estates under the management of the Court of Wards, on account of Government revenue, are slightly better than those of last year. There is still a great and unexplained deficiency in Chittagong, and the Board will be so good as to call for a full and sufficient report as to the Collector's inability to collect more than 61 per cent. of the demand on this account. The collections on account of the rental due from tenants still appear to the Lieutenant-Governor very unsatisfactory, and, though the deficiency is to a certain extent accounted for in the Patna and Bhaugulpore Divisions, the explanation is far from complete, and in other Divisions no sort of reason for the deficiency is offered. I am to request that an expression of the Lieutenant-Governor's dissatisfaction at the results exhibited in this Statement may be conveyed to the Officers concerned.

9. PARAGRAPH 25.—As regards the Wards' Institution at Calcutta, I am to remind the Board that the Lieutenant-Governor has already called for a Report* from the Visitors of the Institution, regarding the health, conduct, and progress of the Wards. Such a Report, the Lieutenant-Governor need not repeat, is likely to carry far more weight with the public than a mere extract from the Director's Report, which, moreover, being confined mainly to details of individual ailments, is scarcely fit for publication.

* No. 3847, dated 11th November 1864.

10. PARAGRAPH 26.—The Lieutenant-Governor will be glad to receive a separate Report on the Tirhoot case, mentioned as one in which the order of the Local Civil Court under Act XL. of 1858 was reversed by the High Court.

11. PARAGRAPH 28.—The Lieutenant-Governor notices that the collections on account of attached Estates are even more deficient than they were last year, amounting to little more than 58 per cent. of the demand. The explanation given by the Board can only be partially accepted, and the earnest attention of Local Officers should be called to the subject.

12. PARAGRAPHS 31-35.—The Lieutenant-Governor abstains from commenting at present on the working of Acts X. of 1859, and VI. (B. C.) of 1862, as shewn in these Statements. His Honor trusts that the Special Report called for from the Board on this subject will be submitted without further delay; in the meantime the only point that calls for notice is the paucity of applications for sale of distrained property even in those Districts, where the facilities for sale have specially been increased, in order to meet what was supposed to be a great deficiency, and a bar to the usefulness of the provisions which the Law makes for distraint. It appears that Mr. Dampier is justified

in his inference that "Landholders have no real desire to distrain, and prefer realising their rents by suit," and His Honor considers such a result to be undoubtedly a matter for congratulation, and a sign of a healthier and more satisfactory state of things than formerly existed.

13. PARAGRAPH 38.—The Lieutenant-Governor observes that the number of Estates sold on account of their own arrears during the year under review is very largely in excess of those sold during the two previous years. A comparison of the Estates exempted from sale during these years also shews a similar result. There were this year (excluding the District of Sylhet) over 9,000 exemptions against a return of 1,534 Estates exempted last year. The Lieutenant-Governor will be glad to know if the Board can offer any explanation of this remarkable increase. He observes with satisfaction that the average price realized in proportion to the Government demand on the Estate was higher than last year.

14. PARAGRAPH 49.—The Lieutenant-Governor desires that the Board will submit a separate Report regarding the Estates, known as "Henckells and Donelly's Estates," and will state what in their opinion should be done as regards the retention of them under separate numbers in the Roll of Estates.

15. PARAGRAPH 54.—The Lieutenant-Governor desires that an explanation may be submitted of the inconsistency between the two statements made regarding the sales of Waste Lands in Sylhet and Cachar.

16. PARAGRAPHS 57-63.—The progress which the cultivation of the Tea plant is making is, in His Honor's opinion, very satisfactory: not only in Assam, which exported during last year Tea to the estimated value of 25 lacs of Rupees and in Cachar, where 300 European Planters have settled, and have extended the cultivation of the plant over a cleared area of 28,000 acres, but in other parts of these Provinces the progress is great and rapid. In Darjeeling there were thirty-two Factories at work and 10,436 acres under cultivation, and in Sylhet seven Factories and an area under cultivation of 2,321 acres. In Chota Nagpore also several Tea Plantations have been formed and the plant promises to thrive there well. In Chittagong, too, the cultivation is commencing, and there are already about 215 acres under Tea in the Hill Tracts.

17. PARAGRAPH 67.—The price realized by the sale of Government Estates is satisfactory.

18. PARAGRAPHS 73-75.—The Board are desired to call the attention of the District Officers to the great importance which His Honor attaches to their moving about as much as possible in the interior of their Districts. This duty appears to be greatly neglected by many Officers, and His Honor especially observes that the reasons put forward by Messrs. Levien, G. Tayler, and E. Drummond are altogether insufficient to excuse their apathy and disregard of the orders on this point, and the Board will be so good as to tell them so.

19. PARAGRAPH 77 *et seq.*—The Lieutenant-Governor notices with pleasure that the Collectors whose names are entered in the margin are considered to be deserving of special commendation.

Barlow, Mr. G. N.	Reynolds, Mr. H. J.
Elliot, Mr. A. J.	Smith, Mr. A.
Grey, Mr. J. J.	Stewart, Captain R.
Hogg, Mr. S. S.	Tottenham, Mr. L. R.
Hope, Mr. A.	Ward, Mr. J. P. H.
Mangles, Mr. R.	

20. It is to be desired that the list of Officers who have specially distinguished themselves should be prepared every year on the principle

which has guided the Board this year, not only because the distinction is far more valuable when confined to a few than when given with little discrimination to a great mass of Officers, but also because it places Government in a much better position for knowing who are really its best Officers. Similarly His Honor approves of the mention of the Assistant and Deputy Collectors whom the Board have entered in the First* Class, but for these very reasons he would wish that the whole long list of ninety-two Officers who are entered in the Second Class should be omitted. Undoubtedly Officers who have not passed by either Standard should not be included in any list of specially commended Officers. Regarding the Officers who have been mentioned unfavorably His Honor's orders will be communicated hereafter. The Lieutenant-Governor's special acknowledgments are due to the undermentioned Commissioners, whose able management of their Divisions has been brought prominently to his notice :—

Mr. G. F. Cockburn.	Major W. Agnew.
,, R. N. Shore.	Mr. H. L. Dampier.
Lieut.-Col. E. T. Dalton.	

His Honor notices, however, with pleasure that the Board are well satisfied with the manner in which all the Commissioners have conducted their duties, and I am to add His Honor's acknowledgments of the Board's careful supervision over the Revenue Administration of Bengal.

I have the honor to be,

Sir,

Your most obedient Servant,

A. EDEN,

Secretary to the Government of Bengal.

1st Class Deputy and Assistant Collectors.

REPORT

ON THE

LAND REVENUE ADMINISTRATION

OF THE

LOWER PROVINCES,

FOR

THE OFFICIAL YEAR

1864-65.

Calcutta:
R. DEAN, CALCUTTA CENTRAL PRESS COMPANY, LIMITED,
5, COUNCIL HOUSE STREET.
1865.

No. 354A.

FROM

R. B. CHAPMAN, ESQUIRE,

Secretary to the Board of Revenue,

Lower Provinces,

To

THE SECRETARY TO THE GOVERNMENT OF BENGAL.

Dated Fort William, the 21st November, 1865.

SIR,

Land Revenue. *Present:* A. GROTE and E. T. TREVOR, ESQS.

I HAVE the honor to submit the following Report on the Administration of the Land Revenue in the Provinces subject to the control of the Board of Revenue, during the past year 1864-65, together with the Statistical Tables, numbered 1 to 15, in the Appendix.

No. 1.—Land Revenue Demands, Collections, Remissions, and Balances.

2. The number of estates and holdings on the several district rolls is 224,167. This number is considerably in excess of that previously reported, the *bonâ fide* number of estates and holdings being now counted, whereas, formerly, such districts as Calcutta, and Jynteah in Sylhet, which contain numerous petty holdings, were shown as single estates. The Board having now had the accounts of the land revenue transferred to them, are better able to ensure their correspondence with the actual revenue roll.

3. Of the aggregate number of estates and holdings, 202,831 are on the fixed roll, and 21,336 on the fluctuating roll. Of those on the fixed roll, again, 4,404 pay malikana and police demands, as well as revenue. Besides these, there are two estates which bear a malikana demand only, 1 which pays both a malikana and a police demand, and 168 which pay a police demand only.

4. The demands and collections in Appendix No. 1 are not purely revenue, but include malikana also. This is in accordance with the practice which has heretofore been followed. The particulars relating to malikana are, however, distinguished at foot of the Statement. The police demands and collections are

also shown at foot, but these are not included, like the malikana, in the body of the Statement.

5. Since the land revenue accounts have been transferred to the Board, they have substituted for the returns heretofore made to the Accountant General, a single return, to which, as the standard, all returns of land revenue demands and collections should conform. In most districts the entries have been tested or corrected by this standard; but the comparison could not be extended to all, in consequence of the non-receipt, up to the present time, of the return for the last quarter of the past year.

6. The Board will now proceed to comment on the results exhibited in Appendix No. 1. Of the current demand, Rupees 3,73,43,831, there was realized during the year Rupees 3,38,31,093, or 90·6 per cent.; and of the arrear demand, Rupees 32,12,637, the collections amounted to Rupees 30,45,709, or 94·8 per cent. The total collections amounted to Rupees 3,68,76,802, or 90·9 per cent. on a total demand of Rupees 4,05,56,468. Of this demand Rupees 150,504, or 0·4 per cent., was remitted, leaving Rupees 35,29,162, or 8·7 per cent., outstanding at the close of the year.

7. The following Table shows the rate per cent. of the total collections in each district, calculated with reference to the current demand only, in accordance with the test established by the orders passed by Government on the Board's Report for 1860-61.

DISTRICT.	Current Demand.	Total Collections.	Percentage of total Collections to current Demand.	Amount of deficiency in Collections.
	Rs.	Rs.	Rs.	Rs.

Grand Total	...	3,73,43,831	3,68,76,802	98·75	4,67,029

8. In 27 of the above 49 districts the collections fall short of the amount required by the test. Passing by those districts in which the amount remitted as irrecoverable goes far towards compensating for the deficiency, and those for which columns 14 and 15 of the Appendix furnish a sufficient explanation, the districts requiring to be specially noticed are Midnapore, (which stands out prominently,) Bullooah, Sylhet, Calcutta, Jessore, 24-Pergunnahs, and Kamroop. To these may be added Chittagong, which, though it bears the test, has a very heavy balance outstanding. Explanations will, therefore, now be given of the net balances outstanding in these districts.

9. Midnapore.—Net balance, Rupees 4,06,364. Of this balance Rupees 88,508 could not be legally enforced within the year; Rupees 1,43,575 was considered doubtful and irrecoverable, in consequence of the damage sustained in that district—far more heavily than anywhere else—from the Cyclone of 5th October, 1864. The Board's Report on the damage, and the consequent remissions, is dated 30th August last, No. 278. For the same reason the recovery of the realizable balance is deferred. The estate of Mysadul has especially suffered, and considerable distress prevails in Jellamootah and Majnamootah. Here, therefore, further time has been allowed for the collection of the balances.

10. Bullooah.—Net balance, Rupees 46,095. Of this, Rupees 27,329 was not legally realizable till after the close of the year. Of the remainder, Rupees 7,886 has since been realized, the delay being due to the fact that the defaulters were residents in other districts. Rupees 3,338 was due from Wards of Court, whose personal property was under attachment; Rupees 3,255 had been suspended by order of the Collector and Commissioner; and the remainder is made up of various small items, which need not be detailed.

11. Chittagong.—Net balance, Rupees 2,09,901. Of this, Rupees 88,529 could not be enforced during the year, and Rupees 19,193 was doubtful. Of the rest, Rupees 62,092 had been realized, and for the recovery of Rupees 16,080, further time allowed to the farmers. The other items are too numerous to be particularized.

12. Sylhet.—Net balance, Rupees 24,728. Of this, Rupees 13,632 had been realized; Rupees 2,038 was doubtful; and the rest was in course of collection by means of processes issued through the putwarees, who constitute the collecting agency in a district which consists of innumerable petty holdings, and which in this respect stands unrivalled, even by Chittagong.

13. Calcutta.—Net balance, Rupees 30,641. No coercive measures could legally be taken within the year for the realization of Rupees 24,375. The rest was in course of realization.

14. Jessore.—Net balance, Rupees 76,877. The amount not legally realizable was Rupees 55,909, and Rupees 6,722 was doubtful. Of the rest,

Rupees 7,836 had been since realized, and the bulk of the remainder awaited the revision of a fishery settlement.

15. TWENTY-FOUR PERGUNNAHS.—Net balance, Rupees 2,42,218. The amount not realizable, without resort to legal process, was Rupees 1,70,389; Rupees 29,904 was irrecoverable; and Rupees 30,590 had since been realized. Of the remainder, a large portion was due from defaulting farmers of fisheries, and a small portion from the Calcutta and South-Eastern Railway Company.

16. KAMROOP.—Net balance, Rupees 7,441. Of this sum, Rupees 5,397 had been realized to the end of May, and the remainder was in course of recovery by the usual method, that is, through the agency of chowdries.

17. The remissions during the year amounted to Rupees 1,50,504, of which Rupees 1,04,907 consists of current revenue, and Rupees 45,597 of arrear revenue. The former comprises a large item of Rupees 92,040 remitted in the districts noted on the margin on account of lands taken before the decennial settlement for purposes of salt manufacture. The remission is annual, and at this distance of time it seems hopeless to expect that the lands taken will admit of identification, with a view to their re-incorporation with the estates of which they originally formed component parts. Probably a reduction of the demand on the revenue roll will eventually be necessary, should measures of identification fail. This will be more convenient than the present system of annual remissions. The remainder of the current remissions consists of the following items:—

	Rs.
Backergunge	12,703
Jessore	15,925
Nuddea	8,501
24-Pergunnahs	51,852
Hooghly	2,911
Burdwan	148

	Rs.
Assignments as rewards for loyal services in Gya (Rs. 8,068), Lukhimpore (Rs. 36), and Lohardugga (Rs. 1,056)	9,160
On account of lands taken for public purposes in Burdwan, Midnapore, and Cachar	898
On account of embankment repairs of two estates in Cuttack ...	2,809

The arrear remissions are of an ordinary character, except Rs. 9,577 granted in Cuttack on account of repairs of embankments of the same two estates.

18. The following is a comparison of the results of the two years:—

Years.	Current Demand.	Arrear Demand.	Total Demand.	Percentage Collected. Current.	Percentage Collected. Arrear.	Percentage Collected. Total.	Percentage Remitted.	Percentage Outstanding. Current.	Percentage Outstanding. Arrear.	Percentage Outstanding. Total.
	Rs.	Rs.	Rs.	Rs. As. P.	Rs. As. P.	Rs. As. P.	Rs. As. P.	Rs. As. P.	Rs. As. P.	Rs. As. P.
1863-64.	3,73,20,320	32,97,594	4,06,17,923	91 6 10	94 5 11	91 10 8	0 8 9	8 3 0	2 14 5	7 12 7
1864-65.	3,73,43,831	32,12,637	4,05,56,468	90 9 6	94 12 10	90 14 10	0 5 11	9 2 1	3 12 5	8 11 3
Difference.	+ 23,502	— 84,957	— 61,455	— 13 4	+ 6 11	— 11 10	— 2 10	+ 14 7	+ 14 0	+ 14 8

19. There is an increase of nearly a quarter of a lakh in the current demand. The increase would have appeared much larger, but for the mistake made in crediting the Cooch Behar tribute in the accounts of the Commissioner of the Bhootan Dooars, instead of, as heretofore, to land revenue of Goalpara. This mistake has since been rectified. Some items also, which in the past year appeared as Land Revenue, are now transferred to their proper places under Forest and Miscellaneous Revenue. If these deductions had not taken place, the actual increase would have been about a lakh of rupees for the year. The comparison, on the whole, however, is unfavorable to the year of report, in consequence of the derangements caused by the Cyclone in Midnapore, of which mention has already been made.

Redemption of Government Revenue.

20. The following Table shows the progress made in the redemption of the revenue of petty estates, under the orders of Government, dated 30th June, 1852, and 12th May, 1854.

Districts.		Redeemed in 1864-65.			Altogether to end of 1864-65.			Not yet redeemed.		
		Number.	Government Revenue.	Price.	Number.	Government Revenue.	Price.	Number.	Government Revenue.	Price expected if redeemed.
At 10 years' purchase.

	Total ...	604	861 3 6¾	11,488 10 9	14,586	7,471 11 3	83,953 12 1½	43,310	81,232 5 7	11,80,952 6 11½

21. The redemption price is 10 years' purchase of the revenue, except in Calcutta and its Suburbs (usually called Punchannogram), where 15 years' purchase is taken. In these last the measure is not restricted to those estates which pay a revenue of 1 rupee and under, as it is elsewhere. The holdings, however, are generally small in Calcutta and the Suburbs. The permission to redeem has only recently been extended to the Suburbs, and the results above shown are those of the first year of its operation.

22. Altogether, 14,586 estates and holdings, bearing an aggregate Government demand of Rupees 7,471-11-3, have become freehold property by the ready money payment of Rupees 83,954. Of the entire number redeemed, 13,429 belong to Chittagong, 486 to Calcutta, and 64 to the Suburbs. There yet remain 14,301 estates in Chittagong capable of redemption, 10,973 holdings in Calcutta, 14,678 holdings in the Suburbs, and 3,358 estates in all other parts of the country. Sylhet, in which the number of estates of all sizes is 77,848, bearing an average revenue of about 6 Rupees each, and in which the number of petty estates must be proportionately larger than in Chittagong, is the only settled district to which the option of redemption has not yet been accorded. The Board have under consideration a proposition made by the Commissioner for extending the privilege to this district.

23. The progress made in redeeming the Government revenue of petty estates continues to be very slow; but if small proprietors do not appreciate the advantage and policy of redeeming, after it has been widely notified that such a privilege has been accorded to them by Government, nothing further can or need be done. Up to the present time, the Collectors' establishments have been relieved of the business of keeping the accounts of 14,586 petty estates that have been redeemed out of the aggregate number of 57,896, to which the orders were applicable. This is equivalent to a reduction of one-fourth of the labor of keeping the accounts of all the petty estates in Bengal. Should the remaining estates, capable of being made rent-free, be redeemed, the further amount to be realized from them will be Rupees 11,80,952; but judging from the limited advantage taken during the past 11 years of the liberty accorded by Government, very little hope can be entertained of much more being effected in this direction than has already been attained.

No. 2.—Demands, Collections, Remissions, and Balances of Forest and Miscellaneous Revenue.

24. This Statement was lately instituted in accordance with the orders of the Supreme Government, directing the separate exhibition of Forest from Land Revenue. Twenty-seven items of forest revenue are shown distributed over 8 districts, with a demand for the year of Rupees 28,442, of which Rupees 15,371, or 54 per cent., was collected in the course of the year. On the aggregate demand of Rupees 33,725, the collections amounted to Rupees 20,454, or 60·6 per cent. The balance outstanding is almost entirely in Lukhimpore. The Deputy Commissioner hoped to realize it shortly from the lessee of the right to collect India-rubber, who resides in Calcutta.

25. The Miscellaneous Revenue items are 581 in number, with a demand for the year of Rupees 92,703. Including the past year's arrear, the demand was Rupees 1,09,426, of which Rupees 95,291, or 87·1 per cent., was realized within the year. The remissions amounted to Rupees 2,969, chiefly in the Cossyah Hills, owing to the late outbreak. For this reason, also, the outstanding balance in this district is so heavy. The Lohardugga balance is being collected by instalments.

26. This Statement is not yet in the shape in which the Board intend it to be, in order to fulfil the purpose which it is designed to subserve. In future, the item "Licenses to catch Elephants" will be transferred from the Miscellaneous to the Forest head; "Fisheries" will be incorporated with Land Revenue; and sundry new items, as "Sales of Government Estates," "Fees," and "Fines" will be shown as Miscellaneous Revenue.

No. 3.—Estates, the property of Government, their disposition and management.

27. The number of Government estates is 26,982. The excess over 7,905, appearing in the previous year's Statement, is owing mainly to the Jynteah territory being now entered according to the number of holdings for which separate engagements have been taken, and not as one estate. On the other hand, Calcutta, Cachar, and Singbhoom are no longer shown in the Statement; the figures heretofore given being merely a repetition of Statement No. 1, which seems to be their appropriate place.

28. Of the aggregate demand, Rupees 19,35,113, there was realized within the year Rupees 14,17,402, or 73·2 per cent.; and the remissions amounted to something short of 1 per cent. The outstanding balances were heaviest in the following districts :—

DISTRICT.	Amount balances.	Not realizable till after close of the year.	Doubtful.	In process of recovery.
	Rs.	Rs.	Rs.	Rs.
Chittagong	1,34,307	50,823	15,623	67,861
24-Pergunnahs	1,45,170	86,921	27,968	30,281
Pooree	34,019	32,177	1,842	....
Shahabad	27,801	8,672	17,793	1,336
Jessore	22,858	21,070	461	1,327
Midnapore	21,578	....	9,648	11,930
Sylhet	15,934	....	1,784	14,150

29. In Chittagong, the doubtful balance is nearly all due from the farmer of Kootubdea, an island which is reported to have suffered from an inundation of the sea. Of the good balance, Rupees 29,751 has since been realized, and for the payment of Rupees 16,080 an extension of time has been allowed to

the farmers ; the remainder was in course of realization. In the Twenty-four Pergunnahs, about one-half of the doubtful item stands against the Eastern Bengal Railway Company, who question the propriety of the demand. The rest is on account of Punchunnogram holdings ; Rupees 3,295 had been since remitted, and Rupees 5,719 is specifically reported to be irrecoverable, in consequence of damage done by the Cyclone of October last year. Of the good balance, Rupees 21,266 had since been realized, and steps were being taken for enforcing the realization of the remainder. The doubtful balance in Pooree is ascribed to inundation, and that in Shahabad had been either suspended or reported for remission. In Midnapore, the doubtful balance is almost entirely on account of *julpye* lands, on which fuel was grown for the manufacture of salt. These lands are no longer required for the manufacture, but the demand is on the books, and parties are unwilling to engage for them. Rupees 7,721 of the good balance is also due on the same account ; the Cyclone created difficulty in making collections. The doubtful balance in Sylhet had been reported for remission, and the greater part of the good balance had been realized since.

Loss of Revenue from diluvion.

30. The following sums are returned as having been remitted during the year, on the ground of diluvion :—

Districts.		Number of Estates.	Revenue.	Amount remitted.
			Rs.	Rs.
Bulloosh	...	6	5,410	1,096
Chittagong	...	5	5	10

Total	...	29,031	17,24,084	2,09,820	12·1

32. In the Assam Province, the chowdries collect the entire revenue, for which they are allowed a high percentage as remuneration for their labor. After paying themselves the commission, the balance is paid into the Treasury, and entered as the demand of the year. The Board consider this system objectionable, and have directed that the *gross* collections be paid in, and credited as demand, the commission to the chowdries being paid from the Treasury on bills countersigned by the Commissioner. In Cachar, the collecting establishment costs 2 per cent. only; elsewhere, the collections, on which a percentage is allowed, are made from single estates, the usual rate of remuneration being 10 per cent. In Cuttack, however, owing to the numerous small items to be collected from the bazar dealers, the expense of the establishment employed comes to 19 per cent. of the amount collected. In Sylhet, the expense of the agency for making collections in Jynteah comes to only one per cent. In the Sunderbuns, an exceptional rate of 20 per cent. is allowed to Mr. Morrell for collecting the rents of the Tooskhali estate, which has come under direct management in consequence of the cancelment of the sale made in 1861-62. In the other Sunderbuns estates under direct management, the usual rate of 10 per cent. is allowed.

Three per cent. Improvement Fund.

33. The following sums have been set apart during the year from the collections of Government estates. Portions of the sums so set apart are, under direct orders from Government, transferred to credit of the Road Fund. In Pooree, the fund is appropriated to the support of an hospital and a dispensary.

Districts.	Number of Estates.	Collections.	Three per cent. set apart.

34. The Commissioner of Nuddea thus notices the recovery of the country to the south of the 24-Pergunnahs District from the effects of the disastrous Cyclone of 5th October, 1864 :—

Cyclone of 5th October, 1864.

"I reported on the condition of all the Government estates, and recommended that liberal remissions should be made to the Government farmers on their entering into formal arrangements to extend similar indulgence to their under-tenants. The measure was approved in the Board's No. 22, dated 7th February. The Board will read with satisfaction the following remarks by Baboo Bunkimchunder Chatterjee as to the recovery of the south of the 24-Pergunnahs from the effects of the Cyclone :—'The damage done by the Cyclone has been the subject of special reports, and need not be touched upon here; but it may be of interest to know what has been the remedial effect of the lapse of half a year; and I can here state the gratifying fact that six months have sufficed nearly to obliterate all traces of its ravages. Market prices have readjusted themselves; the wages of labor have sunk down to their normal level; the thousands of huts and houses blown down have been replaced by others not at all inferior, and ryots are *generally* paying in their rents without much bickering. Of course, there are qualifications to such an assertion. The restoration to prosperity is not either perfect or universal. The Sunderbuns embankments have suffered more materially this year than in preceding years. The Public Works Department have been working on the Government embankments with energy, and there the effect of the Cyclone will not remain to be felt; but it is far otherwise with embankments constructed by private individuals. In fact, one effect of the Cyclone has been to deteriorate the condition of Sunderbuns clearances—a deterioration that will last for a number of years.'"

35. The Board regret to say that they are unable to incorporate the usual figures concerning the Collector's management of Wards and Attached Estates in the Statements. The delay is caused partly by the immense size of some of the estates, and partly because the Board have been obliged to introduce a new form of return, in order to show the effect of Government management more completely than heretofore. The District Officers are not this year familiar with the form. When the returns are complete, the Board will make a supplementary report, which will contain a good deal of information not hitherto collected.

No. 4. Estates of Disqualified Land-holders.
No. 5. Estates under Attachment by order of Court.

36. The most important estate under the Court is that of Durbhungá, the *net* income of which is no less than 12½ lakhs of rupees. The Board have not yet received the detailed report of the Collector's management of the estate, but they are in a position to say that, on the whole, it has been most successful. When the Court of Wards assumed charge of the estate five years ago, it had been reduced, by the folly of its owners and the greed of the parasites surrounding them, to a state of incredible disorder not far from ruin. It is already practically free from debt, and in a thoroughly healthy condition. The Board are about to submit to Government a proposal for the appointment of a tutor to the minor Rajah, who is still quite a child.

37. In regard to the Wards' Institution, the Board have recently made a lengthened special report to Government (No. 236, dated 24th July last.) It is not necessary, perhaps, here to recapitulate the arguments by which they have supported their opinion that the Institution should be maintained and kept in the capital town, notwithstanding the admitted fact that native public opinion is against it. The question is still under the consideration of the Government.

Wards' Institution.

38. The expenditure of the Institution during the year has been Rupees 35,080, divided among 14 boys. This is undoubtedly a very large sum; and it is made the ground of a special charge against the Institution by the only visitor who has recorded an unfavorable opinion regarding it. It must be borne in mind, however, that a not inconsiderable portion of the expenditure is not for necessaries at all. The Wards are mostly very wealthy, and they are provided freely, at the Institution, with horses (some of them valuable), clothes (more or less expensive), and such like. Each Ward, moreover, has his own separate staff of servants, all paid out of the sum above stated. The *necessary* expenditure falls, however, much more heavily on each Ward than the Board could wish, owing to the small number of inmates, and to the necessity for separate messing arrangements for each boy.

39. The Board are, on the whole, well satisfied with the management of the Institution during the year. It cannot be expected that the Institution will often produce boys who excel at school. Few of the inmates have a fair start, owing to the period of life at which they commence their studies; the Board know that they study diligently while here, and undergo, both in mind and body, at school and at play, a training the value of which can scarcely be over-estimated.

40. The native visitors have taken considerable interest in the Institution, though they have not visited it as often as might be wished. Besides Baboo Chunder Kant Mittra, whose *stated* objections are confined to the point above referred to, Pundit Ishwar Chandra Mittra is known to entertain opinions hostile to the Institution as at present constituted. He has made no report at this time, but he has before stated that he would prefer to see a regular boarding school established and corporal punishment abolished.

41. The Board would greatly regret to see either proposition adopted: one of the most valuable features of the Institution is the free association of the Wards with suitable companions of their own age; and, the very mild and carefully regulated corporal punishment to which they are subjected when need arises, will not be considered otherwise than beneficial by any Englishman.

42. There has been little occasion during the year to call into exercise the provisions of Act XXXV of 1858. In Monghyr, one estate is managed by the Collector under Section 11. In Cuttack, proceedings were taken against the Rajah of Kenika,

Working of Acts XXXV and XL of 1858.

and the application was granted, the Rajah being a lunatic; but before the Court's decree could be obtained, the estate was taken charge of by order of Government, on the representation of the Revenue Authorities, to save it from ruin, as it is heavily involved. In Shahabad, application was made for the charge of the estate of a lunatic, Bundwaree Persad, a nephew of the rebel Kooer Sing, who has property worth 4 or 5 lakhs. This application was successful, and it is remarked that the Act has worked beneficially in this case, as the lunatic "was being robbed on all sides." In Hazareebaugh, the lunacy of the Rajah of Dhumsar has been judicially declared, and the arrangements for taking charge of the estate were in course of completion.

43. Under Act XL, one case occurred in Bhaugulpore, where the estate of the late Nursing Narain Sing, of Sookpore, was taken charge of by the Collector under Section 12. In Chittagong, the Judge directed the Collector to take charge of the estate of Kisto Doss Bhuttacharjea, but the order was withdrawn on the discovery that the profits were inadequate to the expenses of management. An application made by the Collector of Patna was unsuccessful, the Judge refusing the prescribed certificate. In Shahabad, the Collector's remonstrance against an insolvent estate being transferred to his charge, was successful. In Hooghly, a property of small value has been placed in charge of the Collector by the Judge.

44. Upon the following page will be found a full Abstract Statement of the proceedings of the Revenue Courts in the Lower Provinces under the Rent Laws during the year. The information contained in this Abstract and in the District Statistics given in Appendix No. 6, page xv, is classified in more detail, and upon more accurate principles than the Returns made heretofore.

No. 6. Proceedings under the Rent Laws.
No. 7. Execution of Decrees and Appeals.

45. The following figures show, at a glance, the whole proceedings under these important laws from the commencement of the year 1860-61, which was the first complete year in which Act X of 1859 was in force. It has been necessary to exclude from these figures, and from the Abstract upon the preceding page, the statistics for the Sonthal Pergunnahs. The figures for that part of the country are only available for the year 1863-64. Before that year they were not given, and this year the Commissioner has again made no Return. It is also necessary to explain that these figures include cases brought, for any reason, a second time on the file. Until the present year the Returns have made no distinction between such cases and fresh institutions. According to the proportion ascertained this year, it would be necessary to deduct 4·1 per cent. from the following figures on this account to get at the actual *New Institutions.*

Table showing the number of cases instituted under the Rent Laws from 1st *May* 1860 *to* 30*th April* 1865. *(Sonthal Pergunnahs not included.)*

46. It will be seen that the litigation culminated in the year 1861-62, when above 138,000 suits and applications were brought upon the files. In the two

following years there was a considerable diminution of suits. This year there is again a slight increase. The excessive litigation of 1861-62 is readily accounted for by the abnormal circumstances of an important part of the country. In the Nuddea Division, there were in that year nearly 13,000 more suits and applications instituted, and, in the Dacca Division, nearly 10,000, than last year.

47. The moderate increase this year cannot be accounted for by any special circumstances. In the district of Nuddea, there was a decrease of nearly 1,500 suits. In most of the other districts there was a moderate increase of business, but nowhere such as to call for any special comment. It is remarkable, if any where, in the Eastern Districts, especially in Mymensingh, Barisal, and Tipperah.

48. Considering that these laws govern in Bengal the daily relations of 37 millions of people, the Board of Revenue do not think that the figures for this year, say 121,000 suits and applications instituted, indicate any special litigiousness on the part of the population, or any disturbance of the relations of the agricultural community, or any injurious working of the law.

49. The Statements given this year distinguish, for the first time, *formal* proceedings from cases decided upon their merits. The following Table gives the percentages of Suits for Arrears of Rent, and of Execution of Decrees disposed of after only formal proceedings in each division, and some other interesting facts of comparison.

DIVISIONS.	Estimated Population.	Land Revenue.	Suits and applications of all kinds instituted in 1864-65.	Percentage of formal proceedings in suits for arrears of rent.	Percentage of decrees executed *formally*.	Notices of enhancement served.	Notices of relinquishment.	Notices of deposit
Nuddea	2,493,699	41,80,894	27,393	57·3	55·2	8,031	1,508	4,591
Chittagong	2,433,200	24,00,806	21,357	75·4	58·4	4,205	893	1,804
Dacca	5,013,127	32,91,854	19,623	75·2	60·0	1,349	172	3,300
Burdwan	5,796,961	75,49,886	16,678	52·5	63·3	5,656	1,147	4,728
Rajshahye	4,283,380	61,90,351	11,193	59·0	54·5	2,769	1,655	5,044
Bhaugulpore	3,549,390	29,09,974	10,199	53·3	56·7	1,633	430	1,791
Patna	7,162,536	79,76,070	7,494	59·6	65·8	911	509	1,410
Cuttack	2,361,743	16,87,649	3,519	65·4	54·9	157	6	491
Chota Nagpore	2,411,968	2,49,212	2,614	61·1	72·8	449	86	512
Assam	1,494,511	10,06,096	1,036	59·2	38·7	11	3	61
Total	37,019,514	373,43,831	1,21,006	63·4	60·2	20,449	6,313	23,730

50. In the district of Backergunge, the percentage of suits for arrears of rent disposed of mechanically, reached the enormous proportion of 84·1 (9,020 suits out of 10,724.) In no division were so much as half the cases forced to a decision upon the merits. It is this feature in the proceedings that enables

the Courts to dispose of the very large amount of apparent work that they get through.

51. It is not easy to account quite satisfactorily for the large proportion of suits brought thus only formally into Court. The proportion, it will be noticed, is much greater in the Eastern Districts than elsewhere. It is the habit of many of the cultivators, there, to pay no rent, except through the Courts. Whether this arises from mere litigiousness, or from a desire to secure valuable documentary evidence of title, as well as of payment, the Board are unable to say. There is no doubt that the ryots do obtain, in this way, documents that may prove invaluable to them, at a very small cost. The habit indicates this much, at any rate, that the cost of suits presses very lightly upon the parties.

52. The Board have confined their remarks, in the last few paras., to suits under Clause 4, Section XXIII, Act X of 1859, for ARREARS OF RENT. The fact is that almost the whole interest of the working of the law centres in that clause. The suits and applications of all the other kinds are *comparatively* few in number, and the variations in their frequency, as indicated in the Table given above, are unimportant.

53. Suits for the assessment of rent-free lands have, it will be noticed, almost disappeared, and there has not yet been a single application under Section X, Act VI of 1862, B. C., for the record of tenures by Collectors.

54. Notices of enhancement and relinquishment, and of deposit have remained steady during the last two years. There is a rather considerable increase in suits for ejectment, which the Board notice with some regret.

55. The rapid increase in the number of decrees executed through the Courts is striking: it indicates, the Board think, increased efficiency in the working of the Courts in this Department. Equally remarkable is the rapid decrease in the amount of penalties levied under Sections II and III, Act VI of 1862, B. C., for groundless withholding of rent and improper institution of suits. The High Court and the Board of Revenue have, alike, discouraged the award of damages under these Sections, except under special circumstances.

56. Applications for the sale of distrained property have been slightly more numerous the last two years.

57. Appeals to Collectors are given this year for the first time.

58. The cases pending at the close of the year are again very numerous. This will always be so under the operation of Section XXXII, Act X of 1859, in accordance with which, arrears not claimed within 3 years of the last day of the Bengali year in which they become due, are no longer recoverable in the Courts. The effect of this will always be that the most numerous institutions take place

just at the close of each year. The real test of the efficiency of the Courts in this respect, however, is not the number of cases pending, but the length of time during which they have been on the file. Judged in this way, the condition of the file indicates, in the Board's opinion, a high state of efficiency. Of the 19,951 suits and applications pending, only 461, or 2·3 per cent., had been instituted more than two months, and only 133, or ·67 per cent., more than four months.

59. If it is borne in mind that many of these cases are of a complicated and difficult character, the result will, it is hoped, be considered most creditable to the Courts that try them.

60. There is an erroneous impression abroad that very great pressure is put upon the Courts by the superior Revenue Authorities to compel prompt decisions, and that the character of the decisions is thereby injuriously affected. The only pressure really put is that, if a case is not decided in two months, an explanation of the delay must be given ; but any reasonable explanation is accepted at once, without further comment. In practice, the Board always find that the *best* officers decide their cases most promptly. It is the inefficient officer who keeps his cases hanging on undecided. The procedure of the Act is so efficient, that, unless under exceptional circumstances, there is no reason whatever why any case should not be decided within two months.

61. The execution of decrees has been more prompt than hitherto. Of the large number (62,303 decrees) entered for execution during the year, only 6,590 remained undisposed of at the close, and, of these, only 1,055 had been filed more than two months. Where the dispute is complicated, the execution of a decree often involves great difficulties.

62. Upon the whole subject, the Board are of opinion that the Rent Laws are working well. Decisions by the High Court have gradually settled many points of doubt and difficulty, and the law is daily becoming clearer, and more familiar, to Courts and people.

63. The Board have furnished to all the Revenue Courts a careful Selection of all the Decisions of the Court in elucidation of these laws, and they issue, at the end of each month, a selection of the decisions of the previous month made upon the same principle. The revenue officers are also supplied with an edition of the Rent Laws, containing abstracts of all these decisions arranged under the Sections to which they refer. The Board have reason to hope that the result of these measures has been materially to improve the character of the decisions of the Courts.

64. The Board abstain from making any remarks upon the controverted portions of these laws. The great decision in the case of Thakoorani Dasi, which has finally decided the value of a right of occupancy so long as the law is unaltered, was delivered after the close of the year. It would be altogether premature to offer any remarks upon its effects, nor do the Board feel called upon to comment upon its character. So far as they are informed, the native Zemindars,

as a body, do not feel that alarm at the new rights said to be conferred upon their ryots, that is so loudly expressed in some quarters. It has never yet been the interest of land-owners to loosen in any way the tie between the ryots and the soil which they cultivate, but the contrary. So much is this the case, that the Board cannot ascertain that the obvious precaution of written contracts, by which the future accrual of rights of occupancy can be easily and efficiently prevented, has been anywhere systematically resorted to. The landlords want ryots, and are not inclined to throw any obstacles in the way of their settlement on their estates.

No. 10. Proceedings under the Resumption Laws.

65. Eight suits for resumption of lands held rent-free under an invalid title, capable of being assessed at a rental estimated at Rupees 1,311, were decided in favor of Government, and 95 against Government, the estimated rental of these last being Rupees 14,288. Many of these cases were doubtless fisheries. The orders of Government, dated 2nd July, 1864, No. 1228T, directing the release of fisheries of which possession had been taken without preliminary recourse to legal formalities, have been carried out, and the collections refunded to the parties summarily dispossessed. In some cases where there was doubt respecting the party dispossessed, the collections are held in deposit till the claim is legally established.

No. 11. Estates sold under Act XI. of 1859 for the recovery of Arrears of Revenue.

66. Five hundred and eighty estates were sold during the year for the recovery of their own arrears, of which 57, bearing a revenue demand of Rupees 5,251, were purchased on behalf of Government for Rupees 72; and 523, bearing a demand of Rupees 38,042, by private persons, for Rupees 3,71,737, being nearly 10 years' purchase of the annual revenue demand. The arrears due at the date of sale aggregated Rupees 12,605, averaging Rupees 22 per each estate. The proceeds at credit of the defaulters, after completion of the sales, amounted to Rupees 3,61,085; but in the case of estates purchased for Government, a sum of Rupees 1,881 remained due after the sale, the proceeds not sufficing to cover the arrear. Nearly the whole of this sum has since been realized.

67. Nine estates, bearing an annual revenue demand of Rupees 2,243, were sold for the realization of arrears due from other estates, amounting to Rupees 3,500. These estates realized Rupees 2,744; the balance not covered by sale (since realized) being Rupees 813, and the surplus in those cases in which the proceeds exceeded the arrears being Rupees 57.

68. In addition to the above, the rights and interests of parties in 25 estates, bearing a Government revenue of Rupees 4,861, were sold for the realization of demands recoverable as arrears of revenue. The claim amounted to Rupees 34,623, and the amount realized was Rupees 31,763, leaving a balance of Rupees 6,218 not covered by sale; while the surplus at credit of the defaulters, in cases in which the proceeds exceeded the claim, was Rupees 3,358. For the

recovery of the deficit of Rupees 6,218, other properties belonging to the same defaulters are liable.

69. The following Table compares the sales for arrears in the past two years by divisions :—

Divisions.	In 1863-64.					In 1864-65.				
	Number of Estates sold.	Government Revenue.	Average Revenue of each Estate.	Price realized.	Number of years purchase.	Number of Estates sold.	Government Revenue.	Average Revenue of each Estate.	Price realized.	Number of years purchase.
		Rs.	Rs.	Rs.			Rs.	Rs.	Rs.

Total ...	724	94,152	130	9,44,548	10·0	580	43,294	75	3,71,809	8·6

70. The estates sold during the past year were fewer in number and smaller in size ; and being generally less valuable, the price realized was less in proportion. The very low price obtained in the Nuddea Division can only be accounted for by supposing that there was a very small margin of profit to the purchasers, after satisfying the Government demand. It is not easy to obtain specific information as to the cause of the fluctuation of prices in the same division in different years. Purchasers on the spot will doubtless take care to inform themselves of the real value of what they purchase. It must be remembered that the revenue payable for an estate is no real measure of its value, which, of course, depends upon the amount by which the assets exceed the revenue ; and what that amount may be in any particular case, there are no means of knowing.

71. Fifty-four estates, bearing a revenue demand of Rupees 1,63,388, and being liable for an arrear of Rupees 45,559, were exempted from sale under Section XVII of the Sale Law (Wards', &c., estates) in Purneah, Midnapore, Bullooah, Backergunge, Moorshedabad, and Rajshahye. The whole of the arrear was, however, realized, except Rupees 3,083 in Midnapore. Under Section XVIII (Collector's discretion) the exemptions embraced 12,222 estates, of which 10,442 belonged to Sylhet, where the law allows recourse to other less stringent means of realizing the revenue from the numerous petty proprietors than by sale. The arrear due at the time from the 12,222 estates exempted,

was Rupees 2,74,728, of which Rupees 1,42,019 was realized immediately, and Rupees 1,32,711 remained outstanding; all but Rupees 6,013 of this amount appertains to Midnapore, where the Cyclone made indulgence necessary.

72. Thirteen estates, against which an arrear of Rupees 2,717 existed, (three with an arrear of Rupees 2,571 being in Backergunge,) were purchased by the former proprietors under Section XXIV. The arrear was realized, except in regard to the three Backergunge estates. The deposits forfeited to Government amounted in that district to Rupees 4,805, and elsewhere to an additional sum of Rupees 2,723.

No. 12. Working of protective provisions of Act XI of 1859.

73. There were 817 applications for opening separate accounts under Section X, and 142 under Section XI, and 922 and 119 respectively were disposed of. Four applications to make deposit as protection from sale were likewise disposed of. Of 1,367 applications under the registry provisions of the Act, 392 were disposed of during the year. The number of applications of all kinds remaining undisposed of at the close of the year was 1,423 out of a total file of 2,860. The pending cases were especially numerous in Dacca, Nuddea, 24-Pergunnahs, Jessore, Mymensing, and Midnapore. The comparatively large number of applications this year is due to the expiry, on the 21st April, of the period within which, under Bengal Act III of 1862, applications for the registry of tenures and farms created before the passing of Act XI of 1859 could be made.

Imprisonment for Government demands.

74. Imprisonment had to be resorted to in 11 districts, as a means for the realization of Government demands, as follows :—

DISTRICTS.	Total number in confinement.	Released.	Remaining in Confinement.		
			From last year.	Of this year.	Total.
Purneah ...	7	3	......	4	4
Bancoorah ...	18	18	......	......	......
Cuttack ...	10	5	1	4	5
Pooree ...	5	5	......	......	......
Mymensing ...	2	2	......	......	......
Patna ...	1	......	......	1	1
Shahabad ...	3	1	......	2	2
Maldah ...	4	4	......	......	......
Rajshahye ...	5	5	......	......	......
Kamroop ...	1	......	......	1	1
Hazareebaugh ...	1	1	......	......	......
Total ...	57	44	1	12	13

Settlements.

75. The settlement work done during the year is as follows :—

76. In *Cachar*, there were 50 patches of land brought under cultivation on the outskirts of the settled portion of the district. These were assessed, and a revenue of Rupees 1,175 obtained from them.

77. In *Assam*, the settlements are for the most part annual, though in Kamroop the system of short leases has been successfully introduced. The following memorandum, if reliable, shows an accession of Rupees 32,077 to the rent roll of the Province.

DISTRICTS.		Number of Estates.	Revenue of Settlement.	Increase.	Decrease.
Durrung	... ...	261	1,66,295	....	....
Kamroop	... ...	61	48,192	....	504
Lukhimpore	... ...	250	86,059	4,457	....
Nowgong	... ...	315	1,35.931	8,561	1,826
Seebsaugor	... ...	84	1,15,337	21,389	....
	Total ...	971	5,48,514	34,407	2,330

78. In *Darjeeling*, Rupees 485 was obtained by re-settlement of 12 jotes.

79. In the *Chota Nagpore Division*, Mr. Assistant Forbes has continued the settlement of Palamow on the plan introduced last year by Mr. Hewitt. He has settled 12 villages, regarding which, however, further details are not given. The proper duties, both of the Deputy Commissioner and the Assistant, prevent their devoting much time to the settlement. The re-settlement of the Colehan, on an ordinary land revenue basis, is reported to be satisfactorily progressing under the close supervision given to it by Dr. Hayes; up to 30th April that officer had completed the measurement and assessment of 70 villages. It is estimated that the present revenue of the Colehan will be trebled by the new settlement, and this, the Deputy Commissioner says, is borne out by the results already obtained. The plan of settlement is very simple. Neither *Mankees* nor *Moondahs* can interfere with the proprietary right acquired by the actual cultivator. In fact, they do not claim such a right, being in an analogous position to that of the Surburakars in Cuttack.

80. In the *Regulation Districts* generally, the settlements have been more or less attended to in the different districts. The work consists mainly of resettlements, either in detail or summary. The accession to the revenue roll in those districts, from this source, is about Rs. 22,000.

81. It is usual to notice the Sunderbuns work specially. There were 418 estates under the local Commissioner's care during the year, namely :—

Sunderbuns.

Lots not yet granted	94
Lots of which rent-free term has not expired ...	130
Lots settled, the rent-free term having expired	32
Resumed estates settled	78
Henckell and Donelly's estates	84
Total ...	418

Only 3 Henckell and Donelly's estates have been identified, resumed, and brought under settlement. It is doubtful if the remaining 81 can be identified at all. Eleven estates were managed direct by the Commissioner, the collections being Rupees 80,638 on a demand of Rupees 84,376. Forty-two estates were inspected, and 27 surveyed for either inspection or settlement purposes. In these the cultivated area was found to be 108,449 bighas, and the uncultivated 23,509 bighas,—total 131,958 bighas. Fifty-six estates were settled, their total area being 256,944 bighas, and the eventual revenue Rupees 58,355.

82. The following are particulars of the lease and sale of waste lands, and of the commutation of the revenue of such lands during the year, and altogether to the end of the year. Very few leases under the old rules now remain for completion. The lease of waste lands at ordinary cultivation rates, lately sanctioned by the Government, is exhibited in the first Table, but evidently not completely, for these leases are known to have been very numerous in Cachar, although the Deputy Commissioner has submitted a blank return.

Grants and sales of Waste Lands, and Commutation of Grants to rent-free.

83. In the Hill Tracts of Chittagong a larger area is expected to be sold than in the past year. The extensive and rapid sale there is due to the recent discovery that the land is well adapted for tea and coffee cultivation. No sale or commutation occurred in the Sunderbuns during the year. In fact, the rate under the new rules was regarded as prohibitory; but of late, something like a demand for Sunderbuns lands has arisen. Since the close of the year, Mr. Schiller, of the firm of Messrs. Borradaile & Co., has paid the full amount of redemption for a portion of lot 132, and has also applied for the redemption of certain lots and the purchase of others.

Tea cultivation.

84. The area under tea cultivation in Darjeeling, in 1864, was 8,813 acres, and the yield 351,700lbs. Major Reid, the present Deputy Commissioner, is inclined to believe that the profits to be realized have heretofore been over-estimated. He does not doubt

that tea of excellent quality may be grown; but, compared with the out-turn in Assam, Kangra Valley, and elsewhere, the crop obtained at Darjeeling is very small, in addition to which labor is far from abundant and very expensive. The outlay for labor, buildings, &c., being great, and the returns less, it must necessarily follow, he observes, that the profits must be much smaller than in the districts where labor is more abundant, and the soil and climate more suitable. The coolies on the different estates suffer much from fever, and also from cholera; those imported from the plains seem to suffer most. Ample employment could be found for a much larger number of laborers, but the excessive dearness of provisions deters many from emigrating from Nepaul and the neighbouring States.

85. In *Chittagong*, 1,863½ acres were under recent tea cultivation, the out-turn amounting to 1,600lbs. Coffee was also cultivated on about 300 acres of land, but as yet there has not been time enough for an out-turn. The protracted drought which preceded the early rains this year, made the season less favorable than it would otherwise have been for tea cultivation. Labor is at present available at from 5 to 6 Rupees per mensem for able-bodied men; but as tea and coffee cultivation increases the rate of wages is expected to rise with it.

86. In the *Chota Nagpore Division* the Commissioner, Colonel Dalton, writes:—

"Messrs. Thompson, Shaw & Co. have a tea plantation on Government lands near Ranchee, supervised by Mr. Grose, which is doing well. It consisted, in 1863-64, of 66 acres, the plants on which are generally looking well both in size and condition, and Mr. Grose expects to be able to make a little tea from them this season. Thirty-nine acres were added last year, but the seed does not appear to have been very good, and many plants died. Those that survived are, however, looking well. Mr. Grose hopes to plant out 140 acres this season if all goes well. He is of opinion that the soil, though deficient in organic deposit, is as well suited for tea as that of Assam. The climate is rather against a very favorable development of the plant, but the results already obtained, are, he thinks, sufficient to warrant a fair hope of success. He has also commenced the cultivation of coffee. Mr. H. Stainforth has also opened out nurseries for tea and coffee, which he proposes to plant out on land in the vicinity of Ranchee.

"In the Hazareebaugh District the Ramghur Tea Company have extended their tea cultivation at Seetagurrah by 208 acres all planted out, thus doubling the area planted out in 1863. The yield, I am informed, has averaged 300lbs of tea per acre from full grown plants, and the quality, which has been tested by competent judges, is considered excellent.

"There is another tea concern called Jhoomra, in the Hazareebaugh District, which has about 100 acres of tea planted out; but though the plants are very promising, they are too young as yet to yield any return. A new Company have taken 20,000 acres of land from the Maharajah of Ramgurh, with the view of opening out a fresh tea plantation on the old road between Hazareebaugh and Ranchee. These new tea plantations are being opened in the country on which the tea plantations in Assam and Cachar now mainly depend for labour."

87. The reports on the progress of tea cultivation in Assam, Cachar, and Sylhet have, the Board learn, been already laid before Government direct.

Emigration.

88. The progress of emigration from the Chota Nagpore Province, under Bengal Act III of 1863, as modified by Act XIII of 1864, is thus described by Colonel Dalton:—

" During the year under review, the exodus has received a great impetus from a season of comparative scarcity at home and the alluring promises of the recruiters of high wages and plenty abroad. The subjoined memorandum gives the number of coolies registered from the districts of this province for Assam and Cachar. There have been no registrations for the Colonies.

Hazareebaugh	...	1,289
Lohardugga	...	3,301
Manbhoom	...	765
Singbhoom	...	213
Total	...	5,568

"The districts are overrun with recruiters. In two, Manbhoom and Lohardugga, upwards of 300 licenses have been countersigned, and there are now at Ranchee 25 cooly depôts. The antidote to this wholesale emigration will perhaps be found, in time, on the extension, in this province, of the very cultivation for which the services of the coolies are now so loudly demanded elsewhere."

No. 13. Sale of Proprietary Rights in Government Estates.

89. The proprietary rights of Government in 175 estates, bearing a revenue demand of Rupees 79,709, and in 8 shares of estates of the annual value to Government of Rupees 9,729, were sold during the year. The rental of those estates and shares was Rupees 96,804, and Rupees 12,123, respectively. The price realized for the former was Rupees 5,90,456, which is between seven and eight times the annual revenue; and for the shares, Rupees 45,328, or between four and five times the annual value. Altogether 4,586 whole estates have been disposed of by sale, and 294 shares, realizing together Rupees 1,00,27,531, or, say, one million sterling. The 1,755 estates and 19 shares remaining to be sold are expected to realize, in round numbers, about 60 lakhs, or from 6 to 7 years' purchase of the annual revenue.

No. 14. Business performed in Collector's Offices.

90. The number of cases disposed of by 51 Collectors during the year was 336,566 against 318,651 last year, and the number remaining on the files at the close of the year was 47,216 against 54,986. This is a favorable result, especially when it is considered that the number instituted has not declined, but the contrary. The items of business not forming cases, such as reports, letters and proceedings written, and bills passed, numbered 1,336,084 against 1,135,400.

Arrangement of records.

91. The arrangement of the Sunderbuns records is reported complete. In Darjeeling, the state of the record office is described as being very discreditable to all former Deputy Commissioners. Their

re-arrangement was going on during the year with the aid of an extra clerk engaged for four months.

92. The following is a memorandum of fines levied under Act XX of 1848 during the year. It includes fines levied by the several Superintendents of Survey.

Levy of Fines.

District.	Number of Items.	Amount.
Darjeeling ...	1	Rs. 80
Monghyr ...	2	80

,, 2nd Division	1	435
,, 4th Division	150	910
Total ...	181	Rs. 5,673

Visits of Collectors to the Interior.

93. The visits paid by the following officers to the interior of their districts extended over a period of two months and more :—

	M.	D.
Major H. S. Bivar, (Cossyah Hills)	8	0
Dr. W. H. Hayes, (Singbhoom)	3	27
Mr. J. H. Ravenshaw, (Maldah)	3	26
,, G. N. Barlow, (Pooree)	3	15
,, A. Levien, (Backergunge)	3	15
,, J. S. Drummond, (Sylhet)	3	6
,, E. Drummond, (Dacca)	3	0
,, H. B. Simson, (Dinagepore)	3	0
,, W. J. Money, (Cuttack)	2	15
Capt. A. K. Comber, (Lukhimpore)	2	13
Mr. W. S. Wells, (Bancoorah)	2	12
Capt. W. B. D. Morton, (Goalpara)	2	10
,, W. H. Boddam, (Hazareebaugh)	2	5
Mr. A. B. Falcon, (Bograh)	2	0
Capt. R. Stewart, (Cachar)	2	0
Mr. C. Mackenzie, (Moorshedabad)	2	0
,, J. P. H. Ward, (Shahabad)	2	0

94. Some officers who were out for a more or less brief period curtailed their visits in consequence of the arrangements which had to be matured for the Agricultural Exhibitions. Various explanations are given by those who did not go out at all. The Collector of Purneah, Mr. Beames, was engaged in matters connected with the Bhootan expedition. Major Reid joined at Darjeeling so late as in February, too late to go out before the close of the official year ; it is not stated whether his predecessor made any tour or not. The Commissioner of

Bhaugulpore, remarking on the subject generally, says that the cause of first grade Collectors being out so little as they were in his division, is that they draw no travelling allowances. "Being harder worked than before, Collectors dread accumulation of arrears during absence, while Deputy Collectors are becoming mere judicial officers for the trial of rent suits." Mr. Money "looks on this tendency to substitute work in the station for work in the interior as a thing to be regretted, for more practical knowledge of the people was gained formerly in a month of settlement work than now in twelve months of disposal of Act X suits." Heavy pressure of work at Gyah, owing to the Exhibition, together with an accident which confined the Collector to his house for a fortnight, prevented him from going out to the interior.

95. In Chumparun, the accounts having fallen into confusion, it became necessary for the Collector to give his personal attention to them. He, however, paid three hurried visits to the interior. Mr. Ravenshaw, Collector of Patna, was on special duty, having been deputed to carry on the prosecution against the Wahabee leader at Patna. Mr. Hankey was unable, in consequence of the Commissioner's visit, and the Agricultural Exhibition, to go out before February; and when he did go out, a storm injured his tents, obliging him to return. He, however, made a succession of short visits to the interior. Rajshahye was not visited, owing to constant changes in the head of the district; Mr. Robinson received charge on the 16th January, and had to work off a heavy file of arrears. Lieut. R. C. Money was in camp, in the interior of Manbhoom, apparently for a considerable portion of the cold weather, but the duration of his visit is not stated. The Commissioner in the Sunderbuns, Mr. Carpersz, was out four months and ten days, but this, in an officer whose business is of a roving character, is not, in the Board's opinion, sufficient.

Official Libraries.

96. The district libraries are generally reported to be in good order. One volume was missing in Burdwan. In Darjeeling the library partakes of the disorganization into which the record office has fallen.

Sub-Divisional Treasuries.

97. In the three districts of the Nuddea Division, Sub-divisional Treasuries have been established as an experiment. The results of the experiment have been such as to satisfy the Board that the general introduction of subordinate Treasuries would be of great utility, and they have accordingly, in their Report No. 77, dated 7th March last, recommended the extension of the measure to other divisions in which there are sub-divisions.

Working of Act V of 1863, B. C.

98. The working of the Peon Law has hitherto proceeded favorably. The following are the general results from October to April inclusive. Its precise introduction into Sylhet was not at first insisted on, but the Board have recently proposed that

this district should no longer be excepted from the general range of the operation of the law. The Commissioners of Assam and Cuttack have a discretionary power to employ more peons than are given in the scale.

Number of Peons Employed.				Number of processes.	Total fees received.	Total disbursements.	Balance to credit.
At 6 Rs.	At 5 Rs.	Supernumerary, i. e., hired when wanted.	Total.				
577	1,262	702	2,541	1,90,764	1,57,847	87,353	70,401

The Board intend shortly to propose a reduction in the rates.

Merits of Officers.

99. The following are the Collectors who are specially distinguished, in the opinion of the Board, for the excellence of their administration. The selection has been made after careful comparison of the Commissioner's reports, and with due reference to the present state of the districts over which the selected officers preside, as shown by the character of their returns and by the regularity with which all prescribed returns have been sent in. Only those are named who were at their posts the whole year or nearly so.

Barlow, G. N.
Elliot, A. J.
Hogg, S. S.
Mangles, R. L.
Moloney, E. W.
Ravenshaw, T. E.
Smith, A.
Stewart, Capt. R.
Ward, J. P. H.

100. The following are the Covenanted Deputy Collectors and Assistant Collectors, selected upon the same principle, as giving special promise of future excellence :—

Barbour, D. M.
Beverley, H.
Glazier, E. G.
Graham, G.
Gribble, T. W.
Hime, R. D.
Hopkins, J. A.
Kean, H. F. J.
Mackenzie, A.
Monro, J.
Peacock, F. B.
Porter, G. E.
Smith, T.
———, T. F. W.
Westland, J.
Worgan, J. B.
Worsley, C. F.

101. And these are the Uncovenanted Deputy Collectors whom the Board desire to name as specially distinguished, in their opinion, and that of their superior officers :—

Ali, Tyjammul.
Bose, Govind Chandra.
Bysakh, Gour Dass.
Campbell, A. C.
Casperss, C. P.
Chatterjea, Bunkim Chandra.
———, Ram Akhaya.
———, Shama Churn.

Chowdhari, Brija Lal.
Das, Abhaya Chandra.
Davies, H.
Deare, W. G.
Doveton, H.
Dutt, Hira Lal.
Elphinstone, F. H.
Eyre, J. E. A.
Fakir, Chand Lala.
Faezoolla.
Ghose, Govind Mohun.
———, Sree Nath.
Gomess, A. D. B.
Heysham, W.
Hossain, Asirudeen.
Macleod, J.
Mittra, Eshwar Chandra.
Muzoomdar, Anund Mohun.
Mukharjea, Jugut Eshwar.
———, Rakhal Das.
———, Shamala Nund.
Mullick, Tarak Nath.
Roy, Ambika Churn.
Ryland, W. H.
Sen, Ram Sunkar.
Stewart, E.

102. It is to be borne in mind that by General Order No. 1,414, dated 12th April last, the Board are required, in their present Report, to select for mention only the officers of all grades who appear specially to merit commendation; so that the list is much shorter than it has been heretofore. The Board are able to choose the Collectors for mention, as much from their own knowledge of the manner in which they perform their duties, as from the reports of the Commissioners. In regard to the other officers, and especially in regard to the Uncovenanted Officers, they are a good deal dependent upon the reports of Commissioners and Collectors. No officer is named who has not passed the first examination.

103. In a separate manuscript paper, the Board present the names of those officers who are unfavorably mentioned.

No. 15. Business in Commissioners' Offices.

104. In the Patna Division the business of the Commissioner's office was much the same as in the previous year; but in the Bhaugulpore, Burdwan, Chittagong, and Nuddea Divisions, the number of cases for disposal was greater, and in the other Divisions less. As regards miscellaneous business not forming cases, there was a sudden increase from 6,754 items in 1863-64 to 9,213 items in 1864-65 in the Dacca Division. This increase is chiefly under the head of letters written. In Cuttack, Assam, and Chota Nagpore, the amount of business on the revenue side is apparently very light. The following is a comparison of totals for the two years :—

	In 1863-64.		In 1864-65.	
	Cases.	Miscellaneous business.	Cases.	Miscellaneous business.
For disposal	5,143	....	[illegible]	....
Disposed of	4,388	48,158	[illegible]	[illegible]
Remaining	755	....	528	....

Tours of Commissioners.

105. In the Bhaugulpore Division, Mr. Dalrymple visited Purneah and Darjeeling, being 3 weeks absent from head-quarters. Mr. Money visited Monghyr twice, being 18 days out. Mr. W. G. Young, Commissioner of Chittagong, visited the Hill Tracts thrice, Kootubdea Island twice, and Bulloooah once, occupying nearly 5 weeks. In the Cuttack Division, Mr. Shore visited Pooree and Balasore each twice, occupying 99 days. Mr. Simson, who officiated during Mr. Shore's absence on leave, visited the Tributary Estates and the Khoordah Government Estate. Mr. Buckland, Commissioner of the Dacca division, proceeded twice to Backergunge, and once to Fureedpore, being two months and 20 days out. He was unable to visit Sylhet and Cachar, being prevented "by the sudden break up of the cold weather by a series of early storms which made the navigation of the Megna and Sylhet Rivers in a small boat appear unsafe." Mr. Montresor's tour of the Burdwan Division extended over 4 months and 18 days. In the Nuddea Division, Mr. Dampier visited two Sudder Stations, and 9 out of 17 outlying Sub-divisions in three Districts, spending 3 months and 19 days on his tour. Mr. Campbell took charge of the Rajshahye Division at the very end of 1863-64, and having arrears to work up, was unable to undertake any tour till the following cold season, when he was absent from head-quarters for nearly 3 months. He could not visit Maldah owing to the accumulation of arrears at head-quarters, and the half-yearly examination being at hand. The difficulty of access was the cause of Dinagepore and Rungpore being left unvisited. Mr. Campbell would nevertheless have completed his circuit if the Agricultural Exhibition had not required his presence in an opposite direction. Colonel Hopkinson was away for 7 months from his head-quarters in Assam, on political business. Colonel Dalton's tour of the Chota Nagpore Division embraced a period of 4 months.

106. The following Commissioners held office during the year :—

Bhaugulpore Division	...	Mr. J. W. Dalrymple, to 15th November.
		„ A. Money, from 16th November.
Burdwan Division	...	„ C. F. Montresor.
Chittagong Division	...	„ W. G. Young.
Cuttack Division	...	„ R. N. Shore, to 22nd December, and from 23rd March.
		„ F. B. Simson, in the interim.
Dacca Division	...	„ C. T. Buckland.
Nuddea Division	...	„ H. L. Dampier.
Patna Division	...	„ G. F. Cockburn, to 18th May.
		„ J. W. Dalrymple, from 19th May.
Rajshahye Division	...	„ C. H. Campbell.
Assam Division	...	Colonel H. Hopkinson.
Chota Nagpore Division	...	„ E. T. Dalton.

107. The Board has been so well satisfied with the administration of all of these officers that it appears to be almost invidious to name any. Messrs. Cockburn, Shore, Dampier, Campbell, and Lieut. Col. Dalton deserve, however, their special acknowledgments. It is with regret that they learn that they are about to lose the services of Mr. R. N. Shore, whose efficient administration of the Province of Cuttack has been, year by year, brought to the notice of the Government.

108. The Commissioner's Annual Reports were received on the following dates :—

Bhaugulpore	...	...	...	15th August.
Burdwan	...	...	...	6th November.
Chittagong	...	...	...	17th July.
Cuttack	...	...	...	26th „
Dacca	...	...	...	24th „
Nuddea	...	...	...	19th August.
Patna	...	...	...	26th „
Rajshahye	...	...	...	3rd „
Assam	...	...	...	17th July.
Chota Nagpore	...	...	...	17th „

109. Besides the Annual Reports, the Board are dependent on numerous other Returns, such as Wards' Estates, &c., for the materials required for their report. These Returns, have this year, been unusually delayed in consequence of the revision of the forms. The effect of the revision will, however, be to expedite the submission of the Annual Report in future.

I have the honor to be,

SIR,

Your most obedient Servant,

R. B. CHAPMAN,

Secretary.

No. 87.

FROM THE HON'BLE A. EDEN,

Secretary to the Government of Bengal,

TO THE SECRETARY TO THE BOARD OF REVENUE, L. P.

Fort William, the 5th January 1866.

Revenue.

SIR,

I AM directed to acknowledge the Board's Report* on the Land Revenue Administration of the Lower Provinces for the year 1864-65, and in reply to communicate the following observations and orders recorded by the Lieutenant-Governor on the subject noticed in that Report.

* No. 354A., dated 21st November last.

2. *Paras.* 2 *to* 16.—The Lieutenant-Governor observes that the rate per cent of the total collections of the year was 90·9 per cent of the aggregate demand, against 91·10 per cent during the preceding year. Notwithstanding this slight decrease in the percentage, however, the general result of the year appears to His Honor to be satisfactory, and the explanations given by the Board in paragraphs 9 to 16 fully account for the heavy outstanding balances in the districts named therein.

3. *Para.* 17.—A very large portion of the remissions made during the year was for lands taken before the decennial settlement for purposes of Salt manufacture; and the Board observe that, instead of annual remissions, it may eventually become necessary to authorize a deduction of the demand on the rent-roll, if it should be found impossible to identify the lands. This question does not require any immediate orders, and the Lieutenant-Governor will await the Board's future report on the subject: it is requested, however, that the Board will state what steps have been taken towards the settlement of this matter.

4. *Paras.* 18 *and* 19.—The general results of the year reported upon, as compared with those of the preceding year, exhibit an increase in the current demand to the extent of Rupees 23,502, but a decrease in the total demand to the extent of Rupees 61,455. The percentage of collections, as has been observed already, also shews a slight decrease; and there was likewise a decrease in the percentage of the remissions made during the year, and an increase in the percentage of outstanding balances. But the unfavorable result of this comparison has been sufficiently accounted for by the Board, as due to the derangements caused by the Cyclone of the 5th of October 1864.

5. *Paras.* 20 *to* 23.—The progress made in redeeming the revenue of petty estates is still very slow, but the Lieutenant-Governor agrees with the Board in thinking that nothing further need be done. His Honor at the same time considers the results obtained to be so far satisfactory that upwards of one-fourth of the entire number of these estates has been already redeemed. This, the Board observe, is equivalent to a reduction of one-fourth of the labor of keeping the accounts of these estates; but it should be stated whether any corresponding reduction has been made in the cost of establishment.

6. *Para.* 24.—The collections on account of Forest Revenue were only 60·6 per cent of the aggregate demand. This result is not satisfacfory; and the Lieutenant-Governor trusts that the heavy balance outstanding in Luckimpore at the close of the year has since been realized.

7. *Paras.* 27 *and* 28.—The collections in Government Estates are also still far short of the demand, the outstanding balances amounting to no less than 16 per cent; but the explanations given by the Board in regard to these balances where they are heaviest are on the whole satisfactory.

8. *Paras.* 31 *and* 32.—The total charges incurred in collecting the revenue by means of local agencies amounted to Rupees 2,09,329. The percentage on the amount collected was highest in the Sunderbuns, Cuttack, and Durrung, and lowest in Sylhet, Cachar, and Pooree. An exceptional rate of 20 per cent was allowed in the Sunderbuns for collecting the rents of the Tooskhallee Estate; but the rate in Cuttack was nearly as high, being as much as 19 per cent. The minimum rate of 1 per cent was incurred in Sylhet. The average rate of 12·1 per cent is fair and satisfactory.

9. *Para.* 33.—The Lieutenant-Governor is glad to perceive that the amount carried to the credit of the Improvement Fund during the year from the collections of the Government Estates amounted to above Rupees 60,000.

10. *Para.* 34.—His Honor has perused with satisfactory the account given by the Commissioner of Nuddea of the recovery of the country to the south of the 24-Pergunnahs from the effects of the Cyclone.

11. *Para.* 35.—The reasons urged by the Board for the omission of the usual returns concerning the estates under the management of the Court of Wards and other attached estates are accepted by the Lieutenant-Governor, and His Honor awaits the supplementary report on the subject which is promised by the Board.

12. *Para.* 36.—His Honor is particularly glad to learn that the important estate of Durbungah has been completely rescued from debt, and is now in a thoroughly healthy condition, and he awaits the proposal which the Board intend to bring forward for the appointment of a tutor to the Rajah during his minority.

13. *Paras.* 37 *to* 41.—With advertence to the remarks contained in paragraphs 37 to 41, relative to the management of the Wards' Institution in Calcutta, the Lieutenant-Governor observes that the subject has already been disposed of by the orders of Government, No. 4088, dated the 1st ultimo, to which the Board are accordingly referred. I am desired, however, to request that the Board will report what were the *necessary* expenses of the institution, and what were the extraordinary charges on account of particular Wards. The names of the visitors mentioned in paragraph 40 are incorrectly given.

14. *Paras.* 44 *to* 48.—The Lieutenant-Governor perceives that there has been a slight increase in the number of cases instituted under the Rent Laws during the year, but he agrees with the Board in thinking that these figures do not indicate any particular litigiousness on the part of the people, or any disturbance of the relations subsisting between the agricultural classes, or any injurious working of the law.

15. *Paras.* 58 *to* 62.—The rent cases pending at the close of the year are again very numerous, but the explanation given on this point in paragraph 58 of the Report is perfectly satisfactory; and the Lieutenant-Governor agrees with the Board in thinking that the Rent Laws are working well.

16. *Para.* 65.—The orders of Government for the release of fisheries having since been carried out, the statements in paragraph 65 do not call for any special remarks.

17. *Paras.* 66 *to* 70.—The number of estates sold for arrears during the year was much less than in the previous year, and their size also being smaller and the properties altogether of less value; the price realized amounted only to Rupees 3,71,809, against Rupees 9,44,543 of the preceding year. The average price realized during the year under report was 8·6 years' purchase of the annual revenue demand, against ten years' purchase in the preceding year. The price obtained for the estates sold for the recovery of their own arrears was nearly ten years' purchase of the annual revenue demand, which is satisfactory.

18. *Para.* 82.—The particulars given in regard to the lease and sale of waste lands and of the commutation of the revenue of such lands during the year are also satisfactory so far as they are shewn; but the Deputy Commissioner of Cachar should be called upon to submit a complete list of the leases in that district which he has omitted to furnish.

19. *Para.* 88.—The Lieutenant-Governor notices that the local authorities attributes the recent increase in the emigration of laborers from the Chota Nagpore Division for the tea districts on the North-East Frontier to a season of comparative scarcity. It is probable that the wages given in these districts will continue to attract laborers from Chota Nagpore even in ordinary seasons, and as long as this emigration is not improperly stimulated by delusive promises, the Lieutenant-Governor sees nothing in it to regret.

20. *Para.* 97.—The question of the general establishment of Sub-Divisional Treasuries is still under the Lieutenant-Governor's consideration, but His Honor is glad to be assured that the operations of the experimental treasuries established in the districts of the Nuddea Division have been attended with success.

21. *Para.* 98.—The Lieutenant-Governor is also glad to learn that the working of the Peon Law has been hitherto favorable. His Honor awaits the proposition of a reduction in the rates which the Board wish to submit shortly.

22. *Paras.* 99 *to* 103.—The Lieutenant-Governor notices with pleasure that the Collectors* named on the margin are considered to be deserving of particular commendation, and that a great number of Covenanted† Deputy Collectors and Assistant Collectors, and Uncovenanted Deputy Collectors are also especially mentioned by the Board. Separate orders will hereafter be communicated to the Board in regard to the officers who have been unfavorably mentioned in your letter No. 388A., dated the 21st November last.

24. His Honor desires me to convey his acknowledgments to the Board for the careful supervision exercised by them over the revenue administration of the whole of the Lower Provinces during the year.

I have the honor to be,

Sir,

Your most obedient servant,

A. EDEN,

Secretary to the Govt. of Bengal.

[Exd. W. H.]

REPORT

ON THE

LAND REVENUE ADMINISTRATION

OF THE

LOWER PROVINCES,

FOR

THE OFFICIAL YEAR

1865-66.

Calcutta:
PRINTED BY WILLIAM JONES, ALIPORE JAIL PRESS.
1866.

No. 2502 A.

FROM

T. B. LANE, ESQUIRE,

Secretary to the Board of Revenue, Lower Provinces,

TO

THE SECRETARY TO THE GOVERNMENT OF BENGAL.

Dated Fort William, the 23rd November, 1866.

SIR,

Land Revenue.
Present:
A. GROTE, and V. H. SCHALCH, ESQS.
NOTE.—Mr. E. T. Trevor was present to 8th June, and again from 12th August to 9th January. Mr. R. N. Shore officiated in the interim. Mr. G. F. Cockburn joined on 11th December and remained till 24th March.

I AM directed to submit the following report on the administration of the Land Revenue Department under the Board of Revenue, Lower Provinces, during the past year 1865-66, with statistical Tables, as numbered 1 to 15 in the Appendix.

1.—Land Revenue Demands, Collections, Remissions, and Balances.

2. The number of estates recorded on the District Rolls as contributing to the Land Revenue is 2,25,145, of which 21,336 are in the Fluctuating Division. Of the revenue paying estates, 2,20,720 pay Revenue *only*; while 3,689 pay Malikana combined with Revenue; and 732 pay a Police demand together with Revenue. These, with two unassessed estates in Backergunge, and two estates in Bancoorah which pay Malikana *only*, make up the aggregate number of 2,25,145. Besides these, there are 169 estates which do not contribute to the revenue at all, but pay only a Police demand.

3. Appendix No. 1, includes Malikana with Land Revenue, but the former is distinguished from the latter at foot, where also the Police demands and collections are separately shown. These last, however, are not included, like Malikana, in the body of the statement.

4. Of the current demand of Land Revenue, Rupees 377,21,673, there was realized during the year Rupees 342,83,278 or 90·9 per cent; and of the arrear demand, Rupees 36,50,208, there was realized Rupees 32,71,235 or 89·6 per cent. On the total demand of Rupees 413,71,881, the collections amounted to Rupees 375,54,513, or 90·8 per cent.

5. The rate per cent. of the total collections in each District, calculated on the current demand only, in accordance with the test laid down in the orders passed by Government on the Board's Report for 1860-61, is shown in the following Table:

Divisions.	Districts.	Current Demand.	Total Collections.	Percentage of total Collections to current Demand.	Amount of deficiency in Collections.

6. Of the 27 Districts which more or less fail to bear the test, Midnapore, Balasore, Pooree, Jessore, 24-Pergunnahs, Patna, Moorshedabad, Lukhimpore and Seebsaugor exhibit a comparatively large deficiency, but it will be seen from column 14 of the Appendix that in nearly all these Districts the out-standing balance did not admit of being legally enforced within the year. The only Districts in which there were large *due* demands within the year are Midnapore, Jessore, 24-Pergunnahs, Lukhimpore and Seebsaugor.

7. Midnapore.—Net balance Rupees 3,31,526—the amount realizable by law within the year but not realized, being Rupees 1,47,550. Of this latter sum, Rupees 86,712 had been since realized, and the bulk of the remainder, due chiefly from Julpye estates awaiting settlement, was under enquiry.

8. Jessore.—Net balance Rupees 86,614, of which there was due, though not realized before the close of the year, Rupees 24,636. One half of this amount was either irrecoverable or disputed, and for the realization of the other half, it was found necessary to allow some indulgence to the defaulters, some of whom had entered into bonds to defray the amount due from them by instalments.

9. 24-PERGUNNAHS.—Net balance Rupees 2,33,072 of which Rupees 80,608 admitted of being enforced within the year. In this District Rupees 13,877 of the latter amount is classed as doubtful of recovery; Rupees 13,756 had been since realized, and Rupees 29,353 of the remainder was expected to be adjusted, either by instalments or by the proceeds of other property belonging to the defaulters; Rupees 4,062 was due from an estate under the Court of Wards, and Rupees 19,560 from the Calcutta and South Eastern Bengal Railway Company, whom the Collector had addressed with a view to the settlement of the demand.

10. LUKHIMPORE.—Of the net balance of Rupees 12,052, Rupees 9,100 had been realized since, the delay being caused by the late period at which the estates from which the balance was due had been transferred from Seebsaugor.

11. SEEBSAUGOR.—Rupees 2,788 had been realized out of the net balance of Rupees 16,021 since the close of the year. The remainder was supposed to have been collected by the Mouzahdars in the interior, though not paid in by them. The Deputy Commissioner has made this the subject of a special inquiry.

12. The sum remitted as irrecoverable during the year was Rupees 3,15,196, of which Rupees 1,31,786 was current, and Rupees 1,83,410 arrear revenue. This is a much larger remission than usual, and is owing to the damage sustained in Midnapore and 24-Pergunnahs from the Cyclone of October 1864. The following is a classification of the chief grounds of remission:

	Current.	Arrear.
Khalari rents (Burdwan, Hooghly, Backergunge, Jessore and 24-Pergunnahs)	83,538	....
Damage done by Cyclone of October 1864, (Midnapore and 24-Pergunnahs)	22,891	1,32,684
Loss from drought or inundation (Cuttack and Pooree) ...	14,519	13,634
Assignment of Lands in reward for loyal services, (Gyah, Lukhimpore and Lohardugga,)	9,160	....
Miscellaneous ordinary remissions, such as settlements at a reduced demand, &c., ...	1,678	37,095
Total	1,31,786	1,83,410

The first item is on account of lands taken many years ago for the manufacture of salt. Steps have lately been taken for making an abatement of revenue once for all instead of annual remissions, and this item will, under recent Government orders, cease to appear in the accounts.

13. The following Memo. compares the two years:—

Years.	Current Demand.	Arrear Demand.	Total Demand.	PERCENTAGE COLLECTED.			Percentage Remitted.	PERCENTAGE OUTSTANDING.		
				Current.	Arrear.	Total.		Current.	Arrear.	Total.
1864-65.	373,43,831	32,12,637	405,56,468	90·6	94·8	90·9	0·4	9·1	3·8	8·7
1865-66.	377,21,673	36,50,208	413,71,381	90·9	89·7	90·8	0·8	8·8	5·4	8·4
Difference.	+3,77,842	+1,37,571	+8,15,413	+0·3	—5·1	—0·1	+0·4	—0·3	+1·6	—0·3

14. The increase of current demand is nominal to the extent of 1¾ lakhs, owing to a change in the mode of exhibiting the demand in Assam. Till this year, the *net* demand, after deducting the commission paid to the Chowdries for making collections, was shewn in the accounts; but the Board have now directed that the actual demand shall appear in the accounts of each District, the commission being charged against the revenue by bills countersigned by the Commissioner, in the same way as other charges are passed on the countersignature of competent authority. To the extent of the remaining 2 lakhs, however, the increase in the current demand is *boná fide*. The increase in the arrear demand is owing to short collections last year, in Midnapore particularly, on account of the Cyclone. The percentage of collections is, however, maintained within the limits of ordinary fluctuation, and the balance outstanding at the close of the year has diminished. The larger percentage remitted is explained in the preceding paragraph.

Redemption of Government Revenue of petty estates.

15. The following Table shows the progress made in redeeming the Government revenue of petty estates under Government orders dated 30th June 1852 and 12th May 1854.

Divisions.	Districts.	In 1865-66. No. of Estates.	In 1865-66. Government Revenue.	In 1865-66. Price realized.	Altogether to end of 1865-66. No. of Estates.	Altogether to end of 1865-66. Government Revenue.	Altogether to end of 1865-66. Price realized.	Remaining to be redeemed. No. of Estates.	Remaining to be redeemed. Government Revenue.	Remaining to be redeemed. Price expected.

16. During the year, 244 estates bearing an aggregate revenue of Rupees 243-8-5¼ were redeemed by the payment of Rupees 3,172-15-11. Altogether, 14,820 estates bearing an aggregate yearly revenue of Rupees 7,710-7-4½ have been redeemed by the payment of Rupees 87,078-8-6. There still remain 43,137 estates with an annual revenue to Government of Rupees 79,936-12-4¾ susceptible of redemption. This number includes 14,208 in Chittagong, 10,966 in Calcutta and 14,642 in the Suburbs. In the event of all the remaining estates being redeemed, the price to be paid for them will be Rupees 11,61,850-7-1.

No. 2.—Collections, Remissions and Balances of Forest and Miscellaneous Revenue.

17. The demand on account of Forest Revenue consisted of 94 items aggregating Rupees 33,089, of which Rupees 28,349 had been realized within the year, leaving Rupees 4,740 outstanding in four Districts. Nearly the whole of the balance of Rupees 330 outstanding in Rajmehal was considered irrecoverable, as was also the balance of Rupees 1,623 outstanding in Cachar, the licenses granted for the capture of Elephants in the forests having been cancelled, with a view to the re-establishment of the old Kheddah system, under the orders of the Supreme Government. The balance of Rupees 339 in Jessore, and of Rupees 2,448 in Twenty-four Purgunnahs, was not realizable till the year had expired.

18. The collections on account of Miscellaneous Revenue, (under which head are included the sale proceeds of 107 Government estates) aggregated Rupees 3,00,301, leaving an unrealized balance of Rupees 15,134, or less than 5 per cent. of these two sums together which may be taken to represent the demand.

No. 3.—Estates, the property of Government, their disposition and management.

19. The revenue demand from 26,707 Government estates aggregated Rupees 20,18,710, on which the collections were Rupees 14,06,147, or not quite 70 per cent. a result less favorable than in the preceding year. The short collections are chiefly in 24-Pergunnahs, regarding which explanation has already been given in connection with Statement No. 1, and the three famine stricken Districts of Balasore, Pooree and Midnapore, particularly the last, where only 18 per cent of the demand was realized within the year. The remissions on account of Government estates amounted to nearly 2 per cent of the aggregate demand.

Loss from diluvion.

20. The following sums are returned as having been remitted during the year on the ground of diluvion :—

Districts.	Number of Estates.	Revenue.	Amount remitted.
		Rs.	Rs.
Hooghly	2	5	5
Bulloaah	2	2,802	1,232
Chittagong	4	24	22
Dacca	7	21	15
Furreedpore	1	1,621	271
Total ...	16	4,563	1,545

Charges of Collections.

21. The charges incurred in collecting the Revenue of Government estates were as follows :—

Districts.	Number of Estates.	Amount collected.	Charges incurred.	Percentage.
		Rs.	Rs.	
Monghyr	6	4,538	400	8¾
Purneah	6	164	16	10
Hooghly	1	1,455	201	14
Balloah	6	19,174	1,126	5¾
Chittagong	5	2,972	297	10
Balasore	1	9,782	1,349	13¾
Cuttack	2	2,577	410	16
Pooree	2	1,00,283	4,069	4
Cachar	7,620	1,21,240	1,680	1½
Mymensing	36	865	85	10
Sylhet	20,238	66,064	983	1½
Jessore	4	345	34	10
24-Pergunnahs	5	95,180	5,181	5¼
Sunderbuns	12	83,903	6,362	10 & 20
Patna	14	11,707	2,459	21
Maldah	2	10,672	1,067	10
Moorshedabad	1	2,491	294	10
Rajshahye	19	1,428	140	10
Durrung	317	1,91,850	26,853	13¾
Kamroop	269	4,30,504	60,174	14
Lukhimpore	170	89,312	13,567	15¼
Nowgung	359	2,15,795	32,807	15
Seebsaugor	136	2,70,938	38,838	14¼
Lohardugga	2	48,377	1,164	2½
Total ...	29,253	17,34,616	1,99,498	11½

The authorized rate is 10 per cent, but in many cases the cost of agency distributed over the area of collection falls far below the rate, as in Sylhet and Cachar for instance. In other cases, owing to the small sums to be collected from a large number of persons, a higher rate is allowed. The rates in Assam, the Sunderbuns, Balasore, Cuttack, Hooghly and Patna are special.

22. The following sums were set apart during the year from the collections of Government estates for purposes of improvement of the interior communications.

Districts.	Number of Estates.	Collections.	Three per cent on Collections.

No. 4.—Estates of Disqualified Landholders.
No. 5.—Estates attached by order of the Courts.

23. These Statements are not yet complete in consequence of the Returns of some Districts not having yet come to hand. They will be forwarded, when ready, with a Supplementary Memorandum.

Working of Acts XXXV. and XL. of 1858.

24. One estate in Monghyr, and one in 24-Pergunnahs, belonging to lunatics, were taken under direct management by the Collectors of those Districts under Section 11 Act XXXV. of 1858. The proceedings under Act XL. of 1858 embraced one estate in Tipperah, brought under the Court of Wards in the last month of the year. In two others action was taken, but the Judge declined to interfere in one of the cases, and in the other, a distant relative of the late proprietor, succeeded in obtaining a certificate from the Civil Court. In 24-Pergunnahs, two estates were brought under wardship, and one in Sarun, but six applications in Patna were all unsuccessful. In Hazareebagh, the arrangements commenced in the preceding year in regard to the Dhunwar estate, and in Bhaugulpore, in regard to the Sookpore estate were completed.

Wards' Institution.

25. At the close of 1664-65, there were nine boys in the Wards' Institution. Three were added during the year, and two retired, leaving ten on the roll at its close, whose ages ranged from seven to eighteen, four being under the age of fifteen.

26. The usual course of studies has been followed, and the Director reports that "all the boys got their promotions at the last examination, and several of them acquitted themselves with credit." One lad, Promothonath Roy, has passed the University Entrance Examination. The conduct of the boys on the whole is pronounced satisfactory.

27. The number of visitors to the Institution had increased, and amongst these were His Excellency the Viceroy and His Honor the Lieutenant-Governor, who appear to have been favorably impressed with the management.

28. The total expenditure during the year was Rupees 41,603-2-8 including Rupees 24,588-7-10, which constituted the personal charges of 12 boys. The high prices of food and clothing, and the purchase of valuable horses for the more wealthy Wards, contributed to swell the expenditure beyond the limit of the preceding year.

No. 6.—Proceedings under the Rent Laws.
No. 7.—Execution of Decrees and Appeals.
No. 8.—Application for Sale of distrained property.
No. 9.—Operation of the penalty provisions of Act VI. of 1862, B. C.

29. The following Abstract with remarks on the proceedings under the Rent Laws during the year, is repeated from the Board's Preliminary Report. Some corrections of figures have been introduced.

"The number of *suits* instituted has increased from 1,17,414 to 1,23,102—a larger number than has been instituted in any one year since 1861-62. The number of suits revived and re-heard has also increased. Counting in the arrears of last year, there were no less than 1,48,422 suits for disposal during the year.

"The number of *applications* has also slightly increased, but these proceedings are of very little consequence; altogether there were 2,528 applications for disposal during the year.

"The Board are aware of no causes at work during the year likely to give rise to any unusual influx of business, unless, possibly, the scarcity have made it unusually difficult for the landlords to collect their rents. This is expressly stated to be the cause of the increase in the Bhaugulpore Division. Almost the whole increase is in the various kinds of suits by landlords against tenants. Thus, suits for pottahs, &c., rose from 6,533 to 7,496—suits for arrears of rent from 99,004 to 1,00,673, suits for arrears and ejectment from 3,112 to 6,052—a large increase. Suits by tenants against landlords, on the other hand, have rather diminished than otherwise. Analogously, it will be observed that notices of enhancement have risen from 16,700 to 19,440, and notices of relinquishment fallen from 6,058 to 3,987.

"The increase of business is general in many Districts—notably in the Patna, Bhaugulpore, Rajshahye, and Assam Divisions. In the Nuddea, Burdwan, Dacca, Cuttack, and Chittagong Divisions there has been, speaking generally, a decrease. It must always be borne in mind that, as yet, these laws are comparatively little used in some important parts of the country, in Behar for instance. If ever their use should be resorted to in Behar as freely as elsewhere, there would be a very large increase in the aggregate business of the Courts.

"The disposals of the year have increased from 1,21,183 suits and 2,057 applications, to 1,28,577 suits and 2,160 applications. The proportion of suits disposed of after merely formal proceedings has largely increased—from 63·4 to 70·8. The chief increase is in cases decided *ex-parte*—45,890 suits and 447 applications were thus decided.

"The state of the files at the close of the year was again exceedingly satisfactory. A large number of cases, indeed, was actually pending, but, as frequently explained, this is owing to the working of the Law of Limitation, which will always cause the institution of a large number of suits in the last month of the Bengalee year. Now that the official year is to end on the 31st March, this will be changed. On that date this year, only 10,518 cases were pending, against 19,845 at the end of April.

"Of the 19,845 pending suits, only 214 had been instituted more than two months, and no less than 17,262 had been instituted within the month.

"The decrees executed through the Courts have again increased from 65,401 to 66,212.

"The appeals filed before the Collectors have increased from 5,799 to 6,872, and the number disposed of from 6,021 to 6,715.

"An interesting memorandum by the Commissioner of Nuddea, on the administration of the Rent Laws in his division, follows :—

"*Landlord and Tenant.*—In Nuddea there has been a marked decrease in the number of rent suits instituted as compared with the previous year; notices of enhancement, relinquishment, and deposit were also less numerous. In Bongong out of 1,235 suits for arrears of rent, in 63 only was enhancement sought. This decrease is, in a great measure, owing to the improvement in the relations between the planter landlords and their tenants. Other causes have co-operated; it is stated that tenants have found out that it is better policy to submit to a moderate enhancement amicably than to drive the landlord into Court, where he will insist on the utmost farthing; that the principle of enhancement, as laid down by the Hight Court in the case of Thakooranee Dossee, is less favorable to the landlords than that which was adopted in the case of Hills *versus* Issur Ghose; and from Chooadangah Mr. Towers writes, that the landlords of that sub-division carried out almost all their enhancements in the preceding year, and therefore had little left to do in the year under review. Another cause of fewer institutions must be that in a year of scarcity such as this, landlords do not care to press their tenants for payment of rent both from feelings of humanity, and because the attempt would be fruitless. Whatever may be the cause, it may be said that little or no litigious action has yet been taken on the decision in the case of Thakooranee Dossee, which reversed the ruling in the case of Issur Ghose.

Mr. Pawsey writes from Bongong, "I should perhaps notice the average difference of rent per beegah made by the ruling of the High Court in Thakooranee Dossee's case compared with that in the case of Issur Ghose. Under the latter named ruling the rent fixed for (mattan) arable land was usually about 1 Rupee, under the new ruling it is fixed at about 10 annas in cases where the former rent was 8 annas, as was the case with most ryots having right of occupancy in this sub-division."

The penalty provisions of Act VI. of 1862 (B. L. C.) are very sparingly applied.

Landlords rarely resort to distraint and sale. The mere show of an intention to distrain is said to bring in the rents.

The Collector of Jessore, adverting to the large increase of notices issued for enhancement, writes: "Why this should take place I cannont exactly say, unless it be that the Zemindars, feeling the pressure as well as the ryots, intend to exact their legal dues more strictly in future when the present distress is removed. Most certain it is that the ryots cannot pay their present rents during this year, and the chance of enhanced rent being realized is small. I suspect, however, that ryots are so depressed at present that they would not make much opposition to pay more in future were some present indulgence granted them by their landlords;" but of the general relations between landlords and their tenants he writes: "The general feeling throughout the district between landlord and tenant has been good. Old animosities seem to have died away, and there have been no signs of that bitterness of feeling which used to be conspicuous between the parties.

In this Division a close supervision has been kept up by the Collectors over the procedure of their subordinates in rent suits. Every month the record of a number of cases selected at hazard from those decided by three different Officers are minutely scrutinized by the Collector for the sole purpose of correcting defects of procedure. At first the defects detected were numerous; but this system of close supervision has had the best effect."

30. The working of the rent laws continues to be favorably noticed by the Commissioners generally. The Commissioner of Rajshahye remarks: "Every thing indeed connected with rent, all over the Division, is, I consider, in a sound state. There is on the whole a thoroughly good understanding between landlords and tenants. The latter in many places have lately, owing to the failure of their crops, been unable to pay any rent, but the greatest forbearance has been, and is being exercised towards them by their landlords."

Working of Act V. of 1863 B. C.

31. Regarding the working of Bengal Act V. of 1863, the Board remarked in the Preliminary Report —

The working of the Law for the Service of Processes, Act V. of 1863 (B. C.) continues to be most satisfactory. With hardly an exception, the Officers of Government are of opinion that the service of the processes of the Courts is, by far, more efficient, while the costs are considerably less oppressive, than was the case under the old system. At the same time, the measure has been financially so entirely successful that there was a balance to credit of the Process Fund on the 1st May 1866 of no less than Rupees 1,97,925. Besides this, the Government was relieved of the entire cost of serving all processes heretofore served at its expense, numbering during the year 28,087, and of the whole charge for the salaries of Nazirs.

The work of the Department was done by 2,444 officers, of whom 580 received Rupees 6 a month, 1,206 received Rupees 5 a month, and 658 were hired as required. The cost of this establishment and of the Nazirs, Naib Nazirs, and Bakshis, who superintend the Department and of all contingencies connected with it, was Rupees 1,83,733.

The Department was paid for 3,98,712 Processes, (of which 3,97,986 were actually served during the year,) divided as follows :—

Issued free of charge	28,087
For 2 annas each	41,600
,, 4 ,, ...	51,637
,, 8 ,, ...	1,22,106
For 1 Rupee each	86,982
,, 2 Rupees each	68,300
Total ..	3,98,712

The fee is according to distance, an allowance of three-fourths being taken off, when a party serves more than one process at the same time and place, for all processes after the first.

The actual amount credited to Government, including 33,289 days' demurrage, was Rupees 3,11,953. The account therefore stands thus—

	Rupees.
Balance to credit at close of last year ...	69,705
Credited this year	3,11,953
Total ..	3,81,658
Charges this year	1,83,733
Balance to credit at close of this year ..	1,97,925

Economy is consulted by taking care that each peon shall serve as many processes as possible on each journey. Thus only 41,300 processes were served singly; on 22,644 journies two processes were served; on 14,144 three; on 11,747 four; and on 23,464 more than four. Altogether, the 3,97,986 processes were served in only 1,13,299 journies.

The Board are very hopeful that, without at all interfering with the efficiency of the Department, it may be found possible still to introduce considerably more economy in the arrangements for its working.

Upon perceiving that the Department was yielding a considerable surplus revenue, the Board of Revenue proposed various measures to Government in March last, with a view, first to improving the position of the Officers of the Department, and then, to relieving suitors, and, at the same time simplifying the scale of charges. Their scheme provided for raising the pay of the peons to Rupees 7 and Rupees 6, instead of, as at present, Rupees 6 and Rupees 5, and for lowering the maximum fee from Rupees 2 to Rupee 1.

With a trifling exception, however, the Government has not yet been pleased to authorize the introduction of the changes recommended by the Board. It is satisfactory to observe that, instead of Rupees 1,70,000 which the Board estimated at that time as the probable surplus of the fund at the close of the year, the actual surplus is nearly Rupees 1,98,000. There can be no question that the measures recommended by the Board might be introduced with perfect safety.

The only Districts shewing a debit balance at the close of the year were Goalpara Durrung, Seebsaugor, Cachar, the Soonderbuns, Patna, Bograh, and Maldah.

The Districts in which there was the principal profit were as follows :—

	Rupees.
Backergunge	18,204
Tirhoot	16,214
Tipperah	13,502
Bullooah	11,618
Chittagong	10,910

No. 10. Proceedings under the Resumption Laws.

32. There were 181 resumption suits on the files of eight District Officers. Rent-free lands forming the subject of 63 suits, with an estimated rental of Rupees 29,144, were declared liable to assessment, and lands which formed the subject of 71 suits, with a rental of Rupees 1,20,933, were released from the claim of Government. There remained 47 suits for disposal in three Districts.

No 11.—Proceedings under Act XI. of 1859.

33. As already pointed out in the Preliminary Report, "seven hundred and eighteen estates were sold during the year for the recovery of their own arrears, of which 52 bearing a Revenue of Rupees 7,943 were purchased for Government at a total cost of Rupees 36, and 666 bearing a Revenue of Rupees 36,731, were purchased by private individuals for the sum of Rupees 4,77,243 being nearly thirteen times the Revenue. This goes to shew how very light the pressure of the Revenue is. The arrears due from all the estates sold was Rupees 25,080.

"It may be taken for granted that the estates brought for Government have all deteriorated from diluvion or some similar cause. The only Regulation Districts in which there were no sales were Beerbhoom, Balasore and Rangpore. In Chittagong no less than 253 petty estates were sold, but the Revenue of the whole was only 4,309. Even these fetched Rupees 49,962. The enormous surplus proceeds of the sales shew that estates are not forced to sell by a harsh Revenue Law, but, in all probability, suffered to fall into arrear with a view to transfer by sale in the most convenient manner.

"In fifty-six cases the purchasers forfeited their deposits under Section XXIII. of the Act, and in 28 of them the estates were regained by the Proprietors.

"Nineteen shares separated under Sections X. and XI. were sold, bearing a Revenue of Rupees 13,541, for Rupees 76,481, or nearly six times the Revenue. The rights and interest in 19 Estates, were sold to recover arrears due from other estates, and in 53 estates for demands other than Land Revenue. The Revenue borne by these 72 estates, was Rupees 25,787, the due for which they were sold Rupees 1,44,338, and the amount of purchase money, Rupees 43,463. 13,845 estates, bearing a Revenue of Rupees 17,86,268 were exempted from sale under Section XVIII. 12,458 of these were in the district of Sylhet, of which the Revenue system is peculiar.

"There were ten appeals against sale under Section XXV; and in three cases the sales were annulled. They were all petty estates. In one case the annulment of the sale of a petty estate was recommended to Government under Section XXVI.

"Seven hundred and eighteen separate accounts were opened in the year under Section X, bearing a Revenue of Rupees 2,12,929. Altogether to date 2,425 such accounts have been opened, bearing a Revenue of Rupees 13,84,701, of which one bearing a Revenue of Rupees 384, has been closed by sale of the whole estate under Section XIV, leaving open at the close of the year 2,424 accounts, bearing a Revenue of Rupees 13,84,317.

"One hundred and thirty-eight accounts were opened under Section XI. for a Revenue of Rupees 23,489, making a total open to the close of the year of 367 accounts for a Revenue of Rupees 99,727. There have been no closures.

"Not a single account under either of these Sections has yet been opened in Orissa or in the District of Furreedpore. In every other District free resort is had to these very useful Sections, and their operation has evidently been perfectly successful.

"No less than 1,036 tenures, created since the settlement, have been admitted to *common* Registry* during the year, making a total to date of 1,921, the gross rent payable to the superior proprietors of which is Rupees 13,12,663 upon an area of 36,03,781 acres. The number of parent estates affected is 1,099.

* This protects them in the event of the sale of the parent Estate from all purchasers but the Government.

"Seventeen such tenures were admitted to *special** registry, making a total of 212, such tenures so registered to date, with a rental of Rupees 2,08,609, and an area of 2,95,547 acres; the parent estates affected being in number 114.

* This protects them even in case the Estate falls into the hands of the Government.

"No. building leases were *commonly* registered during the year. There have been, altogether, 40 such so registered in 13 estates, the rental being

Rupees 333. One building lease was *especially* registered during the year, making altogether three such tenures specially registered in one estate with a rental of Rupees 17.

"Three Istimrari tenures, held at a fixed rent since the permanent settlement, were specially registered during the year. The law does not provide for the *common* registry of such tenures. Altogether nine such tenures have been registered to date dependent from eight parent estates, and paying a rent of Rupees 885 upon an area of 5,082 acres. No tenures of this character have been registered at all, with the admission that the rent is *not fixed*.

"The reason for the great activity shewn in registering this year is the operation of Act III. of 1862 (B. C.) by which all applications for the registry of tenures existing at the time Act XI. of 1859 was passed, were finally limited to 21st April 1865. The bulk of the registries made this year were of course upon applications made before that date. The Registers of Istimrari tenures are now closed, unless there be an application or two yet undisposed of.

"The Board watch with great jealousy, and have enjoined upon Commissioners to do the same, all applications for *special* registry. They require, in each case, the clearest evidence that the Government Revenue is in no way endangered.

"No proceedings whatever have been taken under the Registration Sections in the District of Backergunge,—which is singular, for it is a most litigious place,—or in Patna. The law has been little used in Behar at all. But in all the Districts of Bengal Proper, except those named, there have been *some* proceedings.

Imprisonment for Government demands.

34. Imprisonment had to be resorted to in nine districts, as a means for the realization of Government demands, as follows:—

Districts.	Number in confinement.	Released.	Remaining in Confinement.		
			From last year.	Of this year.	Total.
Purneah	9	7	0	2	2
Chittagong	1	1	0	0	0
Tipperah	1	1	0	0	0
Pooree	2	2	0	0	0
Backergunge	1	1	0	0	0
Cachar	2	2	0	0	0
Patna	3	3	0	0	0
Shahabad	2	2	0	0	0
Kamroop	2	2	0	0	0
Total ...	23	21	0	2	2

Settlements.

35. Two thousand one hundred and ninety-six estates were settled during the year. Of these 299 were settled for the first time at a revenue of rupees 82,949; 1,534 were re-settled at a revenue of 10,11,654, being rupees 67,474 in excess of the revenue of the previous settlement; and 363 were summarily settled, pending detailed

assessment, at a revenue fixed by estimate of Rupees 1,04,817. There remain for settlement 2,673 estates, the estimated revenue from which is Rupees 13,00,000. The Assam settlement work, which is for the most part annual, is included in the estimate. The settlement of the large Pergunnah of Palamow in Lohardugga is progressing. It was begun by Mr. Hewitt in 1863-64, and carried on by Mr. Forbes in 1864-65. Last year the operations were under the direction of Baboo Sunjeeb Chunder Chatterjee, who has not strictly followed the principles on which his predecessors acted, and who has been cautioned against deviation from the plan laid down by the local authorities. Mr. Forbes describes the condition of the ryots of the settled villages as "so favorable as to excite the envy of those of the villages not yet settled." The re-settlement of the Coleham in Singbhoom is also progressing, but particulars of the work in this Division are withheld till the completion of it shall enable the authorities to report upon it as a whole. The re-settlement of the Cuttack Province is the subject of a separate correspondence.

Sunderbuns.

36. In the Sunderbuns the following work was completed—66 estates with an area of 4,21,080 beegahs settled at an annual revenue of Rupees 1,32,885 bringing an accession of Rupees 27,503 to the rent roll compared with the previous revenue; 27 estates inspected; 35 estates with an area of 2,22,079 beegahs surveyed; 41 resumption cases disposed of, and 37 advanced towards decision; 11 estates with an area of 81,950 beegahs measured at a cost of Rupees 1,469; 103 blocks of fisheries farmed at an annual revenue of Rupees 1,144 being Rupees 394 in excess of the previous Revenue; 12 lots of Waste Lands containing 70,185 acres sold for Rupees 1,76,250 of which Rupees 5,723 had been paid; the Revenue of 17 grants containing 1,04,045 acres commuted for Rupees 2,47,757 of which 50,629 had been realized; and 556 cases of various kinds disposed of. Besides the above the Commissioner in the Sunderbuns had under his direct management 12 estates with a Revenue demand of Rupees 34,324, of which Rupees 33,630 had been collected.

Grants, Sales and Leases of Waste Lands and commutation of Grants to rent free.

37. The following Table shews the grants of Waste Lands under the old rules. It is believed that there are very few of these grants still remaining to be confirmed.

GRANTS UNDER THE OLD RULES.

Districts.	In 1865-66.			Altogether to end of 1865-66.		
	Number of Grants.	Area.	Eventual maximum Revenue.	Number of Grants.	Area.	Eventual maximum Revenue.
Luckhimpore, ..	5	6,124	1,722	30	46,013	12,950
Nowgong, ...	2	1,348	379	42	49,287	13,862
Cachar, ...	19	70,516	19,841	127	3,16,456	89,004
Sylhet, ...	...	..	...	10	15,408	4,333
Durrung, ...	..	...	...	20	10,320	2,901
Kamroop, ...	..	...	..	32	10,973	2,872
Seebsaugor, ...	...	...	..	99	78,380	29,392
Total ...	26	78,018	21,942	360	5,26,867	1,55,314

38. The next Table shews the number of leases under these Rules of which the Revenue has been redeemed during the year, and to date:—

COMMUTATION OF REVENUE OF WASTE LANDS.

DISTRICTS.	IN 1865-66.				ALTOGETHER TO END OF 1865-66.			
	No. of Grants.	Area in Acres.	Price of commutation paid.	Price remaining to be paid.	No. of Grants.	Area in Acres.	Price of commutation paid.	Price remaining to be paid.
Cachar ..	5	14,203	11,923	25,072	39	91,051	1,35,310	66,418
Kamroop ..	1	263	73	625	5	11,289	3,000	26,067
Lukhimpore ..	2	4,250	11,604	0	4	5,887	12,399	5,167
Soonderbuns ..	17	1,04,045	50,629	1,97,128	17	1,04,045	50,629	1,97,128
Total ..	25	1,22,761	74,229	2,22,825	65	2,12,272	2,01,338	2,94,780

39. The Table appended to this paragraph shews the total sales of Waste Lands during the year and up to date. The sales of the year are more extensive than the Board expected; but this cannot be expected to continue. Latterly, several of the Lots purchased on the first introduction of tea cultivation have, the Board regret to say, been falling back into the hands of Government, the proprietors being unable or unwilling to complete their purchases; this has occurred especially in Darjeeling. Sales in the Chittagong Hill Tracts are not included in the Table:—

SALES OF WASTE LANDS.

DISTRICTS.	IN 1865-66.			ALTOGETHER TO THE END OF 1865-66.		
	No. of Lots.	Acres.	Price for which sold.	No. of Lots.	Acres.	Price for which sold.

Total ...	**125**	**1,64,312**	**4,75,903**	**664**	**6,50,227**	**33,95,780**

40. There follows a list of the lands taken up for tea cultivation under the ordinary conditions for the cultivation of Waste Lands on lease in the various Districts named. The Board are not very confident that the lands here entered have been all taken up for the particular purpose. It is not always easy to ascertain the purpose for which lands are leased.

LEASES OF WASTE LANDS UNDER THE ORDINARY SETTLEMENT RULES OF THE DISTRICT.

Districts.	In 1865-66.				Altogether to the end of 1865-66.			
	No of Leases.	Area.	Present Revenue.	Eventual maximum Revenue.	No. of Leases.	Area.	Present Revenue.	Eventual maximum Revenue.

41. During the year the proprietary rights of Government in 83 estates bearing a revenue demand of Rupees 46,823, and in 9 shares of estates of the annual value to Government of Rupees 1,824, were sold for Rupees 1,85,143 and Rupees 25,948 respectively. Altogether 4,669 whole estates bearing a Revenue demand of Rupees 10,52,066, and 303 shares of the annual value to Government of Rupees 36,217 have been sold for Rupees 102,38,622. Besides the above, 12 blocks of C. Lands relinquished by the East Indian Railway Company

No. 12.—Sale of proprietary rights in Government Estates.

were sold during the year for Rupees 3,799, making 25 blocks altogether sold for Rupees 15,508. There remain for sale 1,950 whole estates bearing a revenue demand of Rupees 8,20,201 and 42 shares of the annual value of Rupees 41,003. Should these realize the average price of previous sales, namely, 9½ years' purchase of the Revenue, the sum of 80 lakhs may be expected to be realized by their sale.

No. 13.—Lands taken for public purposes, and compensation paid for them.

42. This statement is subjoined for the first time. The aggregate area taken up for General, Railway, and Municipal purposes is 8,063 beegahs nearly; the compensation amounted to Rupees 18,21,463, of which Rupees 1,06,820 is payable from the Government Treasury, and the remainder by the Municipal authorities, and the Railway and Gas Companies.

No. 14.—Business performed in Collectors' Offices.

43. During the year 51 District Officers disposed of 3,31,074 cases against 3,36,566 last year, and the number remaining on the files at the close of the year, was 47,659 against 47,216. Nearly 3,000 cases more were instituted in the year under review than in the previous year. The items of business not forming cases aggregated 13,41,332 against 11,35,400.

Arrangement of records.

44. The arrangement of the records in the Darjeeling Office has been carried out. By their Circular Order No. 1, of January last, the Board have directed all Officers to take measures for clearing the record rooms of all old records liable to be destroyed under the revised classification circulated therewith, and for preparing those not liable to immediate destruction, for destruction when the proper time comes. It is not intended however to re-classify papers already classified under the superseded Table.

Sub-Divisional Treasuries.

45. The experiment made in the Nuddea Division of maintaining treasure chests at the Sub-Divisional offices under certain restrictive regulations having been reported to have succeeded, the same system has been introduced generally. The rules to be observed, were circulated by the Board in July last.

District Libraries.

46. The District Libraries were generally in good order; nine volumes were missing in Midnapore, which are now the subject of enquiry.

Visits of Collectors to the Interior.

47. The following Officers were in the interior of their Districts for two months and more.

	M.	D.
Lord Ulick Browne, (Nuddea)	2	0
Mr. Levien, (Dacca)	2	0
" Herschel, Midnapore)	2	3
" Barlow, (Pooree)	2	5
" Sutherland, (Backergunge)	2	9
" Falcon, (Bograh)	2	10

	M.	D.
Mr. E. Drummond, (Patna)	2	12
Major Boddam, (Hazareebaugh)	2	15
Mr. Oliphant, (Lohardugga)	2	18
Captain Seonee, (Seebsaugor)	2	21
,, Lamb, (Durrung)	2	26
Major Coomber, (Lukhimpore)	2	28
Mr. Muspratt, (Balasore)	3	7
,, Ravenshaw, (Maldah)	3	14
Dr. Hayes, (Singbhoom)	3	15
Captain Clarke, (Cossyah Hills)	3	23

48. Some Officers were unable to go out at all, while others made very brief visits. The reasons assigned are various, but generally sufficient. Mr. Mangles, Collector of Bhaugulpore was obliged to shorten his tour to a fortnight on account of arrears which he found on taking charge. Major Reed, owing to the constant illness of his Assistant, was unable to quit the station of Darjeeling for any time. Mr. Cockerell, Collector of Hooghly, paid some rapid visits into the interior, returning to the Sudder station at brief intervals, as the requirements of business demanded. Mr. Smith, would have been out in Chittagong longer than a fortnight, had not the arrangements for the Exhibition required his presence at the Sudder station. Mr. Henderson, was out only ten days in Mymensing, and his successor, Mr. Reynolds, had an accumulation of arrears to deal with. The Collector of 24-Pergunnahs, Mr. Bainbridge, could not leave his head quarters on account of press of business. Mr. Maclean was much occupied with matters relating to the Dearah Survey of Shahabad. Illness at first, and latterly, an insufficient staff of Officers at head quarters prevented Mr. Elliot from going into the interior of Tirhoot for more than ten days. Changes of Officers interfered with visits being made to the interior of Monghyr and Dinagepore. In Pubna, Mr. Balfour, after having entered on his tour was transferred to Howrah, and returned to make over charge to his successor.

49. Referring to the Deputy Commissioner's inability to visit the Terae of Darjeeling, Mr. Money, the Commissioner of the Division, has the following significant remarks—" I consider the reason given (for making no tour) a good one. The perpetual changes of Assistants at Darjeeling interfere with the work. The re-settlement of the Terae jotes is a matter that should be disposed of, but unless the Government have at Darjeeling, during the next cold season, an Officer as Assistant who is either competent himself to go out for this work, or to take charge of the Office while the Deputy Commissioner is out, another year will pass without this very unnecessary matter being concluded. I have before this expressed my regret that Collectors and other Revenue Officers spend generally so little time in the interior of their districts; I do not blame them however. It is the result of the present system. Every Deputy Collector and Collector is a Revenue Judge, his time being taken up in Act X suits and appeals. Such time as the Collector and Magistrate can spare from these and other regular duties is scarcely sufficient to attend to the calls made upon him by a dozen Departments, each of which appears to forget that this Officer has other business besides its own to

look after. If he goes into the interior for a few days, he knows that he will find on his return innumerable takeeds, mostly on technical matters, of little importance, which have, however, to be answered. He avoids all this additional worry and work by remaining at the Station; but one, and a serious consequence of this and of their new judicial functions, is that he and his subordinates are year by year knowing less of the people and the country; that the mutual sympathy and knowledge which intercourse produces, is becoming weaker and rarer; and that a gradual approach is being made to a state of things when the only members of our local executive administration who will practically know any thing of the districts and their population, will be the Officers of Police, whose connection with the people is not the soundest basis on which mutual good will, knowledge and sympathy can rest."

50. With reference to Mr. E. Drummond's tour in Shahabad, the Commissioner of the Patna Division remarks, that "he would have made a longer tour if it had not been twice interrupted by his having to run into the sudder station, owing to successive Joint Magistrates being removed before their successors had arrived."

51. The Board have more than once pointed out the disadvantages of frequent and unseasonable changes of District Officers, and they fear that Mr. Money is right in his belief that modern Collectors have less knowledge of their District Statistics than was the case formerly.

52. The following Officers deserve notice for the efficient performance of their duties, during the year.

Merits of Officers.

Collectors.

Barlow, G. N.
Boddam, Major, H. M.
Browne, Lord Ulick
Cockerell, R. V.
Eliot, A. J.

Gomess, A. D. B.	Wright, A. C.

53. The above Officers are selected out of a large number of which the subordinate executive service is composed. Some old Officers who might be expected to be in the list are, however, not now mentioned as worthy of special notice, and the Board believe there is much truth in the following remarks of the Commissioner of Nuddea. "Much of the time of the Collector [of 24-Purgunnahs] is taken up in the supervision of his Deputy Collectors, who, for some reason, appear to require much stricter supervision at the Sudder Station in this District than in any other. The cause probably is that several of the able and experienced Officers who are located at Alipore, having made their name, have other occupations to which they give their first interest and thought; whereas the life of a good Deputy Collector in the Mofussil and his best energies are devoted to his duties as a Deputy Collector. Certain it is, that of the Deputy Collectors lately stationed at Alipore, the two who have not yet achieved their fame are by far the most efficient and valuable assistants to the Collector, and require the least supervision to ensure reliable work."

54. The Officers of whom unfavorable mention is made are named in a separate letter forwarded herewith.

No. 15.—Business performed in Commissioners' Offices.

55. According to this statement the business in the Commissioners' Offices is very unequal. The Patna and Assam Offices shew a larger amount of work done and to be done than elsewhere. Bhaugulpore ranks next, but the work in the Chota-Nagpore Division is almost nominal. The speciality in Assam and Patna is that, in the former, the bulk of the work consists of settlements to be confirmed, which does not in general involve much investigation or labor; in the latter Office, the work consisted chiefly of partitions awaiting confirmation, which give trouble when the appeals are numerous. Appeals, and miscellaneous cases form the chief feature in the Bhaugulpore Office; and law

suits to which the Government is a party, in the Dacca Divisions. The following is a comparison of totals for the two years :

	In 1864-65.		In 1865-66.	
	Cases.	Miscellaneous business.	Cases.	Miscellaneous business.
For disposal ...	4,956	...	4,843	..
Disposed of ...	4,134	51,650	4,416	55,249
Remaining	822	..	427	...

56. Mr. Money visited all the Districts of his Division, remaining 31 days in Monghyr, 24 in Purneah, and 22 at Darjeeling. Mr. Montresor spent 4 months and 10 days in his tour of the Burdwan Division, all the Districts of which were visited. In the Chittagong Division, Mr. W. G. Young visited all his Districts, being 7 weeks absent in all. Mr. Ravenshaw visited all the Districts of the Cuttack Division for both Revenue and Political objects; his tour embraced more than five months. Mr. Buckland, Commissioner of Dacca inspected the Offices of all the Collectors subordinate to him, his tour extending over more than 5 months including attendance on the Lieutenant Governor, and the time spent at the Agricultural Exhibition at Mymensing. Mr. Dampier, was away from his head quarters 95 days, during which he inspected all the District Offices in the Nuddea Division, as well as six Sub-divisions. In the Patna Division, Mr. Dalrymple visited all Districts except Gyah, whither, he reports that he was prevented from going by the unprecedented heat; his absence extended over a period of more than two and a half months. Mr. Campbell, Commissioner of Rajshahye, was two and a half months in the interior, visiting all his Districts except Bograh. It was his intention to proceed to that Station after his inspection of Rungpore and Dinagepore, but having been appointed to officiate as Agent to the Governor General at Moorshedabad, he was obliged to return to head quarters earlier than he desired. Colonel Dalton visited Maunbhoom and Hazareebaugh during the rains, from 18th July to 4th September, and Lohardugga, Singbhoom, and the Tributary Mehals in the cold weather, from 4th December to the time of the Exhibition at Ranchee.

Tours of Commissioners.

57. The following is Colonel Hopkinson's explanation of his omission to make the tour of Assam. "The Board are aware, that the only means of communication with Upper Assam, that is, with the Stations north of Gowhatty, is by water and special boats; and boat establishments were heretofore assigned to the Commissioner of Assam, to enable him to proceed on tour. These, however, were lately withdrawn, and a Government Steamer was placed at my disposal; and I had arranged to proceed in her early during last cold weather, proposing among other duties to assist at the Agricultural Exhibition held at Debrooghur, when I received orders to transfer her to the Political Agent charged with Bhootan affairs, and I did not get another Steamer till just before the close of the financial year, and then only an inferior vessel and without a flat, so that my office could not be accommodated. The only tour I could, therefore,

make during the period under review, was by land through the Jynteah country, which extended from the 6th to the 24th November, a period of eighteen days, and embraced a careful inspection of the principal Jynteah villages, enquiries into their statistics, population, cultivation, &c., &c., and the progress made by the country in recovering from the effects of the late rebellion. Some parts of Jynteah were very unhealthy and at Nurtiong, I am sorry to say, I contracted a remittant fever, from which I suffered for some time."

58. The Board have been in correspondence with the Commissioner on this subject, as the explanation did not satisfy them. As it is possible that this correspondence may have to be laid before Government, it is needless to say more here.

59. The following Commissioners held office during the year, and of those Officers who still retain it, the Board have to express their special satisfaction with the administration of Messrs. Money, Campbell, Dampier, and Colonel Dalton.

Bhaugulpore Division ..	.. Mr. A. Money.
Burdwan Division ..	.. Mr. C. F. Montresor.
Chittagong Division ..	.. Mr. W. G. Young.
Cuttack Division ..	.. Mr. R. N. Shore to 22nd June. Mr. T. E. Ravenshaw, from 23rd.
Dacca Division ..	.. Mr. C. T. Buckland.
Nuddea Division ..	.. Mr. H. L. Dampier to 7th August, and again from 5th December. Mr. R. N. Shore, from 8th August to 4th December.
Patna Division ..	.. Mr. G. F. Cockburn, to 18th May. Mr. J. W. Dalrymple, from 19th.
Rajshahye Division ..	.. Mr. C. H. Campbell.
Assam Division ..	.. Colonel H. Hopkinson.
Chota-Nagpore Division ..	.. Colonel E. T. Dalton.

60. The Annual Reports of the Commissioners were received on the following dates.

Bhaugulpore	....	19th July.
Burdwan	....	11th October.
Chittagong	....	25th August.
Cuttack	....	26th July.
Dacca	....	23rd July.
Nuddea	....	1st September.
Patna	....	20th September.
Rajshahye	....	24th August.
Assam	....	31st July.
Chota-Nagpore	....	8th September.

61. Most of the Reports were behind time, particularly that from Burdwan which was delayed for the Midnapore Collector's District return; the statements compiled in this office for the Board's Report were proportionately delayed. To this day several explanations called for have not been received, but the Board hope to have an opportunity of introducing corrections as the sheets pass through the press.

I have the honor to be,

Sir,

Your most obedient Servant,

T. B. LANE,

Secretary.

APPENDICES.

No. 96A.

FROM T. B. LANE, ESQ.,

Secretary to the Board of Revenue, L. P.,

TO THE SECRETARY TO THE GOVERNMENT OF BENGAL.

Fort William, the 10th January 1867.

LAND REVENUE.
(Wards and attached Estates.)

SIR,

A GROTE and V. H. SCHALCH, ESQRS.

REFERRING to paragraph 35 of the Board's Land Revenue Administration Report for 1864-65, and to paragraph 11 of the orders passed by Government thereon, I am directed to submit herewith the Wards' and attached Estates' Statements which were not ready when that Report was submitted. These Statements have only recently been completed, and still contain some discrepancies; though these are not of such moment as to justify further delay in submittting the supplementary Report.

No. 4, Estates of disqualified Land-holders.

2. From this Statement it appears that during the year in question there were 123 persons, namely, twenty-nine females, eighty-two minors and twelve lunatics, whose properties were under the management of the Court of Wards. These properties comprised 810 Estates paying a revenue to Government of Rupees 8,92,858, and 716 other holdings, either rent-free or paying rent to superior Landlords, the rent paid by those of the latter description amounting to Rupees 1,14,309 for the year.

3. The rents due to the several Wards on account of the 1,526 Estates and holdings aggregated Rupees 32,12,318 for the year, making, with the previous year's outstandings, a total demand of Rupees 95,83,277. The collections on the current demand were about 70½ per cent., but on the arrear demand not quite 18 per cent., which reduces the percentage realized on the total demand to 56¾, the percentage remitted being 7½.

4. The following classification of the outstanding net balances shews that the District Officers are not altogether responsible for an outturn apparently so unfavorable as these percentages indicate. Nearly forty lakhs of the balance appertain to the Durbhunga Raj, which came under the Court of Wards encumbered with heavy outstandings:—

Note.—The amount against Goalpara is excluded; the memorandum shewing the classification of the balance in that district having been mislaid by a Clerk who has since left the Board's Office.

Total outstanding balance ...	Rs.	52,53,866
Of this, due on account of the period prior to the Estates coming under Wardship ...	„	35,01,960
Leaving balance accruing under Court's management ...	Rs.	17,11,960

5. It will thus be seen that no less than 66¾ per cent. of the balance existed when the Estates fell under management, only 33¼ per cent. having since accrued. With regard to the latter, the following further classification shews that less than half was recoverable within the year:—

Not realizable by law within the year ...	Rs.	2,67,795
Bad and irrecoverable ...	„	1,88,438
Doubtful and disputed ...	„	4,22,802
Good and realizable ...	„	8,32,925

6. The revenue due to Government for the year, plus the arrears of the past year, was Rupees 10,44,498. Of this, Rupees 9,17,940 (which includes some payments in advance on account of the following year,) was paid, leaving Rupees 1,29,134, or a little more than 12 per cent. outstanding. Of the amount paid, Rupees 9,17,516 was carried to credit of the accounts of the year.

7. The rent due to superior Landlords, together with the previous year's balance, was Rupees 1,59,328, of which Rupees 1,24,285 were paid, and debited to the Wards' accounts. A balance of Rupees 35,041, or 22 per cent. remained outstanding.

8. In addition to Rupees 34,24,844 credited as rents realized, there were collections from other sources amounting to Rupees 7,15,927, which, with Rupees 7,42,071 in hand from the previous year, made up an aggregate fund of Rupees 48,82,842 to meet liabilities. The payments amounted to Rupees 42,81,268, and there remained a surplus of Rupees 6,01,574 in favor of the Wards. The payments comprise, besides the revenue credited to Government and the rents due to superior Landlords, law and management expenses, as well as charges for education and maintenance. Rupees 15,75,460 were devoted to the discharge of debts, chiefly on account of the Durbhunga Wards, and Rupees 2,93,157 were invested in Government Securities during the year. The total amount so invested is Rupees 10,45,013.

9. The particulars given at foot of the Statement relate to the Syedpore Trust Estate in Jessore, from the proceeds of which the Hooghly Imambara is maintained by an annual contribution of Rupees 65,000.

10. There were 334 attachments ordered by the Local Courts, 235 being ordered by the Civil, and 99 by the Criminal Courts. They occurred in every district except Bullooah, Bancoorah, Beerbhoom, Maldah and Rajshahye, and comprised 152 Estates paying revenue to Government, and 216 other holdings.

No. 5, attached Estates.

11. The revenue due to Government on account of the revenue paying Estates was Rupees 1,10,752, including an arrear of Rupees 9,709 belonging to the previous year; of this demand Rupees 92,739 were realized, leaving an outstanding balance of only Rupees 18,013.

12. The rent payable to superior Landlords amounted to Rupees 12,970, of which Rupees 7,003 were paid.

13. The aggregate sum due to the proprietors was Rupees 3,92,053, including an arrear demand of Rupees 81,888; the collections amounted to Rupees 2,71,124, or about 69 per cent. The following is a classification of the outstanding balance:—

Due prior to attachment	...	Rs.	10,803
Not realizable by law within the year	...	,,	4,839
Bad and doubtful	...	,,	7,662
In process of recovery	...	,,	95,218
	Total,	Rs.	1,18,522

14. The income from all sources amounted to Rupees 3,54,270, out of which Rupees 1,01,455 were paid on account of Government revenue, and Rupees 6,890 on account of rent due to superior Landlords. Rupees 1,11,657 were paid by order of Court. The remaining payments were on account of ordinary expenses of management. The balance at credit of the proprietors at the close of the year was Rupees 95,145.

15. The Board will separately address Government in explanation of the extraordinary delay which has occurred in the submission of this supplementary return.

I have the honor to be,
Sir,
Your most obedient servant,

Secretary.

[Exd. C. B.]

No. 862A.

FROM THE HON'BLE A. EDEN,

Secretary to the Government of Bengal,

TO THE SECRETARY TO THE BOARD OF REVENUE, L. P.

Fort William, the 28th February 1867.

Revenue.

SIR,

I AM directed to acknowledge the receipt of your letter No. 2502A., dated the 23rd November last, submitting the Board's Report on the Land Revenue Administration of the Lower Provinces for the year 1865-66.

2. The rate per cent. of the total collections of the year was 90·8 per cent. on both the current and arrear demands. The general results of the year are considered by the Lieutenant-Governor to be satisfactory, and the outstanding balances in the districts named in paragraphs 6 to 11 are sufficiently accounted for.

Board's paragraphs 2 to 11.

3. In consequence of the damage sustained in Midnapore and the 24-Pergunnahs from the cyclone of 1864, the unusually large sum of Rupees 4,46,982 has been remitted as irrecoverable during the year. In this sum is included Rupees 83,538 on account of khalary rents of lands taken up many years since in the Burdwan, Hooghly, Backergunge, Jessore, and 24-Pergunnahs Districts for the manufacture of Salt. This item, however, His Honor observes, will be excluded from future accounts; steps having been taken for making an abatement of revenue once for all instead of annual remissions.

Board's paragraph 12.

4. Comparing the results of the present with the past year, an increase in the current demand to the extent of Rupees 3,77,842, and of Rupees 8,15,413 in the total demand is exhibited. Of the former demand 1¾ lakhs is, however, stated to be nominal. The explanations given in regard to the fluctuations in the percentage of collections, &c., are regarded as satisfactory.

Board's paragraphs 13 and 14.

5. The progress made in the redemption of the revenue of petty estates, as specified in these paragraphs, shows that the permission to redeem at 10 years' purchase, while it involves an ultimate loss to Government, is unappreciated by those for whose benefit it was accorded. This permission has now, except in regard to Chittagong, withdrawn.

Board's paragraphs 15 and 16.

6. The Lieutenant-Governor observes with satisfaction that the collections during the year on account of F Revenue amounted to Rupees 28,349, leaving a balance of only

Board's paragraph 17.

Rupees 4,740 in four Districts. His Honor trusts that the latter amount, as well as the outstanding balances in Jessore and in the 24-Pergunnahs, aggregating Rupees 2,787, have been already recovered, and if not, that they will be realised before the close of the current year. The irrecoverable balance of Rupees 1,623 existing in the Cachar Districts, appears to have been occasioned by the cancelment of licenses for the capture of elephants.

7. The balance of Rupees 15,134 outstanding on account of Miscellaneous Revenue should also be collected without delay.

Board's paragraph 18.

8. The collections on Government Estates still continue to be far short of the demand; the short collections being chiefly in the 24-Pergunnahs, and in the three famine-stricken Districts of Balasore, Pooree, and Midnapore. The remissions on account of these Estates appear to have amounted to nearly 2 per cent. of the aggregate demand.

Board's paragraphs 19 to 21.

9. His Honor observes with satisfaction that a sum of Rupees 52,062 has been set apart during the year from the collections of Government Estates for the purpose of improving the interior communications of the districts.

Board's paragraph 22.

10. The results herein given of the working of the Rent Laws do not appear to call for any special remarks. They are on the whole favorable, and the Lieutenant-Governor has perused with satisfaction the remarks of the Commissioner of the Presidency Division and others on the subject. These remarks will be brought to the notice of the Government of India as exhibiting the manner in which Act X. of 1859 appears now to be working, and the undesirable results which any change in its principles would at the present time be certain to bring about. The law is now understood by both parties, the differences which, when it first came into force, found their expression in suits for enhancement, &c., appear to have died out, and any disturbance in existing relations between landlord and tenant would introduce fresh confusion, and is from every point of view to be deprecated.

Board's paragraphs 29 to 33.

11. The great decrease in the number of persons imprisoned for the realisation of Government demands during the year under report, as compared with the past year, is satisfactory.

Board's paragraph 34.

12. The question of the re-settlement of the Cuttack District has since been disposed of. The Board should report, in due course, the completion of the re-settlement of Pergunnah Palamow of the Lohardaggah District, and of the Colehan in Singbhoom, for the information of Government.

Board's paragraph 35.

13. His Honor is also satisfied with the particulars given in regard to the settlement, inspection, survey, &c., of estates, and the sale of Waste Lands and commutation of revenue in the Soonderbuns. It is observed that there has been an accession of Rupees 27,503 to the rent roll compared with the previous year.

Board's paragraph 36.

14. The details furnished in regard to the lease and sale of Waste Lands, and commutation of grants to rent-free, during the year, are generally satisfactory. The sales are noticed as having exceeded the Board's expectations. It is also noticed that lands, especially in Darjeeling, taken up for the cultivation of tea have in some instances reverted to Government, the proprietors having failed to complete their purchases.

Board's paragraphs 37 to 40.

15. The visits of Collectors to the interior of their Districts should, the Lieutenant-Governor observes, be extended to at least three months, and when less than this time has been spent in camp, a special explanation should be given.

Board's paragraphs 47 to 51.

In reference to the remarks made by Mr. Money in paragraph 49, to the effect that "every Deputy Collector and Collector is a Revenue Judge, his time being taken up in Act X. Suits and Appeals," the Lieutenant-Governor desires me to say that this has always been the case to a certain extent, and that the reason assigned for the omission of Collectors to visit the interior of their Districts and to remain there during the greater portion of the cold season, is insufficient. This is a duty of which the importance cannot be overestimated, and the performance of which, in the case of all District Officers and their Assistants, both Covenanted and Uncovenanted, must be strictly enjoined and insisted on. A very little method and arrangement will enable a Collector to provide for the disposal of current business while absent from the Station.

Referring to paragraph 51, I am to state that, if Collectors of the present day have less knowledge of their district statistics than was the case formerly, it must be in a great measure owing to the omission of Commissioners to require the Collectors to spend a proper proportion of their time in the interior of their districts. In every case in which this duty is neglected, the Board should not only require an explanation from the District Officer, but should call on the Commissioner to state what measures he has taken to make his subordinate officers do their duty in this respect, and they should specially report to Government every case in which the explanation is unsatisfactory.

16. The Lieutenant-Governor notices with pleasure that the several Collectors,* Covenanted† Deputy and Assistant Collectors, and Uncovenanted Officers‡ mentioned in these paragraphs, have discharged their respective duties during the year in a manner deserving of commendation.

Board's paragraphs 52 and 53.

** Collectors.*

Barlow, G. N.	Monro, J.
Boddam, Major, H. M.	Reynolds, H. J.
Browne, Lord Ulick.	Robinson, W. LeF.

17. The explanation given by Colonel Hopkinson of his omission to make the tour of Assam is considered by the Lieutenant-Governor to be very unsatisfactory, and the correspondence on the subject, alluded to in paragraph 58, has now been received by His Honor and separately dealt with.

Board's paragraphs 57 and 58.

18. The Lieutenant-Governor notices with satisfaction the approval expressed by the Board at the able and successful administration of their Divisons by the Commissioners specially named in the margin, and His Honor desires that the acknowledgments of Government may be conveyed to them.

Board's paragraph 59.

Mr. A. Money.
" C. H. Campbell.
" H. L. Dampier.
Colonel E. T. Dalton.

19. The Lieutenant-Governor also desires me to convey the acknowledgments of Government to the Board for the care and ability with which they have exercised supervision over the Revenue Administration of the whole of the Lower Provinces during the year.

I have the honor to be,

SIR,

Your most obedient Servant,

A. EDEN,

Secretary to the Government of Bengal.

No. 863.

EXTRACT, paragraph 10 of the above letter, and of paragraphs 29 to 34 of the Board's letter referred to, forwarded to the Government of India in the Home Department, for information, in continuation of the confidential letter from this Office, No. 2065T., dated the 9th September last, on the subject of the proposed amendment of the Rent Law.

FORT WILLIAM,
The 28th February 1867.

A. EDEN,
Secretary to the Govt. of Bengal.

[Exd. J. D.]

REPORT

ON THE

LAND REVENUE ADMINISTRATION

OF THE

LOWER PROVINCES,

FOR

THE OFFICIAL YEAR

1866-67.

Calcutta:
E. DEAN, CALCUTTA CENTRAL PRESS COMPANY, LIMITED.

1867.

No. 3843A.

FROM

T. B. LANE, ESQUIRE,

Secretary to the Board of Revenue, Lower Provinces,

To

THE SECRETARY TO THE GOVERNMENT OF BENGAL.

Dated Fort William, the 23rd September, 1867

SIR,

Land Revenue.
Miscellaneous.
A. GROTE and V. H. SCHALCH, ESQS.

I am directed by the Board of Revenue to submit the following report on the Land Revenue Administration of the Lower Provinces of Bengal, for the past year 1866-67, with Statistical Tables, as numbered 1 to 15 in the Appendix.

2. Under G. O. No. 5033, dated 20th December 1866, the results of only 11 months, 1st May 1866 to 31st March 1867, are embraced in this Report.

No. 1.—Land Revenue Demands, Collections, Remissions, and Balances.

3. The number of estates and holdings on the several District Rolls is 2,28,681, of which 23,767 are in the fluctuating Division. The number of Estates that pay Land Revenue only is 2,23,961; 3,720 pay Malikana combined with Revenue; 733 pay a Police demand combined with Revenue; two Estates in Bancoorah pay Malikana only; and 96 Estates were unassessed. Besides these 169 Estates pay only a Police demand.

4. Of the current demand of Land Revenue, Rupees 3,55,47,002, there was realized Rupees 3,30,46,577, or 92·9 per cent., during the year: and of the arrear demand of Rupees 33,00,011 there was realized Rupees 25,31,958, or 76·7 per cent. Of the total demand of Rupees 3,88,47,013, the collections were Rupees 3,55,78,535, or 91·6 per cent.

5. The rate per cent. of the total collections in each district, calculated on the current demand only, according to the test laid down in the orders on the Report for 1860-61, is shown in the following Table :

6. Of the above 51 Districts the collections fall short of the expected amount in 17 Districts. In Bullooah, Tipperah, Balasore, Cuttack, Pooree, Dacca, Sylhet, Tirhoot, Moorshedabad, Nowgong, and Darjeeling the deficiency is comparatively large. In the following Districts the bulk of the balance was not recoverable by law within the year, *viz.*, Bullooah, Tipperah, Balasore, Cuttack, Pooree, Tirhoot, and Darjeeling.

7. In the Orissa Districts there have been large suspensions of revenue, in consequence of the calamities of season from which the Province has suffered. A large portion of this amount will have to be remitted.

8. In Dacca, Rs. 16,600 did not admit of being legally realized during the year; upwards of Rupees 4,000 have been recommended for remission; Rupees 4,200 are pending enquiry and settlement; and the balance is in train of liquidation.

9. In Sylhet, the balance is good: part has been recovered, and the rest is in course of realization.

10. In Moorshedabad, the bulk of the balance is due from Wards' Estates. Portion has been realized, and the rest is in a fair way of recovery.

11. The Nowgong balance includes Rs. 7,350, the Revenue of North Cachar. The Officer of the Sub-division being unable to realize the amount, the Deputy Commissioner of the District has taken the collection in hand. It is now reported to be in course of realization. The remaining sum of Rs. 889 has since been collected; it was due from Mekir villages, situate in the Hills and difficult of access.

12. The amount remitted during the year as irrecoverable was Rs. 74,322; of this Rs. 29,458 belonged to the current demand, and Rs. 44,864 to the arrear demand. Rs. 3,602 were remitted in Cuttack and 24-Pergunnahs from the current revenue, and Rs. 1,008 in Cuttack from the arrear demand on account of drought. The remaining remissions were of an ordinary miscellaneous nature.

13. Khalari rents in Burdwan, Hooghly, Backergunge, Jessore, Nuddea, and 24-Pergunnahs which, for several years, since the abandonment of the lands by the Salt Department, have appeared annually in the Statements under the head of "Remissions," have, under the orders of Government quoted on the margin, been finally removed from the accounts.

No. 2285, dated 26th July, 1866.
No. 2376T, dated 19th September, 1866.

14. The following is a comparison of the results of the year under report and the preceding year :—

YEARS.	DEMAND.			PERCENTAGE COLLECTED.			Percentage.	PERCENTAGE OUTSTANDING.		
	Current.	Arrear.	Total.	Current.	Arrear.	Total.	Remitted.	Current.	Arrear.	Total.
1865-66	3,45,78,200	33,46,024	3,79,24,224	90·8	92·3	90·7	0·7	8·7	5·3	8·4
1866-67	3,55,47,002	33,00,011	3,88,47,013	92·9	76·7	91·6	0·2	7·0	21·3	8·2
Difference.	+ 9,68,802	—46,013	+ 9,22,789	+ 2·1	—15·6	+ 0·9	—0·5	—1·7	+ 16·0	—0·2

15. For the purpose of comparison, the demands, collections, and balances of the year 1865-66 have been reduced by one-twelfth.

16. The comparison is in favor of 1866-67, except as regards arrear collections and arrear balances. The arrear balances are heaviest in Monghyr, Bancoorah, Midnapore, Chittagong, Western Dooars, Orissa Province, Jessore, and 24-Pergunnahs.

17. In Monghyr, Rs. 14,493 are due from the E. I. Railway Company for class C. lands. Application has been made to the Agent and District Engineer for payment. Rs. 481 are irrecoverable, owing to diluvion and other causes; and the remainder is in course of realization.

18. In Bancoorah, the amount, Rs. 8,438, is good, and will be realized in instalments. Rs. 131 are due from Ghatwali tenures, which are not sold for arrears; and the balance is an arrear of assessment from date of resumption of mehals to time of their settlement.

19. In Midnapore, Rs. 25,236 are due from the Mysadul Estate, which suffered greatly from the Cyclone of 1864 ; the amount is being realized by instalments : Rs. 28,972 are due from Julpye lands awaiting settlement : Rs. 12,677 are due from the farmer of the Pertabkhally Canal, which has been abandoned. A suit has been instituted for recovery of the amount, but the result is doubtful.

20. In Chittagong, Rs. 14,839 are due from lands in Kootubdeea : a special report is under preparation by the Collector on the subject : the balance is in train of liquidation.

21. In the Western Dooars, Rs. 5,082 were wrongly entered as an arrear: Rs. 2,051 are irrecoverable on account of injury to crops, and desertions during the Bhootan war: Rs. 1,099 are irrecoverable owing to death of ryots, excessive assessment, and other causes: Rs. 588 have been temporarily suspended, and Rs. 814 are disputed by the Mynagooree Tehsildar, who claims the tenement as rent-free.

22. In the Orissa Province, as already explained, the calamities of flood and drought have led to the accumulation of the balances. Remissions of revenue are being granted to the Zemindars on proof that they have not collected rents from their ryots.

23. In Jessore, Rs. 1,200 are irrecoverable on account of insolvency of defaulters, untraceable lands, &c.: Rs. 1,815 were realized since close of the year, and the remainder is in process of recovery.

24. In the 24-Pergunnahs Rs. 22,906 are due by the E. I. Railway Company for class C. lands: Rs. 8,318 are recoverable by instalments; and of the remainder part has been realized, and steps are in progress for recovery of the balance.

Redemption of Government revenue of petty estates.

25. The following is a synopsis of the redemptions of Government revenue of petty estates, effected under G. O. of 30th June, 1852, and 12th May, 1854. It shews that, inclusive of the 234 estates paying a revenue of Rupees 320-9-5$\frac{3}{4}$ redeemed for Rupees 4,557-2-3$\frac{1}{4}$, in 1866-67, the proprietors of only 15,058 estates, with a revenue of Rupees 8,031-0-4, have come forward and redeemed the revenue of their estates for a sum of Rupees 91,635-10-10. The petty estates remaining unredeemed are 45,071, paying Rupees 83,369-5-2 as revenue; the price which these would yield on redemption would be Rupees 12,32,374-0-5$\frac{3}{4}$. It will be observed that the redemptions have annually decreased in number, notwithstanding the large number of estates still unredeemed.

26. On the Board's recommendation, No. 89A., dated 10th January, 1867, the orders of 12th May 1854 have been withdrawn,* and redemptions will now be confined to Chittagong, Calcutta and its Suburbs, and Chinsurah.

* G. O. No. 398, dated 31st January, 1867.

27. The demand of forest revenue amounted to Rupees 31,706, of which Rupees 26,856 were current, and Rupees 4,850 arrear. The collections amounted to Rupees 27,182; Rupees 24,155 being current and Rupees 3,027 arrear. The outstanding balance was Rupees 2,801; only Rupees 100 of the arrear demand remained uncollected. Jessore, 24-Pergunnahs, and Rajmehal are the only districts, out of the 15 from which forest revenue is collected, which shew a balance. The arrear demand in Rajmehal is due by the Railway Company, and steps have been taken for its realization. The 24-Pergunnahs balance is due from Bunkur Mehals, leased to the Port Canning Company; and the farmers have been called on to pay in the Jessore balance.

No. 2.—Collections, Remissions, and Balances of Forest and Miscellaneous Revenue.

28. The miscellaneous revenue collections amounted to Rs. 3,27,541, including Rs. 2,07,466, the price realized by sale of 109 Government estates. The unrealized balance was Rs. 65,471.

29. Of the above balance, Rs 1,805, poll-tax in Chittagong, is believed to be irrecoverable, the persons from whom it was due having left their homesteads. It is also feared that the sum of Rs. 2,226, due from the Kupas (Cotton) Mehal and other estates in the Western Dooars, and Rs. 100 house-tax, due from Hill Tribes in Cachar, are irrecoverable. Of the Rs. 57,709 standing against Shahabad, Rs. 54,331 were recovered after close of the year; the remainder, together with the other balances shewn in the statement, are in course of realization.

30. The number of Government estates, exclusive of Assam and Cachar, is 26,816, yielding a revenue of Rs. 16,15,566, which, together with the arrear demand, amounted to Rupees 22,38,288. Of this sum Rupees 15,03,771, or 67·1 per cent., were collected during the year, and Rupees 43,713, or 1·9 per cent., were remitted, leaving a balance of Rupees 6,90,804, or 30·8 per cent.

No. 3.—Estates, the property of Government, their disposition and management.

31. The balances were heaviest in Monghyr, Midnapore, Bullooah, Chittagong, Tipperah, Orissa Province, Dacca, Sylhet, Jessore, 24-Pergunnahs, Hooghly, and Backergunge. In Hooghly the balance was good, and in process of recovery. In Backergunge the greater portion was not recoverable by law, during the year. The balances against the other districts are explained in the foregoing paragraphs.

32. The sums returned as having been remitted during the year, on the ground of diluvion, are shewn in the following Statement.

Loss from diluvion.

Districts.	Number of Estates.	Revenue.	Amount remitted.
		Rs.	Rs.
Monghyr	2	123	123
Hooghly	6	140	140
Bulloosh	3	6,062	1,613

No. 4. Estates of disqualified landholders.

35. During the year 70 properties, owned by 101 persons, were under the management of the Court of Wards. Of these 101 persons 67 were minors, 21 were females, and 13 lunatics. The properties comprised 967 estates paying revenue to Government, and 809 holdings either paying rent to superior landlords, or rent-free.

36. The Government demand of the revenue-paying estates amounted to Rupees 11,21,215, about one-seventh of the gross rental. The above sum includes Rupees 1,14,082 on account of the previous year. Of this demand Rupees 9,74,467, or 86·9 per cent., were collected; the above sum, together with Rupees 6,506 excess payments, make up the Rupees 9,80,973 shewn in column 11. The balance of Rupees 789, standing against the Hetumpore estate for the years 1268 to 1272, was removed from the accounts, the amount having been paid by the minor's co-sharers.

37. The rents due to superior landlords amounted with arrears to Rupees 1,71,056. Of this sum Rupees 1,28,176, or 74·9 per cent., were paid during the

year. The special attention of local authorities was called to the remarks in para. 3 of G. O. No. 2181, dated 6th June, 1867, regarding the necessity of making these payments as they fall due. The unpaid balance was Rupees 42,960.

38. The gross rental of the Estates was Rupees 72,53,535, inclusive of a balance of Rupees 41,49,827 of the previous year. The collections were Rupees 36,40,799, or 50·1 per cent. The remissions amounted to Rupees 9,25,976, or 12·7 per cent., and the balance to Rupees 26,93,833, or 37·1 per cent.

39. The assets of the Estates, inclusive of the balance of the previous year, amounted to Rupees 49,01,477, and the payments to Rupees 41,84,325, leaving a surplus of Rupees 7,17,152. Debts to the amount of Rupees 11,37,716 were paid during the year, and Rupees 9,07,089 were invested in Government Securities. The total amount invested is Rupees 27,01,163.

40. The following is a classification of the outstanding balances :—

Accruing prior to Wardship.			
Bad and doubtful ...	Rupees	12,72,022	
Good	„	1,28,269	
			14,00,291
Accruing under Court's management.			
Bad and doubtful ...	Rupees	4,55,740	
Not legally realizable till close of the year ...	„	2,36,408	
Good	„	6,01,394	
			12,93,542
	Total Rupees		26,93,833

41. In Purneah the balance is due from the Dhurumpore Estate. The irrecoverable balances will be remitted, and steps are being taken for adjustment of the remainder.

42. In Beerbhoom only Rupees 160 of the balance is doubtful and disputed. Rupees 13,732 were not demandable till close of the year.

43. In Midnapore the disputed balance amounts to Rupees 12,452 ; of this sum Rupees 5,181, due to the Jellamoota Estate, are irrecoverable ; and suits have been filed against some of the defaulters from whom the remaining sum is due. Rupees 23,371 is a balance which had accrued prior to the Collector's management ; the matter is under enquiry, and it is hoped that a portion of the amount will prove realizable. The rest of the balance is good and under recovery.

44. In Chittagong a large portion of the balance is due from the island of Kootubdea, which has suffered much from salt-water inundation. A remission of about Rupees 26,000 will have to be made on account of the deteriorated lands, and Rupees 17,641 were not due till close of the year.

45. In Tipperah part of the balance was recovered after close of the year. Enquiries are being made regarding the disputed portion, and the remainder is in process of recovery.

46. In Hazareebaugh the bad balance of the Dhanwar Estate amounts to Rupees 5,658. It accrued before the estate came under the Deputy Commissioner's charge, and there are no documentary or other proofs on which to sue the defaulters, who repudiate the claim; the doubtful and disputed balance, amounting to Rupees, 6,504 is in course of settlement; and the remainder is under realization.

47. In Lohurdugga a sum of Rupees 472 is due by defaulters who have absconded and left no property, the amount will have to be remitted; Rupees 2,691 are disputed; Rupees 1,555 are due by parties residing out of the Deputy Commissioner's jurisdiction, orders for distraint of their property have, however, been obtained; and the balance is in process of recovery.

48. In Goalparra, Rs. 4,300 will have to be remitted on account of lands twice assessed, and of the death and desertion of ryots; Rupees 30,820 are disputed, the ryots claiming the lands as rent-free; their claims are under investigation; Rupees 17,611 were in process of recovery, and Rupees 12,951 were not due till close of the year.

49. In Backergunge Rupees 2,200 are irrecoverable, part being barred by limitation, and part having been recovered by the former servants of the estates. For Rupees 2,274 decrees have been obtained, but it is doubtful whether the property of the defaulters will yield the amount; Rs. 2,682 are disputed, and the matter has been referred to the Civil Court for settlement; the remainder has been partly realized since close of the year.

50. In Mymensing Rupees 3,000 were erroneously entered as an old balance; Rs. 6,623 are said to have been paid by the ryots, but as the old papers of the estate had not been filed in the Collectorate, the truth of the statement could not be ascertained. Rupees 1,020 were due from ryots who had either left the estate, or had died; part of the remaining balance had been recovered, and steps were being taken in regard to the remainder.

51. In Sarun the bulk of the balance is good, and will be recovered. Rupees 193 are irrecoverable, the ryots having died or left the estate.

52. In Shahabad Rupees 24,247 are barred by the statute of limitation; Rupees 3,487 are sums due before the estate came under the Collector's management; for Rupees 7,710 decrees have been obtained, and the amount will

be realized on discovery of defaulter's property: Rupees 912 are irrecoverable, the defaulters having absconded, or being insolvent: and the remainder is in train of liquidation.

53. In Tirhoot the Durbhunga outstandings swelled up the amount; Rupees 99,267 are barred by the Statute of Limitation; for Rupees 2,36,824 decrees have been obtained, but the defaulters are men of straw; Rupees 74,711 were erroneously entered as a balance; claims to the extent of Rupees 68,643 have been dismissed by the Courts; Rupees 48,671 are due by insolvents; for Rupees 2,62,418 decrees have been taken out, but the defaulters have counter-claims against the estate, the settlement of which entails much delay; Rupees 1,11,385 are covered by instalment bonds and decrees; part, the Manager thinks, may be recovered if the property found can be successfully brought to sale, and if further property can be traced: against a demand of Rupees 2,45,590 counter-claims have been advanced, which are under enquiry; Rupees 1,07,377 were not legally recoverable till after close of the year; steps are in progress for recovery of the remainder, and for remission of the irrecoverable balances noticed above.

54. In the 24-Pergunnahs Rs. 13,577 are irrecoverable, being barred by the Statute of Limitation, or in consequence of deaths, insolvency, or absconding of the ryots; Rupees 6,258 were not due till close of the year; and for recovery of the balance steps were in progress.

55. In Dinagepore Rupees 332 are irrecoverable; Rupees 8,411 are due from more than 1,000 ryots; the claim is of old standing; it dates previous to the assumption of management by the Collector, and is under enquiry: Rupees 5,489 are in train of liquidation, and Rs. 6,373 were not legally demandable until close of the year.

56. In Moorshedabad Rupees 94,206 are barred by the Statute of Limitation; Rupees 2,235 are nominal and irrecoverable balances; Rs. 6,276 are disputed; and the balance is in train of liquidation.

57. In Rajshahye Rupees 31,767 are barred by the Statute of Limitation, or irrecoverable, owing to insolvency of defaulters; Rupees 4,958 are due from lands washed away, or abandoned by ryots; Rupees 30,389 represent rents enhanced without the consent of the ryots; the matter is under enquiry: Rs. 7,543 are due from ryots who are almost paupers; and the remainder is in train of liquidation.

58. The accounts of the Paikparra estate being in a very confused state, the Manager was unable to adjust them in time to submit the prescribed return for incorporation in this report.

Working of Acts XXXV and XL of 1858.

59. The Durpun estate in Cuttack was released during the year with a small available cash balance, and free from debt, on the minor's attaining his majority. The Kunika estate in Cuttack, which was taken charge of under Act XXXV of 1858, was partially settled in detail, but the frightful losses sustained by flood and famine so impoverished the population that the proceedings were retarded; and the absence of collections to pay off debts has led to the property be-

coming more deeply involved. It is considered doubtful whether the estate can be recovered, as, in addition to the above circumstances, the creditors are pressing for execution of their decrees.

60. In Patna six applications were filed by the Collector, but he was successful in one case only, while the certificates granted to private parties were 46. In Sarun two applications were made by the Collector under Act XL. of 1858, one of which was admitted, the other remaining pending on the Judge's file. The Collector was also directed to take charge of two Estates by the Judge, one under Section 12 of Act XL., and the other under Section 10 of Act XXXV. In Rajshahye the Tarhirpore Estate came under the Court's management. In Midnapore the Estate of the minor Radhicant Bannerjee was taken charge of, and the Jellamoota Estate released from management.

61. The Board have pleasure in bringing to the notice of Government the reforms effected in the Hetumpore estate. The Commissioner's very satisfactory remarks are subjoined :—

"It is with much satisfaction that I have to remark on the healthy condition of the Hetumpore estate in the District of Beerbhoom, which, when first brought under the management of the Court of Wards, was most melancholy and almost hopeless. This property is, from the interest taken in it by the Collector, and the aptitude and industry of the manager, Mr. Hume Smith, and his assistant, Baboo Dhurneydhur Roy, assuming a most prosperous aspect; a great portion of the arrears and bad debts have been adjusted, and such claims as were found to be valueless have been written off the accounts. During the management by the Court of Wards an increase in the assets of the estate has been effected, and the debts, in which the estate was involved, have been most materially, if not almost entirely, reduced : the little that yet remains unadjusted, consists partly of nominal debts and disputed claims, which cannot be recklessly cleared off until the disputes have been finally adjusted. At the present time there is a surplus of Rupees 1,98,378 inclusive of Government Securities, amounting to Rupees 1,63,072, to the credit of the estate. It is with much gratification that I have to record that, notwithstanding the constant entreaties and temptations of the grandmother to induce her grandson to visit his home at the risk of neglecting his studies and healthy occupation at the Benares Ward's Institution, the ward himself has shown but little inclination to accede to her solicitation ; and that he pronounced himself to the late Lieutenant-Governor, Sir Cecil Beadon, when on a visit to the Institution in the month of May last, as delighted with the change that has been effected for his benefit."

Ward's Institution.

62. The number of boys on the roll of the Ward's Institution, at the close of the previous year, was 10. Of these 3 have since left, and a new pupil has been admitted, thus leaving 8 on the rolls at the close of 1866-67.

63. The three wards who left the Institution on attaining their majority were Gojindronaryan Roya, of Midnapore, in January 1867; Baidyanath Pundit, of the Durpun estate, in Cuttack, on the 23rd June 1866; and Rajendrokissore Chowdry, of Mymensing, on the 18th February 1867. Of the two former,

the Director writes that he has heard very favourable accounts since their departure from the seminary; but this statement in regard to the Durpun ward is modified by the Commissioner's report that the young man has shown little or no inclination to attend to business.

64. The boys on the roll at the end of the year were :—

Prithinath Mandhata	Of Midnapore.
Promothanath Roya	„ Rajshahye.
Hemanath Dutt	„ 24-Pergunnahs.
Soorendranath Dutt	„ Ditto.
Soorjokant Acharjee	„ Mymensing.
Brindabun Chunder Chowdry ...	„ Dinagepore.
Juggut Chunder Chowdry... ...	„ Ditto.
Radhicant Banerjee	„ 24-Pergunnahs.

Their ages range from 8 to 16 years. Two are Brahmins, one Kheytreea, two Kyasts, one Teli, and two Jugis.

65. The course of studies followed was the same as hitherto, and the progress made by the boys is said to be generally satisfactory. One of them, Promothanath Roya, is preparing for the L. A. Examination. The conduct of the boys was, on the whole, most satisfactory.

66. The total expenditure of the year was Rs. 36,823-9-11, inclusive of Rs. 19,959-11-6 the personal expenses of 11 boys, the average cost per month per head being about Rs. 279.

67. The Institution was visited by the Members and Secretary to the Board of Revenue, the Commissioners of the Presidency and Dacca Divisions, the Collector of 24-Pergunnahs, Mr. C. S. Macnaghten, Baboos Romanath Tagore, Digumber Mitter, Chunder Mohun Chatterjee, and Koomar Hurrendra Krishna, who all seemed satisfied with the management.

68. In G. O. No. 1135, dated 26th March, 1866, in connection with the report of the Committee appointed to consider the constitution and management of the Ward's Institution, the question was raised as to the desirability of prohibiting the admission of minors, who had passed the age of 14, into the Institution, and of making arrangements for their education at their own homes, or at the nearest Government School. The Board reported, in their letter No. 1321A., dated 17th April, 1867, that in all Divisions except Assam, means existed in one or more Districts of each Division for the education of wards, though supervision, apart from mere tuition, could not be exercised very efficiently; and, as regards the admission of lads of more than 14 years of age into the Institution, they recommended that each case should be decided on its own merits: that in the case of boys of very bad character endeavours should be made to educate them in their own District, so as to avoid the possibility of their influencing the conduct of younger lads with whom they would be brought into

contact in the Institution; but that lads of a fair character should not be excluded from the advantages afforded by the Institution, merely on account of their age, the great object being to remove minors, while young, from home influences, which might be prejudicial to them. The opportunity was also taken of urging on Government the expediency of extending the term of minority of wards of Court to 21 years, by legislative enactment, a measure advocated by the British Indian Association and other enlightened natives. A draft bill, to give effect to the measure, is, under the orders of Government, now being prepared.

No. 5. Estates attached by order of the Courts.

69. The attachments ordered by the Local Courts were 72 in number; 26 by the Civil, and 46 by the Criminal Court. The number of properties attached was 325, comprising 95 estates paying revenue to Government, and 307 holdings.

70. The Government revenue, including arrears, amounted to Rs. 55,791, or less than one-fifth of the rental; of the demand, Rs. 54,041, or 96·8 per cent., were collected, leaving a balance of Rupees 1,750.

71. The rent due to superior landlords aggregated Rupees 25,568, of which Rupees 15,518, or Rupees 60·6 per cent., were paid, leaving an unpaid balance of Rupees 10,050; of this sum Rupees 7,934, the greater portion belonging to the Chota Nagpore Division, is on account of previous years.

72. The rents due to the estates amounted in all to Rupees 2,85,336, of which Rupees 192,570, or 67·4 per cent., were collected, and Rupees 783 were remitted, leaving an outstanding balance of Rupees 91,983, or 32·2 per cent.; of this balance, Rupees 43,170 are classified in the following memo. The balance due in the Chota Nagpore Division has not been classified in the returns.

Due prior to attachment.				
Bad and doubtful	Rupees	4,945		
Good	„	922	Rupees	5,867
Due since attachment.				
Bad and doubtful	Rupees	5,132		
Not legally realizable till close of the year	„	6,795		
Good	„	25,376	„	37,303
	„		„	43,170
Due in the Chota Nagpore Division	„		„	48,813
Total ...			„	91,983

73. It will be perceived that more than half the balance stands against three Districts of the Chota Nagpore Division. In Hazareebaugh Rupees 2,072 are due from mehals released from attachment; Rupees 141 are irrecoverable; Rupees 2,509 have been realized since close of the year, and the rest is in train of liquidation. Of the Lohurdagga balance, Rupees 2,014 are on account of previous years. The large balance of Rupees 38,519, standing against Man-

bloom, is said to be mainly owing to the famine. Enquiries are being made on the subject, and such portion of the balance as is irrecoverable will have to be remitted.

74. In Chittagong Rupees 4,433 are irrecoverable, being barred by Statute of Limitation, or owing to wrong entries in the account; the amount will be remitted: the recovery of Rupees 1,971 is pending decision on a claim to the land, which has been raised by a second party; and the remainder is under realization.

75. In Backergunge Rupees 4,927 were not legally realizable till after close of the year: Rupees 506 are irrecoverable owing to desertion of ryots and dismissal of suits: for Rupees 1,206 decrees had been obtained, but it was feared that the sale of the defaulters' property would not cover the amount: Rupees 980 were disputed on the ground of non-liability; and for recovery of the remainder steps were in progress.

76. In Gya Rupees 198 were under realization, and Rupees 10,771 were expected to be realized by sale of crops.

77. The income from all sources, including the cash balance of the previous year, amounted to Rupees 3,01,338, out of which Rupees 1,98,678 were paid away, inclusive of a sum of Rupees 53,742 paid to the proprietors under orders of Court; leaving a balance in favor of the proprietors of Rupees 1,02,660.

78. The particulars of the Syudpore Trust Estate, from the funds of which the Hooghly Imambarrah is maintained, are given at foot of the statement. Rupees 88,170, or 92·5 per cent., of the Government demand of Rupees 95,265, were realized. Of Rupees 2,36,963, rent due to the estate, Rupees 1,66,531, or 70·2 per cent., were recovered. The total income of the estate was Rupees 2,02,177, and the total disbursement Rupees 1,66,790, leaving a balance of Rupees 35,387 in favor of the estate.

No. 6.—Proceedings under the Rent Laws.
No. 7.—Execution of Decrees and Appeals.
No. 8.—Applications to Collector for aid in distraint, and to Civil Court Ameens or other Officers for sale of distrained property.
No. 9.—Operation of the penalty provision of Act VI of 1862, B. C.

79. An abstract statement of the proceedings of the Revenue Collectors under the Rent Laws, duing the year, is given on the following page. The figures differ slightly from those in the preliminary report. For the purpose of comparison one-twelfth has been taken off the figures of 1865-66.

Appeals for sale of distrained property	1,950	2,304

Suits for revivals were 3,168 against 3,046, and for re-hearings 2,017 against 2,357 of the previous year.

81. During the year 1,14,232 suits and 2,442 applications were disposed of. The disposals of the previous year were 1,17,863 suits and 2,080 applications : 81,306 suits were disposed of after formal proceedings against 83,619 of the previous year.

82. There were only 9,024 suits pending on the file at the close of the year. Of these 7,131 had been instituted within the month.

83. Decrees executed through the Collector were 62,190 against 61,111 of the previous year.

84. 5,559 appeals were disposed of against 6,156 of the previous year. Of the 605 appeals pending at the close of the year, 445 were filed within the month.

85. It will be observed that the number of cases instituted was less than in the previous year. The decrease in the Cuttack Division is attributed by the Commissioner to the disastrous famine which raged throughout the year, to the general stagnation of all business, and to the fact that the mass of the people were engaged in a struggle for actual existence. The Commissioner of Rajshahye attributes the decrease in his Division, in a great measure, to the very high prices which the ryots obtained for their grain, which enabled them to meet their landholder's claims without being pressed.

86. The Commissioner of the Presidency Division remarks—"The relations between landholders and their tenants appear to be every where quite satisfactory, and there is little of that hostility that a few years back disturbed the country. Both classes have learnt many lessons, and are inclined to be more conciliatory. When there was need for it, during the scarcity, the landlords seem to have behaved with forbearance, though as a class they exercised no great liberality.

"The Rent Laws have worked well. The subjoined statistics will shew that a further considerable reduction in the number of cases brought under their provisions, has taken place during the year in Nuddea, and that in the Division generally the Courts have been much less used than of late. I hail this as a hopeful sign. The large diminution of notices of enhancement and relinquishment is especially significant. The only feature in the return which I do not quite like is an apparent tendency to resort to distraint more freely. It had almost wholly died out. It is striking how much more freely distraint is resorted to in the 24 Pergunnahs than elsewhere in the Division."

87. The Board see nothing objectionable, but much the contrary, in this resort to distraint of crops. It seems probable that the distress caused by the famine induced the zemindars to look rather to their lien on the crops at harvest time, and to refrain till then from sueing their ryots. On the whole the proceedings under the Rent Laws may be considered satisfactory.

Working of Act V of 1863, B. C.

88. The following remarks regarding the working of Act V of 1863 are taken from the Preliminary Report.

89. During the year 2,261 Officers were engaged in the work of the Department; 565 received Rs. 6 a month, 1,071 received Rs. 5 a month, and 625 were hired as required.

90. The processes paid for during the year were 3,25,983, and 25,537 were issued free of charge. The number of processes actually served was 3,45,276. The following is a classification of the processes :—

Issued free ...	25,537
For 2 annas. each ...	35,898
" 4 " " ...	41,186
" 8 " " ...	1,10,556
" 1 Rupee ...	83,043
" 2 Rupees ...	55,300
Total ...	3,51,520

91. The amount of credits to Government, including demurrage of 30,952 days, was Rs. 2,73,890. The amount stands as follows :—

Balance to credit at close of last year	...	... 1,97,925
Credited this year	...	... 2,73,890
	Total	... 4,71,815
	Charges this year	... 1,73,543
Balance to credit at close of the year		... 2,98,272

92. 36,307 processes were served singly ; on 21,874 journies, two processes were served ; on 13,777, three ; on 34,586, more than three. Thus altogether the 3,45,276 processes were served in 1,06,544 journies.

93. The Districts shewing a debit balance at the close of the year were Balasore, Bograh, Malda, Soonderbuns, Darjeeling, Singbhoom, Goalparrah, and Luckimpore.

94. Bullooah, Chittagong, Tipperah, Backergunge, Jessore, and Tirhoot shewed the greatest profit during the year.

95. Under Government Order No. 1102, dated 22nd March, 1866, the daily wages of supernumerary peons employed occasionally, was raised from the 1st of May, 1866, from 3 annas to 4 annas.

96. The pay of the salaried peons has been raised since the close of the year from 6 to 7 Rupees, and from 5 to 6 Rupees, under G. O. No. 2248, dated 12th June, 1867.

97. The law has worked satisfactorily, and the State has been relieved of a burden on its general resources, and has had a large annual balance in its favor after defraying all expenses ; and this, without any complaints being made against the rate of fees or of extortion. The Commissioner of Burdwan, however, is of opinion that the sooner the proposed scheme of using process stamps in lieu of payment in cash, and on which a separate report has been made to Government, is introduced the better, as it will add security to the fair working of the Act, and prove a safeguard against extortion.

No. 10. Proceedings under the Resumption Laws.

98. Proceedings under the Resumption Laws were instituted in only 9 Districts ; seven suits, in which the rental was estimated at 700 Rs., were decided in favor of Government ; and 32 suits covering a rental of Rupees 9,731, were decided against Government ; 29 suits were pending on the file at the close of the year.

99. The Board have resolved not to sanction the institution of any fresh proceedings under the Resumption Laws unless there are some special circumstances to render that course advisable.

100. Seven hundred and seventy-two estates, with a revenue of Rupees 46,476, were sold for recovery of their own arrears for Rupees 4,45,951, of which 76, bearing a revenue of Rupees 9,838, were purchased for Government for Rupees 57, the remaining 696 estates, with a revenue of Rupees 36,638, were bought by private individuals for Rupees 4,45,894. The balance for which the estates were sold was Rupees 16,754. The only Regulation District in which there were no sales was Balasore.

No. 11. Proceedings under Act XI of 1859.

101. In 95 cases purchasers forfeited their deposits under Section XXIII of the Act, and in 27 the proprietors regained their estates. Fourteen estates, separated under Sections X and XI were sold, with a revenue of Rupees 21,739, for Rupees 3,51,870, for dues amounting to Rupees 1,578. Rights and interests in 16 estates were sold for recovery of Rupees 3,335, arrears of other estates, for Rupees 7,675 ; and in 28 estates for recovery of Rupees 42,924, demands other than land revenue, for Rupees 19,820. 4,475 estates, bearing a revenue of Rupees 6,25,002, were exempted from sale under Section XVIII.

102. Twenty-one appeals were preferred under Section XXV against sales, and in 3 cases only were the sales annulled. In 3 cases the annulment of sale of petty estates was recommended under Section XXVI.

103. During the year 621 separate accounts under Section X. were opened, bearing a revenue of Rupees 2,23,520, making altogether, to the close of the year, 3,070 such accounts, with a revenue of Rupees 16,11,419. Of these, 2 accounts bearing a revenue of Rupees 564 were closed by sale of the whole estate under Section XIV, leaving open 3,068 accounts bearing a revenue of Rupees 16,10,855.

104. The separate accounts opened under Section XI were 141, bearing a revenue of Rupees 15,780, making a total of 511 accounts for a revenue of Rupees 1,16,727 up to the close of the year.

105. One hundred and seventy tenures were admitted to common registry, making a total, to close of the year, of 2,096 tenures, paying a rent of Rupees 14,13,974 on an area of 37,57,467 acres. 1,178 parent estates were affected.

106. Imprisonment for the realization of Government demands had to be resorted to in the following districts :—

Imprisonment for Government demands.

Districts.	Number in confinement.	Released.	Remaining in confinement		
			From last year.	Of this year.	Total.
Midnapore	1	1	...	...	...
Mymensing	3	3	...	...	...
Chumparun	24	22	...	2	2
Patna	1	1	...	...	...
Sarun	4	4	...	...	...
Bogra	3	2	...	1	1
Rajshahye	1	1	...	...	...
Total ...	37	34	...	3	3

107. During the year 2,352 estates were settled. Of these 208 were settled for the first time at a revenue of Rupees 31,399 ; 1,730 were resettled at a revenue of Rs. 1,292,693, being Rupees 92,994 in excess of the previous assessment; and 414 were settled summarily pending detailed assessment at a revenue of Rupees 3,34,318. There remained for settlement 3,942 estates with an estimated revenue of Rupees 1,637,872.

Settlements.

108. Of the 31,853 Noabad talooks, paying a revenue of Rupees 187,133 in Chittagong, 359, with a revenue of Rupees 9,238, were settled with the Talookdars, under the proclamation issued on G. O. No. 853, dated 2nd March, 1864, in accordance with the promise made by Lord Dalhousie in 1853. Hitherto the applications for settlement had not been very numerous, but by the end of the year no less than 26,000 applications were filed before the Collector, shewing that the Talookdars are now willing to avail themselves of the concession.

109. G. O. No. 450, dated 1st February, 1867, sanctioned the renewal of the existing settlement of the Province of Orissa expiring on the 26th Bhadro, 1274, (9th September, 1867,) on the same terms, for a further period of 20 years, the rights of all under-tenants and ryots, as secured to them by the former settlement, being continued for the further term. This term was subsequently extended by G. O. No. 2105, dated 22nd March, 1867, to 30 years. A proclamation was accordingly issued in the supplement to the *Calcutta Gazette* of the 26th June, 1867, and generally published through the Province inviting Zemindars and proprietors of land to appear before the Collector by the 1st August, 1867, and execute the necessary agreements, in default of which the proprietors would be considered recusant, and their estates would be managed by Government, or farmed out under Regulation VII of 1822.

110. The settlement of the Government estate of Kodhar has been completed, and lands have been assigned to the Juggernath and other Muthdars, in lieu of the money allowance hitherto made to them.

111. The action proposed to be taken by the Commissioner of Cuttack with reference to Government Order No. 3359, dated 19th December last, in regard to the management of the involved Posheus estates, was communicated for the orders of Government in my letter No. 1394A., dated 22nd April, 1867.

112. The completion of the settlement of Pergunnah Palamow in Lohurdugga has been delayed by the change of Officers, and other causes. The Commissioner's attention is, however, given to the matter. The settlement of the Colehan in Singhboom has been concluded for 30 years commencing from the 1st April, 1867, at an assessment of Rupees 64,828, against Rupees 23,266 obtained by the previous settlement. The Commissioner, in submitting the settlement report, remarked as follows :—

"The present is not simply a revision of an old settlement: it must be regarded as the first attempt to obtain from the Colehan, as a Government estate, rent or

land revenue assessed with reference to the quantity and produce of the land held by each cultivator. It is the fusion of a people hitherto treated as exceptional into the great mass of the agricultural rent-paying population of India. It is the determining, declaring, and recording the rights of a most important section of descendants of the first settlers in the lands reclaimed by their ancestors ages ago, and it will, I trust, operate both to secure those rights for ever, and give to the people an increasing interest in their country, and encourage them to persevere in improving it.

"Previous to 1821 it does not appear that any attempt had ever been made to impose any regular tax or assessment on the Colehan. In that year the Coles were forced by the British Government to acknowledge the chiefs who claimed authority over them, and to agree to pay a tribute at the rate of 8 annas for each plough or yoke of oxen; but the attempt to carry out the conditions only exposed the inability of the chiefs to control the Coles, and eventually led to our taking the Colehan into our own hands. The mode of assessment by plough was continued, and, at 8 annas per hâl or plough, it amounted to 8,000 Rupees.

"In 1855, without altering the principle of the assessment, but by simply doubling the rate per hâl, after taking more pains to ascertain the correct number of hâls to each village, and to record the actual liability of each cultivator, a new settlement for 12 years was made by Captain, now Lieutenant-Colonel Davies, which brought up the gross rent to Rupees 23,266, and deducting the commission to Mankis, the heads of Pirhis, or Pergunnahs and Moondahs, the heads of villages, to a net revenue of Rupees 17,448, the assessment at this amount was punctually paid for the last twelve years; in no one instance has there been any necessity for pressure or for remission.

"Captain Davies' settlement was of 786 villages, and with a population estimated at only 68,301. Doctor Hayes now finds 847 villages, and a population of 1,18,281, of whom 93,968 are Coles, and the remainder Hindoos—chiefly Gwallahs.

"The basis of settlement was comprised in the following conditions previously agreed to by the people :—

"That the assessment on the hâl should be continued, but that the "hâl" should be taken as a denomination of a specific quantity of land to be fixed and determined by measurement, and that the rate should be raised from one rupee to two rupees per hâl.

"A hâl of land, or as much land as it was supposed could be brought under cultivation by one plough, had been previously roughly estimated to be a quantity of land requiring five maunds or khundus of seed, therefore consisting of five khundees—and a khundi thus represents the local beegah; but it was determined that the Colehan hâl should, with reference to this calculation, comprise an area of 12,500 square yards. It is therefore somewhat less than eight Bengal beeghas, and the assessment at two rupees comes to a fraction more than 4 annas a beegah.

"The gross rent by the new settlement at this rate amounts to Rupees 64,828, nearly treble the amount of the former assessment. No alteration has been made in the rate of commission allowed to Mankees and Moondahs, who are not merely responsible for the rents, but are also the responsible and sole Police Officers in their respective Peers and villages. These Officers therefore largely benefit by the new arrangement, and we have created a new class of Officers, an accountant or writer to each Peer. Deducting all commission thus allowed, the actual net rent to be credited to Government will be Rupees 46,247.

"A few of the wildest of the Peers are excepted from this settlement: they were excepted in Captain Davies' settlement when the assessment was doubled. It was thought they were not yet ripe for an adjustment of rent after measurement of land; the people are still nomadic, and the cultivation changeable. For these villages the old hâl system has been retained, but the rate has been raised from eight annas to one rupee."

Soonderbuns.

113. During the year 52 settlements were concluded, embracing an area of 2,24,900 beegahs, for Rupees 54,282, being Rupees 8,334 in excess of the previous assessment. Thirteen estates were inspected; 7 estates, with an area of 60,303 beegahs were surveyed; 31 blocks of fisheries were farmed out for Rupees 1,697, giving an increase of Rupees 1,325 over the previous revenue; and 2 blocks of forest produce were leased out for Rupees 385. The revenue of 2 grants of waste lands, containing 16,263 area, was commuted for Rupees 40,657, of which Rupees 4,067 were paid during the year. In addition to the work specified above, the Commissioner disposed of 391 cases of various kinds. He had also 4 estates paying a revenue of Rupees 7,811 under his direct management. The sum realized from the estates was Rupees 7,414. During the year a single Deputy Collector, and a single Surveyor, worked under the Commissioner.

Grants, Sales, and Leases of waste lands, and Commutation of Grants to rent-free.

114. In the following tables are shown particulars of the grants, sales, and commutations of revenue of waste lands under the waste land rules, and of the leases of waste lands, taken up ostensibly for tea cultivation, on the ordinary settlement rules of the District. The hill tracts of Chittagong are not included in these tables.

114. In accordance with G. O. No. 570, dated 12th February, 1867, the Board published a rule, to the effect that in the case of lots of waste lands purchased previous to the 1st January, 1867, and which have become liable to sale for

arrears of purchase money and interest, such sale will be held to be a sufficient satisfaction of the claims of Government against the defaulter on account of such lot; and that any purchaser of more than one lot would be allowed, on application made before the 1st July, 1867, to relinquish any entire lot, and to transfer all sums paid on behalf thereof to the credit of other lots in his occupation, on which payments to Government were due. The date up to which applications were permitted has since been extended to the 31st March, 1868, under G. O. No. 230, dated 17th June, 1867, and the Board believe that the concession will be resorted to largely.

Tea and Coffee cultivation.

115. The Commissioner of Chittagong has furnished the Board with the following extract from his report to Government on the tea and coffee cultivation of his Division :—

"The Collector of Chittagong has not been able to obtain detailed information from the planters, but he remarks that the cultivation of tea on a large scale, though as yet an incomplete experiment, promises to be successful in this District. He adds, that the only serious difficulty with which some of the planters have had to contend is an increasing and mischievous opposition on the part of the native landowners, and the only remedy for the evil lies in a prompt and vigorous administration of the law.

"The Deputy Commissioner of the Hill tracts reports that tea cultivation in his district is at present in a very depressed state, only two gardens being now carried on. The remainder of the waste land lots have been either abandoned by their owners, or left unreclaimed. The cause of the depression, he says, is connected with monetary conditions in Calcutta, local causes having had nothing to do with it. In such gardens as have been kept up and cultivated, the plants are in a very thriving condition, and the proprietors speak in the most hopeful terms as to future success.

"The recent orders of Government, permitting proprietors to transfer money paid by them from one lot to the credit of another, has been beneficial in its effects, and has prevented many from altogether abandoning their plantations.

"There is but little coffee grown in these parts. The little there is, however, is said to be thriving excellently."

116. The Deputy Commissioner of Darjeeling, and the Commissioner of Assam, have reported on the subject direct to Government. The Commissioner of Dacca has not noticed it in his report to the Board.

117. The Commissioner of Bhaugulpore reports that cotton is cultivated in his Division in limited quantities for local consumption.

No. 12.—Sale of proprietory rights in Government estates.

118. The proprietory rights of Government in 113 estates, bearing a revenue demand of Rupees 31,628, were sold during the year for Rupees 2,87,656. Altogether 4,785

whole estates have been disposed of by sale, and 302 shares, realizing together Rupees 1,04,82,190. There remain for sale 2,020 estates bearing a revenue demand of Rupees 10,98,767, and 43 shares of the annual value of Rs. 41,400, which are expected to realize Rupees 54,00,000 in round numbers.

No. 13.—Lands taken for public purposes, and compensation paid for them.

120. This statement shews that 12,068 acres of land have been taken up for General, Railway, and Municipal purposes during the year. The compensation amounted to Rupees 6,73,450—of which Rupees 1,76,394 were paid by the Municipal Authorities, and the remainder from the Government Treasury. A memorandum is appended to the statement showing lands which have been used for public purposes, other than railway and irrigation, but which have subsequently been given up, sold, or turned to other purposes.

No. 14.—Business performed in Collector's Offices.

121. Fifty-two District Officers disposed of 2,83,268 cases during the period under report, leaving 61,381 on the files at the close of the year. For purposes of comparison, taking one-twelfth off the disposals and pending cases of the previous year, the figures are 3,03,485 and 43,688 respectively. The comparison, so far as the pending file is concerned, is not unfavorable to the year under report. The list is much increased by the numerous applications filed in the Chittagong District for the permanent settlement of Noabad lands. In the Cuttack Division the decrease in institutions is attributed by the Commissioner to the famine and to the general stagnation of business; he however notices a remarkable exception, *viz.*, the increase in mutation cases, which exceed by 240 the number instituted in 1865-66. This he accounts for on the supposition that prevailing and general distress led to a large number of estates changing hands. The items of business not forming cases amounted to 14,24,145 against 12,29,555. The Burdwan, Cuttack, Presidency and Rajshahye Divisions show an increase in English correspondence.

Arrangement of Records.

122. For the arrangement of the Rungpore records an extra establishment has recently been sanctioned, and in Rajshahye the records are being systematically arranged in the new office building by an establishment sanctioned for that purpose. In the Burdwan Division much has been done to classify the records and disencumber them of old and useless papers, but the Commissioner fears that unless special agency be employed the work in Burdwan, Hooghly, Midnapore, Bancoorah and Howrah will not be thoroughly completed for some time to come. The Howrah records have been in a very confused state, but the work of arrangement is now attracting the Collector's attention. The Board have called on the Commissioner for a special report on this subject.

Sub-divisional Treasuries.

123. The sub-divisional treasury rules seem to have worked well. The Commissioner of the Presidency Division remarks that he has no doubt it will be found expedient to develop the system extensively.

124. **District Libraries** are generally reported to be in good order. Some of the missing volumes at Midnapore have been found, and steps have been taken for recovery of the remainder.

District Libraries.

125. The visits paid by the Officers named below to the interior of their Distrists extended over a period of more than two months :—

126. The only officer who did not proceed into the interior of his district is Mr. Kean, the Collector of Gya. The reason assigned is, that there was no Joint Magistrate up to the 12th February, and that since then the preparation of the criminal annual reports, and the approach of the close of the revenue year, detained him at head-quarters. The Collector of 24-Pergunnahs was unable, owing to the burden of work imposed on him, to pay more than a partial visit to the interior of his district. The question of detaching a portion of the district to form a separate charge, with Baraset for head quarters, is under consideration, with the object of affording relief to the Collector. In Dinagepore, the Collector, Mr. W. L. Robinson, was only a fortnight in camp, when he was called on to take charge of the Commissionership; and Mr. Grant joined his appointment late in the year, and was unable to leave his head-quarters. In Moorshedabad Mr. Heeley commenced his tour, but was obliged to return to the station on account of illness; and Mr. Hankey was unable to do more than visit two sub-divisions and inspect the distilleries, as the staff attached to the district was insufficient, and as there was no Joint Magistrate. Mr. Bainbridge, in Burdwan, was away from head-quarters only 10 days; Mr. Cunliffe, in Bancoorah, 14 days; and Mr. J. M. Lowis, in Beerbhoom, 17 days. In explanation the Commissioner states that the multifarious nature of the duties, which now require the immediate presence of officers at the Sudder Station, and the incon-

veniences to which they are put after returning from the interior, naturally induce them to curtail their absence from head quarters as much as possible. The Commissioner's attention has been drawn to the very unsatisfactory nature of his report on this subject.

No. 15. Business performed in Commissioner's Offices.

127. The business was heaviest in the Patna and Dacca Divisions. In the former Division the principal portion of the work fell under the head of appeals, petition, and miscellaneous cases ; and in the latter under appeals, settlements, and petitions of suits under Regulation II of 1814. The totals for two years are compared below.

	In 1895-66.		In 1866-67.

Tours of Commissioners.

128. Mr. Money was away from his head-quarters for 109 days, of which 97 were spent at Darjeeling, 9 in Purneah, and 3 in Monghyr. Mr. Money explains that ill health was the cause of his visits to Purneah and Monghyr being of so short a duration Mr. Montresor's tour occupied 2 months and 29 days, during which time he visited all the districts of his Division. He also paid occasional short visits to some of the districts during the year; and twice, while on circuit, was called to the Presidency to attend the Famine Commission. Mr. W. G. Young, Commissioner of Chittagong, visited all the districts of his Division and the Hill Tracts, being absent from head-quarters for a month and a half. While on tour he was recalled to head-quarters by an urgent telegram from Government on matters connected with the Hill Tracts. Mr. Ravenshaw visited both Balasore and Pooree, but press of business in connection with famine operations prevented his personally visiting much of the country; but Mr. McNeile and Mr. Geddes, his special assistants, moved about over all parts of the country, and kept him informed of all matters of interest. Mr. Buckland's tour extended over nearly 5 months, during which he visited all the districts of the Division, the Sub-divisions of Manickgunge and Moonsheegunge, and inspected several local roads. In the Presidency Division Mr. Dampier visited Nuddea in August on duty connected with relief operations ; and Mr. Chapman closely inspected the head-quarters offices of the 3 districts of the Division, spending 10 days at Jessore, and 7 weeks at Kishnagurh. He also made one or two unimportant visits into the interior of the districts. Mr. Dalrymple was able to leave his head-quarters for 44 days only, during which he visited Tirhoot, Chumparun, and Gya. He was detained at Patna in December and January owing to ill health. He was also kept at the station by press of business in connection with the famine. When about to start for Gya, certain indigo disputes necessitated his immediate presence in Tirhoot, to which district he proceeded on the 10th

February, afterwards visiting Gya, and returning to Patna on the 30th March. Mr. Campbell, Commissioner of Rajshahye, was precluded from going on circuit in consequence of ill health. Mr. W. L. Robinson, who succeeded him, was detained by heavy arrears of office work at the Sudder Station until the 4th February. He however visited Rajshahye, Bograh, Rungpore, and Dinagepore, spending 53 days in camp. It was his intention to have prolonged his tour, but a serious quarrel in Moorshedabad, between Ranee Surnomoyee and Messrs. Watson & Co., made him return to head quarters on the 29th March. Col. Hopkinson made a very satisfactory tour through his Division, being away from head-quarters for 96 days. Colonel Dalton was away from his Sudder Station for upwards of 3 months, visiting all the Districts of the division.

129. The following Commissioners held office during the year :—

Bhaugulpore Division	...	Mr. A. Money, to 6th January, 1867, and again from 7th March.
		„ R. P. Jenkins, from 7th Jan. to 6th March, 1867.
Burdwan Division	...	„ C. F. Montresor, up to 23rd Aug., and again from 12th Dec., 1866.
		„ R. P. Jenkins from 24th Aug. to 11th Dec., 1866.
Chittagong Division	...	„ W. G. Young.
Cuttack Division	...	„ T. E. Ravenshaw.
Dacca Division	...	„ C. T. Buckland.
Patna Division	...	„ J. W. Dalrymple.
Presidency Division	...	„ H. L. Dampier, up to 21st Aug., 1866.
		„ R. B. Chapman, from 22nd ditto.
Rajshahye Division	...	„ C. H. Campbell, up to 11th Jan., 1867.
		„ W. L. Robinson, from 12th ditto.
Assam Division	...	Col. H. Hopkinson.
Chota Nagpore Division	...	„ E. T. Dalton.
Cooch Behar Division	...	„ J. C. Haughton.

130. Transfers of ministerial officers, as approved of by G. O. No. 1220T., dated 11th September, 1865, were effected in the Bhaugulpore, Chittagong, Dacca, Patna, Rajshahye, and Chota Nagpore Divisions.

Transfers of Ministerial Officers.

131. The Commissioner of Burdwan remarks that, generally speaking, the Collectors have hitherto taken a lively interest in training their Assistants to the business of the office, but that under present arrangements there are no Assistants available, and that at the close of the year there was not one at head-quarters throughout the entire Division. He adds that the examination rules are now so stringent, and the test so difficult, that whenever an Assistant is appointed to a district almost his entire time is taken up in preparing for the ensuing ordeal.

Assistant Collectors.

132. Special reports on this subject have been made to Government from time to time, it is therefore unnecessary to notice it here.

Scarcity.

133. On this subject the Commissioner writes,—"The East India Irrigation and Canal Company's works have been carried on actively during the year. Difficulty has been felt for want of labour, but very considerable progress has been made on the high level, Kendraparra and Taldunda Canals. Water has been available for irrigation from Kendraparra Canal, and has been partially accepted by the people with fair results. Experience is, however, required before the full benefit of irrigated cultivation can be understood by the people. Mistakes have been made both in the quality of seed and of land suited to irrigation : where the cultivation has been careful, and seed properly selected, excellent results have been obtained. I have every belief that as the canals and distributaries approach completion the people will gradually but generally avail themselves of water. The feeling of opposition at first shown both by cultivators and landholders is fast subsiding. A special officer has been appointed for collection of water rates, and another special Deputy Collector, deputed to confer with the people, and remove errors and misimpressions regarding irrigation. The results of the year are decidedly encouraging.

Irrigation.

134. The Commissioner remarks that the greatest want of Orissa is roads and communications. Some progress has been made on imperial lines, but until these are bridged and metalled throughout they are practically useless. No pains or expense should be spared to complete the imperial lines of communication between Calcutta and Ganjam, and Cuttack and Pooree. District roads have been pushed on, and much has been done. Several new lines have been and are being opened out which will materially improve the country.

Roads and Communications.

135. Advances on certain conditions to landed proprietors for improvement of their estates, &c., were offered to the Zemindars early in the season, but up to close of the year the offer was not accepted to any extent. Subsequently, however, some considerable advances have been taken.

Tuccavy advances

136. The following particulars regarding this tract, which appears for the first time in the Report, have been obtained from the Commissioner's and Deputy Commissioner's Reports.

Bhootan Dooars.

137. The land revenue of the Western Dooars was fixed on the statements of the ryots made to Ameens on the country being taken possession of, as no accounts were forthcoming. The result is, that some of the ryots have been over-assessed and some under-assessed, while some have escaped assessment altogether. A plan of settle-

Western Dooars.

ment is under consideration, which, it is expected, will yield an addition of about 25,000 Rupees to the revenue without inflicting hardship on the people. Numerous leases have been granted for new cultivation rent-free, for periods varying from 1 to 5 years, which will in due course cause a considerable increase to the revenue; and the influx of the new cultivators, it is hoped, will be still larger as soon as arrangements are completed for giving prompt possession of land to applicants.

138. The country is inhabited by Hindoos, Mussulmans, and Meches, and not by Booteahs. The Meches, from their wandering habits, give much trouble to the Collector of Revenue. The country is not a swamp as some represent it to be, but a highland, sloping at a very slight incline from the mountain-base southwards, and is in many places so dry that the people have to fetch water for household purposes from a distance of four to five miles. It is not mountainous as is commonly supposed, but a rice-yielding plain like Rungpore or Purneah. Moreover the Deputy Commissioner states that it is not unhealthy as has been frequently alleged. Since the conclusion of the Treaty, the officers of the district have been able to pay some attention to the precautions necessary for the preservation of health, and have suffered little illness in consequence. Out of a force of 212 policemen, the daily average in hospital in 1866 was 3·7 per cent.

139. The mineral products have not yet been explored. Limestone, and probably other valuable minerals, are to be found.

140. The district yields rice in large quantities, and in smaller quantities wheat, oats, vegetables, pulses, tobacco, cotton, and betel-nut. The cotton is of fine quality and long fibre, and is largely exported by native merchants, who obtain it from the Meches in exchange for grain. Twenty seers of cotton have been known to be given in exchange for 25 seers of coarse rice.

141. The forests of the country are chiefly of Sal, but contain also Toon, Sissoo, and other trees of less value: they stretch with occasional breaks from the Teesta to the Sunkoor; the most valuable trees being found near the Teesta on the west and near the Deema. The area of the district is estimated at about 2,500 square miles; of which 800 are under cultivation, 1,200 are culturable, and 500 may be set down as forest and unculturable soil.

142. With regard to the establishment of the Forest Department the Commissioner remarks—"That great care is requisite that in our care for the forests we do not overlook the rights and interests of the indigenous population, and, as has been the case further west, drive them into Nipaul. I cannot say how the impression has arisen, but it is certain that a general belief exists, or recently existed, among them, that they were entirely debarred access to the forests, except under permit; that they could not cut a bamboo or a bundle of grass to thatch their huts without a license."

Eastern Dooars.

143. The whole or nearly the whole of the Eastern Dooars were integral portions of the estates of the Rajahs of Sidlee and

Bijnee, when they were usurped in the last century by the Booteahs. The Rajahs have objected to pay the revenue assessed on the basis of the Booteah sunnuds, on the ground that they already pay tribute to Government for their lands. The matter is pending the decision of Government.

Dalimkote.

144. Dalimkote now forms a portion of the Darjeeling charge. The revenue of this Dooar is realized by means of a house-tax, or more strictly speaking, a tax on homesteads. The amount payable for a homestead is determined by the number of adults in the circle, modified by circumstances. It varies from Rupees 6 to 20 per annum, the average incidence on each male and female being at present Rupees 2-8 per annum. The tax is collected by Mundles who, according to the usage before British possession, enjoy freedom from taxation in consideration of their services.

*I.—A 1 & 2. Physical Geography, including Area and Character of Surface.

†III.—I 1 & 2. Coinage and Paper Currency.

145. Among the appendices will be found Returns of Physical* Geography, and Coinage,† and Currency, in the forms prepared by the Statistical Committee, and approved by the Supreme Government.

146. The Geographical Statistics are generally meagre. The Board have, however, addressed the Collectors on the subject of preparing these Returns with accuracy and care, and they hope that the next Returns will be more satisfactory.

147. The Coinage and Currency Statistics have been furnished by the Mint Master, excepting the figures which shew the importation of gold and silver bullion; these latter have been obtained from the Custom House Returns, which give the value of the bullion in Rupees, and not its weight in lbs.

No 62A, dated 8th January, 1867.
No. 3448A, dated 26th August, 1867.

148. Regarding the rest of the forms drawn up by the Committee, and which are to be furnished by the Revenue Officers, the Board desire to refer to their letters noted on the margin. They have proposed to call on Commissioners for a report as to the extra assistance which Collectors will require to prepare such forms.

149. In conclusion, the Board have much pleasure in bringing to the notice of Government the Officers who are deserving of special commendation, omitting those who have not served the greater portion of the year.

150. The following Commissioners afforded the Board entire satisfaction in the administration of their Divisions :—

Messrs. Money, Ravenshaw, Campbell and Colonel Dalton.

151. Among the district Officers, Covenanted and Uncovenanted, those named below were conspicuous for the efficient discharge of their duties. In Orissa, in addition to the ordinary work, there has been much of a special and

onerous nature, and the Commissioner has acknowledged the efficiency with which he has been supported by his district Officers through a year of extreme anxiety, difficulty, and hard work.

Collectors and Deputy Commissioners.

Alexander, H. W.

152. The Officers who have been mentioned unfavorably are noticed in a separate letter.

153. The Annual Reports of Commissioners were received on the following dates :—

Assam	...	8th June, 1867.
Chota Nagpore	...	17th „
Cooch Behar	...	18th „
Cuttack	...	19th „
Bhaugulpore	...	22nd „
Rajshahye	...	1st July, 1867.
Dacca	...	3rd „
Patna	...	12th „
Chittagong	...	18th „
Presidency	...	1st August, 1867.
Burdwan	...	26th „

154. The Burdwan Report, it will be perceived, was received in this Office only on the 26th ultimo. The Commissioner explains that the delay was owing to the non-receipt of the Midnapore Report, and especially the list of Officers, which did not reach him until the 13th of August. The Moorshedabad and Midnapore Returns of Wards and Attached Estates were also received from the Collectors on the 26th ultimo and 4th instant, respectively. But for these delays, the Board would have submitted this Report at an earlier date.

I have the honor to be,

Sir,

Your most obedient Servant,

F. B. LANE,

Secretary.

	Hooghly ...	... ...	1,353 miles ...	... ...
	Howrah ...	... ...	... ...	... ...
	Midnapore ...	The Jungle Mehals, area 1,912 square miles. An undulating laterite tract, extending from the interior of India eastwards up to the town of Midnapore, and stretching from north to south along the western part of the Zillah. These high lands are mostly covered with low Sal jungles. A few decent Sal trees also grow in preserved patches. Many parts are bare rocks and laterite grit washed slowly down by the rains, and quite unprotected by vegetation. Here and there a little soil is obtained by clearing the jungle for	2,924 square miles in two parts. (*a.*) The ordinary alluvial plains of Bengal, extending from the line of the Roopnarain river (followed down as far as Tumlook), along the edge of the laterite down to Orissa, where it ends on the line of the Subunrekha. (*b.*) The tidal plains of Hidgele. A low land tract reaching from the mouth of the Roopnarain down the Hooghly, and along the sea coast to the mouth of the Subunrekha. It is mostly below sea level, and much impregnated with salt. It is protected by	The "Jungle Mehals" of Midnapore, including also parts adjoining; area 1,912 square miles. See "Elevated Tracts."

Ganges, Gomani, and Morung.	Jalla Jheel ...	None. ...	*Soil.*—Alluvial. In the villages strong on high ground. *Minerals*—Coal. *Products*—Rice and Oilseeds.
Damooda, Dalnissur, Gundeeshurry, Salee, and Borye.	... ...	... ...	*Soil.*—Rich and productive; laterite gravels. *Products*—Rice, Indigo, Sugarcane, Oilseeds, Tobacco. *Mineral,* Iron.
Adjai, Putterjoi, and Burrakur, More, 150 square miles.	... ...	... ...	*Soil.*—Laterite, with an admixture of quartz on the tops of the ridges, and light sandy soil in the hollows; and in the lower parts towards the east. No minerals are worked. *Products.*—Rice, Wheat, Sugar, Mulberry, Oilseeds, Indigo, Jute.
Damooda, Adjai, and Bhagiruttee; the last is navigable all the year round.	... ...	... ...	*Soil.*—Clay, sand, and kunkur. *Minerals*—Coal, Iron, and Lime-stone. *Products*—Rice, Pulses, Sugarcane, and Indigo. Tobacco in small quantities.
Hooghly, Koonty, Shorusutty, Selahutty, Darkessur, Roopnarain and Damooda; 336 miles.	... ...	101 miles ...	*Soil.*—Clay and sand. No minerals. *Products*—Rice, Wheat, Pulses, Sugarcane, Jute, Cotton, Potatoes, Vegetables, Indigo, Mulberry.
... ...	... ...	Bala Julla, Mugree Julla, and Kedoca Julla.	No minerals. *Products.*—Rice, Hemp, Sugarcane, Potatoe and other vegetables.
The Cossye, flowing from the Maunbhoom hills north of Sildah, all across the district, passes the town of Midnapore till it loses itself in the tidal estuary of the Huldee. It is never dry, but liable to rapid rises. Along the lower part of its course south-east of Midnapore, it is much embanked, and the freshes and incoming tides together make the usual complications in the management of the river. It brings down a good silt. Roopnarain. Along the north-east boundary of the district. A river well known as a problem to Engineers.	... ...	... ...	Soil.—Laterite, or rather detrital laterite, as it invariably contains fragments of other rocks. This is the stone known to the natives by the name of "kunkur." The laterite generally rests upon a greyish white and reddish clay, soft, soapy, and felspathic. This clay forms the water level of this district. Where cultivated the soil very much resembles the ordinary alluvial soil of Bengal, except that it is less sandy and rather blacker. *Products*—Rice, Sugarcane, Mulberry, Cotton, Salt (under excise only), Pulses, Silk, Tusser, Indigo, Lac, Soapstone, cutlaterite for building, Son, Jute, and dried fish.

DESCRIPTION OF DIFFERENT TRACTS.			Prevailing Soils, Minerals, and Products.
Rivers.	Lakes.	Marshes.	
Subunorekha, rising in the Singbhoom and Mourbhunge Hills, very liable to freshes, and almost dry sometimes at the distance of 60 miles from the sea. A fine broad stream, when full contains very small quantities of gold in its sand, which is sometimes washed for. Sillye, a hill stream, falling into the Roopnarain after running along the north boundary of the district. It is heavily embanked for purposes of cultivation, under charge of the P. W. D. Huldee and Russalpoor, two fine broad tidal estuaries, running some 20 miles inland from the Bay of Bengal. The former is partly fed from the hills by the Cossye, and from the laterite, by a small stream called the Kaleghye, which drains its eastern watershed. The latter is fed only by rainfall near the coast.			
1,22,804 acres ...	... ...	9 sqr. miles ...	*Soil.*—Clay and sand: in places the soil is impregnated with salt. *Products*—Rice, Linseed, Khasaree, and other Dhals; Bamboos, Betelnut, and Cocoa Palms.
20,393 acres ...	71 sqr. miles ...	15 sqr. miles ...	*Soil.*—Sand and mixed soil. No minerals. *Products*—Rice is the principal product, Cotton, Jute, Chilly, Mustard, are also produced to a certain extent.
234 miles. Megna, Goomtee, Dakatera.	244 miles ...	... ...	*Soil.*—Alluvial, light sandy. *Products*—Betelnut, Rice, Safflower, Peas, Chillies, Pulses, Indigo, &c.
Boorubullung, Armula, Brahminee, Barobaria, Golasai, Dypura Salunda and Byturnee.	... ...	Noneajore ...	*Soil.*—Light clay, saliferous on the sea coast. *Products*—Sal Timber, and burning fuel.
Mahanuddy, Brahminee, and Boiturnee, with the tributaries Katjooree, Kooakhia, Sedhooa, Beeroopa Paika, Chitturtoola, Alunka, and Khursooa.	... ...	Duppa, 5 square miles.	Laterite hills. The usual Indian products.

Divisions.	Districts.	NAMES, AREA, AND PHYSICAL — Mountains and Elevated Tracts.	Plains.	Forests.
	Pooree ...	Banpore. Khoorda, Panchgurh, Bolgur, and Hill Tracts.	All the district excepting the Hill Tracts shown in the preceding column.	... ...
	Backergunge ...	... ...	3,435 sqr. miles ..	Edilpore, Srirampore, Uttur, Shabagpore, Soonderbuns, Nalchira, Kasipore, Tarabonia, and Shikarpore, 443 sqr. miles.
	Cachar ...	Burrail range, from 2,000 to 5,000 feet high. Bhoobun range, 700 to 2,000 feet. Joojungo, from 700 to 1,000 feet. Telyne, or Hatia, from 100 to 500 feet. Soorispore, from 600 to 2,000 feet. These hills are of aqueous formation, and are covered with dense forest and bamboo jungle, and comprise an area of about 2,000 square miles, a portion of which is taken up for tea, and the remainder is unallotted waste, suitable for tea and hill crops.	The plains or valleys between the hill ranges comprise an area of about 1,500 square miles, and are called after the principal streams that drain them, or else after Pergunnahs or local subdivisions of the district. The principal valleys are Hylakandy, Chutlahowar and Soonai, south of the Barak river; and Jheeree, Mudhoora, and Jatinga, north of the Barak.	The hill ranges are densely wooded with heavy trees or bamboos. The uncleared low land and detached hillocks that dot the plains are covered with sun, or thatching grass, or reed (Null and Ekur) jungle, which grows up annually to 16 feet in height. The useful woods are Nagussur, Jarool, Chamkatta, Kurta, Ping, Jalna, Sutrung, Pooma. The estimated forest area is 4,750 square miles.
	Dacca ...	The Northern Division of the district, embracing an area of about 1,617 square miles, is mostly elevated, especially towards the extreme north where ranges of small hills, from 20 to 50 feet	Towards the east and south the land is annually inundated to a depth varying from 2 to 14 feet along the river banks; however, there are seldom more than 2 cubits of water, owing	Towards the west the greater part is dense jungle.

Surface.—(Continued.)

DESCRIPTION OF DIFFERENT TRACTS.			Prevailing Soils, Minerals, and Products.
Rivers.	Lakes.	Marshes.	
Bhergovi, a branch of the Mahanuddy, which divides into several branches, forming a delta from Merishpore to the Chilka Lake.	Chilka, 344 square miles.	... ...	Laterite in hills. The usual Indian products. The salt manufactured in the district was principally obtained from the Chilka Lake.
Aiha, Bighaye, Gujaliah, Khagdone, Lankath, Rajgunj, Bishkhali, Badura, Anliapoor, Kukna, Megna, Hoha, Kaligunga, Ambari, Kowkhali, Jhalokati, Damuda, Pangasiah, Nowabhangoni, Arialkhan, Agarpoor, Angamah, Dhuliah, Amkhali, Jainkati, Khyrabad, Pandobnodi, Shonakanda, Tetuliah, Nohaliah, Balleshur, Bunishur, Hatta, Barisal, Shaplija, Bharia, Golachipa, Dalsira, Agunmukhi, Kajal, Rubnabad, Potuah, Adhurmanik, Kocha Banni Nodi, 776 square miles. The whole district is intersected with a net work of streams.	... ...	Babban Dabra, Ramshil, Boghia, Sutla, Rainpoor, Chechuria, Boldiah, Haita, Bama, Jhonjhonia, Deopura, Kalaraja, Ashkar, Damura, Sooja, Adampura, Dhorandhi; 207 square miles. During the rains the marshes are navigable.	*Soil*—Alluvial. No minerals. *Products*—Rice, Sugarcane, Oilseeds, Jute, Pawn, Betelnut, Sugar from Date juice, Peas, Safflower, Coriander seed, Indigo. The forests abound in fine trees, such as the Soondry, in which there is a brisk trade.
The Barak, which takes its rise in the Angami Naga country and the north of Munipore, intersects the district. Its tributaries, which drain the country, are the Tepori Sonai, Rookung, Dhullisur on the south, and the Jheerce, Cheeree, Sarsinga, Muddoora, Jattinga, Sarsong, and Goomrah on the north.	None of any note. The old beds of rivers in many places retain water all the year round.	The principal marsh is the Chutta Howar, 20 miles long by 2 to 5 miles broad, and is annually inundated. The other marshes are the Kurkuria, Bowalia, Koyal, Bakrihowar, Doobri, and Thoolung.	In the plains, the prevailing soil is an alluvial deposit of sand, and mixed sand and clay. In the hills and elevated tracts, the surface soil is a rich vegetable mould of considerable depth in the forests, and lighter in bamboo and grass jungle. The subsoil is a yellow clayey loam, more or less mixed with ferruginous kunkur. The minerals are Iron, Lignite, Petroleum, and traces of gold in the sands of the Soonai river. The *Products* are Lac, Caoutchouc, Cinnamon, Castor Oil, Tapioca, Tea, Cotton, Paddy, Linseed, Mustard, Rapeseed, Pulses of different kinds, Pawn, Betelnut, Sugarcane, Arrowroot.
The principal rivers are the Ganges, or Pudda, and its branches, (Delasseri, Booriguuga, and Jehamutte, &c.,) in the west, and the Brahmaputra, Lukhya, and Megna in the east.	The district abounds in tanks and artificial reservoirs, but there are no natural lakes.	Marshes are common in the southern portion of the district.	The soil of the Northern Division is mostly red kunkur and clay, with alluvial deposit towards the rivers and creeks. Towards the south the soil is entirely alluvial, and this is by far the most fertile part of the district. The only mineral yet found is iron ore; it occurs in masses and nodules in the

No. 18.

FROM H. L. HARRISON, ESQ.,

Junior Secretary to the Government of Bengal,

TO THE SECRETARY TO THE BOARD OF REVENUE, L. P.

Fort William, the 3rd January 1868.

Revenue.

SIR,

I AM directed to acknowledge the receipt of your letter No. 3843A., dated the 23rd September, submitting the Board's Report on the Land Revenue Administration of the Lower Provinces for the year 1866-67, and in reply to communicate the following observations and orders of the Lieutenant-Governor thereon.

Board's paragraphs 3 to 11.

2. The total collections of the land revenue for the year, which were 91·6 per cent. of the aggregate demand against 90·8 per cent. of the preceding year, exhibit a satisfactory increase; and the excess of the aggregate collections over the current demand by Rupees 31,533,* notwithstanding the necessarily short collections in Orissa, is an unexpectedly good result.

		Rs.
* Total collections	...	3,55,78,535
Current demand	...	3,55,47,002

3. The balances which are entered as in process of recovery are however very considerable, and require the Board's special attention, particularly in Midnapore, Sylhet, Jessore, 24-Pergunnahs, and Moorshedabad.

4. In Appendix I. of the Report for 1865-66, the total uncollected demand at the end of that year is set down at Rupees 35,02,172 after allowing for remissions, but the arrear demand in the Report under review is given as Rupees 33,00,011. The discrepancy between these figures requires explanation. It may partly be owing to the removal of the Khalari rents from the accounts, as noticed in paragraph 13 of the Report.

Board's paragraphs 12 to 28.

5. The remissions of revenue during the year amounted to Rupees 74,822, or only ·02 per cent. of the entire demand; but as it is evident that a much larger amount due in Orissa on account of the year under review will have to be ultimately remitted, the results shewn under this head are necessarily incomplete.

6. The Board are requested to report what is the cause of delay in realizing the amount due from the Railway Companies on Class C. lands.
Board's paragraph 24.

7. The redemption of Government Revenue was almost nominal, and will, as stated by the Board, be confined in future to Chittagong, Calcutta and its Suburbs, and Chinsurah.
Board's paragraphs 25 and 26.

8. The collections on account of Forest Revenue shew an uncollected balance of Rupees 100 only on account of arrear demands, and of Rupees 2,701 on account of current demands, which result compares favorably with that of the preceding year, when the aggregate balance was set down at Rupees 4,740.
Board's paragraph 27.

9. The unrealized balance of Miscellaneous Revenue is very large, *viz.*, Rupees 65,471 against Rupees 15,134 of the preceding year; but this balance was due almost exclusively to the Shahabad District, where the greater part is reported as having been collected since the close of the year.
Board's paragraphs 28 and 29.

10. The collections on account of Government Estates, exclusive of Assam and Cachar, were only two-thirds of the total demand, while the arrear demand, even after allowing for remissions, had again increased. The local Officers should be called upon to use every effort to reduce this demand during the current year.
Board's paragraphs 30 to 34.

11. The percentage of charges incurred in collecting the revenue of the Government Estates, in which any such expenditure had occurred, had increased during the year from 11·5 to 12·1. The increase of the charges in Sylhet from Rupees 888 to Rupees 6,144 was very great and should have been specially noticed.

12. The number of Government Estates and the amount of collections therefrom, as given in paragraphs 33 and 34, do not correspond with those given in paragraph 30; but this was owing apparently, as regards paragraph 33, to no charges being incurred in collecting the revenue in certain districts, and in respect to paragraph 34, to no sums being set apart in some estates for the Improvement Fund, and to these estates being in both cases left out from the tabular returns. But it is presumed that column 3 of the Statement in paragraph 34 represents the total demand for the year and not the amount actually collected; otherwise the discrepancy in this column, as compared with column 3 of the table in paragraph 33 in respect to Cachar, Sylhet, and the districts of Assam, would require to be explained.

13. The number of persons whose estates are under the management of the Court of Wards has decreased from 118 to 101, but the number of estates under management paying revenue to Government has increased from 862 to 967, and the number of holdings paying rent to superior landlords or rent-free from 725 to 809. The Lieutenant-Governor regrets to observe that the ratio of collection of the Government demand from the former has fallen from 92· to 86·0 per cent., and the ratio of collection of the rent due to superior landlords from 77· to 74·9 per cent.
Board's paragraphs 35 to 37.

14. The gross rental of the above estates and holdings is shewn at Rupees 72,53,535, of which Rupees 36,40,799 was collected during the year. The Board have, however, not stated how much of this collection was of current and how much of arrear demand. It is satisfactory, however, to notice that
Board's paragraph 38.

the collections in the Durbhangah Estate have been greatly in excess of the current demand for the year.

Board's paragraph 53.

15. Large amounts are shewn in the 24-Pergunnahs, Moorshedabad, and Rajshahye as barred by limitation. The Lieutenant-Governor wishes to know whether everything practicable was done to realize the amounts before their recovery became impossible.

Board's paragraphs 54, 56 and 57.

16. The management of the Hetumpore Estate by the Court of Wards appears to have been very successful, and the Lieutenant-Governor is glad that the minor Zemindar appreciates the change which has been effected in his position and prospects by his removal to the Wards' Institution at Benares.

Board's paragraph 61.

17. The number of boys in the Wards' Institution at Calcutta at the end of the year was 9, their ages varying from 8 to 16. It is very satisfactory to find that the progress made by them was generally good, and their conduct on the whole most satisfactory. The Institution appears to have been well managed throughout the year.

Board's paragraphs 62 to 68.

18. The number of attached estates paying revenue to Government had diminished from 119 to 95, while the number of attached holdings had increased from 198 to 307. The collection of rent due to superior landlords was 60·6 per cent., which was not unsatisfactory. Of the rents due to the estates, the ratio realized was 67·4 per cent. against 60·5 per cent. in the preceding year, which shews some improvement. With reference to the generally unsatisfactory proportion which the collections from Wards' Estates and attached estates bear to the demand year after year, the Lieutenant-Governor wishes to know what supervision the Board exercise over the local authorities in this respect in the course of the year. Something more close than an annual revision of the results seems to be required.

Board's paragraphs 69 to 72.

19. The results given of the working of the Rent Laws exhibit a general decline of litigation. The disposal of the cases has also been satisfactory, as only 160 appeals were pending at the close of the year which had been instituted more than one month before.

Board's paragraphs 79 to 84.

20. The working of Act V. of 1863 has been very satisfactory, and, as the Board observe, the State has not only been relieved of a heavy burden on its general resources, but has secured a large annual balance for defraying all expenses for properly carrying out the purposes of the Act.

Board's paragraphs 88 to 97.

21. The Board's resolution not to sanction the institution of fresh proceedings under the Resumption Laws unless there are special circumstances to render that course advisable, appears to be very proper; but this passage seems to indicate that the Board have during the year adopted some change of policy in this respect. If so, the subject is of sufficient importance to deserve a separate report, which should be submitted.

Board's paragraphs 98 and 99.

22. The result of the operation of the Sale Laws shews an increase in the number of estates sold for the recovery of their own arrears from 718 to 772, of which 696 estates were bought by private individuals for more than twelve times revenue.

Board's paragraphs 100 to 105.

23. The number of estates admitted to common registry during the year was 170, two estates only being apparently admitted to special registry during the same period

24. The number of persons imprisoned for non-payment of Government demand shews a slight increase as compared with the previous year. The Lieutenant-Governor wishes to know whether the large proportion of these cases which occurs in Chumparun can be accounted for.

Board's paragraph 106.

25. It is satisfactory to find that the Talookdars of the Noabad lands in Chittagong have at last shewn an inclination to avail themselves of the concession made to them under the orders of Government, No. 883, dated 2nd March 1864, by which the proprietory right of Government in these lands has been relinquished in favor of the Talookdars, and the lands permitted to be settled with them at their present jumma, and to be in every practicable case incorporated with the parent estates.

Board's paragraph 108.

26. The very satisfactory settlement of the Colehan by Dr. Hayes has been already specially noticed and confirmed by the Lieutenant-Governor.

Board's paragraph 112.

27. In respect to the disposal of waste lands, it appears from the first table given in paragraph 114 that a few grants under the old Rules are still made. The third statement, compared with the corresponding one given in the preceding year's Report, shews that in the sale of waste lands there has been a diminution in the number of lots sold from 125 to 15, and in the area sold from 1,64,312 to 13,057 acres. The lease of waste lands similarly exhibits a decrease in number from 148 to 86, and in area from 36,422 to 9,832 acres.

Board's paragraph 114.

28. The Lieutenant-Governor notices with satisfaction that the Sub-Divisional Treasury rules are reported to have worked well during the year.

Board's paragraph 123.

29. His Honor regrets to notice that many Officers were again unable to spend a proper portion of the year on tour in the interior of their Districts. In the Burdwan Division especially the tours appear to have been brief in the extreme. In no District of this Division did any Collector visit the interior of his District for two months in the aggregate during the year, while the Magistrates of Burdwan, Bancoorah, and Beerbhoom were only absent from Head-Quarters ten, fourteen, and seventeen days respectively. The Lieutenant-Governor desires, therefore, that the attention of the Commissioner may be drawn to the remarks in paragraph 15 of the letter from this Office, No. 862A., dated 28th February last, in reply to last year's Report. The difficulties are no greater in the Burdwan Division than elsewhere, and the Lieutenant-Governor will look to the Commissioner to see that the Collectors are not again allowed to neglect this important duty.

Board's paragraphs 125 and 126.

30. The attention of the Lieutenant-Governor has been recently turned to the subject of the difficulty of the examination of Assistants referred to in your 131st paragraph. The expediency of modifying the Rules is now under consideration.

Board's paragraph 131.

31. His Honor notices with pleasure that the several Collectors, Covenanted Deputy and Assistant Collectors, and Uncovenanted Officers, named on the margin, have rendered themselves conspicuous during the year by the efficient discharge of their duties.

Board's paragraphs 150 to 154.

33. The Lieutenant-Governor notices with satisfaction the earlier date on which the Board have submitted their report this year.

I have the honor to be,

SIR,

Your most obedient Servant,

H. L. HARRISON,

Junior Secretary to the Govt. of Bengal.

REPORT

ON THE

LAND REVENUE ADMINISTRATION

OF THE

LOWER PROVINCES,

FOR

THE OFFICIAL YEAR

1867-68.

Calcutta:
E. M. LEWIS, CALCUTTA CENTRAL PRESS COMPANY, LIMITED.

1868.

No. 3803A.

FROM

T. B. LANE, Esq.

Offg. Secretary to the Board of Revenue, Lower Provinces

To

THE OFFG. SECRETARY TO THE GOVERNMENT OF BENGAL.

Dated Fort William, the 19th September, 1868.

SIR,

Land Revenue.
Miscellaneous.
A. MONEY, C.B., and C. H. CAMPBELL, Esqs.

I AM directed by the Board of Revenue to submit the following Report on the Land Revenue Administration of the Lower Provinces of Bengal for the year 1867-68, with the usual Statistical Tables.

No. 1.—Land Revenue Demands, Collections, Remissions, and Balances.

2. The number of estates and holdings on the District Rolls was 2,28,978, of which 23,798 belonged to the fluctuating division, and the remaining 2,05,180 to the fixed division. Of the revenue-paying estates, 2,24,160 paid land revenue only, 3,774 paid malikana combined with revenue, and 733 paid a Police demand together with revenue; 2 estates in Bancoorah paid malikana only, and 309 estates were unassessed. Besides these there were 168 estates which did not contribute to the revenue at all, but paid only a Police demand.

3. The current demand of land revenue was Rs. 3,80,02,784, of which Rs. 3,54,21,772, or 93·2 per cent., were collected during the year; of the arrear demand of Rs. 33,24,257, Rs. 17,91,704, or 53·8 per cent., were realized; and of the total demand of Rs. 4,13,27,041, the collections were Rs. 3,72,13,476, or 90 per cent. The difference between the amount shewn as outstanding at the close of 1866-67, and the amount shewn as arrear demand in this Report, is owing to increases brought about by re-settlements, terms of existing settlements which provide for increase under certain circumstances, enquiries of the Railway Deputy Collector, and other causes.

4. Subjoined is a Table shewing the rate per cent of the total collections in each district, calculated on the current demand only, as prescribed in the orders of Government on the Board's Report for 1860-61.

Divisions.	Districts.	Current Demand.	Total Collections.	Percentage of total Collections to current Demand.	Amount of deficiency in Collections.

	Total ...	2,26,510	2,11,303	93·2	15,207
	Grand Total ...	3,80,02,784	3,72,13,476	97·9	7,89,308

5. In 33 districts the collections fall short of the expected amount. In Purneah, Chumparun, and Rungpore, the deficiency is insignificant; it is comparatively large in Monghyr, Godda, Bullooah, Tipperah, the three Orissa districts, Cachar, Furreedpore, Sylhet, Malda, Cossyah and Jynteah Hills, Sibsagur, Manbhoom, Singbhoom, Darjeeling, Goalpara, and the Western Dooars.

6. In Monghyr, Rs. 29,092 were not recoverable by law during the year, and Rs. 20,789 are due by the Railway Company.

7. In Godda, the balance was due from several farmers; it was realized after close of the year.

8. In Bullooah, Rs. 52,252 were not realizable by law within the year, and the collection of Rs. 31,485 was suspended on account of the Cyclone of November, 1867. A special report in connection with the remissions to be allowed in consequence of the Cyclone was submitted with my letter No. 2746A, dated 24th July, 1868. Rs. 1,253 are irrecoverable, being sums due for diluviated lands; and the remainder was in process of recovery.

9. In Tipperah, the bulk of the balance was not recoverable by law within the year.

10. In the Orissa districts, a large portion of the balance will have to be remitted; the province and the people not having recovered from the of the distress which prevailed in the years 1866 and 1867.

11. In Cachar, only Rs. 461 are irrecoverable; *viz.*, Rs. 330 on account of double assessment of an estate, Rs. 122 due by an offender against the State, who has been transported, and Rs. 9 due from land under jungle, the proprietor of which cannot be found. Of the remaining balance, more than half was recovered shortly after close of the year, and the rest is in train of liquidation.

12. In Furreedpore, Rs. 3,448 were not realizable before close of the year; Rs. 1,141 are due by the Eastern Bengal Railway Company; Rs. 1,980 were balances of estates purchased by Government at sales for arrears of revenue; and the remainder was under realization.

13. In Sylhet, Rs. 48,426 could not be realized by law until after close of the year; Rs. 17,998 are due from petty farmers in Jynteah, and the Nazir and Putwarries were engaged in collecting the amount; the balance of Rs. 650 is due by several parties, mainly owing to reductions of demand on re-settlement; the recovery of the amount seems hopeless.

14. In Malda, Rs. 7,392 were in process of recovery; Rs. 38, due from diluviated lands, were recommended for remission; and Rs. 767 were not realizable by law until after close of the year.

15. In the Cossyah and Jynteah Hills, the whole of the balance is good; part has been realized since close of the year, and the rest is under recovery.

16. In Sibsagur, the entire balance was realized immediately after close of the year.

17. In Manbhoom, the bulk of the balance was not recoverable by law within the year; Rs. 43 are due by the Railway Company; and Rs. 190 by a Zemindar, who is involved in debt, and unable to manage his affairs owing to mental weakness; the question of taking charge of his estate and managing it on his behalf, is under the Commissioner's consideration.

18. In Singbhoom, a difficulty was experienced in getting in the balance, owing to slackness of trade and inability of the cultivators to dispose of their products; a sum of Rs. 5,104 was, however, realized after close of the year.

19. In Darjeeling, Rs. 4,120 were not recoverable by legal process during the year; Rs. 500 were due from an estate conferred by Government on the heirs of Cheeboo Llama for services rendered to the State; Rs. 2,782 are considered irrecoverable, being balances due from absconded jotedars, relinquished lands, and lands purchased by Government at sales for default;

Rs. 4,819 have been realized since close of the year, and the balance is in process of recovery.

20. In Goalpara, the entire balance is part of the Cooch Behar tribute, which the Deputy Commissioner had omitted to remit.

21. In the Western Dooars, Rs. 8,791 of the collections were misappropriated by the late Tehsildar of Mynagooree, the matter is under enquiry; Rs. 694 are due from two jotes claimed by this Tehsildar as revenue-free; they have been attached, but collection from them has been suspended under the Commissioner's order; Rs. 787 are due from Meechis, who refuse payment on the alleged ground that the lands cultivated by them are covered by a jungle rent-free pottah, enforcement of the demand has, however, been ordered; Rs. 3,386 are due by persons who were unable to pay up the amount at once, the instalment having been fixed at no less than 12 annas in the rupee; alteration of the instalments is under consideration.

22. The total amount remitted as irrecoverable during the year was Rs. 98,532; of this sum, Rs. 16,355 belonged to the current demand, and Rs. 82,177 to the arrear demand. In Hooghly, Rs. 5,699 were remitted in connection with the Hooghly fisheries, the right of Government to assess having been disallowed by the Civil Court. In Midnapore, a remission of Rs. 35,593 was allowed on account of Julpye, or old salt, lands which could not be settled; the greater portion of this amount, Rs. 34,886, was an arrear demand. The remaining remissions were of an ordinary miscellaneous nature.

23. In the following Table the results of the year under report and the preceding year are compared. To admit of a fair comparison for 1866-67, the results of 12 months, April to March, have been given.

Years.	Demand.			Percentage Collected.			Percentage remitted.	Percentage Outstanding.		
	Current.	Arrear.	Total.	Current.	Arrear.	Total.		Current.	Arrear.	Total.
1866-67 ...	3,78,80,896	19,00,596	3,97,81,492	92·8	68·5	91·7	0·3	7·0	28·1	8·0
1867-68 ...	3,80,02,784	33,24,257	4,13,27,041	93·2	53·8	90·1	0·2	6·7	53·9	9·7
Difference...	+ 1,21,888	+ 14,23,661	+ 15,45,549	+ 0·4	− 14·7	− 1·6	− 0·1	− 0·3	+ 25·8	+ 1·7

24. The comparison is in favor of 1867-68, except as regards arrear collections and arrear balances. The arrear balances were heaviest in Bhaugulpore, Monghyr, Bancoorah, Burdwan, Hooghly, Midnapore, Chittagong, the three Orissa districts, and Jessore.

25. In Bhaugulpore, Rs. 13,152 are due by the East Indian Railway Company for lands held by them; Rs. 523 are irrecoverable, the land on which they are due being jungle and waste; and the remainder Rs. 97 were in process of recovery.

26. In Monghyr, Rs. 16,746 are due by the East Indian Railway Company; Rs. 159 are due from certain lands decreed to Government; the amount has been deposited in the Civil Court; and the balance, Rs. 29, was irrecoverable, owing to diluvion and other causes.

27. In Bancoorah, the entire amount is due from certain estates for the period which elapsed between the date of final resumption and the date of settlement; the owners of some of the estates have agreed to pay Rs. 6,590 by instalments, and similar arrangements will be entered into regarding the balance, Rs. 4,315.

28. In Burdwan, Rs. 15,091 are due by the East Indian Railway Company; Rs. 3,451 remained unrealized, pending disposal of a suit in the Civil Court; Rs. 145 were irrecoverable, being balances entered as due from relinquished Railway lands and Government estates after expiry of settlement; the remainder was under realization.

29. In Hooghly, the entire balance, Rs. 67,035, is due by the East Indian Railway Company.

30. In Midnapore, Rs. 25,236 are due from the Mysadul estate, which suffered much from the Cyclone of 1864, the amount will be realized in instalments; Rs. 12,116 are due from the farmers of the Protabkhally Canal, who resigned the farm owing to abandonment of the salt manufacture and the silting up of the khal; only Rs. 1,625 are reported to be realizable out of the above amount; Rs. 5,941 represent the Ghaskur, or rent due on the farm of the grass growing on the Julpye lands prior to the settlement of the lands; measures are being taken for recovery of the amount; the balance, Rs. 697, is under recovery.

31. In Chittagong, Rs. 8,569 are irrecoverable, owing to diluvion, deterioration of lands from inundation, and other causes; of the above amount, Rs. 7,056 are due from the Kootubdeea estate. Rs. 7,731 are due from the island of Kootubdeea, now under the Court of Wards; a decree has been obtained for Rs. 2,479, and the balance, Rs. 5,252, will be recovered from the profits of the estate; the balance, Rs. 223, is in train of liquidation.

32. The causes which led to such large balances in Orissa have already been explained. Almost the entire amount will have to be remitted.

33. In Jessore, Rs. 6,005, due from certain Soonderbun estates purchased by Government at sales for arrears of revenue, and Rs. 487 due from a fishery and from lands covered with jungle, are irrecoverable; Rs. 400 have been realized since close of the year, and the balance is in train of liquidation.

34. The delay in realizing rents from the Railway Company has been explained in paragraph 6 of my letter No. 1108A., dated 28th March, 1868. The bill under preparation by the Railway Deputy Collector is now almost ready for submission to the Consulting Engineer to Government for realization.

Redemption of Government Revenue of petty estates.

35. During the year the redemption of revenue of 185 petty estates was effected; the revenue of these estates amounted to Rs. 286-0-9½, and the price of redemption to Rs. 4,481-10-3, making a total, at close of the year, of 15,243 estates, with a revenue of Rs. 8,317-1-1, redeemed for Rs. 96,117-5-1. Details are given in the Table below. The 13 redemptions shewn against Moorshedabad, Mymensing, and Tirhoot, were allowed, as the price of redemption was paid into the Treasury before the receipt by the Collector, of the orders withdrawing the concession.

36. Of late, applications for redemption of petty tenures in Chittagong have not been very numerous. The Collector gives the following as the most noticeable explanation which he has been able to procure of the decrease:—"The proprietors of the petty tenures are chiefly Mussulmans. "The lapse of years, and therewith the introduction of new coparcenary members "of a family, the progressive tendency among such members to subdivide "claims and to quarrel and litigate over these, all make it progressively more "and more difficult, with the lapse of years, to effect unhampered action with a "view to redemption. If that were so, it might be worthy of consideration "whether, if the Government ever proposed to extend or to accelerate the "redemption measure, it might not find an advantage to itself and to all "parties, by limiting legislatively the time for agitating claims to obtain "settlement in perpetuity by redemption. In confirmation of this view, I "would remark that the sudden increase of the redemptions in 1862-63, 1863-64, "as compared with preceding and succeeding years, would appear to have been "caused by pressure used by the former Commissioner, Mr. Buckland (*vide* his "No. 38 of the 31st May to the Collector,) with the view of accelerating these "redemptions. Pressure seems to be both justifiable and advisable in the "interests of all parties, and I would suggest whether it might not be advisable to "renew pressure of some kind or another, in order to disencumber the Chittagong "Land Revenue Rolls." The pressure here alluded to was disapproved of by the Board, and the Commissioner's orders were cancelled. The matter was

reported to Government in the Board's letters, No. 19, dated 15th January, 1864, and No. 296, dated 26th July, 1864.

No. 2.- Collections, remissions, and balances of Forest and Miscellaneous Revenue.

37. The demand of Forest Revenue was Rs. 38,423, of which Rs. 35,622 were current, and Rs. 2,801 arrear. The collections were Rs. 36,093, leaving only a balance of Rs. 2,330 of the current demand uncollected. In Cachar, Rs. 250 are due from the lessee of the Sealtekh Ghaut, who claims remission of the amount as representing the loss caused to him by his being prevented from levying duty on some timber. In Jessore, the balance is covered by the security deposited by the farmer. In the 24-Pergunnahs, Rs. 1,217 were realized immediately after close of the year; the balance of Rs. 609 is considered good, and will also be realized.

38. Under G. O. No. 779, dated 25th April, 1859, the system of levying transit duties on timber and other forest products at the Sealtekh Ghaut was continued, and the right to levy the duty was farmed out. On the Lieutenant-Governor's visit to Cachar in 1867, it was, however, brought to his notice that a considerable portion of the articles paying toll were products of grants assigned to private individuals under the Waste Land Rules. His Honor, being of opinion that the levy of transit duty on such articles was indefensible, directed* that the arrangements should be revised, so as to confine the levy of duty to the *boná fide* products of Government forests. The matter has been referred to the Commissioner of Dacca and the Conservator of Forests, who have promised to report on it after the close of the rains.

* G. O. No. 281, dated 22nd January, 1868.

39. The miscellaneous revenue collections were Rs. 6,11,929, including Rs. 4,27,727, the price realized by sale of 168 Government estates. Of the latter

amount, Rs. 57,656 represent the balance left unrealized at the close of the preceding year in Shahabad.

40. The miscellaneous remissions were heaviest in the Western Dooars. Of the Rs. 5,328 shewn against this district, Rs. 3,141 represent the Poll Tax due for 1866-67 by certain ryots of Dalimkote who have either died or absconded; Rs. 471 were collected by the Bhooteas; Rs. 1,550 were irrecoverable, owing to the bankruptcy of the farmer of the cotton and other estates; and Rs. 166 from the Mynagooree market-place, which was burnt down. Rs. 200 were remitted in Lohardugga from the Koa Kuth revenue, in consequence of a decree of the Civil Court. Rs. 100 in Cachar were due from hill tribes who had abandoned their lands; and Rs. 19 in Monghyr was balance of a fine inflicted in a Partition case.

41. The unrealized balance was Rs. 7,575. Of this sum, Rs. 1,946 were due in Chittagong as Poll Tax by nomadic hill cultivators, or Jungyahs: this item of revenue is known as Kupas, or Cotton Mehal; its realization is doubtful. Rs. 308, due in Goalpara on account of Kurn Jumma, were irrecoverable. In the Western Dooars, the balance of Rs. 802 was due from the Kupas Mehal; part was collected by the Bhooteeas before British occupation, and part is irrecoverable owing to the decrease in the number of persons engaged in cotton cultivation during the year. In Cachar, the realization of Rs. 87 is considered doubtful, the sum being due by hill tribes that have abandoned their lands. In Sarun, the bulk of the balance is under the head of "Fines under Act XX of 1848;" a portion of these fines will have to be remitted. The rest of the outstanding balances are considered good, part has been realized since close of the year, and the remainder is in train of liquidation.

No 3.—Estates, the property of Government, their disposition and management.

42. There were 26,950 Government estates during the year, excluding those in Assam and Cachar, yielding a revenue of Rs. 17,18,435, which, together with the arrears of the previous year, Rs. 7,55,085, amounted to Rs. 24,73,520. Of this sum, Rs. 15,08,609, or 61 per cent., were collected, and Rs. 57,312, or 2·3 per cent., were remitted, leaving a balance of Rs. 9,07,599, or 36·7 per cent.

43. The balances were heaviest in Monghyr, Hooghly, Midnapore, Bullooah, Chittagong, Tipperah, Singbhoom, Balasore, Pooree, Backergunge, Sylhet, Jessore, and 24-Pergunnahs. In Backergunge, the bulk of the balance was not realizable by law during the year. In the 24-Pergunnahs, the balance was considered good, and was in process of recovery. The balances against the other districts have been explained in the foregoing paragraphs.

44. The following sums are returned as having been remitted during the year on account of diluvion:—

Loss from diluvion.

Districts.	Number of estates in which remission has been allowed.	Number of estates removed from the Rent Roll on account of diluvion.	Revenue of such estates.	Amount remitted on account of diluvion.
			Rs.	Rs.

45. The charges incurred in collecting the revenue of Government estates were as follows. The increase in the rate against Cuttack is owing to the small collections, and to the fact that the remuneration to the khas mehal establishment is by fixed salary, and not on a percentage.

Charges of collection.

Districts.	Number of Estates.	Amount collected.	Charges incurred.	Percentage.

No. 4.—Estates of disqualified landholders.

47. This Statement shows that during the year there were 122 persons under the protection of the Court of Wards, of whom 14 were disqualified for managing their own property owing to their being lunatics, 21 owing to their being females, and 87 on the ground of nonage. These individuals owned 1,299 estates paying revenue to Government, and 904 holdings either paying rent to superior landlords, or rent-free.

48. Of the Government demand of Rs. 13,12,886, which includes Rs. 1,69,533 of the previous year, Rs. 11,27,418, or 85·9 per cent., were collected; Rs. 24,416 were remitted in Cuttack on account of loss of crops; and

Rs. 1,61,052, or 12·3 per cent., remained uncollected. The balances were largest in Chittagong, Cuttack, 24-Pergunnahs, Moorshedabad, and Rajshahye.

49. In Chittagong, part of the amount could not be paid until rents not due until after close of the year, could be realized from the tenants, and part was due from the Kootubdeea estate, already noticed.

50. In Cuttack, the bulk of the balance was realized after close of the year.

51. In the 24-Pergunnahs, the entire balance was realized after close of the year.

52. In Moorshedabad, the balance, with small exceptions, belongs to the Cossimbazaar and Nusserpoor estates. Of the Cossimbazaar balance, part was recovered after close of the year, and the remainder is in course of liquidation. Of the Cossimbazaar balance, the Collector has given no explanation in his return No. 31; but it appears from Appendix No. 1 that the bulk of the balance outstanding in the district is considered good.

53. In Rajshahye, the balance is stated to be a nominal one, the minor holding only a part share in some of the estates, the revenue of which has been paid in by the co-sharers.

54. Rents due to superior landlords amounted in the aggregate to Rs. 1,66,423, of which Rs. 1,25,885, or 75·6 per cent., were paid during the year. The attention of District Officers was called to the necessity of tendering such payments as they fall due, as noticed in paragraph 37 of the Board's Report for 1866-67, and again specially in Circular Order No. 6 of December, 1867. The Collector of Jessore has explained that it is sometimes difficult, when the landlord is non-resident, to know to whom rent is to be paid.

55. The gross rental of the estates and holdings comprised a current demand of Rs. 38,59,598, and an arrear demand of Rs. 34,40,695. The collections of current demand were Rs. 27,96,402, or 72·4 per cent., and of the balance of previous years, Rs. 9,72,382, or 28·2 per cent. Rs. 2,07,481 of the balance of previous years was remitted as irrecoverable, leaving an outstanding of Rs. 33,24,028. The percentage which the total collections bore to the total rental was 51·6. The percentage of remissions was 2·8, and of the total balance 45·6.

56. The assets of the estates were Rs. 58,91,459, and the disbursements Rs. 48,55,987, leaving a surplus of Rs. 10,35,472. Debts amounting to Rs. 9,21,478 were paid during the year, and Rs. 9,85,580 were invested. The total amount invested is now Rs. 34,83,938.

57. The outstanding balances of rent due to the estates are classified below :—

Accruing prior to Wardship.

Bad and doubtful	Rupees	14,75,849	
Good	„	1,34,014	
			16,09,863

Accruing under Court's management.

Bad and doubtful	Rupees	6,23,587	
Not legally realizable till close of the year	„	3,26,494	
Good	„	7,32,410	
			16,82,491
			32,92,354
Add on account of estates recently taken charge of, the jumma-bundee, or rent-roll of which has not been ascertained	...	... ...	31,674
		Total Rs.	33,24,028

58. In Bhaugulpore, Purneah, and Tirhoot the bulk of the balance is due to the Durbhunga estate. A very large part of this balance accrued prior to the estate coming under the Court's management, as has already been reported. The estate is under careful management, and every exertion is being made to adjust the accounts.

59. In Beerbhoom, Rs. 19,087 were not realizable before close of the year, Rs. 41,588 were good, and in process of recovery, and Rs. 5,598 were recommended for remission, as having been erroneously shewn to be due.

60. In Midnapore, Rs. 21,463 accrued before the estate came under the Court; Rs. 5,561 were irrecoverable in consequence of loss of crops and inundation; and of the remainder, part was paid in after close of the year, and the rest was under realization.

61. In Chittagong, Rs. 31,570 were irrecoverable owing to diluvion, deterioration of lands, and other causes, and the recovery of Rs. 6,795 was also considered hopeless, part of the amount having been entered in the accounts wrongly, and part being due from lands out of cultivation and by paupers; Rs. 24,897 were not realizable before close of the year; and Rs. 36,011 were considered good, though the Collector thought the cost of realizing this sum would be great, owing to the large number of the tenants from whom collections must be made.

62. In Tipperah, Rs. 565 are irrecoverable, and will be remitted; Rs. 4,580 are due from absconded or pauper defaulters, from ryots who deny having obtained possession of the lands, and from those who have given no kaboolyuts; Rs. 462 were not realizable during the year; and the balance is in process of recovery.

63. In Balasore and Cuttack, the balances are due in great measure to tl famine and consequent poverty of the ryots.

64. In Backergunge, Rs. 865 are due from ryots against whom decrees have been obtained, but who are very poor; Rs. 1,847 were entered as due from absconded and pauper ryots, and from men who have since been found to be not really in default; for recovery of Rs. 2,982 suits have been instituted; Rs. 2,691 were not recoverable during the year; and of the balance, part was realized after close of the year, and the rest is in train of liquidation.

65. In Mymensing, Rs. 6,623 were alleged to have been paid to the proprietor before the estate came under the Court; Rs. 763 are due from pauper ryots; for Rs. 651 decrees had been obtained, or suits instituted; Rs. 611 are due from lands the possession of which is disputed; and the remainder was under recovery.

66. In Sarun, the bulk of the balance is good, and steps were bein taken for its recovery, only a very small sum was irrecoverable, owing to death and desertion of ryots.

67. In Shahabad, Rs. 24,247 were barred by limitation before the estates came under the Court's management; Rs. 6,353 were due by ryots who were paupers, or who had absconded; suits were about being instituted for recovery of Rs. 4,191; decrees had been obtained for Rs. 3,020; Rs. 8,655 were not realizable during the year; and the rest was in train of liquidation.

68. In the 24-Pergunnahs, suits for Rs. 576 have been dismissed; Rs. 89 are due from absconded ryots; Rs. 2,305 from ryots who have no property; Rs. 1,015 is the amount of commission allowed to farmers for collection of outstanding arrears; endeavours are being made to induce the ryots to pay a sum of Rs. 3,476 by instalments; Rs. 15,724 were not recoverable during the year; and the balance, which was mostly caused by the Cyclone, is in process of recovery.

69. In Dinagepore, the balance of Rs. 3,771, which accrued prior to the 's management, is under enquiry; Rs. 706 were due by dead or absconded ryots; Rs. 5,048 were not recoverable during the year; and the balance is in process of recovery.

70. In Moorshedabad, Rs. 92,462 are balances of very old standing, and are barred by the Statute of Limitation; Rs. 3,454 are nominal and irrecoverable; Rs. 1,969 were due by ryots who have absconded or have died; Rs. 84 are due from diluviated lands; Rs. 4,958 are disputed; and the remainder was under recovery.

71. In Rajshahye, Rs. 31,569 represented rents enhanced without the consent of the ryots, and thus wrongly entered as demand; about Rs. 50,000 were due from lands taken for public purposes, or from diluviated or abandoned lands; about Rs. 18,000 are nominal, disputed, or erroneous balances; a small sum of Rs. 188 is barred by limitation; Rs. 27,080 were not recoverable during the year; and the rest was in train of liquidation.

72. The accounts of the Paikparra estate have again this year been excluded from the Table, the Collector of 24-Pergunnahs not being able to complete his return, owing to delay on the part of some of the Collectors who have to make returns to him.

Working of Acts XXXV and XL of 1858.

73. In the 24-Pergunnahs, the estate of Chunder Coomar Rai Chowdry was placed by the Judge under the Collector's management. In Dinagepore one estate, in Sarun three estates, and in Tirhoot the Shewhur Raja's estate, also came under the Court's management. Six estates were released during the year in Balasore, Cuttack, Jessore, Rajshahye, Gya, and Hazareebaugh, on the minors attaining majority.

Wards' Institution.

74. During the year two lads were admitted into the Institution, and four left it, three on attaining majority, and one for the Benares Institution; the latter is the young Raja of Bijnee, who was sent to Benares to study in company with the Raja of Cooch Behar, who is related to him, at the suggestion of the Commissioner. At the close of the year there were six boys on the roll, the smallest number since the opening of the Institution in 1856.

75. The Wards who left the Institution, on attaining majority, were Promothnauth Raya, of Rajshahye, in October, 1867; Soorjokant Acharjee, of Mymensing, in November, 1867; and Brindabun Chunder Chowdry, of Dinagepore, in July, 1867. Of Promothnauth Raya the Director speaks in the highest terms, both as regards his conduct and his devotion to his studies; and he takes the opportunity of again urging the necessity for a change in the law of minority, as he is sanguine that this Ward would have secured the highest honors in the Calcutta University, could his departure from the Institution have been delayed a little longer. Of the second-named Ward the Director also speaks in terms of praise; but of the third he regrets he can say nothing favorable, except that he took a liking to athletic exercise.

76. The names of the boys on the roll at the end of the year, with their ages on 31st March, 1868, and the district from which they come, are given below :—

Prithinath Mandhata	... 17 years	11 months ...	Midnapore.
Hemanath Dutt	... 15 ,,		... 24-Pergunnahs.
Soorendranath Dutt	... 13 ,,		... Ditto.
Juggut Chunder Chowdry	9 ,,		... Dinagepore.
Radhicant Banerjee	... 12 ,,	7 ,,	... 24-Pergunnahs.
Kalikrishna Chowdry	... 12 ,,	9 ,,	... Tipperah.

Of them, 1 is a Brahmin, 2 Kyasts, 1 Khandaet, and 2 Suris. Generally the progress of the boys in learning has been good, and their conduct satisfactory.

77. The health of the boys has also been uniformly good; and walking, riding, swimming, and wrestling have been regularly enforced. The boys are represented as taking a delight in manly exercises.

78. The entire expenditure of the year was Rs. 30,995, consisting of Rs. 14,645 personal expenses of 10 boys, and Rs. 16,350 general expenses. The average monthly cost per boy was Rs. 258.

79. The institution was visited during the year by Messrs. Schalch, Lane, Chapman, A. Smith, C. Macnaughten, W. S. Atkinson, Kumar Harendra Krishna, and Baboos Bolinkisto Doss Paul, Ramanath Tagore, and Digumber Mitter.

No. 5.—Estates attached by order of the Courts.

80. During the year 28 attachments were ordered by the Local Civil Courts, and 33 by the Criminal Courts, making a total of 61, embracing 380 properties, of which 75 were estates paying revenue to Government, and 345 holdings paying rent to superior landlords or rent-free.

81. The amount of revenue payable to Government was Rs. 47,033, consisting of Rs. 45,062 current, and Rs. 1,971 arrear demand. Of the current demand, Rs. 43,728, or 92·9 per cent., were collected, and of the arrear demand, Rs. 1,595, or 80·9 per cent. The percentage of total demand to total collections was 97·2. A trifling balance of Rs. 1,715 remained uncollected at the end of the year.

82. The rents due to superior landlords amounted to Rs. 26,274 current, and Rs. 10,534 arrear, making a total of Rs. 36,808. Of the current rents, Rs. 15,042 were paid, and of the arrear rent Rs. 5,892 were paid. The percentage of payments to dues was 56·9. The balance unpaid was Rs. 15,874, or 43·1 per cent. As in 1866-67, the bulk of this balance appertained to the Chota Nagpore Division.

83. Rents due to the estates consisted of Rs. 2,20,876 current, and Rs. 59,602 arrear, making an aggregate of Rs. 2,80,478. Of the current rents, Rs. 1,68,459, or 76·3 per cent., were collected, and of the arrear rents, Rs. 38,404, or 64·4 per cent., were collected. Rs. 1,110 were remitted, leaving a balance of Rs. 72,505, or a percentage of 22·2 on the total rent demandable. The

balances, except that due in the Chota Nagpore Division, of which no details have been furnished, are classified below :—

Due prior to attachment.			
Bad and irrecoverable	Rupees	4,363	4,363
Due since attachment.			
Bad and doubtful	Rupees	4,227	
Not legally realizable till close of the year	"	9,533	
Good	"	15,129	28,889
			33,252
Due in the Chota Nagpore Division			37,700
Total Rs. ...			70,952

84. In Chittagong, the balance of Rs. 4,545 is irrecoverable, being barred by lapse of time, or owing to wrong accounts. Rs. 473 were under realization.

85. In Balasore, Rs. 1,014 were not recoverable during the year; Rs. 693 were to be remitted, and measures were in progress for recovery of the balance.

86. In Backergunge, Rs. 5,050 were not recoverable during the year; Rs. 1,761 were due by ryots who had deserted their lands, or who were too poor to pay, for a part of this amount decrees had been obtained; Rs. 990 were disputed as not appertaining to the estate, for Rs. 507 decrees had been obtained, or suits were being instituted; and the balance was under recovery.

87. In Gya, Patna, and Sarun, the balances are good, and measures were being taken for their recovery; a sum of Rs. 3,084, due in Sarun, was not recoverable before close of the year.

88. The total receipts from these estates, including the cash balance at the end of the previous year, amounted to Rs. 3,06,234, and the total disbursements, inclusive of Rs. 37,781 paid to the proprietors under orders of Court, amounted to Rs. 2,04,610, leaving a balance of Rs, 1,01,624 in favour of the proprietors.

89. The particulars of the Syedpore Trust Estate are given at the foot of the Statement. Of the Government demand of Rs. 99,235, Rs. 99,211, or 99·9 per cent., were realized during the year; and of Rs. 2,30,120, rent due to the estate, Rs. 1,65,919, or 72·1 per cent., were recovered, leaving a balance of Rs. 64,201. The total income of the estate was Rs. 2,09,170, and the total disbursements were Rs. 1,69,039; the balance in favour of the estate at the close of the year was Rs. 40,131.

No. 6.—Proceedings under the Rent Laws.
No. 7.—Execution of Decrees and Appeals.
No. 8.—Applications to Collector for aid in distraint, and to Civil Court Ameens or other Officers for sale of distrained property.
No. 9.—Operation of the penalty provision of Act VI of 1862, B.C.

90. The following abstract, with remarks on the proceedings under the Rent Laws during the year, is repeated from the Board's Preliminary Report. Some corrections of figures have been introduced.

Relinquishment	951	5,557
Deposit	22,638	16,630
Total ...	30,742	46,198.

93. The institutions generally have been less than in the previous year. The only headings under which a marked increase is shewn, are notices of enhancement and relinquishment. The increase seems to have been largest in the Bhaugulpore, Burdwan, Chittagong, Patna, and Rajshahye Divisions.

94. In Bhaugulpore and Burdwan, the increase was owing partly to change in the official year, and to the greater portion of the month of Cheyt, in which notices of enhancement are usually issued, having fallen within the year; but mainly to the fact that formerly it was the practice of landholders in Bhaugulpore to file one petition for several ryots' holdings, an irregularity which was put a stop to during the year. In Chittagong and Rajshahye, the increase is attributed to the high price of agricultural produce,

which induced landlords to institute suits for enhancement. In Patna, the increase is partly owing to the same cause as in Chittagong and Rajshahye, and partly to the differences in December 1867 between the indigo planters and the ryots.

95. There were 3,269 suits for revivals, and 1,770 for re-hearings, against 3,456 for the former and 2,200 for the latter in the previous year. The disposals during 1867-68 were 1,03,126 suits, and 2,046 applications against 1,24,616 suits and 2,666 applications in 1866-67. The suits disposed of after formal proceedings, were 71,287 against 88,698 in the previous year.

96. Seven thousand eight hundred and sixty-six suits were pending on the file at the close of the year; of these, 6,068 had been instituted within the month. The pending suits at the end of the previous year were 9,024. Decrees executed through the Collector numbered 62,012 against 67,843 in 1866-67.

97. During the year 5,266 appeals were filed before the Collectors. The arrears of the previous year amounted to Rs. 605. The Collectors had thus 5,871 appeals on their file for disposal; of these, 5,361 were disposed of, leaving 510 pending. Of the pending appeals, it will be observed that a very large number, 339, had been filed less than two months before close of the year. The appeals disposed of in 1866-67 were 6,064 out of 6,724 on the file.

98. The value of claims on new institutions during the year of report and the year preceding, are compared below.

	1866-67.	1867-68.
Suits	82,05,365	59,20,455
Applications	6,75,111	5,09,462

99. The decrease in institutions is attributed by the Commissioners of Bhaugulpore, Rajshahye, and Cooch Behar to the new Stamp Law, Act XXVI of 1867, and by the Commissioners of Patna and the Presidency Division, to the good understanding which now subsists between landlords and tenants. Mr. Chapman writes, "Happily there is no history under this section this year. The rent suits—the chief index of the feelings between the landlords and their tenants—have diminished. Those of Nuddea have assumed very moderate proportions. I hear nothing of any indigo disputes now. I have actually heard more than one set of ryots, forgetful of the past, under pressure of the calamities of the year, regret the open purses of the factories."

100. With a few exceptions, the requirements of the law in the hearing and decision of suits have been complied with.

101. The experimental appointment of Revenue Court Ameens, in some of the districts of the Burdwan Division, sanctioned in Government Order No. 3718, dated 15th October, 1867, for conducting local enquiries in cases under Act X of 1859, is stated to have proved a success, as it has not only removed the constant interruption to regular business, which was hitherto unavoidable on deputation of Mohurirs belonging to the office, but has also improved the system of investigations, by employing officers experienced in the duties entrusted to them. The Commissioner suggests that the measure should be generally adopted.

102. In some of the districts of the Rajshahye Division, Ameens were similary appointed experimentally, with the sanction of Government. A special report will be submitted by the Commissioner regarding the success of the measure.

Working of Act V of 1863, B.C.

103. The pay of the regular peons was raised during the year from 5 and 6 rupees to 6 and 7 rupees, respectively, on receipt of Government Order No. 2248, dated 12th June, 1867; and the higher fee of 2 rupees for processes issued to a distance exceeding 25 miles, was discontinued under the same orders.

104. Two thousand three hundred and twenty-four peons were employed in the work of the Department, 547 on 7 rupees a month, and 1,063 on 6 rupees; the remaining 714 were hired as their services were needed.

105. Forty-five thousand and ninety-seven processes were issued free, and 3,59,862 were paid for. The number of processes actually served was 4,00,673. The following is a classification of the processes:—

Issued free	45,097
For 2 annas each	42,488
,, 4 ,, ...	64,130
,, 8 ,, ...	1,03,780
,, 1 rupee each	1,21,565
,, 2 rupees ,, ...	27,899
Total ...	4,04,959

106. The actual amount credited to Government, including demurrage for 30,647 days, was Rs. 2,62,753. The account stands thus:—

	Rupees.
Balance to credit of last year	2,98,272
Credited this year	2,62,753
Total ...	5,61,025
Charges this year	2,04,492
Balance	3,56,533

107. The number of journeys in which the processes were carried is as follows :—

Single journeys	38,535
Journeys in which two processes were carried	23,568
„ in which three processes were carried	14,723
„ in which more than three processes were carried	41,532
Total ...	118,358.

108. It will be observed that the number of processes issued free of charge in the year under report, is 45,097 against 27,858 in the preceding year. The increase is owing to the inclusion, in the returns, of notices served under Acts XXI and XXIX of 1867.

109. The districts shewing excess of expenditure over income at close of the year were Purneah, Balasore, Cachar, Sylhet, Bogra, Dinagepore, Malda, Rajshahye, Soonderbuns, Gowalpara, Luckimpore, and Western Dooars.

110. The largest excess was in Rajshahye, Purneah, and Cachar; but in no one of the districts did it exceed Rs. 1,252.

111. Bullooah, Chittagong, Tipperah, and Jessore shewed the principal profit; the largest amount being Rs. 7,104, and the smallest Rs. 5,047, in the above districts.

112. The working of the law continues to be satisfactory. The Commissioner of Bhaugulpore, however, remarks that, owing to the employment of a large number of peons to serve processes under the License Tax Law, the proportion between processes issued and fees realized is not so favorable as formerly.

No. 10.—Proceedings under the Resumption Laws.

113. Thirty-four suits for resumption of lands held rent-free on invalid title, with an estimated rental of Rs. 1,844, were decided in favour of Government, and 13 suits, with an estimated rental of Rs. 9,115 were released from further claim : 6 suits were pending disposal at close of the year.

No. 11.—Proceedings under Act XI of 1859.

114. During the year, 701 estates, bearing a revenue of Rs. 51,952, were sold for recovery of their own arrears. Of those, 51, with a revenue of Rs. 3,586, were purchased for Government at a cost of Rs. 36, and the remaining 656, with a revenue of Rs. 48,366, were purchased by private individuals for Rs. 8,80,927. The arrears for which the estates were sold were Rs. 16,085. There were no sales in Beerbhoom, Pooree, Bogra, Pubna, and Rungpore.

115. The largest numbers of estates were sold in Burdwan, Chittagong, and Sylhet. In Burdwan 86 estates were sold, in Chittagong 188, and in Sylhet 123. The aggregate Government revenue of these 397 estates was Rs. 9,159; the price they fetched at sale was Rs. 1,46,741, or, on an average, upwards of fifteen times the revenue.

116. In 54 cases, deposits under Section 23 of the Act were forfeited by purchasers, and in 19 cases proprietors regained their estates. 3,133 estates were exempted from sale under Section 18. Nineteen shares, separated under Sections 10 and 11, were sold with a revenue of Rs. 12,066 for Rs. 99,869, for dues amounting to Rs. 3,075. Rights and interests in 10 estates were sold for Rs. 530, for recovery of Rs. 132, arrears of other estates; and 22 estates for Rs. 12,522, for recovery of demands other than land revenue, amounting to Rs. 13,185.

117. There were 28 appeals against sales under Section 25, and in 4 cases sales were annulled.

118. Nine hundred and sixty separate accounts were opened under Section 10, bearing a revenue of Rs. 3,12,057, making a total at end of the year of 4,030 such accounts, with a revenue of Rs. 19,23,426. At the close of the year there were 238 applications pending disposal.

119. One hundred and eighty-one separate accounts were opened under Section 11, for a revenue of Rs. 86,830. Altogether, up to the end of the year, 692 such accounts had been opened for a revenue of Rs. 2,03,557. Fifty applications were pending on the files at the end of the year.

120. The following Table shews the entries that have been made in the *common* and special registers :—

		Tenures Registered in 1867-68.			Tenures Registered up to close of 1867-68.		
		Number.	Area in Acres.	Rent.	Number.	Area in Acres.	Rent.
				Rs.			Rs.

	Total ...	13	2,47,606	72,143	240	5,72,369	2,87,435

In all 1,335 parent estates were affected under the head of Common Registry, and 138 under the head of Special Registry.

121. During the year the Commissioner of the Presidency Division moved for a modification of the Sale Law, representing that several instances of injustice resulting from the rigid provisions of the law had come under his notice. His letters were submitted to Government with my letter No. 4715A., dated 29th November, 1867. An Act for amending and extending the law has since been passed in the Bengal Legislative Council.

Imprisonment for Government demands.

122. Imprisonments had to be resorted to in nine districts for the realization of Government demands, as shewn in the following Table :—

Districts.	Number in confinement.	Released.	Remaining in Confinement.		
			From last year.	Of this year.	Total.
Sylhet	2	2	...	...	...
Dacca	1	1	...	...	...
Chumparun	8	8	...	...	...
Patna	1	1	...	...	...
Sarun	1	1	...	...	...
Shahabad	1	...	...	1	1
Pooree	2	2	...	...	...
Bograh	1	1	...	...	...
Kamroop	1	1	...	...	...
Total ...	18	17	...	1	1

The number of persons confined, it will be observed, was less by half than the number of imprisonments in the preceding year.

Settlements.

123. The number of estates settled during the year was 3,658. This number was made up of 221 estates settled for the first time at a revenue of Rs. 59,228 ; 2,824 estates re-settled at a revenue of Rs. 13,38,004, being Rs. 1,95,832 in excess of the revenue of the previous settlement ; and 613 estates summarily settled at a revenue of Rs. 1,29,303. There remained for settlement 3,313 estates, the revenue of which was estimated at Rs. 23,23,703. The largest increases were

obtained in Nowgong, Kamroop, Darjeeling, Backergunge, and Lohardugga. The Commissioner of Cuttack reports that the 30 years' re-settlement of the province has induced a general feeling of satisfaction and security among the people, who are now shewing some spirit of progress and enquiry and greater activity in trade.

124. The following work was effected by the Commissioner with the aid of a single Deputy Collector and one Surveyor. Thirty-four settlements, comprising an area of beegahs 2,30,415, at an annual revenue of Rs. 49,799, giving an addition to the revenue roll of Rs. 6,817; 40 inspections of lots; 20 estates surveyed, the area being 47,307 beegahs; 1 estate comprising an area of 1,970 beegahs, measured at a cost of Rs. 39; 49 blocks of forest produce leased out for Rs. 8,718, including 47 blocks the lease of which was renewed to the Port Canning Company, under orders of Government, for Rs. 8,321. The Commissioner also had under his direct management five estates with a revenue demand of Rs. 5,796, of which Rs. 5,689 were collected, leaving an irrecoverable balance of Rs. 107.

Soonderbuns.

125. The following Tables shew particulars of grants, commutations of rent, and sales of waste lands, and of leases of waste lands for tea cultivation, under the ordinary conditions for cultivation in each district:—

Grants, Commutations of Rent, and Sales and Leases of Waste Lands.

Grants under the Old Rules.

Districts.	In 1867-68.				Altogether to end of 1867-68.

Total ...	115	22,919	705	11,941	826	1,24,884	67,310	1,15,955.

126. The following Table shews the result during the year of the concession made by Government to purchasers of waste lands, permitting them to relinquish part of their purchase. A few resumed lots have been included, as the district returns did not contain sufficient information to enable the Board to ascertain their area.

DISTRICTS.	Lots Relinquished.	
	Number.	Area in acres.
Durrung	60	37,447
Kamroop	4	3,044
Luckimpore	62	78,929
Nowgong	30	19,085
Sibsagur	44	42,958
Chittagong	45	95,861
Cachar	6	11,458
Total ..	251	2,88,777.

A Table shewing the exact results of the concession will be furnished in the Report for the current year, including relinquishment of grants held under the old rules.

127. From information furnished by the Comptroller General of Accounts, it appears that Government securities of the value of Rs. 5,95,100 were purchased during the year with the sale proceeds of waste lands, &c.

128. The following extract is taken from the Chittagong Commissioner's Report :—" During the short time out of the past year that I have been in charge " of this Division, the unsatisfactory results of the hurried manner in which, " to meet the wishes of tea-planters, waste lands have been sold in Chittagong, " without sufficient enquiry into existing rights, and without sufficiently " providing for the relinquishment of any portions of land to which such rights " could be established, have come under my notice on several occasions. In " some instances the consequences have presented themselves in the unpleasant " shape of criminal cases. I have called on the Collector for information to " enable me to report specially on the subject, butt he latest concessions as regards " relinquishment of portions of waste land lots will, I hope, facilitate the adjust- " ment of disputes between planters and natives."

No. 12.—Sale of proprietary rights in Government Estates.

129. During the year the proprietory rights of Government in 113 estates, bearing a revenue demand of Rs. 34,917, and in seven shares of estates of the annual value to Government of Rs. 353, were sold for Rs. 2,99,734. Altogether 4,900 whole estates, bearing a revenue demand of Rs. 11,08,922, and 314 shares of the annual value of Rs. 36,569, have been sold for Rs. 1,07,81,924. There remained for sale 1,830 whole estates, with a revenue demand of Rs. 10,73,172, and 37 shares of the annual value of Rs. 40,531, which were expected to realize Rs. 53,83,397. Twenty-one blocks of C. lands, relinquished by the East Indian Railway Company, were also sold for the sum of Rs. 5,548.

No. 13.—Lands taken for public purposes, and compensation paid for them.

130. One thousand three hundred and fifty-seven acres of land were taken up during the year for general, railway, and municipal purposes, for which a compensation of Rs. 12,68,545 was paid ; of this amount, Rs. 10,19,986 were paid by the Municipal Authorities, and the remainder by Government. The payments made for lands taken up in and about Calcutta for municipal purposes, which are very valuable, have served to swell the amount of compensation. A memorandum shewing lands used for public purposes, other than Railway and Irrigation, but subsequently given up, is appended to the Statement.

131. Lands taken for railway purposes at Rishra, Mahesh, and Shamnugger, near Serampore, in the district of Hooghly, for the Chord Line and the Kurhurbalee and Serampore Branch Lines, and for the Goalundo Extension, have not been included in the Appendix. Special reports were submitted regarding them in letters No. 4088B., dated 25th July, 1867, No. 4553B., dated 15th August, 1868, and No. 4721B., dated 25th August, 1868.

132. Proceedings under Act VI of 1857 were conducted generally in a satisfactory manner.

No 14.—Business performed in Collectors' Offices.

133. The number of cases disposed of by 52 District Officers was 3,02,624, leaving 60,101 pending disposal, against 3,09,019 disposed of, and 66,961 pending in 1866-67. For purposes of comparison, the figures given in the Report of 1866-67 have been increased by one-eleventh. The comparison is in favour of the year under report as regards the pending file. The large number of cases pending in Chittagong is almost nominal, as there are 25,499 applications in respect of the Noabad Talooks proclamation on which no final orders were passed, as the petitioners did not come forward in time. All these applications will probably have to be struck off the file, but a special report will hereafter be submitted on the subject. The items of business not forming cases, such as reports, letters, and proceedings written, and bills passed, &c., amounted to 18,44,912 against 15,53,612.

Arrangement of records.

134. Fair progress has been made in the arrangement of records in the Burdwan and Rajshahye Divisions. In regard to Goalpara, the Commissioner of Cooch Behar writes :—"The records have not yet been properly arranged. Up to March "last, when I inspected the office, the new record-rooms were still in the "hands of the Department of Public Works, which has, from first to last, I "am told, had the matter in hand fourteen years." This delay seems to call for notice.

Sub-Divisional Treasuries.

135. The system continues to work well, and has afforded considerable convenience to the public in general. The total receipts at sub-divisions during the year were Rs. 49,93,861, and the disbursements were Rs. 42,10,981.

District Libraries.

136. District libraries were generally in good order.

Visits of Collectors to the interior.

137. The officers named below were in the interior of their districts for two months and more :—

	M.	D.
Major Comber, (Goalpara)	5	10
Mr. Edgar, (Cachar)	3	21
,, Wavell, (Tirhoot)	3	21
,, Gomes, (Soonderbuns)	3	20
,, Macpherson, (Cuttack)	3	15
,, E. Drummond, (Patna)	3	9
Major Sherer, (Kamroop)	3	6
Colonel Rowlatt, (Western Dooars)	3	6
Mr. J. M. Lowis, (Beerbhoom)	3	5
,, E. H. Whinfield, (Bullooah)	3	5
Dr. W. H. Hayes, (Singbhoom)	3	5
Lieutenant Phillips, (Nowgong)	3	4
Mr. W. S. Wells, (Rajshahye)	3	3

	M.	D.
Mr. F. F. Bignold, (Balasore)	3	1
" E. G. Glazier, (Rungpore)	3	1
Major Lamb, (Durrung)	3	1
Mr. J. Monro, (Jessore)	3	0
" J. S. Drummond, (Gya)	3	0
" H. Hankey, (Moorshedabad)	3	0
Captain Clarke, (Sibsagur)	3	0
Major Stewart, (Luckimpore)	2	29
Mr. F. G. Millett, (Tipperah)	2	28
Major Morton, (Darjeeling)	2	25
Mr. H. W. Alexander, (Shahabad)	2	24
" H. Bell, (Nuddea)	2	24
Major Bivar, (Cossyah and Jynteah Hills) ...	2	20
Mr. H. A. Cockerell, (Tirhoot)	2	16
" R. V. Cockerell, (Hooghly)	2	15
" H. C. B. C. Raban, (Pooree)	2	12
" J. P. Grant, (Bancoorah)	2	10
" W. R. Larminie, (Dinagepore)	2	10
" E. E. Lowis, (Malda)	2	9
" W. H. D'Oyly, (Bhaugulpore)	2	6
Captain Money, (Manbhoom)	2	1
Mr. L. R. Tottenham, (Howrah)	2	0
" H. L. Oliphant, (Lohardugga)	2	0.

138. Mr. W. V. Taylor, Collector of Pubna, was the only officer who did not proceed into the interior of the district; ill-health confined him to the Sudder Station. Several officers were obliged to curtail their visits in consequence of transfers, and the absence from head-quarters of Assistants competent to take up their work. The shortest visits were in Midnapore, 20 days (Mr. Herschel), and in Pubna, 13 days (Mr. Humphery). Mr. Herschel was detained at the Sudder Station owing to changes of officers just at the season of moving into camp, and Mr. Reynolds, who succeeded him on the 17th February, was obliged to remain at head-quarters owing to heavy pressure of arrears of office work. Mr. Humphery relieved Mr. Taylor in Pubna on the 7th February; between that date and the close of the year he visited two sub-divisions, being away from head-quarters for 13 days. On the whole, it will be apparent that the visits of Collectors to the interior of their districts have been of longer duration than for some years previously. The Commissioner of Cooch Behar, however, remarks, in regard to the length of time that the Deputy Commissioner of Goalpara was away from his Sudder Station, that he does not think the time was well spent, and that the tendency of the late order is to encourage officers to waste their time in absence from head-quarters without an object.

No. 16.—Business performed in Commissioners' Offices.

139. In the Patna, Assam, and Bhaugulpore Divisions, the work seems to have been heaviest. In Patna, the bulk of the work consisted of appeals, partitions, and miscellaneous cases; in Assam, of settlements and miscellaneous cases; and in Bhaugulpore, of appeals, settlements, partitions, and miscellaneous cases.

Miscellaneous work, consisting of reports from native subordinates, petitions, proceedings, and letters written and answered, &c., was heaviest in Bhaugulpore, Patna, and Dacca. The following memorandum shews a comparison between the totals of the year under report and the preceding year; the figures for 1866-67 are increased by one-eleventh :—

	In 1866-67.		In 1867-68.	
	Cases.	Miscellaneous Business.	Cases.	Miscellaneous Business.
For disposal	5,864	......	4,622	......
Disposed of	5,208	61,695	4,098	67,657
Remaining	656	......	524	......

The falling off is chiefly under the head of "Appeals," which is attributed by some of the Commissioners to the decrease in appeals from Revenue Agents against orders rejecting their claims to be enrolled. Under the head of "Miscellaneous business" the work has generally increased.

Tours of Commissioners.

140. Mr. Money visited all the districts of the Bhaugulpore Division and the Sonthal Pergunnahs, remaining away from head-quarters 2 months and 23 days. In Burdwan, Mr. Montresor's tour covered a period of 4 months and 15 days, and Mr. Herschel's, 12 days. All the districts of the division, except Bancoorah, were visited. In Chittagong, Mr. F. R. Cockerell, who was in charge of the division in the early part of the cold season, did not go out on tour beyond an attempt to enter the Hill Tracts, which failed owing to the gun-boat engines failing. Lord Ulick Browne's tour extended over a period of 1 month and 13 days, and might have been longer, had he not been detained at Chittagong in the hope of visiting the Hill Tracts at the time of the annual meeting of the Hill Chiefs. He visited the three principal stations in the hills, including the frontier station of Kassalong, and passed a fortnight in each of the districts of Bullooah and Tipperah. Mr. Ravenshaw, Commissioner of Cuttack, was on tour for nearly 6 months, including his visit to the Tributary Mehals. In Dacca, Mr. Buckland was prevented from going out in consequence of ill-health. Mr. Simson, however, visited every district in the division and most of the sub-divisions, returning to head-quarters after an absence of upwards of 3 months. Mr. Chapman, in the Presidency Division, visited all the sub-divisions, and inspected carefully the head-quarter offices of his three districts; his tour embraced a period of 5 months. In Patna, Mr. Jenkins was away from head-quarters for 4 months and 20 days, during which time he visited all his districts and most of the sub-divisions. In Rajshahye, Mr. Robinson's tour commenced in August, when he proceeded to Serajgunge to meet the Lieutenant-Governor, and extended, with intervals, over a period of 7 months. Rajshahye was the only district not officially visited by him. In Assam, Colonel Hopkinson was away from head-quarters for 4 months and 27 days; and in Chota Nagpore,

Colonel Dalton for 4 months and 20 days. Colonel Haughton's tour in Cooch Behar lasted 6 months and 27 days, of which he has sent the Board a very interesting account; but as it has also been laid before Government by the Commissioner, in his letter No. 1538 of the 24th June last, the Board refrain from extracting it here.

141. The following Commissioners held office during the year :—

BHAUGULPORE	Mr. A. Money.
BURDWAN	Mr. C. F. Montresor, from 1st April to 15th February, 1868, and again on 16th March, 1868.
	" W. J. Herschel, from 16th February to 15th March, 1868, and again from 17th to 31st March, 1868.
CHITTAGONG	" W. G. Young, from 1st April to 3rd October, 1867, and again on 27th November, 1867.
	" F. R. Cockerell, from 4th October to 26th November, 1867, and again from 28th November to 11th December, 1867.
	Lord H. U. Browne, from 12th December, 1867, to end of year.
CUTTACK	Mr. T. E. Ravenshaw.
DACCA	" C. T. Buckland, from 1st to 10th April, 1867, and again from 9th July to 12th September, 1867.
	" F. B. Simson, from 11th April to 8th July, 1867, and again from 13th September, 1867, to end of year.
PRESIDENCY DIVISION ...	" R. B. Chapman.
PATNA	" J. W. Dalrymple, from 1st April to 22nd June, 1867, and again on 23rd September, 1867.
	" R. P. Jenkins, from 23rd June to 22nd September, 1867, and again from 24th September to end of year.
RAJSHAHYE	" W. L. Robinson.
ASSAM	Col. H. Hopkinson.
CHOTA NAGPORE... ...	" E. T. Dalton.
COOCH BEHAR	" J. C. Haughton.

142. The disadvantage of frequent changes is thus alluded to by the present Officiating Commissioner of the Chittagong Division :—"The Division has "been under great disadvantage during the year, owing to the numerous changes "in officers. There have been three Commissioners, and no less than eight

"Collectors and six Covenanted Deputy Collectors in three districts. In Chitta-"gong both Collector and Deputy Collector, in Noacolly the Collector, (where "there is no Joint Magistrate,) and in Tipperah the Covenanted Deputy Collector, "as also the present Officiating Commissioner, all joined the Division about the "same time, so that during the last three months of the year the only officer in "the whole Division who had any local knowledge or experience whatever "was Mr. Millet, the Collector of Tipperah. This has, of course, increased "the difficulties of administration very much, and added considerably to the "labour of the Commissioner and the two Collectors, who had to read up the "correspondence of years on the several questions of importance going on in "the Division." The Board have more than once deprecated the frequent changes of officers, which materially impair the efficiency of administration.

Transfers of Ministerial Officers.

143. Tranfers of Ministerial Officers have been made generally in the Bhaugulpore, Chittagong, Dacca, and Patna Divisions, and partially in the Cuttack, Presidency, Rajshahye, and Burdwan Divisions. The Commissioner of the Presidency Division suggests that transfers should be effected annually in consultation with the Commissioner, so as to ensure method and regularity, District Officers having power to transfer officers within the limits of their own district only, while the Commissioner would regulate the transfers generally over the whole Division. The suggestion seems a good one to the Board, and they will instruct Commissioners of other Divisions to act in accordance with it.

144. The following extract regarding tea and coffee cultivation is from the Chittagong Commissioner's Report :—

Tea.

"The year has, on the whole, been favorable to tea cultivation, though there "has been some blight here and there.

"There has been scarcely any extension of cultivation, and one plantation "in the Hill Tracts has been abandoned. This does not arise from any fear on "the part of planters that the cultivation is not likely to be successful ; for, on "the contrary, some gardens are doing very well. It arises from the commercial "depression in England and India, and to a want of confidence on the part of "capitalists and others owing to the results of the late over-speculation in tea-"planting.

"Some gardens have come into good bearing, and for the first time a real "want of labor suddenly required for the manufacture has been felt. Some "of the planters have begun to ask for the introduction of the Labor Transport "Act, but as yet there is no general agitation for it.

"There seems to be every variety of opinion among the planters as to the "best mode of cultivation, and every thing connected with it. I am informed "that the object of every planter is to acquire some valuable information and

"to keep it to himself; and that on a change of Managers and Assistants, there "is generally a change of system. What seems to me advisable is, that all "interested in tea should join in trying every system in a small garden placed "under an experienced planter, and the results would be useful to all. I have "suggested this once or twice, but am told there would be no chance of any "such combination. On the whole, except in one or two instances, it may be "said that the cultivation of tea in this Division is still in its infancy.

"The latest concessions, *viz.*, giving purchasers of waste land lots the option "of relinquishing portions of lots, will be a great assistance to tea-planters. "Many of them have a good deal more land than they are able to work, and "are ready in almost every case, I believe, to give up all lands in which natives "claim to have certain rights. This is a matter which indirectly affects the "prosperity of tea undertakings in some places.

"Mr. Langlois, a tea-planter in the Chittagong district, states that he has "lately discovered a jungle shrub of the tea species on the Seetakoond Range. "A specimen has been sent to the Agricultural and Horticultural Society for "examination.

Coffee.

"There is no coffee in the Hill Tracts, and only a little is grown experi-"mentally in the Chittagong district. I have, "however, tasted some excellent coffee grown by "Mr. Fuller, who is the oldest and (in a small way) most successful planter in "the Division."

145. The subjoined interesting remarks are extracted from the Cuttack Commissioner's Report:—

Famine.

"During the first half of the year, and up to the time of reaping the Bealee "harvest, intense distress prevailed among the "population, which was met by wholesale relief "in labour and food imported by Government. Famine relief arrangements were "on a thoroughly efficient footing, and the supply of grain adequate. Tuccavy "advances were freely given for purchase of seed grain and improvement of "embankments; a large breadth of early Bealee rice was sown, and the season "proving very favorable, the harvesting of this crop terminated the cultivators' "sufferings, and from that time distress rapidly and steadily decreased. The "main Sarud, or late rice, was equally successful, and the area planted was in "excess of what had been anticipated. The yield was timely and abundant, and "as the harvest was gathered, relief was discontinued, and the people who had "been maintained at relief centres found food and occupation in gathering the "crops. Improvement in the general condition of the country towards close of "1867 was rapid and marked, and has continued up to close of the official year; "prices resumed their ordinary level, and a general feeling of contentment pre-"vailed. The people not being pressed for revenue, were enabled to reserve

"their grain, and to devote the surplus that would have been sold to pay their "rents to repair of their houses, and to replace their bullocks and property, "which had been sold to provide means of subsistence during the famine.

"The Zemindars, as a rule, showed little mercy to their people, and District "Officers have been constantly on the alert to ensure remissions of revenue "being followed by remission of rent. The agreements taken from Zemindars were "stringent on the point, and I believe that, though not all, a large portion of "Government liberality has reached the people: wherever complaints were made, "prompt enquiry and adjustment followed.

Irrigation.

"Irrigation is beginning to be better appreciated, and a very considerable area "was supplied with water from the Irrigation Company's Canals. A great reduction in the price of "water was made to persons contracting for large area, preference being given to "landed proprietors in taking water from their own estates. This gave a great "impetus to applications for leases. The Irrigation Company had not been able "to supply water to some lands for which leases were taken; but in all such cases, "and also in others where, for causes beyond the ryots' control, failures had "occurred, due allowance and remissions were made. The Company have gained "the confidence of the people, and the results of the year are encouraging. On "the Kendraparah Canal leases for 15,000 acres, and on the High Level Canal "for 250 acres of land, were taken for irrigating crops.

Canals.

"On the Kendraparah Canal great progress has been made. It is now "open for a distance of 23 miles, and the main "Canal and its distributaries command an area of "60,000 acres. On the High Level Canal $10\frac{1}{2}$ miles, and 14 more nearly complete, are open: 16,000 acres are commanded by its distributaries. Boat traffic "is beginning, and as the canals open out to the Mahanuddee Tidal Water, and "connect the Mahanuddee and Brahminee Rivers, this traffic is likely most "materially to increase and benefit the country. The Mahanuddee and Beroopa "anicuts are nearly complete, and the regulating weir at Narage is finished. The "works would have still further progressed had a full supply of funds been "available.

Roads.

"Local means of communication have been extended and vastly improved. "The Grand Trunk Road, throughout its length "in the Cuttack district, has been metalled and "completed. A permanent fair-weather road has been extended from Kendraparah to Aul. The Taldunda line has been improved, as also the Machgaon "Road. Minor local roads have also received attention and improvement."

146. In Balasore and Pooree, also, great advance has been made in the construction of roads.

"An attempt was made to rescue some of the encumbered Peshcush Mehals from falling into the hands of the proprietors' creditors, but after close enquiry it was "found that their position of indebtedness was quite irrecoverable, and it was "determined to refrain from any interference. The law has taken its course: "portions of Aul have been sold, the whole of Coojung has been brought to the "hammer, and purchased by the Burdwan Rajah. Kunnika cannot long sustain "the weight of its debts, and must follow. Exertions are still being made to save "the Puttiah Rajah from a similar fate, and as his estate is rent-free, and his "debts not so large, there may be a possibility of saving a part of the property "to its proprietor.

Encumbered Peshoush Mehals.

"Rice importation was carried on until late in 1867, and the grain distributed to permanent golahs in convenient localities, "whence it was sold to the public or distributed to "the poor. The total receipts of rice during the year amounted to 3,86,607 bags, "besides 1,72,790 remaining in hand at close of 1866-67, giving an entire stock "of 5,59,397 bags. Of this, 71,561 bags were sold to the public for cash, and "1,28,400 bags were made over to the Relief Committee for sale at low rates, or "gratuitous distribution; a balance of 3,12,177 bags remained in store at close of "the year under report. The demand for rice from relief collapsed with the main "rice harvest, and the description of rice in store being disliked by the people, "it was found difficult to sell it, even at vastly reduced prices. A very heavy loss "will consequently have to be borne. On no occasion during the year did land- "ing, storing, or transport arrangements break down, and no golah was ever short "of a full supply, more than equal to the local demand. The labour and anxiety "entailed by charge of these gigantic transactions has been immense, and has "been cheerfully borne and efficiently carried out by every officer in the Division. "Towards the close of 1867, unusually large importations of rice and other grains "were received *viâ* the Mahanuddee, from the Central Provinces and Sumbulpore.

Rice Importation.

"The Embankment Committee's enquiries have continued without cessation. "A considerable portion of the professional surveys "have been completed, and the general detailed statis- "tics for Pooree and Cuttack are complete. Those for Balasore are well forward, "and expected to be ready immediately. In connection with the Embankment "Committee's enquiries, a special investigation is being made into the condition "of zemindary embankments, shewing in detail the state of every bund, with "record of the liability of Government or the Zemindar for its repair. These "enquiries are in a forward state, and the Committee hope to be able to submit the "results of their proceedings at an early date.

Embankments.

"On 10th May, 1867, I left Cuttack for Pooree, remaining there until the "25th May. All offices and departments were care- "fully inspected, and found to be in a generally satis-

Commissioners' tours.

" factory and efficient condition. On 26th I returned as far as Piplee, and inspected " the rice importation golahs and Mission Orphanage; 27th and 28th were spent " at Khoordah Sub-Division. The offices and station underwent inspection, " and some irregularities in the manner of transacting business in Deputy " Collector's office pointed out and reminded. I returned to Cuttack on 28th " May; subsequently, short visits of a day at a time were paid to the Noorage " works, to the High Level and Kendraparah Canals. On 18th to 24th Novem- " ber, I travelled through all the northern Pergunnahs of the Cuttack district, " and through part of Jajipore Sub-Division, where I was joined by the Deputy " Collector, Mr. Smeaton. The crops, with the exception of a small portion of " Shurgush and Amboh, were everywhere excellent, and the people fast re- " covering non-receipt of remission by the people. On the latter question " I made close enquiry. On 25th November I passed into the Tributary Mehals, " having urgent business in Keonjhur. I was detained in camp in the Tributary " States up to 5th March, my tour having extended throughout every part of " Keonjhur, and round through Bamonghattee, Mohorbhunje, and Neelgery to " Balasore. The crops in the upper part of the Hill States had been indifferent, " owing to irregularity of the rain-fall. In low lands the crops had been generally " good; and as these low lands are relied on for the main rice crop, the yield of grain, " though not abundant, was sufficient. In the north-eastern parts of Mohorbhunje " and Bamonghattee, bordering on Midnapoor and Chyebassa, the crops had been " excellent. From 5th to 15th March I remained at Balasore, where every office " and department was carefully inspected. The result was, with some unimportant " exceptions, satisfactory. On 15th March I left Balasore, proceeding through the " entire northern parts of the district, halting at Jellasore, and visiting the female " orphanage, under Miss Crawford—a most admirably managed institution. Hav- " ing obtained permission from His Honor the Lieutenant-Governor, I passed the " limits of my jurisdiction, and proceeded by dâk, through Midnapore, to Calcutta, " returning by sea route to False Point. On 3rd April, 1868, I here inspected " the boat arrangements, receiving hulk, steamer, and import rice golahs at " Bakood, and passed up the Mahanuddee and Noon Rivers to Morsaghai, where " the Kendraparah Canal falls into tidal water. The works were in active pro- " gress, and a vast number of labourers employed. I proceeded, in company with " the Irrigation Company's Chief Engineer and Superintendent of Irrigation, " along the whole line of canal, and portions of its distributaries, to Cuttack. " During this tour I took every possible opportunity of conversing with " the people of the neighbouring country, particularly with a view to ascer- " tain their feelings and ideas on the subject of irrigation. I reached Cuttack " on 6th April, having been absent on tour in the Regulation Districts " and Tributary States for a period of nearly five months, and, including my " visit to Pooree at commencement of the year, I was on tour for a period of " nearly six months.

"The year has been one of progress, and I am only anxious lest attention to " the wants of Orissa, stimulated by famine events, may now be allowed to relax, " and that the many important works of improvement already projected and in

" hand, may be carried out to completion. Unless this be done, the large sums " already expended will yield no return.

"The general feelings of the people have been drawn with satisfaction and " gratitude towards Government; and I believe they appreciate the exertions " that have been made not only to relieve their immediate distress, but to " promote their future welfare and progress."

Agricultural prospects.

146. Agricultural prospects at the close of the year were generally favorable, though the inundation of September, and the Cyclone of November, had caused considerable local damage to the crops. Full reports on the subject were at this time laid before Government, and it seems unnecessary, therefore, to make further remarks here.

Forest Conservancy.

147. In Chota Nagpore, measures were adopted during the year to prevent destruction of Sâl and other trees. A special report on the subject of placing the forests of the Division under the Forest Conservancy Department will be made hereafter.

Mechi Capitation Tax.

148. Under the system heretofore existing, the Mechi cultivators in the Cooch Behar Division had to be hunted up and then taxed so much per dow or plough; last year considerable loss was sustained by the farmer defaulting. The Commissioner of Cooch Behar held a meeting with the Sirdars, and with their full consent altered the tax paid by them to a *bonâ fide* capitation tax of Rs. 2 on all males capable of labour, from 15 years of age upwards. The measure is reported to be a complete success. In the Western Dooars, the Deputy Commissioner's proposal to farm out the tax was negatived by the Commissioner as impolitic and inexpedient. " At present," Colonel Haughton writes, "we see the Mechi Sirdars at least once " a year, under the system proposed we should not see them at all, unless it was " to complain against the farmers. But the plan has been partly acted upon " already, and found a failure. The Mechis are a timid people, and will take " flight into Nepal on trifling pressure; 20 families fled from Chengmaree alone " in the early part of the Booteah campaign, because some of them had been " pressed as coolies by the troops."

Merits of Officers.

149. The Board have much pleasure in bringing to the notice of Government the following Commissioners, whose administration afforded them entire satisfaction:—

Messrs. Ravenshaw, Chapman, Jenkins, and Dalton. Lord H. U. Browne acted as Commissioner for a short time only during the year, but the Board desire to record their appreciation of his attention to his duties.

150. The following officers also deserve commendation for the efficient performance of their duties.:—

Collectors and Deputy Commissioners.

Alexander, H.
Bainbridge, A. R.
Bell, H.
Beveridge, H.
Boddam, Major H. M.
Cockerell, H. A.
Drummond, J. S.
Edgar, J.
Hankey, H.
Hayes, Dr. W. H.
Herschel, W. J.
Macpherson, W.
Metcalfe, C. T.
Money, Capt. R. C.
Monro, J.
Morton, Major W. B.
Oliphant, H. L.
Park, G. S.
Raban, H. C. B. C.
Reynolds, H. J.
Smith, A.
Sherer, Major J. F.
Stewart, Major R.
Wavell, W.
Worgan, J. B.

Covenanted Deputy Collectors and Assistants.

Barbour, D. M.
Barton, E. J.
Beadon, H. S.
Butler, Lieut. J.
Cowley, F.
Grimley, W. H.
Kemble, W.
Kirkwood, T. M.
Macdonnell, A. P.
Mangles, A. C.
Michel, Lieut. T. B.
Newberry, J. H.
Price, J. C.
Quinn, C. C.
Shortt, J. H. H.
Smeaton, G.
Smith, T.
Souttar, W. M.
Stevens, C. C.
Stevens, J. F.
Ward, W. E.
Worsley, C. F.
Wyer, T.
Yardley, A.

Uncovenanted Officers.

Ally, Tujumul.
Banerjee, Doorgagutty.
————, Runglall.
Bose, Ramcoomar.
Campbell, A. C.
Carnegy, T. H.
Chowdry, Kallyprosono Rai.
Cosserat, A. W.
Costley, W. C.
Craven, J. A.
Donough, T. A.
Doss, Obhoychunder.
Driberg, J. J. S.
Duliloddeen.
Dutt, Kallica Doss.
Eyre, J. E. A.
Gomess, A. D. B.
Ghose, Gobindmohun.
————, Krishnapersad.
Holdar, Rakhaldas.
Hossein, Syud Azimoodeen, C.S.I. (since dead.)
Kilby, J. S.
Mitter, Issurchunder.
Mookerjee, Juggessur.
Rattray, A.
Roy, Brojocant.
Ryland, W. H.
Sen, Ramsunkur.
Stewart, E.

151. The officers unfavourably noticed are named in a separate letter.

152. The Annual Reports of Commissioners were received in the following order:—

Assam ...	...	...	6th June.
Chittagong	...	...	8th „
Rajshahye...	...	...	22nd „
Dacca ...	...	...	27th „
Cuttack ...	...	...	30th „
Bhaugulpore	...	...	6th July.
Patna ...	...	...	10th „
Cooch Behar	...	...	29th „
Chota Nagpore	...	...	29th „
Presidency	...	...	31st „
Burdwan ...	...	...	1st September.

153. The Commissioner of Burdwan attributes the delay in the submission of his Report to the circumstance of the Bancoorah return not having reached his office till the middle of July. The Board have called for an explanation of the delay on part of the Collector, but up to date none has been received.

154. The Board direct me to observe, in further explanation of the delay in submitting this Report, that the return of Wards' and attached estates; which forms the basis of a part of the Report, was not received from the Collector of Purneah till the 26th of August, nor from the Collectors of Tirhoot and Moorshedabad until the 31st August. The Report of the Director of the Government Wards' Institution was not received until the 9th September, and then only on being specially called for.

I have the honor to be,

Sir,

Your most obedient Servant,

T. B. LANE,

Offg. Secretary.

FROM H. L. DAMPIER, ESQ.,

Addl. Secretary to the Government of Bengal,

TO THE OFFG. SECRETARY TO THE BOARD OF REVENUE, L. P.

Fort William, the 15th January 1869.

REVENUE.

SIR,

I AM directed to acknowledge the receipt of your letter No. 3803A., dated the 19th September, submitting the Board's Report on the Land Revenue Administration of the Lower Provinces for the year 1867-68, and in reply to communicate the following observations and orders of the Lieutenant-Governor thereon.

Paragraphs 3 to 21.

2. The current collections of the land revenue during the year which were 93·2 per cent. of the demand against 92·9 per cent. of the preceding year exhibit a satisfactory increase; while the arrear collections which were 53·8 per cent. of the demand against 76·7 per cent. of the previous year shew a considerable falling off.

		Rs.
Current demand ..	...	3,80,02,781
Total collections...	...	3,72,13,476
Difference	...	7,89,308

3. The aggregate collections fell short of the current demand of the year by Rupees 7,89,308 as shown on the Table given at paragraph 4 of the Report. According to this test the amount of deficiency in the collections was very large in the three Districts of Orissa, and considerable in Bhullooah, Sylhet, Singbhoom, and Gowalparah.

4. Against the same Districts the percentage of "doubtful and irrecoverable balances" and "balances in process of recovery" (taken together) as shown in columns 19 and 20 of Appendix No. 1 is also large.

5. The case of Orissa is altogether exceptional, the collections having been suspended on account of calamities of the season; and much of the amount eventually remitted. In Bhullooah also large remissions were eventually made in consequence of the inundations.

6. The balances in Sylhet and Singbhoom are said to be under recovery. The explanation in regard to the balance in Gowalparah is sufficient. As regards the Western Dooars, the Board will have the goodness to report the result of their enquiry into the matter of the defalcations said to have been committed by the late Tehsildar of Mynagooree.

7. The figured Statement, Appendix No. I., columns 15 and 16, shows considerable sums of which payment could have been legally enforced during the year, to have been outstanding in the following Districts besides those named above: Monghyr, Burdwan, Hooghly, Midnapore, Jessore, 24-Pergunnahs, Moorshedabad. And in the following Districts, such balances though not heavy in themselves, bore a large proportion to the entire demand of the year (columns 19 and 20, Appendix 1): Rajmehal, Cossyah and Jynteah Hills, and Darjeeling.

Paragraphs 26, 28, 29, and 30.

8. In Monghyr, Burdwan, and Hooghly most of the balance is due from the Railway Company. The amount should be realised without further delay. The balances in Midnapore are satisfactorily explained. Of those in 24-Pergunnahs, Moorshedabad, Rajmehal, and in the Cossyah and Jynteah Hills, no explanation is given in the Board's review of Appendix 1, although the amount

in the 24-Pergunnahs, which is shown as in process of recovery, amounts to Rupees 1,49,248. Some explanation regarding this District is required beyond that which is to be found in paragraph 43 of the Report. Of the outstanding recoverable balance of Rupees 83,081 in Moorshedabad also some particulars are necessary.

9. The Board have doubtless taken measures to insure the speedy collection of the recoverable balances in Dacca, Sylhet, Shahabad, Jessore. and Moorshedabad.

10. The remissions of revenue sanctioned during the year (paragraph 22) amounted to Rupees 98,522, or about ·02 per cent. of the entire demand, but the percentage would be much larger if the remissions which have since been made in the Orissa Districts were taken into account.

Paragraphs 35 and 36.

11. The number of redemptions of Government revenue of petty estates in Chittagong, Calcutta, and the Suburbs during the year was 172 against 157 in the previous year. The pressure applied by the Commissioner Mr. Buckland to accelerate redemptions in Chittagong was disapproved of by the Board and the Government in 1864. However much the disencumbrance of the Chittagong Land Revenue Rolls may be desirable, no such coercion can be used to effect the object. The total number of estates remaining to be redeemed in Chittagong is 14,038, for which the price expected is Rupees 55,327-3. If the Board are prepared to recommend any other unobjectionable means for expediting those redemptions, they should form the subject of a separate Report.

Paragraphs 37 and 38.

12. The result exhibited under the head of Forest Revenue, showing an uncollected balance of Rupees 2,330 only of the current demand, is very satisfactory. The submission of the Report on the Sealtek Ghat which was called for a year ago should no longer be delayed.

Paragraphs 39 to 41

13. The unrealized balance of miscellaneous revenue was Rupees 7,575 against Rupees 65,471 in the preceding year. The greater portion of this amount is said to consist of irrecoverable or doubtful items.

Paragraphs 42 to 46.

14. The aggregate collections on account of Government estates exclusive of Assam and Cachar were 61 per cent. of the total demand, against 67·1 per cent. in the preceding year. The arrear demands have increased from 1,64,165 at the close of 1866-67 to 2,97,766 at the close of 1867-68. This result, notwithstanding the call made on the local Officers in paragraph 10 of Government Order No. 18 of 3rd January 1868, to use every effort to reduce the demand, is to be regretted, and demands the Board's close attention to each of the Districts which are much in arrear. The Lieutenant-Governor observes, that while the collections have decreased, the charges have increased from 12·1 to 12·4. The Lieutenant-Governor requests that the Board will give their special attention to this subject of improving the rate of collections on estates under the management of Revenue Officers.

Paragraphs 47 to 79

15. The number of persons whose estates are under the Court of Wards has increased from 101 to 122; the number of estates under management paying revenue to Government, from 967 to 1,299; and the number of holdings paying rent to superior landlords or rent-free, from 809 to 964.

16. The Board should require the Collectors to transfer to the credit of Government the instalments of revenue as they fall due. The reports of the last three years have shown an increasing proportion of outstanding dues on account of these estates. In 1865-66 the amount credited was 92 per cent. of the demand; in 1866-67 it was 86·9; and in 1867-68 it is reported at 85·9. Probably some of the outstanding amount might have been met by a transfer from the surplus funds of the estates before the end of the year

17. The amount of rents paid to superior landlords was 75·6 per cent. of the amount due. The Board's Circular Order No. 6 of December 1867, pointing out to Collectors the legal liability of tenants to tender payment of rents, will, it is hoped, have the effect of securing a more punctual payment of such rents.

18. The gross demand of rent in the above estates and holdings is shewn at Rupees 73,00,293, and the total collections at Rupees 37,68,784, or 51·6 of the total demand. The ratio of arrear collections to demands was only 28·2 per cent. The gross collections of the year (Rupees 37,68,784) fell short of the gross demand of the year (Rupees 38,59,598) by Rupees 90,814. Thus causing an increase in the aggregate balances which cannot be regarded as satisfactory.

DEMAND.

Current	...	...	... Rs.	38,59,598
Arrear	...	...	.. „	31,10,695

COLLECTIONS.

Current	...	..	... Rs.	27,96,102
Arrear	...	...	... „	9,72,382

19. The following Table shows how the demand and collections for those estates have stood the last five years :—

	1	2	3	4	5	6	7	8
	Current demand.	Arrear demand.	Total.	Collections.	Balance (difference between cols. 3 and 4.)	Percentage of collections (col. 4) on demand of (col. 1) one year.	Percentage of collections (col. 4) on total demand (col. 3.)	Percentage of balance (col. 5) on current demand (col. 1.)
	Rs.	Rs.	Rs.	Rs.	Rs.			
1863-64	31,79,721	37,27,598	69,07,319	30,13,372	38,93,947	94·7	43·6	122·1
1864-65	32,12,318	63,10,959	95,83,277	31,28,492	64,54,785	105·7	35·7	190
1865-66 ..	33,31,119	56,49,633	89,80,752	38,82,556	50,98,196	116·5	43·2	153·04
1866-67 ..	31,03,708	41,49,827	72,53,545	36,40,709	36,12,836	117·3	50·1	116·4
1867-68	38,59,598	34,40,695	73,00,293	37,68,784	35,31,509	97·6	51·6	91·5

20. The delay in making up the accounts of the Paikparrah estate will, it is hoped, be obviated in future.

21. During the year three wards left the Institution in Calcutta on attaining majority, of whom two are spoken of in terms of praise. The question as to the expediency of changing the law of minority has been fully considered and disposed of, and the Lieutenant-Governor does not think it desirable to re-open it. There is nothing to prevent a ward from continuing in the Institution of his own will after attaining his majority.

22. The number of boys in the Institution at the close of the year was six; their ages varying from 9 to 17. It is satisfactory to find that the health of the boys and the progress made by them was good, and their conduct satisfactory.

23. The number of attached estates paying revenue to Government had diminished from 95 to 75, while the number of attached holdings had increased from 307 to 345. Of the amount due from these estates as Government revenue, 97·2 per cent. was paid in during the year; but of the amount due to superior holders on tenures, 56·9 per cent. only had been paid in. The Collectors should endeavour in all estates under their management to arrange for the punctual payment of these dues to the landlords. The collection of rents due to the estates exhibit a marked improvement. The outstanding balance being a percentage of 22·2 on the total demand, against 32·2 of last year. Particulars regarding the Chota Nagpore Division should be furnished.

Paragraphs 80 to 88.

24. The results given of the working of the rent laws exhibit a general decrease of litigation as compared with preceding years. It is satisfactory to notice that in the

Paragraphs 89 to 100.

Patna and the Presidency Divisions the decrease is attributed by the Commissioners to "the good understanding which now subsists between the landlords and tenants."

Paragraphs 101 and 102.

25. The appointment of Revenue Court Ameens has formed the subject of a separate correspondence.

Paragraphs 103 to 112.

26. The working of Act V. (B. C.) of 1863 continues to be satisfactory. The Lieutenant-Governor observes that notwithstanding that the pay of the peons was raised during the year, and the higher fee of Rupees 2 for processes issued to a distance exceeding twenty-five miles discontinued, the receipts exceeded the expenditure by Rupees 58,261.

Paragraph 113.

27. The proceedings under the resumption laws do not call for any special remark. It appears that twenty-four fresh suits were instituted during the year. It is hoped that in the institution of these fresh suits the principle laid down in paragraph 7 of Mr. Lane's letter No. 1108A. of 28th March 1868 was observed.

Paragraphs 114 to 117.

28. The result of the operation of the sale laws shews a decrease in the number of estates sold for the recovery of their own arrears from 772 to 707, of which 656 estates were purchased by private individuals for more than eighteen times their revenue. In paragraph 114 the figure 701 is evidently a misprint for 707. There were no sales in five of the Regulation Districts.

Paragraph 120.

29. The number of estates admitted to common and special registry during the year was 207 and 13 respectively, against 170 and 2 in the preceding year.

Paragraph 122.

1866-67	37
1867-68	18

30. It is satisfactory to observe that the number of persons imprisoned for non-payment of Government demand was less by half than the number of imprisonments in the preceding year. Chumparun still shews the largest number.

Paragraph 123.

31. The result of the settlement operations appears to have been satisfactory. The Lieutenant-Governor is glad to learn "that the thirty years' re-settlement of "Orissa has induced a general feeling of satisfaction and security among the "people, who are shewing some spirit of progress and enquiry and greater "activity in trade."

Paragraphs 125 to 127.

	* 1866-67.		1867-68.	
	No. of grants.	Area in acres.	No. of grants.	Area in acres.
Grants under the old Rules	17	76,290	6	8,789
Commutation of rent ...	14	25,615	8	17,315
Sales	15	13,057	3	1,518
Leases	86	9,832	115	22,919

32. The results* shewn under the head of disposal of waste lands exhibit a considerable falling off in grants by commutation and sales under the waste lands rules. Under the head of leases, however, there has been an increase mainly in the District of the Western Dooars and in Darjeeling.

33. The number of lots relinquished during the year was 251, comprising an area of 2,88,777 acres.

Paragraph 128.

34. The complaint as to the unsatisfactory results of the hurried manner in which waste lands have been sold in Chittagong without sufficient enquiry into existing rights has formed the subject of a separate correspondence. It is believed that the late concessions allowing grantees and purchasers of waste land to throw up portions of lots and entire lots will enable the Commissioner to smooth over most of the difficulties and conflicting claims which had arisen. Such important measures as the grant of these concessions should find a place in the Board's Annual Report, which is a review of the revenue administration of the year.

Paragraph 129.

35. It appears from the figured Statement, Appendix No. 12, that during the year the proprietary rights of Government in 113 estates, and in 7 shares of estates, with an aggregate rental of Rupees 43,894, bearing a Government revenue demand of Rupees 35,270, were sold for Rupees 2,99,734, or upwards of thirty-four times the profits. This is an extraordinarily good result if the figures given be correct. The Lieutenant-Governor would be glad to learn on what data the Board have put down the rental at Rupees 43,365 and 529 respectively.

Paragraph 134.

36. A copy of the Commissioner's remarks regarding the Gowalparah Record-room will be forwarded to the Department Public Works for consideration.

Paragraph 135.

37. The Lieutenant-Governor notices with satisfaction that the Sub-Divisional Treasury system continues to work well, and has afforded considerable convenience to the public. Proposals for the expansion of the system are under the consideration of Government.

Paragraphs 137 and 138.

38. The report in regard to the visits of Collectors to the interior of their Districts shews a marked improvement. The absence of the Deputy Commissioner of Gowalparah from the Head-Quarters of his District was unusually long. The Commissioner of the Cooch Behar Division should be called upon to explain the grounds for the remark made by him, and whether, in the case of the Deputy Commissioner of Gowalparah, he had any special reason to believe that the time was unprofitably spent.

Paragraph 142

39. The changes of Officers in the Chittagong Division alluded to in paragraph 142 of the Report were unavoidable.

40. The Board are aware that the change in Commissioners was caused by Mr. Young's serious illness. The Collectors of Tipperah and Noakhally also left their Districts on leave to England. The Collector of Chittagong was removed solely for the benefit of the public service.

Paragraph 144.

41. The Lieutenant-Governor hopes that the stagnation in the extension of tea cultivation in Chittagong is temporary only, and owing to the causes assigned by the Commissioner.

42. The very important matters which are summarised in the extract from the Commissioner of Cuttack's report given in paragraph 145 have formed the subject of much separate correspondence.

Paragraph 148.

43. The Mechi capitation tax should form the subject of a special report.

Paragraph 150.

44. The Lieutenant-Governor notices with pleasure that the Board consider the following Officers to be deserving of commendation for the efficient performance of their duties:—

Collectors and Deputy Commissioners.

Mr. H. Alexander.
,, A. R. Bainbridge.
,, H. Bell.
,, H. Beveridge.
Major H. M. Boddam.
Mr. H. A. Cockerell.
,, J. S. Drummond.
,, J. Edgar.
,, H. Hankey.
Doctor W. H. Hayes.
Mr. W. J. Herschel.
,, W. Macpherson.
,, C. T. Metcalfe.
Captain R. C. Money.
Mr. J. Monro.
Major W. B. Morton.
Mr. H. L. Oliphant.
,, G. S. Park.
,, H. C. B. C. Raban.
,, H. J. Reynolds.
,, A. Smith.
Major J. F. Sherer.
,, R. Stewart.
Mr. W. Wavell.
,, J. B. Worgan.

Covenanted Deputy Collectors and Assistants.

Mr. D. M. Barbour.
,, E. J. Barton.
,, H. S. Beadon.
Lieutenant J. Butler.
Mr. F. Cowley.
,, W. H. Grimley.
Mr. W. Kemble.
,, T. M. Kirkwood.
,, A. P. Macdonnell.
,, A. C. Mangles.
Lieutenant T. B. Michel.
Mr. J. H. Newberry.

Uncovenanted Officers.

Moulvie Tujumul Ally.
Baboo Doorgagutty Banerjee.
,, Runglall Banerjee.
,, Ram Coomar Bose.
Mr. A. C. Campbell.
,, T. H. Carnegy.
Baboo Kallyprosono Rai Chowdry.
Mr. A. W. Cosserat.
,, W. C. Costley.
,, J. A. Craven.
,, T. A. Donough.
Baboo Obhoy Chunder Doss.
Mr. J. J. S. Driberg.
Moulvie Dulliloodeen.
Baboo Kallica Doss Dutt.
Mr. J. E. A. Eyre.
,, A. D. B. Gomess.
Baboo Gobind Mohun Ghose.
,, Krishnapersad Ghose.
,, Rakhal Doss Haldar.
Mr. S. J. Kilby.
Baboo Isser Chunder Mitter.
,, Jogessur Mookerjee.
Mr. A. Rattray.
Baboo Brojocant Roy.
Mr. W. H. Ryland.
Baboo Ram Sunkur Sen.
Mr. E. Stewart.

45. His Honor also notices with pleasure the approval expressed by the Board of the efficient and successful administration of their Divisions by the Commissioners named on the margin. Favorable mention is also made of Lord H. U. Browne, who acted as Commissioner for a short time during the year.

Paragraph 149.

Mr. Ravenshaw.
,, Chapman.
,, Jenkins.
,, Dalton.

46. The Lieutenant-Governor's acknowledgments are also due to Mr. Money for his administration of the Bhaugulpore Division during the year under review.

47. Special notice has been taken of the delay on the part of Mr. J. P. Grant, the Collector of Bancoorah, in furnishing the Returns and Reports called for from him, and it is hoped that the Board will not have occasion to find fault with that Officer in future.

Paragraph 153.

I have the honor to be,

Sir,

Your most obedient Servant,

H. L. DAMPIER,

Addl. Secretary to the Govt. of Bengal.

REPORT

ON THE

LAND REVENUE ADMINISTRATION

OF THE

LOWER PROVINCES,

FOR

THE OFFICIAL YEAR

1868-69.

Calcutta:
PRINTED AT THE CALCUTTA CENTRAL PRESS COMPANY, LIMITED,
5, COUNCIL HOUSE STREET.

1869.

CALCUTTA:

CALCUTTA CENTRAL PRESS COMPANY, LIMITED,

5, COUNCIL HOUSE STREET.

No. 4,431 A.

FROM

T. B. LANE, ESQ.,

Offg. Secretary to the Board of Revenue, Lower Provinces,

TO

THE SECRETARY TO THE GOVERNMENT OF BENGAL,

REVENUE DEPARTMENT

Dated Fort William, 15th November, 1869.

SIR.

Land Revenue.
Miscellaneous.
A. MONEY, C.B., and C. H. CAMPBELL, ESQRS.

I AM directed by the Board of Revenue to submit the following Report on the Land Revenue Administration of the Lower Provinces of Bengal for the year 1868-69, with the usual Statistical Tables.

No. 1.—Land Revenue Demands, Collections, Remissions, and Balances.

2. The number of estates and holdings on the several District Rolls was 2,31,076, of which 24,919 belonged to the fluctuating division, and the remaining 2,06,157 to the fixed division. The increase of 2,098 estates this year was caused by partition of estates, settlement of alluvial lands, and other causes; by partition alone 1,158 new estates were formed. Of the revenue-paying estates, 2,26,197 pay revenue only, while 3,789 pay malikana combined with revenue, and 734 pay a Police demand together with revenue. These, with 354 unassessed estates and two estates in Bancoorah which pay malikana only, make up the aggregate number of 2,31,076. Besides these, there are 168 estates which do not contribute to the revenue at all, but pay only a Police demand.

3. Of the current demand of land revenue, Rs. 3,89,23,634, there was realized during the year Rs. 3,60,83,337, or 92·7 per cent.; and of the arrear demand, Rs. 40,61,295, there was realized Rs. 24,03,127, or 59·1 per cent. On the total demand of Rs. 4,29,84,929, the collections amounted to Rs. 3,84,86,464, or 89·5 per cent. The difference between the amount shewn as outstanding at the close of 1867-68 and the amount shewn as arrear demand in this Report, has been caused by increases effected by re-settlements, terms of existing settlements, which provide for increase under certain circumstances, and other causes.

4. The rate per cent. of the total collections in each district calculated on the current demand only, in accordance with the test laid down in the orders passed by Government on the Board's Report for 1860-61, is shewn in the following Table:—

Divisions.	Districts.	Current Demand.	Total Collections.	Percentage of total Collections to current Demand.	Amount of deficiency in Collections.
		Rupees.	Rupees.	Rupees.	Rupees.
Bhaugulpore.	Bhaugulpore	6,86,348	6,85,883	99·9	465

	Grand Total ...	3,89,23,634	3,84,86,464	98·8	4,37,110

5. Of the above 55 districts, the collections fell short of the current demand in 37 districts. In 17 of these 37 districts, the deficiency is much less than one per cent.

6. The following is a comparison of the results of the year under report and the preceding year:—

Years.	Demand.			Percentage collected.			Percentage remitted.	Percentage outstanding.		
	Current.	Arrear.	Total.	Current.	Arrear.	Total.		Current.	Arrear.	Total.
1867-68 ...	3,80,02,784	33,24,257	4,13,27,041	93·2	53·8	90·1	0·2	6·7	53·9	9·7
1868-69 ...	3,89,23,634	40,61,295	4,29,84,929	92·7	59·1	89·5	0·8	7·2	33·1	9·6
Difference	+9,20,850	+7,37,038	+16,57,888	-0·5	+5·3	-0·6	+0·6	+0·5	-20·8	-0·1

7. Of the increase of current demand to the extent of Rs. 9,20,850, an increase of Rs. 7,89,439 was alone effected in Assam by the introduction of the new rates of assessment sanctioned by Government in November, 1867. The increase in the arrear demand is owing to short collections last year. The percentage of collections is, however, maintained within the limits of ordinary fluctuation, and the balance outstanding at the close of the year has diminished. The larger percentage remitted is explained in paragraph 9.

8. The following explanations relate to the heavy balances outstanding in the undermentioned districts :—

Bhaugulpore, Monghyr, Purneah, Hooghly, Midnapore, Noakally, Chittagong, Tipperah, Orissa Districts, Backergunge, Cachar, Sylhet, Calcutta, Jessore, 24-Pergunnahs, Dinagepore, Moorshedabad, Cossyah and Jynteah Hills, Kamroop, Luckimpore, Hazareebaugh, Lohardugga, Singbhoom, and Julpigooree.

Bhaugulpore.
Current balance, Rs. 57,181

Of this sum Rs. 54,710 were not recoverable by legal process during the year, one rupee was remitted, Rs. 1,206 were due by the Railway Company on account of C. lands, and the remainder was under collection.

Arrear balance, Rs. 14,801.

Rs. 14,259 were due from the Railway Company on account of C. lands, Rs. 523 appertain to a Government estate, the condition of which was under enquiry, and Rs. 19 were recoverable by sale process.

Monghyr.
Current balance, Rs. 30,175.

Rs. 23,328 were not realizable by law during the year, Rs. 380 were remitted, Rs. 5,873 were due by the East Indian Railway Company, and the remainder was under collection.

Arrear balance, Rs. 21,136.

Rs. 21,115 were due by the Railway Company, and Rs. 21 were due from a Julkur Mehal,—the amount was recoverable from the security money of the farmer.

Purneah
Current balance, Rs. 60,462.

Rs. 59,360 were not realizable by law during the year, Rs. 124 were irrecoverable ; *viz.* Rs. 62, the difference between the old and the new jumma of an estate, and Rs. 62, due from a mehal, the proprietor of which had absconded ; and Rs. 978 were under collection.

Arrear balance, Rs. 14.

The amount was realized after the close of the year.

Hooghly.
Current balance, Rs. 21,673.

Rs. 11,182 were not recoverable by legal process during the year, Rs. 18 were remitted, Rs. 2,316 were realized after the close of the year, and the rest was under recovery.

Arrear balance, Rs. 72,613.

This amount was due from the East Indian Railway Company on account of C. lands.

Midnapore.
Current balance, Rs. 41,720.

The bulk of the balance was not recoverable by law during the year.

Arrear balance, Rs. 1,762.

Rs. 39 were remitted, and the remainder (Rs. 1,723), was under collection.

Bulloah.
Current balance, Rs. 73,593.

Rs. 72,914 were not realizable by law during the year, Rs. 381 were recommended for remission, Rs. 69 were pending enquiry and settlement, and Rs. 229 were under recovery.

Arrear balance, Rs. 24,334.

Rs. 1,594 were recommended for remission, Rs. 15 were pending enquiry, Rs. 69 were realized after the close of the year, and Rs. 22,656 were due from Mrs. Ronald, farmer of Churs Lucky and Bodoee. The Board are now in communication with the Commissioner of Chittagong regarding the non-realization of this latter amount.

Chittagong.
Current balance, Rs. 1,82,422.

Rs. 1,73,346 were not realizable by law until after the close of the year, Rs. 99 were due from certain deteriorated and other estates, and their recovery seemed hopeless, and Rs. 8,977 were in course of recovery under Act VII. of 1868, B.C.

Arrear balance, Rs. 14,988

Rs. 4,378 were due from the estate of the Ward, Furknund Bukt, Rs. 54 were due from lands deteriorated by salt water inundation, and Rs. 633 were due from a Government estate pending settlement; of the remaining balance, which was in process of recovery, a great portion was due from estates under the Court of Wards. The Board are in special correspondence with the Commissioner of Chittagong regarding this balance, and Government will be separately informed of the result.

Tipperah.
Current balance, Rs. 15,292

Rs. 15,568 were not recoverable by law during the year, one Rupee was remitted, and the bulk of the remainder was realized after the close of the year.

Arrear balance

None.

Backergunge
Current balance, Rs. 1,24,392.

Rs. 712 were due from estates which had relapsed into jungle, Rs. 660 were remitted, Rs. 69,651 were not recoverable by law during the year, and Rs. 53,369 were under collection. Of this latter amount Rs. 51,712 were alone due from Messrs. Morrell, on account of the farm of estate Tooshkhali. The balance will be

adjusted as soon as the Deputy Collector, who conducted the local enquiry lately held in connection with that estate, reports on the matter.

Arrear balance, Rs. 19,783.

Rs. 82 had been recommended for remission, Rs. 21 were due from an estate pending settlement and enquiry, and Rs. 19,680 were under collection. The bulk of this latter amount was due from Messrs. Morrell.

Cachar.
Current balance, Rs. 31,652.

Rs. 21,094 were recovered after the close of the year, and the collection of the remainder had been delayed, owing to the Looshai expedition.

Arrear balance, Rs. 137.

The Looshai expedition had interfered with the early realization of the balance.

Sylhet
Current balance, Rs 1,13,226.

The Looshai expedition had interfered with the early realization of the balance in this district also.

Arrear balance.

None.

Calcutta
Current balance, Rs. 23,700.

The bulk of the balance was not recoverable by law during the year.

Arrear balance, Rs. 180.

The amount was irrecoverable, being balances due from lands taken up for public purposes, and from an Ezara Mehal, the lessee of which had died insolvent.

Jessore.
Current balance, Rs. 38,517.

Rs. 7,748 were unrealizable by any process till after the close of the year, Rs. 420 were irrecoverable, Rs. 9,143 were realized after the close of the year, and of the remainder (Rs. 21,236), a sum of Rs. 15,473 was realizable by sale process, and the rest was under collection.

Arrear balance, Rs. 5,315.

Rs. 60 were recovered after the close of the year, and the remainder was under collection.

Nuddea
Current balance, Rs. 24,813.

Rs. 104 were due from diluviated estates, Rs. 48 were due from Government estates, Rs. 21,847 were recovered after the close of the year, and the remainder was under collection.

Arrear balance, Rs. 1,696

Rs. 807 proved irrecoverable, being the balance due from certain diluviated and unculturable estates, Rs. 611 were due from fishery and other mehals, and Rs. 278 were realized after the close of the year.

24-Pergunnahs.
Current balance, Rs. 1,35,231.

Of this sum Rs. 59,388 were not recoverable by law during the year, Rs. 3,155 were considered irrecoverable, Rs. 550 were due from a Government estate now under re-settlement, Rs. 18,146 were due from holdings in Punchanogram, and were under

recovery, Rs. 6,698 were due by the Eastern Bengal Railway Company, Rs. 3,625 were due from Wards' estates, Rs. 34,910 were under realization from sale of securities, lands, &c., Rs. 2,835 were realized after the close of the year, and the remainder was under collection.

Arrear balance, Rs. 64,987.

Rs. 29 were remitted, Rs. 855 were due from an estate under re-settlement, Rs. 18,264 were due from holdings in Punchanogram, and would be realized under Act VII. of 1868, B.C., Rs. 36,303 were due by the Railway Company, Rs. 5,113 were recoverable in instalments, Rs. 3,664 were under realization by sale of securities and lands, Rs. 589 were suspended, pending enquiry into an allegation that the lands had been taken for public purposes, and Rs. 170 were under collection.

Dinagepore.
Current balance, Rs. 86,257.

The amount was not recoverable by legal process during the year.

Arrear balance, Rs. 6.

The amount proved irrecoverable, owing to death of ryots.

Moorshedabad.
Current balance, Rs. 98,120.

Rs. 46 were remitted, Rs. 93,096 have been since realized, Rs. 2,217 were in process of recovery, Rs. 356 were expected by sale process, Rs. 229 were due from the East Indian Railway Company, and Rs. 2,176 were unrealizable by any process till after the close of the year.

Arrear balance, Rs. 399.

The amount was due from the Railway Company.

Cossyah and Jynteah Hills.
Current balance, Rs. 1,286.

Rs. 219 were not recoverable by legal process during the year, and Rs. 1,067 were under collection.

Arrear balance, Rs. 23.

The amount was due from persons who had left the district, its recovery was therefore considered doubtful.

Kamroop.
Current balance, Rs. 9,896.

Rs. 41 were remitted, and the remainder was recovered after the close of the year.

Arrear balance, Rs. 101.

The amount was due from an estate, the condition of which was under enquiry.

Luckimpore.
Current balance, Rs. 6,770.

Rs. 396 proved irrecoverable on account of double assessment, Rs. 4,500 have been since realized, and the remainder was under collection.

Arrear balance, Rs. 97.

The amount was due from a person who had died without leaving any property.

The difficulty in getting in the bulk of the balance was ascribed to the delay on the completion of the settlement of the Kurharballee Coal Fields with the East Indian Railway Company.

Hazareebaugh.
Current balance, Rs. 38,206.

Arrear balance.

None.

A difficulty was experienced in getting in the balance, owing to short crops in Palamow; a sum of Rs. 1,775 was, however, realized after the close of the year.

Lohardaggah.
Current balance, Rs. 8,474.

Arrear balance, Rs 613.

The amount was under collection.

Singhhoom.
Current balance, Rs. 10,144.

The amount was pending realisation, owing to the failure of the rubbee crops, for want of rain at the sowing season.

Arrear balance.

None.

Rs. 335 were remitted on the ground of over-assessment, Rs. 2,946 were recovered after the close of the year, and for the recovery of the remainder the property of the defaulter had been attached.

Julpigooree.
Current balance, Rs. 5,098.

Rs. 8,791 of the collections were misappropriated by the Tehsildar of Mynagooree. The matter was reported to Government in this office, No. 1585A., dated 12th May 1869; and Rs. 386 were due from two jotes claimed by the Tehsildar above alluded to; out of this Rs. 308 were, however, recovered from the ryots after the close of the year.

Arrear balance, Rs. 9,177.

9. The sum remitted as irrecoverable during the year was Rs. 3,17,045, of which Rs. 36,117 was current, and Rs. 3,10,928 arrear revenue. This is a much larger remission than usual, but it includes the sum of Rs. 2,48,003, remitted in G. O. No. 471, dated 5th February, 1869, on account of loss of crops in the Khas Mehals in Pooree, and Rs. 37,170 sanctioned* by Government, in consequence of the inundation in Noakally in November, 1867. Rs. 20,165 were remitted from the current, and Rs. 2,28,476 from the arrear revenue in Pooree, on account of drought and inundation, and Rs. 2,676 from the current, and Rs. 36,818 from the arrear demand in Durrung and Noakally, respectively, on account of inundation.

* G. O. No. 2858, dated 9th September, 1868.
G. O. No. 3370, dated 26th October, 1868.

Redemption of Government Revenue of petty estates.

10. During the year, 49 petty Government estates, bearing an aggregate revenue of Rs. 102-11-8, were redeemed by the payment of Rs. 1,951-7-4. Up to the close of the year, 15,337 estates, bearing an aggregate yearly revenue of Rs. 8,119-12-10,

had been redeemed by the payment of Rs. 98,068-12-5. Details are given in the Table below :—

Districts.	In 1868-69. Number of Estates.	In 1868-69. Government Revenue.	In 1868-69. Price realized.	Altogether to end of 1868-69. Number of Estates.	Altogether to end of 1868-69. 11. By G. O. No. 2720, dated 8th July 1867, the permission to redeem petty estates has been extended to Sylhet, and the results shewn against that district are those of the first year of its operation.

No. 2.- Collections, remissions, and balances of Forest and Miscellaneous Revenue.

12. The demand on account of forest revenue amounted to Rs. 45,854, of which Rs. 43,524 were current, and Rs. 2,330 arrear. The collections amounted to Rs. 42,887, Rs. 40,807 being current, and Rs. 2,080 arrear, leaving Rs. 2,689 outstanding in two districts. The balance of Rs. 2,435 outstanding in the 24-Pergunnahs was realized after the close of the year. The balance of Rs. 254 in Jessore will be shortly recovered. The remission of Rs. 278 was sanctioned in two districts as irrecoverable.

13. The collections on account of miscellaneous revenue amounted to Rs. 4,32,826, including Rs. 2,37,588 realized by sale of 148 Government estates. The unrealized balance was Rs. 32,765.

14. The miscellaneous remissions were heaviest in Chittagong and Sarun. In the former district Rs. 1,900 were struck off the Towjee on account of the transfer of certain Poll-Tax Mehals to the Hill Tracts under G. O. No. 2918, dated 16th September, 1868, and the remainder Rs. 530 proved irrecoverable, owing to the insolvency of the defaulters. In Sarun, a sum of Rs. 3,275, the balance of a fine inflicted in a partition case, was remitted. In Midnapore, Rs. 947 proved irrecoverable, owing to the absconding of the Government farmer. In Cachar, Rs. 87 were due from Hill Tribes who had abandoned their lands. In Julpigooree, Rs. 802 were due from a Kapas Mehal; of this amount Rs. 524 were realized by the Bhooteahs before British occupation of the Dooars, and Rs. 278 proved irrecoverable, owing to the decrease in the number of persons engaged in cotton cultivation during the year. In Gowalpara,

Rs. 308 proved irrecoverable, the Kurn Jummah having been over-assessed. In Loharduggah, Rs. 50 were remitted under a decree of the Civil Court.

15. Out of the unrealized balance, Rs. 23,480 were realized in Shahabad after the close of the year, on account of sale proceeds of Government estates. In Cachar, Rs. 693 have already been realized, and prompt measures have been adopted by the Deputy Commissioner for the recovery of the remainder. As already explained, the disturbed state of the district consequent on the Looshai raids interfered with the early realization of the balance. In Luckimpore, Rs. 1,151 were realized after the close of the year on account of Poll-Tax, and the balance (Rs. 482), was in course of recovery. In Monghyr, Rs. 553, the balance of a fine inflicted in a Butwarrah case, and Rs. 25, on account of fees levied under Regulation XV. of 1797, were under collection. In Godda, a balance of Rs. 112, on account of rent of bazars, coal mines, &c., was realized after the close of the year, and the remainder (Rs. 63) was remitted. In Rajmehal, Rs. 356 were realized after the close of the year, on account of rent of coal mines, bazars, &c., Rs. 63 are in process of recovery, and the realization of the balance (Rs. 559) was considered doubtful. In Midnapore, Rs. 462 were due from the farmer of a Ghaskur Mehal, who had absconded, and the remainder was under collection. In Loharduggah, Rs. 580 were due on account of Koa Kuth revenue, of which Rs. 250 were realized after the close of the year, and Rs. 330 could not be at once recovered, owing to short crop in Palamow. The realization of the remainder (Rs. 4), due on account of tax on iron forges, was in abeyance, pending the result of a reference made to the Commissioner as to the advisability of collecting this tax. The rest of the outstanding balances were in process of recovery.

No 3—Estates, the property of Government; their disposition and management.

16. The number of Government estates, exclusive of those in Assam and Cachar, is 27,002, yelding a revenue of Rs. 17,31,579, which, together with the arrears of the previous year, Rs. 9,32,083, gave a demand of Rs. 26,63,662. Of this amount Rs. 15,98,180, or 59·9 per cent., were collected during the year, and Rs. 2,03,684, or 7·6 per cent., were remitted, leaving a balance of Rs. 8,61,798, or 32·3 per cent.

17. The balances were heaviest in Shahabad, Monghyr, Hooghly, Bullooah, Chittagong, Hazareebaugh, the Orissa Districts, Sylhet, Backergunge, Jessore, and 24-Pergunnahs. In Shahabad, Rs. 4,033 were recovered after the close of the year, Rs. 630 were irrecoverable, and the balance was in train of liquidation. The balances against the other districts have been explained in paragraph 8.

18. The bill for rents due by the Railway Company, on account of C. lands referred to in paragraph 34 of the last year's Annual Report, was forwarded to the Consulting Engineer to Government, and the balances are now under adjustment by the Railway authorities.

Loss by diluvion.

19. The sums returned as having been remitted during the year on the ground of diluvion are as follows :—

Districts.		Number of Estates in which remission has been allowed.	Number of Estates removed from the Rent Roll on account of diluvion.	Revenue of such Estates.	Amount remitted on account of diluvion.
				Rs.	Rs.

No. 4.—Estates of disqualified land-holders.

22. One hundred and twenty-one persons were under the protection of the Court of Wards during the year, of whom 12 were disqualified for the management of their own property as lunatics, 24 as females, and 85 on the ground of nonage. They owned 1,304 estates paying revenue to Government, and 1,048 holdings, either paying rent to superior landlords or rent-free.

NOTE.—The Wards' Estates' Returns, from the Districts of Gya and Lohardugga, were received too late for incorporation in this report. Particulars will follow.

23. Of the Government demand of Rs. 16,61,302, which includes Rs. 1,78,902 of the previous year, Rs. 14,79,538, or 89 per cent., were collected, Rs. 10,584 were remitted—Rs. 7,056 in Chittagong, and Rs. 3,528 in the 24-Pergunnahs—on account of inundation and loss of crops, and Rs. 1,71,180, or 10·3 per cent., remained uncollected. The balances were largest in Chittagong, 24-Pergunnahs, Rajshahye, Moorshedabad, and Cuttack.

24. In Chittagong the bulk of the amount could not be recovered, owing to the want of funds, the properties having come into the hands of the Court in a very embarrassed state.

25. In the 24-Pergunnahs the entire balance was realized after the close of the year.

26. In Rajshahye the bulk of the balance had already been realized, the remainder was due from an estate very recently brought under the management of the Court of Wards, and the funds at credit of which were insufficient.

27. In Moorshedabad the entire balance was realized after the close of the year.

28. In Cuttack the bulk of the balance was collected after the close of the year, and the realization of the remainder was temporarily postponed, to allow of the discharge of some pressing debts due by two estates. It has been pointed out to the Collectors that this course was irregular, and that the dues of Government must always be first realized.

29. Rents due to superior landlords amounted in the aggregate to Rs. 1,77,872, of which Rs. 1,23,218, or 69·2 per cent., were paid during the year.

30. The gross rental of the estates and holdings comprised a current demand of Rs. 43,27,275, and an arrear demand of Rs. 53,94,098, making a total of Rs. 97,21,373. The collections were Rs. 40,85,689. Rs. 5,55,148 were remitted as irrecoverable, leaving an outstanding of Rs. 50,80,536. The percentage which the total collections bore to the total rental was 42 per cent. The percentage of remissions was 5·7, and of the total balance 53·2.

31. The assets of the estates were Rs. 62,63,545, and the disbursements Rs. 50,90,507, leaving a surplus of Rs. 10,35,472. Debts amounting to Rs. 7,99,596 were paid during the year, and Rs. 9,31,872 were invested. The total amount invested is now Rs. 38,89,656.

32. The outstanding balances of rent due to the estates are classified below :—

Accruing prior to Wardship.

Bad and doubtful	Rs. 29,00,874	
Good	,, 1,37,682	
		30,38,556

Accruing under Courts' management.

Bad and doubtful	Rs. 5,48,551	
Not legally realizable till the close of the year	,, 4,01,524	
Good	,, 10,91,905	
		20,41,980
	Total Rupees ...	50,80,536.

33. The bulk of the outstanding balances appertain to the following 14 districts :—

DISTRICTS.	Accruing before Court of Wards' Management.			Accruing during Court of Wards' Management.				Grand Total.
	Bad and doubtful.	Good.	Total.	Not realizable before the close of the year.	Bad and doubtful.	Good.	Total.

34. The bulk of the balance in Rajshahye belonged to the estate of Shoshi Shikuressur Roy, of Tahirpore, for the management of whose estate arrangements could only recently be made, but every exertion was being made for its recovery.

35. In Moorshedabad the statute of limitation operated as a bar to the recovery of the bulk of the old balance. A small sum was irrecoverable, owing to death and desertion of ryots; of the remainder, part was paid in after the close of the year, and the rest was under realization.

36. In the 24-Pergunnahs the balance was almost entirely on account of the Paikparrah estate. Nearly Rs. 15,00,000, which appertained to the period before wardship, proved irrecoverable, being barred by the statute of limitation. The estate is under careful management, and every endeavour will be

made to adjust the accounts. The good balance, both old and new, was under recovery, either by instalments, or execution of decrees obtained against the defaulting tenants.

37. In Beerbhoom the bulk of the balance was good, and steps were being taken for its recovery; a small sum proved irrecoverable, owing to death and insolvency of ryots.

38. In Hooghly, a sum of Rs. 2,302 was pending enquiry into the damages to the crops caused by the inundation of 1868, and measures were in progress for the recovery of the remainder.

39. In Purneah, suits were about to be instituted for the recovery of a large portion of the balance, and endeavours were being made to induce the ryots to pay the remainder by instalments; a small sum in this district proved irrecoverable, owing to death and desertion of ryots.

40. In Bhaugulpore a sum of Rs. 49,000, which accrued before the estate came under the management of the Court of Wards, will have to be struck off the accounts as irrecoverable; a sum of Rs. 33,210 was due by four debtors; the necessary proceedings which were adopted for the realization of the claim proved fruitless, as the parties possessed no property. Under these circumstances, the Collector thinks this sum will have to be reported for remission. Rs. 19,000 was the balance remaining unrealized out of the kist due in February, and had been mostly realized since the close of the official year. Rs. 4,641 were covered by a decree which was pending in execution, and the remainder of the balance was under realization.

41. In Shahabad, Rs. 5,117 were barred by the statute of limitation; this, with insolvency and desertion of ryots, was the cause for the bad demand being so large.

42. In Tirhoot, the statute of limitation operated as a bar to the recovery of a large portion of the old balance. Nearly Rs. 20,000 were covered by decrees against debtors; Rs. 31,360 were included in amicable settlements; Rs. 53,156 were covered by decrees, which were irrecoverable, from the fact of the debtors having no property whatever; Rs. 10,289 was the balance due on account of mehals of which the leases had been cancelled in default, and which were held consequently under seer management; steps were in progress to realize as much as possible in cash, and the remainder of the balance was under recovery.

43. In Gowalpara a portion of the balance was barred by the statute of limitation, and the realization of a portion had been impeded by the death and removal of ryots and other causes. The good balance was in course of realization, either by instalments or execution of decrees obtained against the defaulting tenants.

44. In Hazareebaugh, suits were about to be instituted for the recovery of a portion of the balance, and the rest was under realization.

45. In Singbhoom the bulk of the balance was good, and stringent measures were being adopted for its recovery.

46. In Chittagong a large portion of the balance was due from diluviated and deteriorated lands, and the remainder was in train of liquidation.

47. In Tipperah, a small portion of the balance was barred by the statute of limitation. A part was realized after the close of the year, and for a part decrees had been obtained, and measures were being taken for the recovery of the remainder.

Working of Acts XXXV. and XL. of 1858.

48. One estate in the 24-Pergunnahs and another in Tipperah, belonging to lunatics, were brought under the Collector's management during the year. Two estates in Rajshahye, one in Dinagepore, one in Tirhoot, one in the 24-Pergunnahs, and four small estates in Sarun, also came under the Court's management. Three estates were released during the year in Midnapore, Beerbhoom, and Moorshedabad.

49. As an example of the successful management of Wards' estates, the Board have much pleasure in bringing to the notice of Government the circumstances of the Hetumpore estate, which was released from management in March, 1869, in a thoroughly healthy condition. When the Court of Wards assumed charge of the estate, it had been reduced by the folly of its owners to a state of extraordinary disorder, the debts alone being Rs. 1,37,246, the arrears of the Government demand, Rs. 2,322, the arrears of rent due to superior landlords, Rs. 33,945, and the arrears of rent due to the estate, Rs. 43,000. During Mr. Hume Smith's management of a little less than four years, the whole of the liabilities have been paid off, and a sum of Rs. 2,87,600 has been invested in Government Securities. There has been also an increase of Rs. 11,531, or 1·18 per cent., to the rent-roll of the estate.

Wards' Institution.

50. During the year one Ward was admitted into the institution, and one left it on attaining his majority, leaving six at the close of the year on the roll.

51. The names of the boys on the roll at the end of the year with their ages, and the districts from which they came, are given below :—

Hemanath Dutt ...	16 years	...	... 24-Pergunnahs.
Soorendranath Dutt ...	14 „	...	... Ditto.
Juggut Chunder Chowdry	10 „	...	... Dinagepore.
Radhicaunt Bannerjee	13 „	7 months	... 24-Pergunnahs.
Kalikrishna Chowdry .	14 „	9 „	... Tipperah.
Poorno Chunder Dhall .	8 „	...	... Midnapore.

52. The conduct of the pupils is reported to have been uniformly good, and the progress in learning satisfactory.

53. The total expenditure of the year was Rs. 27,932, inclusive of Rs. 10,279, the personal expenses of six boys, the average cost being about Rs. 388 per month, or Rs. 4,655 per annum per boy. A separate report regarding the best means of reducing this expenditure, whilst providing a suitable education for the Wards, is now under preparation.

54. The institution was visited during the year by Messrs. W. S. Atkinson, R. B. Chapman, C. H. Campbell, Kumar Harendra Kishna, and Baboos Kristodass Paul, Chunder Mohun Chatterjee, Ramnath Tagore, and Digumber Mitter.

Estates attached by order of the Courts.

55. During the year 39 attachments were ordered by the Local Civil Courts, and 8 by the Criminal Court, making a total of 47, embracing 217 properties, of which 47 were estates paying revenue to Government, and 105 holdings paying rent to superior landlords or rent-free.

56. The amount of revenue payable to Government was Rs. 37,107, consisting of Rs. 35,544 current, and Rs. 1,563 arrear demand. Of the current demand, Rs. 34,170, or 96·1 per cent., were collected, and of the arrear demand, Rs. 1,025, or 65·5 per cent. The percentage of total demand to total collections was 94·8. A small balance of Rs. 1,912 remained uncollected at the end of the year.

57. The rents due to superior landlords amounted to Rs. 10,764 current, and Rs. 2,002 arrear, making a total of Rs. 12,766. Of the current rents, Rs. 4,865 were paid, and of the arrear rent, Rs. 1,628 were paid. The percentage of payment to dues was 50·8. The balance unpaid was Rs. 6,273, the bulk of which appertained to the Chota-Nagpore Division.

58. Rents due to the estates consisted of Rs. 1,46,125 current, and Rs. 45,236 arrear, making an aggregate of Rs. 1,91,361 Of the current rents, Rs. 1,08,570, or 74·3 per cent., were collected, and of the arrear rents Rs. 20,314, or 44·9 per cent. were collected, Rs. 511 were remitted, leaving a balance of Rs. 62,477. The balances, except that due in the Chota-Nagpore Division, of which no details have been supplied, are classified below :—

Due prior to attachment.

Bad and irrecoverable		Rs. 4,363

Due since attachment.

Bad and doubtful	Rs. 6,897	
Not legally realizable till close of the year ...	,, 5,773	
Good	,, 12,130	
		,, 29,163
Due in Cheta-Nagpore		,, 33,314
Total Rupees ...		62,477

59. The districts which appear to greatest disadvantage are Backergunge, Chittagong, and Pooree.

60. In Backergunge, Rs. 4,111 were not realizable before the close of the year, Rs. 3,510 were considered doubtful, and the remainder was under collection.

61. In Chittagong, Rs. 4,626 was a nominal balance, resulting especially from incorrect accounts originally rendered by the proprietors, and the remainder was in process of recovery.

62. In Pooree the balance of Rs. 1,354 was not realizable before the close of the year.

63. The balances in the other districts are good, and measures were being taken for their recovery.

64. The total receipts from these estates, including the previous year's cash balance, amounted to Rs. 1,89,128, and the total disbursements, inclusive of Rs. 34,891, paid to the proprietors under orders of Court, amounted to Rs. 1,50,867, leaving a balance of Rs. 38,385 to credit of the proprietors at the close of the year.

Syedpore Trust Estate.

65. The particulars of this estate are given in the Statement at foot of Appendix No. 5. Of the Government demand of Rs. 95,278, Rs. 95,254, or 99·9 per cent., were realized during the year; and of Rs. 2,29,354, rent due to the estate, Rs. 1,66,256, or 72·5 per cent., were recovered, leaving a balance of Rs. 61,856. The total income of the estate was Rs. 2,13,340, and the total disbursements were Rs. 1,62,800; the balance in favor of the estate at the close of the year was Rs. 50,540.

No. 6—Proceedings under the Rent Laws
No. 7.—Execution of decrees and appeals
No. 8.—Applications to Collector for aid in distraint, and to Civil Court Ameens, or other officers for sale of distrained property.
No. 9.—Operation of the penalty provision of Act VI. of 1862, B.C.

66. The following abstract, with remarks on the proceedings under the Rent Laws during the year, is repeated from the Board's Preliminary Report. The figures have been corrected where necessary :—

Section and Cause.	Nature of Case.	FOR DISPOSAL. Remaining from last year.	New institutions.	Revivals of suits, Section LVIII.	Re-hearings of suits, Section CLIV, and Remands.	Total. „ Resistance of process cases	88	94

68. In the following Table, applications and notices are compared with those in the year preceding :—

	In 1867-68.	In 1868-69.
Applications for		
Ejectment	1,281	560
Registry	131	75
Leave to measure	265	206
Measurement by Collector	125	92
Record of tenures by Collector	5	6
Total ...	1,807	939
Notices of		
Enhancement	24,011	12,894
Relinquishment	5,560	8,017
Deposit	16,663	16,040
Total ...	46,234	36,951

69. The institutions have been less than in the previous year. An increase is only shewn under the heading "Notices of Relinquishment." The increase seems to have been largest in the Bhaugulpore, Presidency, and Rajshahye Divisions.

70. There were 3,123 suits for revivals, and 1,696 for re-hearings, against 3,268 for the former, and 1,771 for the latter in the previous year.

71. The disposals during 1868-69 were 98,068 suits, and 1,075 applications, against 1,03,125 suits, and 2,046 applications in 1867-68. The suits disposed of after formal proceedings were 68,714, against 71,281 in the previous year.

72. Six thousand two hundred and twenty-five suits were pending on the file at the close of the year; of these 4,681 had been instituted within the month. The pending suits at the end of the previous year were 7,866.

73. Decrees executed through the Collector numbered 63,078, against 61,587 in 1867-68.

74. During the year 5,542 appeals were filed before the Collectors. The arrears of the previous year amounted to 503 cases. The Collectors had thus 6,045 appeals on their files for disposal ; of these 5,513 were disposed of, leaving 532 pending. Of the pending appeals, it will be seen that a large number (426) had been filed less than two months before the close of the year.

75. The value of claims on new institutions during the year of report, and the year preceding, are compared below :—

	1867-68.	1868-69.
Suits	59,20,455	42,53,793
Applications	5,09,162	1,94,364

76. The decrease in institutions is attributed by the Commissioners of Patna, Bhaugulpore, Rajshahye, and Burdwan to the enhanced Stamp Duty required by Act XXVI. of 1867, which is believed to press hardly on the purely agricultural classes. Mr. Buckland also attributes the decrease in his division, in a measure, to the reluctance on the part of the Zemindars to enforce payment of demands from such of their tenants as were impoverished by the inundations and the loss of crop last year, and against whom, though it was comparatively easy to obtain decrees, it would have been difficult to execute them successfully.

77. The procedure in rent-suits in the several divisions has been generally correct. The relations between landlord and tenant continued satisfactory in all the districts except Chumparun, where a rupture occurred between the Indigo planters and their tenants. The causes which led to this rupture are thus described by the Collector :—

"The management of the Bettiah estates, which cover the greater portion "of the district, had passed within the last five years from the active manage-"ment of the Rajah into the hands of three trustees, of whom the working "trustee was Captain Cole, appointed by the late Commissioner of Patna.

"When Captain Cole undertook to redeem the estate from debt, he ad-"vocated and set on foot a system of selling the leases to the highest bidder.

"Captain Cole was succeeded by Mr. Gibbon, who, against his own better "judgment, but at the advice of his co-trustee, the Maharajah of Benares, carried "on the same system.

"The ryots reflected that the enhanced jummah would be eventually "borne by them, and took counsel as to what course they should best pursue. "They were advised to make use of Act VI. of 1862. The tenants, therefore, in "villages where enhancement was apprehended, deposited their rents into the

"Collectorate, with a view of contesting any enhanced demand, and shewing by "the deposit register the amounts of their rents in 1275 F.

"In a short time the ryots imbibed the idea that there was a law by "which they could evade all payment at the Zemindaree Kutcheries by paying "their rents into the Collectorate. Complaints, too, by Ticcadars began to be "made, that the provisions of Act VI., Section 4, requiring the amount to be "first tendered, were altogether being evaded. Enquiries were at once insti-"tuted, and this was found to be the case. The practice was checked."

Working of Act V. of 1863, B.C.

78. Two thousand three hundred and thirty peons were employed in the work of the department: 526 on Rs. 7 a month, 1,024 on Rs. 6, the remaining 780 were hired as their services were needed.

79. 50,697 processes were issued free of charge, and 3,65,892 were paid for. The whole are thus classified:—

Issued free	50,697
For 2 annas each	37,822
,, 4 annas ,, ...	82,942
,, 8 annas ,, ...	83,781
,, 1 rupee ,, ...	1,61,346
,, 2 rupees ,, ...	1
Total ...	4,16,589

80. The actual amount credited to Government, including demurrage for 25,709 days, was Rs. 2,42,883. The account stands as follows:—

	Rupees.
Balance to credit of Government last year	3,56,533
Credited this year	2,42,883
Total ...	5,99,416
Charges this year	1,98,855
Balance ...	4,00,561

81. The number of journeys in which the processes were carried is as follows:—

Single journeys	35,622
Journeys in which two processes were carried	22,120
Journeys in which three processes were carried	15,108
Journeys in which more than three processes were carried ...	41,733
Total ...	1,14,583

82. It will be observed, that the number of processes issued free of charge in the year under report is 50,697, against 45,097 in the preceding year. This increase is principally in the districts of the Bhaugulpore division, and in Midnapore, in the Burdwan division.

83. The districts shewing a debit balance at the close of the year were Purneah, Hazareebaugh, Loharduggah, Singhbhoom, Gowalpara, Balasore, Cachar, Sylhet, Chunparun, Soonderbuns, Maldah, Pubna, and Rungpore.

84. The largest balances were in Cachar, Purneah, Hazareebaugh, Loharduggah, Balasore, and Sylhet.

85. Durrung, Bullooah, Pooree, Backergunge, Tirhoot, and Jessore shewed the principal profit, the largest amount being Rs. 4,934, and the smallest, Rs. 3,668, in the above districts.

86. The revised rules for the service of processes of the Revenue Courts, as approved in G. O. No. 4298, dated 29th December last, have been published and circulated for the guidance of local officers.

No 10.—Proceedings under the Resumption Laws.

87. Seven suits for resumption of lands held rent-free on invalid title, with an estimated rental of Rs. 705, were decided in favour of Government, and eight suits, with an estimated rental of Rs. 319, were released from further claim; 26 suits were pending disposal at the close of the year.

No. 11.—Proceedings under Act XI. of 1859.

88. Seven hundred and ninety-three estates, with a revenue of Rs. 46,379, were sold for recovery of their own arrears for Rs. 5,71,081, of which 56, bearing a revenue of Rs. 4,998, were purchased for Government for Rs. 52; the remaining 737 estates, with a revenue of Rs. 41,381, were bought by private individuals for Rs. 5,71,029. The balance for which the estates were sold was Rs. 19,010. There were no sales in Beerbhoom, Balasore, Pooree, Chumparun, and Maldah.

89. The largest number of estates was sold in the districts of Chittagong and Sylhet: in the former 244 estates, and in the latter 176. The aggregate Government revenue of these 420 estates was Rs. 12,273; the price they fetched at sale was Rs. 1,15,290, or, on an average, upwards of nine times the revenue.

90. In 58 cases purchasers forfeited their deposits under Section 23 of the Act, and in one case the proprietor regained his estate. Nineteen estates, separated under Sections 10 and 11, were sold, with a revenue of Rs. 7,020, for Rs. 1,67,828, for dues amounting to Rs. 880. Rights and interests in five estates were sold for recovery of Rs. 546, arrears of other estates, for Rs. 386, and in 45 estates for recovery of Rs. 1,08,862; demands other than land revenue

for Rs. 29,800; 2,916 estates, bearing a revenue of Rs. 10,04,519, were exempted from sale under Section 18. There were nine appeals against sales under Section 25, and in five cases the sales were annulled.

91. During the year, 694 separate accounts were opened under Section 10, bearing a revenue of Rs. 2,52,248, making altogether, up to the close of the year, 4,734 such accounts, with a revenue of Rs. 21,82,334. Of these, two accounts, bearing a revenue of Rs. 564, were closed by sale of the whole estate under Section 14, leaving open 4,732 accounts, bearing a revenue of Rs. 21,81,770, up to the close of the year.

92. Two-hundred and forty-six separate accounts were opened under Section 11, bearing a revenue of Rs. 17,863, making a total of 928 accounts, for a revenue of Rs. 2,16,842, up to the close of the year.

93. The following Table shews the entries that have been made in the common and special registers:—

		Tenures Registered this Year.			Tenures Registered up to the close of the Year.		
		Number.	Area in Acres.	Rent.	Number.	Area in Acres.	Rent.
				Rs.			Rs.
Common	Modern ...	159	2,38,289	87,217	2,466	39,64,196	15,70,116

	Total ...	9	31,820	7,069	249	5,58,237	2,94,416

Imprisonment for Government demands.

94. Imprisonment was resorted to in seven districts for the realization of Government demands, as shewn in the Table below :—

Districts.	Number in confinement.	Released.	Remaining in Confinement.		
			From last year.	Of this year.	Total.
Sylhet	2	2	......	......	......
Kamroop	1	1	......	......	......
Patna	1	1	......	......	......
Bograh	2	2	......	...	......
Shahabad	2	2	......	......	.
Mymensing	1	......	......	1	
Pooree	1	1	......	......	...
Total	10	9	......	1	

95. The number of persons confined was less by nearly half than in the preceding year.

Settlements.

96. Two thousand three hundred and twenty-three estates were settled during the year; of these 241 were settled for the first time, at a revenue of Rs. 64,080 ; 1,728 were re-settled at a revenue of Rs. 21,05,223, being upwards of 7 lacs of Rupees in excess of the revenue of the previous settlements, and 354 were summarily settled, pending detailed assessment, at a revenue of Rs. 3,77,541. There remained for settlement 3,406 estates, with an estimated revenue of Rs. 22,22,042. The largest increases were obtained in the Assam Districts. During the seasons 1867-8 and part of 1868-9, Mr. L. R. Forbes completed the settlement of 297 villages, in Pergunnah Palamow, Lohardugga, effecting an increase of revenue to the amount of Rs. 11,837-14-4, over the previous settlement of the same villages. This is considered by the Commissioner, and the Board agree with him, to be very satisfactory, especially as it has not been obtained by any additional burden on the people. "The present settlement," the Commissioner reports, "is hailed with joy by the cultivators generally."

97. Mr. Extra Assistant Commissioner W. N. Campbell, who was appointed settlement officer, to effect a regular settlement of the Burkagurh and other Government estates in Chota-Nagpore (Proper), commenced operations in November, 1868, and continued up to 28th March last, when he was posted to Palamow, during the employment of Mr. L. R. Forbes, the Sub-Divisional officer, on Famine Relief Works. Mr. Campbell had to test Major Thompson's

measurements, and as these were found incorrect, re-measurements had to be made in six villages, in which enquiries as to special tenures were made, and registers of the ryots and their jotes prepared; but no actual settlement has yet been effected, in consequence of there being no officer in the division available for the work.

Soonderbuns.

98. With the aid of a single Deputy Collector and one surveyor, the following work was effected by the Commissioner. Twenty-four settlements, comprising an area of 1,67,753 biggahs, at an annual revenue of Rs. 51,902, giving an addition to the revenue roll of Rs. 8,712; thirty inspections of lots; 13 estates surveyed, the area being 27,697 biggahs; and 2 estates, comprising an area of 3,365 biggahs, measured at a cost of Rs. 67.

99. Notices were served on the Port Canning Company on the 8th of March last, cancelling their Bunkur leases. The Board concur in the following remarks made by Mr. Rivers Thompson, Commissioner of the Presidency Division :—

"It may be a question for consideration, as to the arrangements which "should be adopted for the future realization of a revenue, from the forest pro- "duce of the ungranted lots in the Soonderbuns. The Commissioner of the "place has mentioned to me his wish to inaugurate such a scheme, when the "Port Canning Company's leases expire. But apart from the difficulties of any "organization for such a purpose, which would in so extended a tract of country "be free from serious evils, I think it would be advisable, for some time at least, "not to attempt the realization of any revenue from such sources in these "parts."

100. Five small estates were under the Soonderbuns Commissioner's direct management, as per details below. The small collections are accounted for by the lands being almost entirely under jungle. The balance shewn is considered to be irrecoverable :—

Number of Mehals.	Demand.			Collections.			Remissions.	Balance.		
	Current.	Arrear.	Total.	Current.	Arrear.	Total.		Current.	Arrear.	Total.
5	53	195	248	53	82	135	42	...	71	71

Grants, leases, and sales of waste lands, and commutations of revenue.

101. The following Tables shew particulars of grants, commutations of rent, and sales of waste lands, and of leases of waste lands for tea cultivation, under the ordinary conditions for cultivation in each district :—

Grants of Waste Land under the Old Rules.

Districts.	In 1868-69.				Altogether to end of 1868-69.			
	Number of grants.	Area in acres.	Present income.	Eventual maximum income.	Number of grants.	Area in acres.	Present income.	Eventual maximum income.
Durrung ...	...	...	...	...	19	7,419	...	2,782
Kamroop ...	...	...	...	...	31	10,540	...	3,952
Luckimpore ...	...	...	...	...	54	95,431	76	26,840
Nowgong ...	...	...	...	...	23	23,525	...	6,617

Soonderbuns ...	...	...	...	...	152	6,33,845	33,265	1,85,180
Total ...	5	6,106	...	2,290	574	12,49,129	33,341	3,96,861

102. Of the 109 Seebsaugor grants shewn in the previous year's return, one whole grant and a portion of another grant were resumed; hence the figures in Column 9 are not the aggregate of those shewn in the same column of last year's return, and in Column 5 of the above Table. A similar difference in the figures against the Soonderbuns is attributable to the relinquishment of three grants.

Commutation of Revenue of Waste Lands.

Districts.	In 1868-69.					Altogether to end of 1868-69.				
	No. of grants.	Area in acres.	Government revenue of lands commuted.	Price of commutation paid.	Price remaining to be paid.	No. of grants.	Area in acres.	Government revenue of lands commuted.	Price of commutation paid.	Price remaining to be paid.

Chittagong	Whole ..	38	1,00,950
	Portion .	...	......
Darjeeling	Whole .	...	... ..
	Portion .	3	743

104. The survey and demarcation of waste lots in Chittagong, in connection with the relinquishment of lots, is now going on. More than half the lots have been demarcated, and the field season now being over, the surveyor is employed in making the maps; on receipt of each of these, the Collector will take up and deal with the proceedings of the Deputy Collector in regard to Noabad lands that were erroneously sold with waste lots, and report the whole to the Commissioner, who promises to submit his report on the subject when he has gone through the work of the season.

No. 12.—Sales of proprietory rights in Government estates.

105. During the year, the proprietory rights of Government in 112 estates, bearing a revenue demand of Rs. 34,154, and in 29 shares of estates, of the annual value to Government of Rs. 1,999, were sold for Rs. 2,59,571. Altogether 5,012 whole estates, bearing a revenue demand of Rs. 11,43,076, and 343 shares of the annual value of Rs. 38,568, have been sold for Rs. ,110,41,505. There remained for sale 1,853 whole estates, with a revenue demand of Rs. 10,66,512, and 36 shares of the annual value of Rs. 40,218, which are estimated to realize Rs. 52,83,914. Seventeen blocks of C. lands, relinquished by the East Indian Railway Company, were sold for the sum of Rs. 4,694.

No 13—Lands taken for public purposes, and compensation paid for them.

106. Two thousand eight hundred and eighty-two acres of land were taken up during the year for general, railway, irrigation, and municipal purposes, for which a compensation of Rs. 4,38,642 was paid; of this amount, Rs. 2,74,171 were paid by the municipal authorities, and the remainder by Government. A memorandum shewing lands used for public purposes, other than railway and irrigation, but subsequently given up, is appended to the Statement No. 13.

107. The Board's report on the provisions of the Bill to amend the law for the acquisition of land for public purposes, was laid before Government in this office letter No. 3587B., dated 2nd June 1869.

No. 14—Business performed in Collectors' Offices.

108. The number of cases disposed of by 52 district officers was 2,88,947, leaving 58,218 pending disposal, against 3,02,624 disposed of, and 60,101 pending in 1867-68. The items of business not forming cases, such as reports, letters, and proceedings written, and bills passed, &c., amounted to 9,64,556, against 18,14,912.

109. The marked decrease in the present year's figures is attributable to the exclusion from the Collectors' business statements of the heading "*No. of new entires made in Registers No. 48 onwards,*" which was expunged under the Board's orders, as the entries under that head were made without any degree of uniformity, and their inclusion did not subserve any practical purpose.

Arrangement of Records.

110. Satisfactory progress has been made in the arrangement of records in all the divisions save Rajshahye, where the work of arranging the English records is delayed, pending a reference to all Commissioners on the suitability of the present rules.

Sub-Divisional Treasuries.

111. The total receipts at sub-divisions during the year were Rs. 63,35,122, and the disbursements were Rs. 50,80,035. The system continues to work well, and a special report is now under preparation under the orders of Government, No. 3037, dated 14th August, 1869.

District Libraries.

112. The official libraries are reported to be in good order.

Visits of Collectors to the interior.

113. The officers named below were in the interior of their districts for two months and more :-

	M.	D.
Major Comber, (Durrung)	5	16
„ Stewart, (Luckimpore)	5	0
Mr. Edgar, (Cachar)	4	16
Major Lloyd, (Nowgong)	4	9
Mr. Alexander, (Mymensing)	4	7

„ Graham, (Dacca)	2	22
„ Wavell, (Bograh)	2	26
„ Westland, (Jessore)	2	23
„ Pawsey, (Chittagong)	2	11
„ Kemble, (Sylhet)	2	11
„ Lowis, (Maldah)	2	8
„ Harris, (Beerbhoom)	2	6
Lieutenant Gregory, (Naga Hills)	2	6
Mr. Armstrong, (Cuttack)	2	0

114. Some officers were unable to go out at all, while others were out for very brief periods. The reasons assigned are various, but generally sufficient Captain Clarke was only 18 days in the interior of his district (Seebsaugor), but that gentleman being now on leave in England, the Commissioner is unable

to furnish any explanation regarding his short visit. Captain Campbell did not assume charge of the district until the 1st of February, and was consequently unable to make any tour. In Bhaugulpore, Mr. D'Oyly was in the interior only 14 days. Mr. Wells, who officiated for Mr. D'Oyly during his absence on leave from 30th October to 7th January last, was in the Mofussil for 15 days. Thus 29 days only were spent on tour by both Collectors during the year. The cause of this is explained as attributable partly to the charge of the district having twice changed hands during the cold season, and partly to there having been no Joint-Magistrate for a considerable period, which obliged the Magistrate, in the absence of an officer who was qualified to take up Railway cases, to remain in the station. In Howrah, Mr. Tottenham was unable to make any tour during the cold weather, owing to severe illness, which compelled him to take leave. In Maunbhoom, during the greater part of the cold weather, Mr. Clay was under medical treatment for wounds received from a tiger, and this circumstance kept him confined to his head-quarters.

No. 15.—Business performed in Commissioners'. Offices.

115. This statement calls for little remark. The business was heavier in the Patna Commissioner's office than elsewhere, and lightest in Chota-Nagpore and Cooch-Behar. The following is a comparative memorandum for the two years :—

	In 1867-68.		In 1868-69.

Remaining	524	.... .	510	.....

Tours of Commissioners.

116. The Commissioner of Assam, Colonel Hopkinson, was away for seven months from his head-quarters, and the Officiating Commissioner, Colonel Agnew, 1 month and 23 days. The latter officer states that in his progress to Debroo, the Mouzadars of every Mouzah he passed through met him, and at halting places he was visited by those in charge of the neighbouring Mouzahs. In this way he saw a large number of those officers, and learnt from them the feeling of the people. The only complaint that reached his ears during his journey was in respect to delay in paying the Mouzadars their commission, and he issued orders which he hoped would have the effect of producing a remedy in respect to the matter complained about. In regard to the new rate of assessment, at only two places, both in the Nowgong District, was there a word said in the way of complaint, and in neither instance were there over a score of men present. In Bhaugulpore, Mr. Dalrymple spent 79 days on tour. In Burdwan, Mr. Herschel was on tour for 16 days, visiting Midnapore and Sooree. Mr. C. H. Campbell for 9 days, visiting Hooghly and Sooree. Mr. H. Cockerell for 2 months 18 days, visiting Beerbhoom, Hooghly, and Howrah; and Mr. Buckland for 2 months 19 days, visiting Hooghly, Howrah, and Beerbhoom. In Chittagong, Lord Ulick Browne's tour extended over a period of 2 months. He visited the Hill Tracts

twice. He went to Kootubdea, and inspected the Cox's Bazar Sub-division; he had intended to visit the sub-division of Dukhin Shabazpore, but the gun-boat engines failed, and he found that, owing to the dangers of the Megna bores, he would be unable to manage the visit without waiting on at Noakally for a longer time than he could spare. Colonel Dalton's tour in Chota-Nagpore covered a period of nearly 5 months. On the 13th of June, 1868, he started in progress to Keonjhur, having been directed to exercise powers of Superintendent in the Cuttack Tributary Mehals, and co-operate with Mr. Ravenshaw in suppressing disturbances there. He was engaged on this duty till the 16th of September, when he broke up his camp in Keonjhur, and marched to Chyebassa, and thence to Ranchee, which place he reached on the 5th of October. He started again on the 4th December, and, after visiting the offices at Govindpore and Purulia, he returned to Ranchee on the 24th of January. On the 5th of March last he proceeded to Palamow, where he inspected the famine relief works, and returned to head-quarters on the 14th idem. In Cooch-Behar, Colonel Haughton's visit to the interior covered a period of 98 days, during which all parts of the division were visited. He reports that he found the people in general contented and prosperous. The crops had suffered somewhat from the floods in Gowalpara, but the general opinion seemed to be, that the early losses had been made up. In Cuttack, Mr. Ravenshaw was called away to the Tributary Mehals in the end of June, 1868. He returned at the end of November. During his absence, Mr. Molony, who officiated as Commissioner, visited the Chilka Lake Tracts. He also went down the Kendrapara Canal during the drought, when there was much confusion about supplying water, owing to the urgent and sudden demand. Mr. Ravenshaw, in January and February, inspected the Balasore, Bhudruck, Jajipore, and Kendrapara offices, and went away on leave at the end of the year. Mr. Simson, the Commissioner of Dacca, spent 136 days in the interior of his division. He visited every district and head station, and most of the sub-divisions during the year. His visit to Furreedpore and general plans for cold weather tour were broken up by the sudden rise of the Looshais, on the borders of Sylhet and Cachar, where he was obliged to proceed at once, and where he was detained more than 2 months. Mr. Jenkins' tour in Patna extended over a period of 137 days, during which he visited every district and most of the sub-divisions. In the course of his tour he enquired carefully and closely into the condition of the crops. "The last 6 months of the past year were," he writes, "very critical for all agriculturists, and considering the want of rain, it "seems marvellous how any crops at all were reaped. The drought still con-"tinues, and unless relieved by heavy rain soon, the prospects for the future "must be sadly interfered with. Timely rains, however, will alter everything, "and will remove the gloom which overshadows all agricultural operations." In the Presidency Division, Mr. Chapman, during the year, inspected all the sub-divisions in Jessore and the 24-Pergunnahs, his tour occupying a period of nearly 2 months, including a month spent at Jessore head-quarters. Mr. Rivers Thompson, having succeeded to the office towards the close of the year (11th January), and being detained at the time in Calcutta on special duties, was unable to complete Mr. Chapman's programme of tours in the district of Nuddea, an omission which, Mr. Thompson observes, is the less to be regretted,

as the whole of the inspection work in the division had, in the previous year, been most carefully conducted, and in great detail. In Rajshahye there was no regular tour by the Commissioner, owing to several changes in the office. Mr. Robinson left India in October last, and was succeeded by Mr. Lane, who held office up to January, when he was relieved by Mr. Molony, and Mr. Lance assumed charge of the office on the 24th March last. Mr. Robinson's last year's tour, however, extended to a portion of this year, *viz.*, from the beginning of April to the second week of May, during which time he was at Maldah, looking after the completion of the proceedings against Deputy Collector Sahebzadah Ahmed Ally, who was accused of bribery and corruption. Mr. Lane, expecting to be relieved daily, visited only the district of Pubna, being on tour for only 18 days. Mr. Molony did not go out, and Mr. Lance, having taken charge when the year was drawing to a close, was unable to leave head-quarters.

117. The following Commissioners held office during the year:—

ASSAM	Col. H. Hopkinson, from 1st April, 1868, to 24th January, 1869.
	„ Agnew, from 24th January, 1869, to end of year.
BHAUGULPORE	Mr. J. W. Dalrymple.
BURDWAN	„ W. J. Herschel, from 1st April to 30th June, 1868.
	„ C. H. Campbell, from 1st July, to 5th August, 1868.
	„ H. A. Cockerell, from 6th August to 28th December, 1868.
	„ C. T. Buckland, from 29th December, 1868, to 31st March, 1869.
CHITTAGONG	Lord H. U. Browne.
CHOTA-NAGPORE	Col. E. T. Dalton.
COOCH-BEHAR	„ H. Haughton.
ORISSA	Mr. Ravenshaw, from 1st April, 1868, to 27th June, 1868.
	„ Molony, from 28th June, 1868, to 30th November, 1868.
	„ Ravenshaw, from 1st December, 1868, to 27th March, 1869.
	„ Molony, from 28th to 31st March, 1869.

DACCA	Mr. F. B. Simson.
PATNA	„ R. P. Jenkins.
PRESIDENCY DIVISION ...	„ R. B. Chapman, from 1st April, 1868, to 11th January, 1869.
	„ Rivers Thompson, from 11th January to 31st March, 1869.
RAJSHAHYE	„ W. Le. F. Robinson, from 1st April to 23rd June, and again from 25th June to 9th October, 1868.
	„ C. H. Campbell, on the 24th June, 1868.
	„ T. B. Lane, from 10th October, 1868, to 3rd January, 1869.
	„ E. W. Molony, from 4th January to 15th March, 1869.
	„ H. Hankey was in charge from 16th to 23rd March, 1869, and Mr. C. E. Lance, from 24th to 31st March, 1869.

Transfers of Ministerial Officers.

118. Transfers of Ministerial Officers have been made generally in the Patna and Rajshahye Divisions, and partially in the Bhaugulpore, Chittagong, and Presidency Divisions. The Commissioner of the Orissa Division states that it has not been thought advisable to transfer any officers (except in one instance.) The expediency of continuing this rule is under consideration.

Government Suits.

119. With reference to the resolution of Government on the report of the Superintendent and Remembrancer of Legal Affairs for 1867-68, I am directed to state that Collectors have generally worked fairly in preparing and conducting suits in which Government are interested. The Commissioner of Patna reports that he had occasion more than once to impress upon his Collectors the importance of their duties in connection with Government suits, and that he has every reason to be satisfied with the manner in which they prepare and conduct the Government and Wards' cases. The attention shown by Collectors in the realization of outstanding claims is also generally satisfactory.

120. The following extract regarding tea and coffee cultivation is from the Chittagong Commissioner's Report:—

Tea.

"Tea cultivation has progressed satisfactorily during the past year. I "have not heard of any new garden being opened; "but on the other hand, the old gardens, with scarcely "an exception, are going on well, and have, of course, increased in value with a "year's growth of the tea bushes. The yield of tea for the current season will

"be very largely in excess of that of last year, and though the year has not, "until quite lately, been on the whole so favourable as regards rain and sun-"shine as it was last year, the present month of May has been extraordinarily "favourable, and the quantity of leaf manufactured will be very large. I see "no reason to doubt that the cultivation of tea promises to be a permanent "success in Chittagong and the Hill Tracts.

Coffee.

"Little Coffee is cultivated, and there seems to be no inclination to "increase the quantity. I believe that tea is con-"sidered more certain to succeed, and engages the whole attention of most planters."

121. The subjoined important remarks are extracted from the Cuttack Commissioner's Report :—

Prospects of Crops.

"The prospects of the crops early in the year was a source of great anxiety. "The heavy floods in June, which destroyed, for the "most part, the whole of the early sowings in the "north of Balasore, and in the country between the Salundee and the "Brahminee, in the Balasore and Cuttack Districts, did not prove so destructive "to the eventual outturn as was expected. Much of the land was re-sown, "and by a curious and happy coincidence, the loss was greatest where the "dalooa crops had been plentiful. On the sea-coast tracts of Kunika, there "was a very good sarud crop, which suppliedi n a measure the deficiency in "the Jajipore direction. Another source of anxiety, and a more serious one, "arose from the sudden cessation of the rains in October; but eventually a "fair crop on the average was reaped, and there has been no distress calling "for relief measures. The Government stocks of rice in the country have "done much to inspire confidence; and the continual vigilance of the Govern-"ment officers has, no doubt, tended to foster a spirit of carefulness amongst "the cultivators. Up to the end of the year there had been but a small demand "for the Government rice. This has, however, changed during May and June, "and now there are very extensive retail sales throughout Cuttack.

False Point and Kendrapara Canal.

"This most important line of communication with the outer world has "now been established. I expect, before this report "is in the hands of the Board, to accomplish the "journey from Cuttack to the Anchorage at False Point in a steamer. The "tidal lock at Narsagy has been completed, and the formal opening of the "canal takes place this month. The B. I. S. N. Company's steamers call once "a month on the way to and from Calcutta and the coast ports, and are doing "a paying business. When facilities are afforded to shippers from Cuttack, "no doubt this will expand.

Irrigation.

"During last September and October, a larger demand for canal water "arose than could be met. The proceedings of the "ryots in cutting embankments of canals and distri-"butaries, and in surreptitiously obtaining water, for which they had not settled,

"were very reprehensible. It was rendered necessary to depute Deputy Collec-"tors to measure the whole of the irrigated land, and the collections have not "yet been completed. The system of leasing adopted by the Irrigation Company "broke down, and there has been a great deal of confusion and trouble in conse-"quence. The Collector of Cuttack, in his report, speaks more particularly of "this. The canals now open for irrigation are :—

"The Kendrapara Canal, about 40 miles long.
"The High Level Canal, about 25 miles.

"The subject of dispensing irrigation water and collecting rates is now, "I undersand, under consideration. It is a very difficult one, and I trust it "may be speedily and satisfactorily settled.

Communications.

"It is needless to mention these further, than to say there has been progress, "and that the roads are now perhaps better than they "have ever been in Orissa.

Improvements.

"The Khas Mehal Fund in Khoordah has been drawn upon as usual to "support the Charitable Dispensary at the sub-divi-"sion, and for the purpose of digging tanks and "raising embankments for the improvement of irrigation. In addition to the "permanent benefit to the estate, it was thought necessary to supply works for "those who might have been in want of it, owing to the partial failure of the "sarud crop in these parts. The same course was adopted in the neighbouring "Khas Tributary Mehal of Bankee."

122. Mr. Metcalfe, in connection with his visit to the interior of the district of Chumparun, reported the following measures to ascertain the condition of the people in each portion of the district :—

"Putwarees were summoned on a fixed date, and in a body. The distress "and loss of life of 1273 F., was recalled to their recollection, and it was "pointed out, that want of information regarding the status of the people had "led on that occasion to the apathy on the part of district officers, and that "to remedy this, in case famine should again unhappily visit us, that their "assistance was invoked. This view of the question was readily accepted ; and "by the manner the men of neighbouring villages put their heads together, and "calculated the chances of coming famine, and the present stock of food in "store, it was evident that whatever data they gave *was* at least given in good "faith.

"On several occasions after the information had been written, Putwarees "returned to camp, stating they had omitted the details of some outlying Tolleh.

"This at least shewed a desire to give whatever information they (the "Putwarees) possessed.

"By their aid a list was also compiled of all the principal grain dealers "and village mohajuns.

"This enquiry shewed how the mass of the agricultual population are "dependent upon grain and money-lenders for food, even in times of plenty "every here and there. It was only here and there that I found a village "which was *not in debt*, but this was the exception.

"At Bettiah the same enquiry into the status of the people was held.

"From Bettiah I proceeded, under orders of Government, *viâ* Segowlee, "to the north, to join the British Resident from Nepaul, in his tour along the "frontier. My enquiries at this time were chiefly regarding criminal matters, "which I have not thought proper to enter here. Regarding matters connected "with revenue, I may remark that I found opium in some places grown and "cultivated immediately on the frontier: some of this opium, doubtless, finds "its way into our godowns.

"There was a marked difference between the condition of the villages "on the Nepaul and British side, for, whereas houses on our side were substan- "tially built, the villages in Nepaul wore an unfinished and *kutcha* look, as if "its inhabitants were prepared to desert them at a moment's notice.

"After parting from Colonel Lawrence, I came south in the Dhacca "jurisdiction. I was at once assailed with cries for canals. The whole country "seemed split up into village feuds on account of water-courses. I promised "the villagers that I would represent the matter to Government, and told them "that a canal scheme was being prepared. The men evidently doubted its ever "being carried into effect, and offered their labor free, if it would be commenced "during the present season."

Merits of Officers.

123. The Board are generally satisfied with the manner in which the Commissioners of Revenue have conducted their duties. Special commendation is due to the following officers:—Colonel Dalton, and Messrs. Chapman and Ravenshaw.

124. The following officers also deserve commendation for the efficient performance of their duties:—

Collectors and Deputy Commissioners.

Boddam, Lieut. Col. H. M.	Morton, Major B. W.
Bell, H.	Macpherson, W.
Cockerell, H. A.	Metcalfe, C. T.
Clarke, Capt. W. C. S.	Raban, H. C. B. C.
Edgar, J. W.	Sherer, Major J. F.
Graham, G.	Smith, A.
Hankey, H.	Stewart, Major R.

125. The officers unfavourably noticed are named in a separate letter.

126. The Annual Reports of Commissioners were received in the following order :—

Chittagong	8th June.
Patna	18th ,,
Assam	23rd ,,
Dacca	1st July.
Orissa	,, ,,
Rajshahye	2nd ,,
Cooch-Behar	7th ,,
Presidency	28th ,,
Burdwan	21st August.
Chota-Nagpore...	20th September.

147. In conclusion, I am to express the Board's regret that they have been unable to include in the list of Appendices the Statistics of Physical, Political,

and Fiscal Geography, called for in Government Resolution of 14th May, 1868. Most of the District Returns were submitted to the Board in a very imperfect state. Explanations have been called for, and when received, the statement will be submitted to Government with a supplementary memorandum.

I have the honor to be,

SIR,

Your most obedient servant,

T. B. LANE,

Offg. Secretary.

APPENDICES.

No. 1179.

FROM RIVERS THOMPSON, ESQ.,

Offg. Secretary to the Government of Bengal,

Revenue Department,

TO THE OFFG. SECY. TO THE BOARD OF REVENUE, L. P.

Fort William, the 28th March 1870.

REVENUE DEPARTMENT.
Revenue

SIR,

I AM directed to acknowledge the receipt of your letter No. 4431A., dated the 15th November 1869, submitting the report of the Board of Revenue on the land revenue administration of the Lower Provinces for the year 1868-69, and in reply to communicate the following observations and orders of the Lieutenant-Governor.

2. *Paragraphs* 3 *and* 4.—The current realizations of the land revenue during the year were 92·7 per cent. against 93·2 per cent. of the past, and 92·9 per cent. of the year preceding, and though exhibiting a slight decrease on the percentage of the year 1867-68, are, on the whole, satisfactory.

3. Of the arrear demand, 59·1 per cent. was collected against 53·8 per cent. of the previous year.

4. The aggregate current demand and the total collections of the year are shown in the margin, and an examination of the table annexed to paragraph 4 of the Board's report shows that the amount of deficiency in the collections was disproportionately large in the subjoined districts.

	Rs.
Current demand ...	3,8[illegible],23,634
Collections	3,8[illegible],86,464
	1,37,170

Cachar.	Khasi and Jynteah hills.
het.	Hazareebaugh.

The return is not favorable in the districts of the Orissa division, in Backergunge, Calcutta, Dinagepore, Luckimpore, and Lohardugga.

5. *Paragraph* 8.—The explanations given regarding the large outstanding current balances in Cachar and Sylhet appear sufficient. It is shown that, out of Rs. 31,652 due in Cachar, Rs. 21,094 were recovered after the close of the year. The failure of collection of the balance remaining in this district of Rs. 10,558 of the current demand, and Rs. 137 of the arrear demand is attributed to the interference of the Looshai expedition, and the same exceptional circumstances affected the recovery, within proper date, of the large outstandings in Sylhet, amounting to Rs. 1,13,226. The Board's attention is requested to the realization of these demands without further delay.

6. In the absence of explanation, the backward state of the very small collections* due in the Khasi and Jynteah hills seems to indicate negligence on the part of the local officer, and the statement regarding the balance (Rs. 38,206) in Hazareebaugh is not satisfactory.

	Rs.
* Current Balance .	1,286
Arrear " ...	23

7. The circumstances of the Orissa division appear still to be exceptional, and especially in the Pooree district, where, on account of loss of crops through

drought and inundation, remissions to a large amount were unavoidable. In Backergunge, though more than half of the current balance (Rs. 1,24,392) was not recoverable by law during the year, the large amount due from the Messrs. Morrell for the Tooshkhali estate does not appear to fall under this description. It is assumed that the balance due here and in the districts of Bhaugulpore, Monghyr, Hooghly, Moorshedabad and the 24-Pergunnahs from the East Indian and Eastern Bengal Railway Companies have been since realized.

8. In the 24-Pergunnahs it is not satisfactory to notice that, out of a current balance of Rs. 1,35,231, sufficient explanation is forthcoming only as regards the Rs. 59,388 which were not recoverable during the year, and Rs. 3,155 which were considered irrecoverable. The balances due from holdings in Punchanogram and from Wards' estates, as well as the large amount under realization, are not properly accounted for.

9. In Calcutta, Dinagepore and Luckimpore the explanations are sufficient.

10. The remission statement for the year is unusually large, and is enhanced especially by the large arrear balances in the Pooree district, the circumstances of which are still exceptional, and by the losses consequent upon the extensive inundations in 1867 in the Noakhally district. The amount remitted in Pooree came to no less than Rs. 2,48,641*, which is more than two-thirds of the aggregate amount under this head. The greater portion of the above, it is noticed, was in connexion with Government khas mehals.

* Current	.. Rs.	20,165
Arrear balance .	..	2,28,476
	Rs.	2,48,641

11. *Paragraphs* 10 *and* 11.—The progress in the redemption of Government revenue in petty estates appears to be very slow. Advantage was taken of the privilege only in 94 estates during the year, and this includes the commencement of the experiment in the Sylhet district, where 24 estates bearing a Government revenue of Rs. 9-12-2 were redeemed at a price of Rs. 195-3-4. As intimated to the Board last year, the Lieutenant-Governor is prepared to give a favorable consideration to any measure which, in their opinion, would conduce to the early clearance of such petty estates from the revenue rolls. It is observed that the number of estates to which these orders are applicable is, in all the Lower Provinces, 64,465, for which the price expected is Rs. 17,51,328. The realization of any even moderate portion of this sum, while affording relief to collectors' establishments, would prove of great advantage in a financial point of view.

12. *Paragraph* 12.—The Lieutenant-Governor observes with satisfaction that the collections during the year on account of forest revenue amounted to Rs. 12,887, leaving a balance of only Rs. 2,689 in two districts. The officiating Conservator of Forests, however, in his report for the year under review, has set down the collections at Rs. 53,362. A copy of Statement No. 2 will be forwarded to him for reference and report. His Honor trusts that the outstanding balance in Jessore will be realized before the close of the year.

13. *Paragraph* 13.—The balance of Rs. 32,765 outstanding on account of miscellaneous revenue is very large compared with the results of the past year, and should be collected without delay. A report on the measures adopted since 1859 for the sale of the proprietary right in estates belonging to Government has been called for in the letter from this office No. 4307, dated 14th December 1869, and will be separately considered.

14. *Paragraphs* 14 *and* 15.—These paragraphs refer generally to the proceedings taken for the realization of the balances of miscellaneous revenue in different parts of the country. Apart from the collections due for sales of Government estates and fees realizable under the laws, the Lieutenant-Governor notices a variety of items of receipts, coming under the head of "other receipts" in Appendix No. 2, pages VI. and VII. Among these appear Rs, 57,350 in the Burdwan district, and Rs. 60,270 in the Khasi and Jynteah

Hills. It is desirable to ascertain to what items of receipts these large amounts of miscellaneous revenue refer in these districts, and the nature of the arrangements under which "rents from bazars and coal mines" form part of the revenue realizable by Government in the Sonthal Pergunnahs. The Lieutenant-Governor will be glad also to hear of the result of the reference made to the Commissioner of Chota Nagpore as to the advisability of continuing to collect the tax on iron forges.

15. *Paragraphs* 16 *and* 20.—The revenue demand from 27,022 Government estates, exclusive of Assam and Cachar, aggregated Rs. 26,63,662, on which the collections were Rs. 15,98,180, or 59·9 per cent.—a result not altogether favorable, considering the special injunction, contained in the 14th paragraph of the Resolution† of this Government on the Board's report of that year, to use every effort to reduce the demand by increased collections.

† No. 185, dated 15th January 1869.

16. *Paragraph* 24.—The Lieutenant-Governor observes with satisfaction that a sum of Rs. 1,03,585, which is much in excess of the sum devoted to similar purposes during the past year, has been set apart during the year under review from the collections of Government estates, for the improvement of the interior communications of the districts.

17. *Paragraphs* 22, 23, 28 *and* 29.—The number of persons whose estates are under the management of the Court of Wards has decreased from 122 to 121; but the number of estates under management paying revenue to Government has increased from 1,299 to 1,304, and the number of holdings paying rent to superior landlords, or rent-free, from 964 to 1,018. The Lieutenant-Governor is glad to observe that the ratio of collection of the Government demand from the former has risen from 85·9 to 89 per cent., and that of the outstanding balances the whole amount has been realised in the 24-Pergunnahs and Moorshedabad districts since the close of the year. The ratio of collection of the rent due to superior landlords is less satisfactory showing a decrease of from 75·6 to 69·2 per cent. Though under the law the dues of Government in such estates are first secured, it is hoped that the attention of district officers is properly directed to the necessity of guarding the interests of all parties who have claims upon estates under the Court of Wards, and is not limited to the due realization of the Government revenue. The Collector of Cuttack appears to have gone to the opposite extreme of subordinating to the claims of private individuals, the prior rights of the Government in such cases. The irregularity has been properly noticed by the Board.

18. *Paragraphs* 32 *and* 33.—The total out-standing balances of rent accruing under the court's management as "bad and doubtful," though less than in the preceding year, are still large.

	Rs.
In 1867-68 . .	6,23,587
" 1868-69	5,18,551

The out-standing balances in the Tirhoot district under this head seem unusually large, and the Lieutenant-Governor desires that it may be explained to what estates they appertain. He would also notice that in the absence of explanation it seems scarcely creditable to the Court of Wards' administration in Rajshahye, that the outstanding balances of rents due have accrued entirely during the management of the Court of Wards. The recovery of the older arrears appears in most districts to be more or less barred by the statute of limitations, in consequence probably of the negligence of former proprietors. It demands the careful attention of Collectors and local managers that the same reproach shall not apply to existing balances, especially in the districts of Moorshedabad, the 24-Pergunnahs, Bhaugulpore, Tirhoot, Hazareebaugh and Chittagong where outstanding arrears are very considerable. The Lieutenant-Governor is aware that many difficulties have had to be overcome in the conduct of the affairs of the extensive Paikparah estate, the landed property of which is found in numerous districts of both this and the North-Western Provinces' Government, and he is glad of the assurance that the entire property is under careful management promising the best results.

Effective and economical administration will, it is hoped, be promoted by th recent legislation in connection with the Court of Wards.

19. *Paragraph* 49.—The Lieutenant-Governor observes with satisfaction that the Hetumpore estate, under good management during a period of four years, was wholly relieved of all its liabilities, and that a sum of Rs. 2,87,600 was invested in Government securities. An increase of 1·18 per cent. was effected in the rent-roll of the estate. These favorable results are highly creditable to Mr. Hume Smith's management.

20. *Paragraphs* 50 *to* 54.—The number of boys on the roll of the Wards' Institution at the end of the year was six as in the previous year; one ward having left on attaining his majority, and another having been admitted into the Institution. The conduct of the boys, on the whole, and the progress made by them in their studies are pronounced to be generally satisfactory. The Lieutenant-Governor, however, regrets the small use which is still made of the Institution, notwithstanding the efforts of the Board to place it on a satisfactory footing. The subject, the Lieutenant-Governor is aware, is under the special consideration of the Board, and measures, it may be hoped, will be feasible by which wards of the court with limited means may secure the advantages of an education suited to their position. The subject demands separate and careful consideration.

21. *Paragraphs* 55 *to* 65.—The number of attached estates paying revenue to Government had diminished from 75 to 47, and the number of attached holdings from 345 to 105. Of the amount due from these estates as Government revenue 94·8 per cent. was paid in during the year; but of the amount due to superior landlords on tenures 50·8 per cent. only had been paid in. On this point some explanation should have been given. The rents due to the estates amounted in all to Rs. 1,91,361, of which Rs. 1,08,570, or 74·3 per cent. of the current, and Rs. 20,314, or 44·9 per cent. of the arrear rents were collected, and Rs. 511 were remitted, leaving an outstanding balance of Rs. 62,477. The balance due in the Chota Nagpore division, though larger than in any other, has not been classified. In Backergunge, Rs. 4,111 were not recoverable during the year; Rs. 3,510 were considered doubtful, and the balance was under recovery. It is seen from the appendix that the total balance in this district amounts to Rs. 17,963. Setting aside the cases in which explanation has been submitted, there remains an outstanding balance of rent due to attached estates in Backergunge of more than Rs. 10,000, and considering there is a special manager in charge of the estates under the Collector, the result is not satisfactory. In Chittagong, owing to wrong entries in the account, there was a nominal balance of Rs. 4,626; the remainder, which is trifling, was under realization. In Pooree, Rs. 1,354, the entire amount due, were not recoverable during the year. In Balasore this return would seem to be less favorable than in Pooree, though not noticed by the Board. The administration of the Syedpore trust estate in Jessore has been very satisfactory. The Lieutenant-Governor would wish for a detailed statement of the miscellaneous expenditure referred to in appendix No. 5, in connection with this estate, amounting to Rs. 63,282.

22. *Paragraphs* 66 *to* 77.—The results given of the working of the rent laws exhibit a general decrease of litigation, which must be regarded as good evidence of the improved relations between landlord and tenant, though in some degree attributable to the operation of the Stamp Act. It is especially noticeable in the diminution of enhancement suits, which are nearly 50 per cent. less than in previous years—and may be accepted, the Lieutenant-Governor trusts, as an indication that this, which has been the most troublesome form of litigation under the rent laws during recent years, has been brought within proper limits. The result of the work in the revenue courts, as shown in the table, is satisfactory. The Lieutenant-Governor notices with satisfaction Mr. Buckland's belief, that the decrease in his division is in a measure due to the reluctance on the part of the zemindars to enforce payment

of demands from such of their tenants as were impoverished by the inundations and the loss of crops last year. The action taken to check, in future, an evasion of the provisions of Act VI. of 1862, section 4, is approved.

23. *Paragraphs* 78 *to* 86.—The result shown of the working of the law for the service of processes is most satisfactory. The measure, financially, has proved a great success.

24. *Paragraph* 87.—It is noticed that of the eight suits for the resumption of lands which were released from further claim six were at Darjeeling. The Board will be good enough to submit a report on this circumstance. It should also be explained why no progress is shown in the disposal of any of the pending suits in the Bancoorah district.

25. *Paragraphs* 88 *to* 90.—The result of the operation of the sale laws shows an increase in the number of estates sold for the recovery of their own arrears from 707 to 793, of which 737 estates were purchased by private individuals for more than thirteen times their revenue. Only nine appeals were preferred against sales under section 25, and in five cases the sales were annulled,—a result which may be considered satisfactory.

26. *Paragraph* 93.—The number of tenures admitted to common and special registry during the year was 160 and 9 respectively, against 207 and 13 in the previous year.

27. *Paragraph* 94.—There has been a great decrease in the number of persons imprisoned for the realisation of Government demands during the year under report as compared with the past year, and only one person was in confinement for a Government demand at the close of the year.

28. *Paragraph* 96.—The information given in regard to the settlement operations during the year call for no particular remarks. It is noted that the largest increases of revenue were obtained in the districts of the province of Assam. The settlement proceedings in Pergunnah Palamow, in Chota Nagpore, appear to have been conducted by Mr. L. R. Forbes with judgment and success.

29. *Paragraphs* 98 *and* 99.—The Lieutenant-Governor notices with pleasure the favorable mention of the active exertions of the Commissioner of the Sunderbuns and his subordinates. With reference to the subject of the 99th paragraph, His Honor concurs in the views on which the Board has hitherto acted as regards the premature adoption of any measure for the realization of forest revenue in the Sunderbuns. A separate communication upon this subject has, however, already been addressed to the Board of Revenue, in connection with the annual report of the Conservator of Forests, and the Lieutenant-Governor is of opinion that though wisely deferred for the time, the question is of much importance and should not be lost sight of.

30. *Paragraphs* 101 *and* 102.—In respect of the disposal of waste lands, the statements now given, compared with the corresponding ones of the preceding year's report, show that, except under the head of commutation of revenue of waste lands, there has been a further diminution in the grants under the old rules, by sales, as well as under the head of leases, as shown on the margin. There is, however, an increase in the area of the grants made under the head of sales.

	1867-68.		1868-69.	
	Number of grants.	Area in acres.	Number of grants.	Area in acres.
Grants under the old rules	6	8,789	5	6,106
Commutation of rent	8	17,315		7,509
Sales	3	1,518		2,184
Leases	115	22,919	76	11,367

31. *Paragraphs* 103 *and* 104.—The total number of lots relinquished during the year in whole and in part under the new rules was 33, comprising an area of 24,797 acres, and that under the old rules was 44, comprising an area of 1,01,693 acres. The district officers should be urged to hasten the submission of the report on the proceedings of the Deputy Collector in regard to the Noabad lands that were erroneously sold with waste lots in Chittagong.

32. *Paragraph* 105.—With regard to the sale, for the sum of Rs. 4,694, of the seventeen blocks of *C* lands relinquished by the East Indian Railway Company, it would have been better if the Board had also shown what was originally paid for the lands, as no conclusions can be drawn from the information as it stands.

33. *Paragraph* 107.—The provisions of the bill to amend the law for the acquisition of land for public purposes have been under consideration in the legislative council of the Government of India.

34. *Paragraph* 111.—The sub-divisional treasury rules are reported to have continued to work well during the year. His Honor will await the Board's special report on the system called for in orders No. 3037, dated the 14th August 1869.

35. *Paragraphs* 113 *and* 114.—There is such great irregularity in the time taken by the several collectors in their visits to the interior of their districts that it is difficult to adduce results; but it is clear that distance from Calcutta renders it more easy for an officer to be absent in the mofussil. The time occupied in tours in the interior of the Burdwan, Kishnaghur and the 24-Pergunnahs' districts were, it is noticed, less than two months. It is most desirable, however, that such visits should be extended to at least three months. The explanations given in paragraph 114 of the short visits of some officers, and the inability of others to go out at all, are generally accepted. The transfer of rent suits to the Civil Courts will give greater facilities for tours in the Mofussil to all revenue officers, and the necessity for the observance of the rules on the subject should be strictly enforced.

36. *Paragraph* 115.—As compared with last year, there is a falling off in the number of cases* in the year under report. There is also a decrease under the head "miscellaneous business," from 67,657 to 56,652.

	1867-68.	1868-69.
* For disposal	1,622	4,606
Disposed of	1,098	4,096
Remaining	524	510

37. *Paragraph* 116.—The apprehensions of the commissioner of the Patna division regarding the crops in the districts of his division have happily been averted, and have been succeeded by the finest harvest the country has enjoyed for years.

38. *Paragraph* 119.—The Lieutenant-Governor is glad to find that the Board are able to report that collectors have generally worked fairly in preparing and conducting suits in which the Government is interested, and that the attention shown by them in the realisation of outstanding claims is generally satisfactory.

39. *Paragraph* 120.—The Lieutenant-Governor notices with much satisfaction that the yield of tea for the current season in Chittagong and the hill tracts will be very largely in excess of that of last year, and that the cultivation throughout the district promises to be a permanent success.

40. *Paragraph* 121.—Regarding irrigation, it is noticed that during September and October a larger demand for canal water arose than could be met, and the ryots surreptitiously obtained it by cutting embankments and distributaries. The Lieutenant-Governor wishes to know whether any measures were taken to punish the delinquents. The extract on the subject of irrigation will be forwarded to the Public Works Department under this Government for information and record.

41. On the 22nd October 1868, an expenditure† of Rs. 3,700 was sanctioned by this Government for the prosecution of certain works for the improvements of the Khoordah estate, which consisted of repairs to embankments and tanks, and the construction of a new tank at Jhunyparah for irrigation purposes. This expenditure, as well as that for the support of the charitable dispensary at the sub-division, has, it is understood, been met from the khas mehal fund in Khoordah. This course, which is said to have been also adopted

† Rev. progs., Nov. 1868, No. 13, paragraph 3.

in the neighbouring khas tributary mehal of Bankee, is approved by the Lieutenant-Governor.

42. *Paragraph* 122.—The Lieutenant-Governor is much pleased with the procedure adopted by the Collector, Mr. Metcalfe, in order to ascertain the condition of the people in each portion of the district of Chumparun. This is no doubt the best way of enlisting the sympathy of the people with the scheme introduced by Government for collecting statistics of all descriptions.

43. Mr. Metcalfe remarks, in connexion with his tour from Bettiah *viá* Segowlee to the north, that he found opium in some places grown and cultivated immediately on the frontier, and that some of this opium most probably finds its way into our godowns. The Board have doubtless called for a report on this subject, and the Lieutenant-Governor requests that he may be informed of the result.

44. *Paragraph* 123.—The Lieutenant-Governor notices with satisfaction the special commendation expressed by the Board of the administration of their divisions by the Commissioners named in the margin, and he desires that the acknowledgments of Government may be conveyed to them.

Colonel Dalton, Messrs. Chapman and Ravenshaw.

Collectors and Deputy Commissioners.

45. *Paragraph* 124.—The approval expressed by the Board of the efficient discharge of their duties by the several collectors, covenanted deputy and assistant collectors, and uncovenanted officers named on the margin has also been noticed by His Honor with pleasure.

46. *Paragraph* 127.—The Lieutenant-Governor will await receipt of the statement of statistics of physical, political and fiscal geography which is promised.

47. The Lieutenant-Governor desires me to communicate the thanks of Government to the Board for the care and ability with which they have exercised supervision over the revenue administration of the Lower Provinces during the year.

I have the honor to be,

SIR,

Your most obedient servant,

RIVERS THOMPSON,

Offg. Secretary to the Govt. of Bengal.

No. 1180.

EXTRACT, paragraph 12, of the above letter, and copy of appendix No. 2 of the Board's report, forwarded to the officiating Conservator of Forests, Lower Provinces, for reference and report.

No. 1181.

EXTRACTS, paragraph 40, of the above letter, and of clauses 3 and 4 of paragraph 121 of the Board's report, forwarded to the Government of Bengal, in the Public Works Department, irrigation branch, for information and record.

By order of the Lieutenant-Governor of Bengal,

FORT WILLIAM, H. S. BEADON,

The 28th March 1870. *Offg. Under-Secy. to the Govt. of Bengal.*
